Place	Date	Summary of Events	References to Appendices
TURNBULL STRIP AND VIVIGANI.	SEPT. 1943.	During the month of September 1943 the Squadron's Fighter Aircraft were engaged on Interception flights under direction of Fighter Control and the P38's undertook photographic missions at the TROBRIANDS, GASMATA and GARove ISLAND. Formation, Airmanship, Gunnery, Army Co-operation, Practice Attacks, Test, Travel and Local Familiarisation Flights were carried out. Standby was maintained at TURNBULL FIELD and also at VIVIGANI for a portion of the month, prior to movement of the Squadron, under orders from A.O.R. No. 9 Operational Group. The Squadron received twentythree (23) of its new aircraft (P 40 N's) the majority of which required certain modifications to be effected. Twelve of our Aircraft on standby at VIVIGANI returned to TURNBULL Strip on the 9th September 1943. Sixteen ground crew remained at GOODENOUGH ISLAND and were joined three days later by other personnel in charge of F/O. H.J. TRIGGS forming an advance party in anticipation of an early move by the Squadron to GOODENOUGH ISLAND. The first echelon of 12 aircraft landed at VIVIGANI on 23rd September 1943, the remaining 10 aircraft following three days later. Standby duties were undertaken i immediately on arrival of the first echelon. Great difficulty has been experienced in obtaining ~~obtaining~~ sea transport for the Squadrons equipment, motor transport and personnel. The bulk of the equipment and motor transport is still at MILNE BAY awaiting shipment together with approximately one half of the personnel, the remainder having arrived at GOODENOUGH ISLAND from time to time by air as transport became available. A camp under canvas has been set up at the site vacated by No. 76 Squadron. Major equipment allotted to the Squadron comprised six (6) 15 cwt. "Dodge" Command cars, Four (4) ¼ ton Jeeps and one (1) 100 cubic feet capacity " Coldstream" Refrigerator. Major equipment allotted from the Squadron comprised Four (4) 10 cwt. "Ford" Utility Trucks, Three (3) 30 cwt "Chevrolet" G.S. Trucks and One (1) 3 ton "Chevrolet" G.S. Truck. On the 1st day of September 1943 No. 408672 F/Sgt. DAWSON A.G. arrived from No. 1 R.P.P. to take up flying duties.	

AUSTRALIAN WAR MEMORIAL AWM2020.18.156

Place	Date	Summary of Events	References to Appendices

On the 2nd day of September 1943 No. 426654 Sgt. McKINLAY D.A. arrived from No. 1 R.P.P. to take up Flying Duties.

On the 9th day of September 1943 Flying Officer J.P. CAMPBELL (402437) and Pilot Officer A.N. HALL (408830) departed on posting to No. 2 E.D. on completion of Tropical Tour for Air Board Disposal. Flying Officer R.E. JOHNSON (266115) Equipment Officer was posted to No. 6 Squadron, No. 419203 Sgt. McDONALD R.W. was posted to No. 77 Squadron and No. 423626 Sgt. BUTLER N.W. was posted to No. 76 Squadron.

No. 405714 F.Sgt. BOWLEY C.C. arrived on the 10th day of September 1943, on posting from No. 77 Squadron to take up Flying duties.

No. 412324 F/Sgt. STUART A.E. arrived on the 13th day of September 1943 on posting from No. 76 Squadron to take up Flying duties.

On the 16th day of September 1943 No. 408734 Sgt. PALMER W.F., No. 416885 Sgt. O'RILEY F.E. and No. 424328 Sgt. WILLIAMS G.P. arrived from No. 1 R.P.P. to take up Flying duties.

On the 18th day of September 1943, Flying Officer N.H. ATKINS (70568) arrived on posting from No. 1 R.P.P. to take up duties as Equipment Officer.

Flying Officer J.E.C. APPLETON (255953) arrived on the 22nd day of September 1943 from No. 9 Operational Group to take up duties as Intelligence Officer.

On the 30th day of September 1943 Flying Officer H.J. TRIGGS (266243) departed on posting to No. 2 E.D. on completion of Tropical Tour.

SEPTEMBER, 1943:

Number of Sorties made: 327 (Operational 66, Other 261.

Landings made prior to completion of Flight 8 2 %

Average Daily Serviceability 17 - 18 Aircraft.

Days on which Operational Flying was carried out during month: 19 days.

LOSSES OF AIRCRAFT DURING MONTH:

Enemy Action: Nil.

Forced Landings Nil.

Allotted to R.A.A.F.U.: A 29 - 130, 118, 103, 159, 114, 154, 116, 99, 122, 104, 85, 86, 75, and 460.

14 AIRCRAFT :

3-43—Govt. Printer, Brisbane.

TURNBULL & VIVIGANI	1943. OCTOBER	During the Month of OCTOBER 1943, the Squadron's Fighter Aircraft were engaged on Interception Flights under the direction of Fighter Control, Cover Patrols over Base and Shipping, Dive Bombing of Enemy Dumps, Cover Patrols over Bomber A/C taking off and landing from Missions. The P38's carried out a number of photographic missions over enemy and friendly territory. Formation, Gunnery, Practice Dive Bombing Travel, Local Familiarisation and various Test Flights were also carried out. The remainder of the Squadron's personnel and equipment arrived at GOODENOUGH ISLAND from MILNE BAY by sea on the 4th and 6th days of October 1943. The Squadron's serviceable aircraft took off for KIRIWINA in the late afternoon of the 21st October, 1943, where they stayed the night in readiness for an early morning take off for GASMATA the following day. Unfortunately A29-451 piloted by F/Sgt. P. SHEAHAN crashed on landing with the result that some of our aircraft, which are not equipped for night flying had to remain airborne after dark. F/O P. WHITEHEAD (A29-470) landed safely and was at the end of the runway when F/Sgt. R. FADDY (A29-449) overshooting and landing without flaps, crashed into him. Both aircraft were destroyed by fire, F/O P. WHITEHEAD was killed and F/Sgt. R. FADDY received superficial burns. The mission to GASMATA was carried out by fifteen (15) of our aircraft in co-ordination with other fighter Squadrons and results observed showed that at least ninety per centum of the bombs dropped by our aircraft landed in the target area. Two (2) Command Cars were issued off Squadron Strength during the month to No.62 Works Wing. On the 6th October 1943, the Chief of Air Staff, Air Vice Marshall G. JONES C.B. C.B.E. D.F.C. accompanied by the A.O.C. Air Commodore J.E. HEWITT O.B.E. A.D.C. and senior officers paid an official visit to the Squadron. He inspected and addressed aircrew personnel. On the 15th October 1943, S/L. A.J.B. BEACON of Transport Section, R.A.A.F. Headquarters paid an official visit to the Squadron. On the 22nd October, 1943, No.405427 F/Sgt. STIRLING, J.M. arrived on posting from No.1 R.P.P. to take up flying duties.

VIVIGANI	1943 NOVEMBER.	During the month of NOVEMBER 1943, Fighter aircraft of the Squadron were engaged on Interception Flights under the direction of Fighter Control, Cover Patrols over Base, and Bomber aircraft taking off and landing from Missions, also over Shipping, and Dive Bombing of Enemy Dump Areas. The Squadron's P38 aircraft carried out a number of unescorted Photographic Missions over Enemy and friendly Territory. Three Pilots undertook conversion Flights in P38's and two of these Pilots were engaged during the month on Operational Flights in these aircraft. ; Formation, Air to Air Gunnery, Airmanship, Strafing of Gun Positions, Practice Attacks and Evasive Action, and Radar Calibration exercises were carried out. Pilots recently posted to the Squadron carried out Local Familiarisation Flights. Travel, Ferry and Test Flights including a number of Gun Tests were also undertaken. Seventeen of our aircraft with aircraft of another Squadron took part in Dive Bombing Mission to CASIATA. Results observed showed that all bombs dropped from our aircraft landed in the Target Area. Two Jeeps were allotted to the Squadron during the month. On the 21st day of NOVEMBER 1943, a Field General Court Martial was convened and sat for several days. The members of the Court were S/Ldr. R.C. FLENTY D.F.C. (President) S/Ldr. C.R. CORBY and F/Lt. F. DEANE. S/Ldr. G. SEAMAN was Judge Advocate, F/O. R.W. BETTELL Prosecuting Officer and F/O. J. CARY Defending Officer. Various charges under Section 41 and/or Section 40 of the Air Force Act were preferred against No. 72023 LAC. O'CONNELL H.W., No. 16009 CPL. PETHER R.H., No. 65007 LAC. LANCASTER R.L. and No. 61360 CPL. BRYANT R.J. relating to two Jeeps each equipped with Radio trans-receiver units taken from the Camp area of the United States 17 Marines, each of the accused being tried separately. The first three named, after trial, were found guilty of one or other of the charges and were sentenced in the case of LAC. O'CONNELL and CPL. PETHER, each to 120 days detention involving forfeiture of pay and allowances, the latter also being reduced to the ranks and LAC. LANCASTER to 28 days Field Punishment also involving forfeiture of pay and allowances. These sentences were duly confirmed and promulgated. Corporal BRYANT was found NOT GUILTY. On the 1st NOVEMBER 1943, F/O. L.B. GIFFIN, (411771) and No. 410015 F/Sgt.

(Feb., '33)

of (Unit or Formation) No. 75 Squadron

No. of Sheet

Place	Date	Summary of Events	References to Appendices
VIVIGANI	1943. DECEMBER.	During the month of December 1943 Fighter aircraft of the Squadron were engaged on Interception Flights under direction of Fighter Control , Patrols over New Britain and Dive Bombing of Enemy Dump Areas. The Squadron's P38 aircraft undertook a number of unescorted Photographic Missions over enemy territory and photographs were also taken of Goodenough Island. One pilot was undergoing a conversion course to P38 aircraft but this was not completed due to his posting from the Squadron. Formation at middle and at high altitudes, Airmanship, Practice Attacks and Evasive Action, Camera Gunnery, Squadron and Flight Turnabout and Radar Calibration exercises were carried out , new pilots to the Squadron taking part in a number of these exercises. Pilots posted to the Squadron during the month carried out Local Familiarisation flights. Travel and Test flights including engine and gun tests at altitude were also undertaken.	
		Twelve of our aircraft together with aircraft of other squadrons took part in a Dive Bombing Mission to Gasmata, all bombs dropped landing in the target area.	
		One 400 gallon water tender complete with filter and one Ambulance(four wheel drive) were alloted to the Squadron and one Ambulance (two wheel drive) was allotted from the Squadron during the month.	
		On the 1st. December 1943 F/O Rutherford 408879 departed for 2 E.D. on completion of tropical tour.	
		On the 16th. December 1943 Squadron Leader L. D. Jackson D.F.C. paid an official visit to the Squadron.	
		On the 20th. December 1943 shortly after 0330 hours Raid No. 8 was made by two or three enemy bombers. Some hundreds of twoppund bombs were dropped but there was no damage done to Squadron aircraft or personnel.	

AUSTRALIAN WAR MEMORIAL AWM2020.18.156

3-43—Govt. Printer, Brisbane.

On the 21st. December 1943 No. 434252 Sgt. May R.N. arrived to take up flying duties. Pilot Officer Trevis 405431 was posted to 3 E.D. on completion of tropical tour.

Pilot Officer R.W. Bath 420116, Pilot Officer W.S. Dudley 428424, No. 421148 Flight Sgt. Barratt C.A., No. 432337 Sgt. Thomson W.H. and No. 422876 Sgt. O'Donnell R.E. arrived on the 23rd. December 1943 to take up flying duties.

On the evening of 24th. December 1943 the Air Officer Commanding, Air Commodore F.W.F. Lukis C.B.E. accompanied by Air Commodore G.H. Boyce A.F.C. and Group Captain I.D. Mc.Lauchlan D.F.C. together with representatives of other Squadrons and Units on the Island were the guests of the Squadron.

On 31st. December 1943 Pilot Officer F.H. Perry 408509 arrived to take up Operations Room duties.

for Squadron Leader,
Commanding No.75 Squadron,
R.A.A.F.

SUMMARY

The month of April has been a memorable one for the Squadron. Word was received that ground staff members were to participate and be actively engaged in the landing at AITAPI with a large American invasion force on D plus 1. Defence training of all personnel was the first consideration, this was carried out with great determination by all members and it was realised that the job which the Squadron was detailed to do was of major importance and the second occasion the R.A.A.F. had participated in an invasion landing and the first this Squadron was engaged in. The Squadron moved by L.S.T. from CAPE GLOUCESTER on the 17th April and reached FINSCHAFFEN at approximately 0730 on Tuesday 18th where we linked up with the main invasion force.

We reached our objective AITAPI in the early hours of Sunday morning April 22nd. The Advance party, consisting of specially trained ground staff personnel immediately proceeded to TADJI Air Strip on landing from the L.S.T., R.A.A.F. Works Squadrons were already in possession of TADJI Air Strip having landed the previous day and the construction of the Strip was well under way. A temporary Camp Site was selected on the Strip where the advance party of the Squadron dug in and established a perimeter defence. The remainder of the Squadron camped at the beach-head and regular working parties assisted throughout the day and night in laying metal strip on the runway until the strip was completed. Members of the advance party remained on the Strip forming part of the defence of the Air Strip. A permanent Camp Site was established approximately 4 miles from the Strip and the Squadron was soon settled in. Members of the Squadron were congratulated by the C.O. for the manner in which they carried out their duties during and after the landing. The moral of personnel was extremely high and the discipline good.

OPERATIONS RECORD BOOK

R.A.A.F. Form A.50
(Feb., '33)

of (Unit or Formation) No. 75 SQUADRON, R.A.A.F.

No. of Sheet

Place	Date	Summary of Events	References to Appendices
		During the month of MAY, 1944, this Squadron flew over 1000 hours of which the majority were operational. 341 Operational Sorties were directed against the enemy, in the WEWAK and HOLLANDIA Areas. The Squadron covered in its programme, the following types of missions:- Convoy covers; Sea searches; Dive bombing; Straffing; Armed reconnaissance Close escort to American Bomber aircraft, and missionsof the Path-finder variety.	
		From the 1st to 13th MAY, inclusive the Squadron operated from CAPE GLOUCESTER, NEW BRITAIN, and on the 13th MAY, 1944 arrived at TADJI Airstrip NEW GUINEA. One Pilot Flight Sergeant MOGG ditched his aircraft in the sea near MANAM Island. He was located 26 hours later by/range section and picked up by Catalina Aircraft. The pilots at TADJI directed operations against the defence perimeter from NYAPARAKE to CAPE BORAM, these operations being some of the most interesting and consistent of the Squadron's History. Details of these will be given in chronological fashion later in this report. On the 26th MAY, 1944, the Squadron was called forward to CYCLOPS Strip HOLLANDIA. The same day it started operations of a cover and patrol variety from HOLLANDIA to WAKDE Island. As the Allied Landing at BIAK Island was in progress cover was provided by this Squadron using 16 aircraft at a time and each sortie lasting 4½ hours. During the month of MAY, no enemy Airborne Aircraft were seen by the pilots of this Squadron. Return fire from enemy ground installations was sometimes moderate and usually accurate between 500 and 2000 feet. Three of our aircraft were damaged by small calibre fire whilst carrying out operations from TADJI against the enemy. From this same air-field targets were of a numerous and interesting nature. Personnel, barges, huts, M/T, bivouac areas, gun positions, camouflage stores, fuel dumps, tracks and roads were effectively straffed and bombed. Many Large fires were started.	
		CHRONOLOGICAL.	
CAPE GLOUCESTER NEW BRITAIN.	1/5/44 to 13/5/44 inclus.	Operations from CAPE GLOUCESTER and convoy patrols. On the 13th MAY, 1944, 4 aircraft attacked targets from SUAN to ROCKY POINT. 12 straffing runs were effectively carried out and 3200 x.50 calibre rounds were expended. Targets were huts and bivouac areas.	

AUSTRALIAN WAR MEMORIAL AWM2020.18.156

Place	Date	Summary of Events	References to Appendices
TADJI, NEW GUINEA	14/5/44	Eight (8) Aircraft carried out armed reconnaissance over DANMAP River and BUT, also searched for Flight Sergeant MOGG, who ditched in the sea near MANAM Island. This formation examined barges west of KARAWOP, 3970 x .50 calibre rounds were expended in the area. Targets were two barges destroyed, fuel dumps and huts. On the 14th MAY, 14 aircraft took off to bomb W/T Station at WEWAK or alternative target MOEM Village. The W/T Station was not located and MOEM Village was chosen. All bombs landed well in target area and 700 x .50 calibre rounds were expended. During the afternoon Flight Sergeant MOGG was located in his dinghy three miles due north of JACKENAOUT Island by FROLIC ORANGE THREE Flight Lieutenant S.R. HOOD. He was picked up by Catalina (Gardinia 2) 20 minutes later and taken to FINSCHAFEN, not very much the worse for the experiences he had sustained during the 26 hours, in which he had remained afloat.	
TADJI, NEW GUINEA. 15/5/44.		One aircraft carried out armed reconnaissance of DENMAP River and BUT. One bomb was dropped North West of, and close to the above mission. 5 Aircraft attacked MARUBIAN, BABIANG and the old German road area. Two direct hits with 500 lb. bombs were made on BABIANG, two direct hits were made on MARUBIAN and one near miss on probable observation post. 5 x 500 lb bombs and 3400 x .50 calibre ammunition were expended, and return fire was encountered in these areas. Six aircraft attacked MARUBIAN, BABIANG and observation post. At BABIANG two L.C.M.'s which were left on beach as Army withdrew were effectively straffed and rendered unserviceable. The areas mentioned were straffed and bombed and observation post was destroyed. 2 x 500 lb bombs were dropped in the BABIANG area and 6800 x .50 calibre rounds were expended.	
TADJI, NEW GUINEA. 16/5/44.		Two aircraft rendezvous with formation of A20's at NYAPARAKE and led them into specific target in the MARUBIAN Area. This area was straffed after the completion of the bombing mission by the A20's, 2500 x .50 calibre rounds were expended, and the observation post at BABIANG was confirmed as destroyed. Seven aircraft dive bombed MARUBIAN, and 7 x 500 lbs bombs were dropped. Results were not observed owing to inclement weather in target area. 1850 x .50 calibre rounds were expended.

of (Unit or Formation) No. 75 SQUADRON, R.A.A.F.

No. of Sheet.....

Place	Date	Summary of Events	References to Appendices
TADJI, NEW GUINEA.		Nine aircraft dive bombed and straffed DEIA creek and bivouac area. 4 x 500 lb bombs	
	17/5/44.	were dropped, well within the target area, and covered both sides of DEIA Creek.	
		11,000 x .50 calibre rounds were expended. Light and accurate return fire was experienced	
		from both sides of DEIA Creek.	
		Two aircraft carried out Armed reconnaissance from BUT to BOIKEN BAY. Mission was straffed	
		with 2000 x .50 calibre rounds of ammunition. Eight aircraft dive bombed the coast road	
		between NYAP and NYAP (?). Two direct hits on the road were registered, and six others	
		were dropped in the immediate vicinity. The area was straffed with 5240 x .50 calibre	
		rounds of ammunition.	
		Five aircraft dive bombed SUAN Area and also straffed with 3430 x .50 calibre rounds of	
		ammunition. SUAN Village was left burning.	
TADJI, NEW GUINEA.		Four aircraft carried out armed reconnaissance of DANDRIEVAD River and BOIKEN. One M/T.	
	18/5/44.	Heavy Ack Ack gun were fired at Eastern End of BUT Strip, and several fuel dumps ignited	
		at Western End. 3500 x .50 calibre rounds were expended.	
		Two aircraft confirmed destruction of L.C.M. previously attacked on the 15th MAY, 1944.	
		One again was set alight west of CAPE DJURUAN. 900 x .50 calibre rounds were expended.	
		Six aircraft attacked coastal area and coastal road between LUAIN and MATAPAU. The	
		area was well covered with 5500 x .50 calibre rounds of ammunition.	
		Six aircraft straffed DEIA Creek, bivouac area, with 5250 x .50 calibre rounds of	
		ammunition.	
TADJI, NEW GUINEA.		Four aircraft dive bombed and straffed LUAN and MATAPAU. Four bombs were dropped in the	
	19/5/44.	LUAN area and 3000 x .50 calibre rounds were expended.	
		12 Aircraft carried out armed reconnaissance from LUAN Village to BUT Strip. Three	
		bombs were dropped on ULBAN, four between LUAN and DANIAP River, and three approaches	
		of M/T Bridge, on the Eastern End of BUT Strip. The Area between ULBAN and coast was	
		thoroughly straffed with visible results. The area was well covered with 10216 x.50	
		calibre rounds of ammunition, ten bombs exploded.	
TADJI, NEW GUINEA		Six aircraft endeavoured to locate a Beaufort apparently ditched in the sea off BUT	
	20/5/44.	Strip, and to straff Nips who were preventing Gardinia from landing to pick up survivors	

AUSTRALIAN WAR MEMORIAL AWM2020.18.156

Place	Date	Summary of Events	References to Appendices
TADJI, NEW GUINEA.		The Beaufort was not located as the wrong position was given. Cardinia was not in area	
	20/5/44.	on arrival so targets of opportunity were chosen at TJAKOMBELLI, LUAN and NYNAHAU	
		River mouth. 5780 x .50 calibre rounds were expended on these targets.	
TADJI, NEW GUINEA.		Two aircraft destroyed Beaufort finally located in surf between DAGUA and BUT, but crew	
	21/5/44.	were not seen (eventually one of the crew was rescued by P/T boat approximately 5 days	
		after the Beaufort was ditched, he had wandered amongst Japanese personnel, and sabotaged	
		equipment). 2200 x .50 calibre rounds of ammunition were expended on the Beaufort which	
		was thoroughly burnt out.	
TADJI, NEW GUINEA.		Four aircraft carried out armed reconnaissance in conjunction with P/T. Boats from	
	23/5/44.	east of BUT and NIGHTINGALE BAY. Dumps in MUM Plantation, and on CAPE MOM were fired.	
		Other iron roofed sheds were left smoking on eastern side of CAPE MOM. Eight Japs	
		were diving for cover on northen side of CAPE BORAM when their mobility was stopped	
		by Squadron Leader LINDEMAN with correct results. In all 4350 x .50 calibre rounds	
		were expended in quite a satisfactory manner. Two aircraft carried out armed reconnaissance	
		of DANDRIWAD and DENMAP Rivers. 1200 x .50 calibre rounds were expended in SUAN Area.	
		Eleven aircraft dive Bombed and straffed targets in DANDRIWAD River DEIA and SUAN Hill	
		~~11500 x .50 calibre rounds covered these targets~~ . 11 x 500 lb bombs covered these	
		targets in three separate sections, and in all 11750 x .50 calibre rounds were expended.	
TADJI, NEW GUINEA.		Four aircraft on armed reconnaissance from BUT to NIGHTINGALE Bay straffed large	
	24/5/44.	buildings on WEWAK point, and 20 to 30 Nips caught en route to cover. Six others on	
		CAPE BORAM did not make cover either. Fires were started at CAPE PUSS and another	
		along side the road South West of DALLMAN Harbour. Accurate return fire was experienced	
		from WEWAK Point until it was quitened. Squadron Leader LINDEMAN's Aircraft was hit,	
		entering fuselage tank, fouling hydraulic system and almost severing Rudder Cable.	
		Flying Officer CAMPBELL's Aircraft was hit in Tail Plane. Both aircraft returned to	
		base without incident.	
		Two aircraft carried out armed reconnaissance from AFUA Village across DANDAMAIN River	
		to DAMIAN Creek and LUAN. 1000 x.50 calibre rounds were expended on appropriate	
		targets, this area.	
		Six aircraft attacked LUAN Area at junction of DANMAP and DANIMUL River. 6 x 500 lb

TADJI, NEW GUINEA.		bombs covered this bivouac area, and 6250 x.50 calibre rounds were expended in 24	
	24/5/44.	strafing runs in the immediate jungle vicinity with unobserved results.	
HOLLANDIA	25/5/44.	At dawn on the 25th MAY, 1944, No. 75 Squadron took off from TADJI for CYCLOPS Strip	
DUTCH NEW GUINEA.		HOLLANDIA, and on the same day commenced cover and security patrols over HOLLANDIA	
		and WAKDE Island. From the 26th MAY, 1944 to the 31st. MAY, 1944, this Squadron was	
		actively engaged in security patrols of the local area, WAKDE Island and the BIAK	
		landing.	
		The names of the pilots who operated in this Squadron during the month of MAY, 1944	
		are contained in Appendix "A".	
		SUMMARY.	
		On the 4th JUNE, 1944, advice was received from Northern Command that the Commanding	
		Officer, Squadron Leader KINNIMONT had been awarded the D.F.C.	
		On the 30th MAY, 1944, Squadron Leader KINNIMONT was posted to No. 78. Wing Headquarters	
		as Wing Leader.	
		Squadron Leader LINDEMAN was appointed to temporary Command of No. 75 Squadron as from	
		30th MAY, 1944.	
		The Squadron has experienced many difficulties since the arrival at HOLLANDIA, the	
		Chief Difficulty being the shortage of transport. Owing to the Squadron moving by	
		air from AITAPE to HOLLANDIA all heavy M/T Vehicles had to remain behind at AITAPE.	
		The whole of the Squadron equipment was moved from the Airstrip to the camp area by	
		Jeeps. Transport difficulties have been relieved somewhat by the salvaging, by the	
		Transport Section of a Japanese 25 cwt Truck which was put into running order by	
		that Section.	
		The discipline of the Squadron has been good, and the morale of an extremely high stan-	
		dard

of (Unit or Formation) No.75 (I/F) Squadron

No. of Sheet 103

Place	Date	Summary of Events	References to Appendices
HOLLANDIA, JUNE, 1944.	1/JUN	During the month of June, 1944 the Squadron flew over 1300 hours of which the majority were operational. 481 Operational Sorties were flown in the HOLLANDIA and BIAK ISLAND areas. The following types of missions were carried out : Base patrols Cover over ground troops, Convoy covers, Close escort to transport aircraft and searches at sea.	
		**********	
		From 1st June to 30th June the Squadron operated from EXCLOPS STRIP, HOLLANDIA. The greater portion of operational hours during this month were directed to giving fighter protection over ground troops operating on BIAK ISLAND. On four occasions the Squadron took off from HOLLANDIA to cover BIAK but were forced to return due to bad weather, details of operations are given in chronological order later in this report.	
		**********	
		CHRONOLOGICAL	
HOLLANDIA, DUTCH NEW GUINEA	1/JUN	Fifteen A/C provided fighter protection over ground troops operating on BIAK Is.	
	3/JUN	Twelve aircraft took off to cover ground trooks on BIAK Is., but were forced to return without completing mission due to bad weather.	
	3/JUN	Twelve aircraft carried out fighter patrols over HOLLANDIA area.	
	4/JUN	Fifteen aircraft provided fighter cover over ground troops operating on BIAK Is.	
	5/JUN	Seventeen aircraft provided fighter cover over ground troops operating on BIAK Is.	
	6/JUN	Eight aircraft provided fighter cover for convoy north of BIAK Is. Fifteen aircraft carried out base patrols over HOLLANDIA area.	
	7/JUN	Sixteen aircraft took off to cover ground troops on BIAK Is. but owing to bad weather were forced to return to base without completing the mission.	
	8/JUN	Sixteen aircraft took off to cover ground troops on BIAK Is. Again the weather was bad and the mission was not completed.	
	9/JUN	Sixteen aircraft provided fighter cover over ground troops on BIAK Is.	
	10/JUN	Nineteen aircraft carried out base patrols over HOLLANDIA area.	
	11/JUN	Sixteen aircraft gave fighter cover over ground troops on BIAK Is.	
	12/JUN	Seventeen aircraft provided fighter cover over ground troops on BIAK Is.	

AUSTRALIAN WAR MEMORIAL AWM2020.18.156

Place	Date	Summary of Events	References to Appendices
HOLLANDIA	13/JUN	Eighteen aircraft provided fighter cover over ground troops on BIAK Island.	
DUTCH NEW GUINEA	14/JUN	Eighteen aircraft provided fighter cover over ground troops on BIAK Island.	
JUNE, 1944	15/JUN	Eight aircraft flew as close cover to two (2) Catalinas from CAPE D'URVILLE to BIAK Is.	
	16/JUN	Fourteen aircraft gave fighter cover over ground troops operating on BIAK Island.	
	17/JUN	Nineteen aircraft carried out base patrols over HOLLANDIA area.	
	18/JUN	Fifteen aircraft took off to cover ground troops on BIAK Island, bad weather prevented them from reaching BIAK Island and they were forced to return to base without completing mission.	
	19/JUN	Sixteen aircraft gave fighter cover over ground troops on BIAK Island.	
	20/JUN	Twenty-two aircraft carried out base patrols over HOLLANDIA area.	
	22/JUN	Twenty aircraft carried out base patrols over HOLLANDIA area.	
	23/JUN	Six aircraft flew as close escort to thirty (30) C47's from HOLLANDIA to BIAK Island. Four aircraft conducted search for hospital ship from HUMBOLDT BAY to CAPE D'URVILLE One hospital ship was sighted in HUMBOLDT BAY and reported. No other hospital ships were sighted between HUMBOLDT BAY and CAPE D'URVILLE.	
	25/JUN	Nineteen aircraft carried out base patrols over HOLLANDIA area.	
	26/JUN	Eighteen aircraft flew as close cover for C47's from HOLLANDIA to OWI Island and to BIAK Island.	
	27/JUN	Twenty-one aircraft carried out base patrols over HOLLANDIA area.	
	28/JUN	Twenty-one aircraft carried out patrols from WAIGE Island to CAPE D'URVILLE. After completion of one patrol mission and before returning to base one flight, on instructions from SARMI Fighter Sector, strafed the coast road and wooded areas west of SAWAR STRIP. This flight comprised F/Lt. KEMPTON, F/O ANDREW, F/O ROBERTSON and F/Lt. CLARKE. Strikes were made on a large new building, fox holes, two M.T's and canvas covered stores with an expenditure of 4100 rounds .5 M.G. Ammunition. One M.T. was left smoking ; no other results were observed.	
	29/JUN	Seventeen aircraft carried out base patrols over HOLLANDIA area.	
	30/JUN	Fifteen aircraft carried out base patrols over HOLLANDIA area. The names of pilots who operated in this Squadron during the month of June are given in Appendix "A".

HOLLANDIA DUTCH NEW GUINEA JUNE, 1944	30/JUN	**SUMMARY** On the 10th June, 1944 Squadron Leader C.W. LINDEMAN was appointed to command No.75 Squadron. Defence: An endeavour was made to give all personnel in the Squadron at least two hours per week on instruction in armed defence combat and anti-gas training, and ½ hour's P/T. was conducted in the early mornings. Both these classes were well attended and members showed keeness and ability. The discipline of the Squadron has been good and the morale of a high standard.

July		During the month of JULY, 1944, the Squadron flew over 1200 hours of which more than 1000 hours were on operations. The following types of operations were conducted by the Squadron during the period:- Dive Bombing and strafing, Convoy covers, and fighter patrols over BIAK Is and over NOEMFOOR IS.	
		On the 1st. JULY, 1944, the Squadron moved from Cyclops Strip HOLLANDIA to Mokmer Strip BIAK ISLAND. The Squadron carried out operations from Mokmer Strip from 1st. JULY until 21st. JULY, and then moved to Kamiri Strip from where the Squadron operated for the remainder of the month. On the 19th JULY, W/O. MOGG and F/S. HAY left Cyclops Strip HOLLANDIA, with the object of ferrying two Aircraft to BIAK. They failed to reach their destination and have been reported missing. Further details are given in chronological fashion later in this report.	
		Operations from Mokmer Strip consisted mainly of providing Fighter Patrols over BIAK Island area, and over ground troops on NOEMFOOR Is. Nearing the end of the Squadrons stay on BIAK Island, several dive bombing and strafing missions on enemy occupied positions on the Island were carried out. Details are given chronologically in this report.	
		Operations from Kamiri Strip NOEMFOOR Island, were mainly given to Fighter Patrols over Base, co-operation with P/T. Boats and watercraft sweeps in GEELVINK Bay and cover for ground troops landing at Cape SANSAPOR

	JULY, 1944		
BIAK ISLAND DUTCH NEW GUINEA	19th	Two aircraft piloted by W/O NOGG and F/SGT HAY departed from CYCLOPS STRIP HOLLANDIA, for BIAK ISLAND at 1310 hours. These two aircraft failed to reach their destination. Full investigations were carried out with the aid of Fighter Sectors covering all areas within possible range of these aircraft. No results were achieved.	
NOEMFOOR ISLAND, DUTCH NEW GUINEA	22nd 23rd	The Squndron moved from BIAK ISLAND to Kamiri Strip, NOEMFOOR ISLAND. Eight aircraft carried out fighter patrol over NOEMFOOR ISLAND. Four aircraft co-operated with P/T Boats in MANOKWARI area and strafed watercraft in this area, 2 barges were destroyed, 1 pontoon and three barges were damaged. The four aircraft also strafed several enemy occupied areas in the locality. 2550 x .50 calibre ammunition was expended in this operation.	
" "	24th	Seven aircraft carried out fighter patrol over NOEMFOOR ISLAND. Four aircraft co-operated with P/T Boats and strafed water craft in MANOKWARI area, 2 barges were burned with belly tanks and fie (5) more were damaged with strafing. A possible barge hide-out was strafed and after the attack was observed to be smoking heavily. Anti-aircraft fire was encountered and damage sustained by F/O WEHL's aircraft forced him to crash land in the sea four (4) miles east north east of MANOKWARI. F/O WEHL was rescued uninjured by P/T boats. 3200 x .50 calibre ammunition was expended	
" "	25th	Four aircraft bombed and strafed MANOKWARI area and co-operated with P/T Boats. 4 x 300 lb bombs scored direct hits on bivouac area MANSINAM ISLAND. This area and bivouac area on both sides PAMI river were strafed. Several canoes were damaged or destroyed. Total expenditure, 8 x 300 lb bombs, 3060 x .50 calibre ammunition.	
" "	26th	Nine aircraft co-operated with P/T boats in GEELVINK BAY area and bombed and strafed targets of opportunity. In MANOKWARI area (4) four bombs were exploded in personnel dispersal area and one barge, one large camouflaged floating canoe, gun pits and pill-boxes were strafed. Seven (7) bombs exploded in personnel area RANSIKI, where one M/T and one tractor were also strafed and damaged. Total expenditure was 14 x 300 lb. bombs and 7710 x .50 calibre ammunition. Twenty-four aircraft provided fighter patrols over NOEMFOOR ISLAND.	
" "	27th	Sixteen aircraft provided fighter patrols over NOEMFOOR ISLAND.	

AUSTRALIAN WAR MEMORIAL AWM2020.18.156

Place	Date JULY, 1944	Summary of Events	References to Appendices
NOEMFOOR ISLAND	28th	Two aircraft were scrambled to investigate an oil spot nrea NOEMFOOR ISLAND. Nil sightings were made. Two aircraft were scrambled to search for one missing P38 presumed to have crash landed in sea. Nil sightings were made. Four aircraft co-operated with P/T boats in GEELVINK BAY. They strafed and inflicted damage on six (6) serviceable canoes on the west coast and indicated other targets for P/T Boats. WINDESI village and vicinity were bombed with no observed results. Total expenditure 6 x 100 Kilo. bombs, 2 x 300 lb. bombs and 950 x .50 calibre ammunition. Eight aircraft strafed buildings on jetty at KASSIN and one lakatoi at MEGA. Near CAPE GOEDE HOOP approximately 15 Nips in a row boat were strafed with heavy casualties and three probably unserviceable barges were destroyed. Many other barges and small row boats were attacked and damaged. On CAPE GOEDE HOOP a fuel fire was started. Total expenditure 6500 x .50 calibre ammunition.	
DUTCH NEW GUINEA			
" "	29th	Four aircraft co-operated with P/T Boats in GEELVINK BAY and bombed and strafed targets of opportunity. Six (6) scored hits in stores area south of RANSIKI Strip, and two (2) bombs scored near misses on jetty at KINONEKE. Canoes were strafed south of ROEMBERPON ISLAND. Huts were strafed on the Island with no observed results. Total expenditure 3000 x .50 calibre ammunition and 8 x 100 Kilo. bombs. Sixteen aircraft provided fighter cover for west bound convoy proceeding to CAPE SANSAPOR.	
" "	30th	Thirty-three aircraft provided fighter patrols over ground troops CAPE SANSAPOR area.	
" "	31st	Twenty-four aircraft provided fighter patrols over ground troops CAPE SANSAPOR area. Four aircraft were scrambled to investigate unidentified aircraft south of NOEMFOOR ISLAND. Nil sightings. Four aircraft provided fighter cover for west bound convoy proceeding to CAPE SANSAPOR. List of pilots who flew with the Squadron during the month of July are shown in attached Appendix "A".

MFOOR ISLAND,		SUMMARY (Cont'd)	
CH NEW GUINEA.		completed loading all equipment on C47's by 0600 hours the following morning.	
JLY, 1944		Flying conditions were extremely bad and only a few aircraft reached NOEMFOOR ISLAND, the remaining aircraft returning to base, leaving the following day. Many difficulties were encountered in clearing of camp site on arrival at NOEMFOOR ISLAND. A vast amount of clearing had to be done and the shortage of water was a major item. All personnel of the SSquadron were congratulated on the excellent job they performed in surmounting all these difficulties.	
		The moral and the discipline in the Squadron throughout the period was commendable. The Transport position in the Squadron was again acute but shortly after the Squadron's arrival all transport which had been left behind at AITAPI arrived by sea and the position was greatly alleviated.	
		A.R. Lindeman Squadron Leader, Commanding No.75 Squadron, R.A.A.F.

NOEMFOOR ISLAND, DUTCH NEW GUINEA AUGUST, 1944.	1st	During the month of August, 1944 this Squadron flew nearly 1600 hours, of which more than 1500 hours were operational. 532 Operational sorties were flown in the NOEMFOOR ISLAND, CAPE SANSAPOR, MACCLUER GULF and JEFFMAN areas. In its programme the Squadron covered the following types of missions :- Dive-bombing, strafing, R/T boat co-operation, Cover over ground forces, Armed Recce, Convoy cover and Watercraft sweeps.	
		During the month the Squadron operated from Kamiri Strip, NOEMFOOR ISLAND. On 9th August whilst on patrol over CAPE SANSAPOR area two aircraft piloted by F/O BATH and F/SGT BARDEN collided and crashed ; both pilots were reported "Missing believed Killed". The aircraft piloted by F/O JACKLIN was struck by one of the colliding aircraft and very extensive damage was sustained to his port mainplane. This caused his aircraft to spin but he recovered and realising that the aircraft could still be controlled with difficulty, performed an excellent job in flying it back 200 miles to base and landing without sustaining further damage to this aircraft. On 23rd August one aircraft flown by F/SGT GUSTER was hit by enemy A/A. whilst on a dive-bombing mission over BABO. The aircraft crashed into the sea and no trace was found of the pilot, he was reported "Missing believed Killed".	
NOEMFOOR ISLAND, DUTCH NEW GUINEA.	1st	CHRONOLOGICAL Seventeen aircraft provided fighter patrol over ground troops in CAPE SANSAPOR area. Four aircraft were scrambled to investigate unidentified aircraft. Nil sightings were made.	
	2nd	Twelve aircraft provided fighter cover over west bound convoy proceeding to CAPE SANSAPOR. Eight aircraft carried out fighter patrol over ground troops in CAPE SANSAPOR area.	
	3rd	Eighteen aircraft carried out fighter patrol over ground troops in CAPE SANSAPOR area.	
	4th	Thirteen aircraft carried out fighter patrol over ground troops in CAPE SANSAPOR area.	
	5th	Sixteen aircraft carried out fighter patrol over ground troops in CAPE SANSAPOR area. Eight aircraft were detached from this patrol to strafe a village of eight (8) huts east of CAPE SORONG ; all huts were left smoking. Total expenditure 2600 x .50 calibre	
		Whilst returning from mission F/Lt. HARRISON was forced to crash-land in sea near KAMIRI STRIP. He was rescued, uninjured, by a L.C.M.	

AUSTRALIAN WAR MEMORIAL AWM2020.18.156

Place	Date	Summary of Events	References to Appendices
NOEMFOOR ISLAND. DUTCH NEW GUINEA AUGUST, 1944	6th	Thirteen aircraft carried out fighter patrol over ground troops in CAPE SANSAPOR area.	
	7th	Thirteen aircraft took off to carry out fighter patrol over CAPE SANSAPOR area but were unable to reach destination due to bad weather; returned to base. Four aircraft carried out a watercraft sweep in MACCLUER GULF ; 2 canoes, 1 raft and 3 lakatois were strafed and all damaged. The aircraft also strafed targets of opportunity in BANSIKI area ; destroying two M/T's. and damging a further two. Total expenditure 2010 x .50 calibre rounds.	
" "	8th	One mission comprising thirteen aircraft carried out fighter patrol over CAPE SANSAPOR area. Later in the day a further mission of thirteen aircraft carried out fighter patrol over CAPE SANSAPOR area. Before the latter patrol had been completed Fighter Sector at CAPE SANSAPOR detached seven aircraft for the purpose of strafing a village comprising six to eight huts at SORONG. These huts were suspected of housing Japanese higher officers. The whole area was covered in twenty-one strafing runs which caused heavy fire. Total expenditure 2950 x .50 calibre rounds.	
" "	9th	Eight aircraft took off to bomb and strafe WARDAPERI and SAOKORENI area but were unable to reach target due to bad weather. Thirteen aircraft carried out fighter patrol over CAPE SANSAPOR area. During this mission the aircraft piloted by F/O.BATH F/SGT BARDEN and F/O JACKLIN were involved in a collision full full details of which are given earlier in this report.	
" "	10th	Five aircraft provided fighter patrol over an east bound convoy. Twelve aircraft provided fighter patrol over CAPE SANSAPOR area and whilst on return to base from the mission strafed possible bivouac areas WARDAPERI to SAOKORENI. Total expenditure 8350 x .50 calibre rounds.	
" "	11th	Seven aircraft bombed and strafed AIDAI - SAOUI area. The western end of the area was strafed and four bombs exploded in the target area. The only observed result was one hut which was destroyed by this bombing. Total expenditure 14 x 100 kilo bombs and 5650 x .50 calibre rounds. Twelve aircraft carried out fighter patrol over CAPE SANSAPOR area.	
" "	12th	Twelve aircraft carried out fighter patrol over CAPE SANSAPOR area. Four aircraft gave fighter cover to an east bound convoy.

NOEMFOOR ISLAND, DUTCH NEW GUINEA.	13th AUGUST, 1944	Four aircraft carried out armed recco MAWI BAY - HOCTOERI RIVER area. Two M.T's were destroyed ; two M.T's and three lakatois were damaged in the area. Total expenditure 3600 x .50 calibre rounds. Twelve aircraft provided fighter patrol over CAPE SANSAPOR area.	
" "	14th	Four aircraft carried out fighter patrol over a west bound convoy which was proceeding to CAPE SANSAPOR.	
" "	15th	Nine aircraft bombed and strafed huts and other targets of opportunity near RANSIKI RIVER. Six bombs exploded in the area ; observed results were two M.T's destroyed and two M.T's damaged. One P40 was holed by rifle fire in the starboard wing ; repairs completed by the Unit. Total expenditure 14 x 100 kilo bombs and 3680 x .50 calibre rounds. Twelve aircraft carried out fighter patrol over CAPE SANSAPOR area.	
" "	16th	Twelve aircraft carried out fighter patrol over CAPE SANSAPOR area and strafed MANOKWARI whilst returning to base. An ammunition building was blown up near SAOWI and one M.T. damaged near ANDAI. Two P40's were holed by rifle fire. 3940 x .50 calibre rounds were expended. Four aircraft provided fighter cover over an east bound convoy.	
" "	17th	Twelve aircraft provided fighter patrol over CAPE SANSAPOR area. Two aircraft were scrambled to investigate Jap canoes south of NOEMFOOR ISLAND Two canoes containing Japs were held by "bussing" until the arrival of a P.T. boat which took prisoners.	
" "	19th	Twelve aircraft carried out fighter patrol over CAPE SANSAPOR area. Four aircraft took off to carry out a watercraft sweep in KAIMANA area. No watercraft were sighted but on land six M.T's, serviceability of which was unknown were strafed and hit. This was on the TAMAROME to DOWARIENA road. 2950 x .50 calibre rounds were expended.	
" "	20th	Eight aircraft carried out fighter patrol over CAPE SANSAPOR area. During the return to base four P40's strafed hut areas at MARIPI, ANDAI and MANOKWARI. results were not observed. 2430 x .50 calibre rounds were expended. Four aircraft provided fighter patrol over east bound convoy.	
"	21st	Five aircraft strafed barges in the vicinity of BIRSARDI, destroying two and damaging four with an expenditure of 3950 x .50 calibre rounds. Eight aircraft provided fighter patrol over CAPE SANSAPOR area.	

AUSTRALIAN WAR MEMORIAL AWM2020.18.156

Place	Date	Summary of Events	References to Appendices
FOOR ISLAND, IN NEW GUINEA	22nd	Two aircraft co-operated with P/T boats in GEELVINK BAY and strafed targets of opportunity on land. A large building and petrol drums were hit on beach in NOEMI area and one M.T. was damaged at ANDAI. Totla ammunition expenditure 1370 x .50 calibre rounds. Five aircraft took off to carry out a watercraft sweep in KAIMANA area but were unable to sight targets due to bad weather ; they returned to base.	
" "	23rd	Three missions comprised of eleven aircraft, nine aircraft, and twelve aircraft respectively dive bombed No.3 BABO STRIP and achieved excellent results. The first mission scored direct hits on the strip with fifteen bombs, the second mission with ten bombs and the third mission with four bombs. F/SGT GUSTER's aircraft was hit by A/A. and crashed into the sea ; he was reported "Missing believed killed" Two other P40's were hit by A/A but they suffered only minor damage and the pilots were uninjured. Total expenditure on target area 12 x 500 lb bombs, 20 x 300 lb bombs, 2 x 250 lb bombs and 18 x 100 kil. bombs. Four bombs were jettisoned by aircraft which failed to reach target, due to engine trouble.	
" "	24th	Dive bombing missions were again carried out against strips at BABO ; good results were obtained . The first detail of twelve aircraft scored six (6) direct hits on No.1 Strip and one direct hit on No.3 Strip. The second detail of twelve aircraft scored six direct hits on No.3 Strip and one direct hit on No.1 Strip. The third detail of ten aircraft made direct hits on No.3 Strip with eleven bombs. Total expenditure on target area 10 x 500 lb bombs, 18 x 300 lb bombs, 30 x 250 lb bombs. On landing after completion of mission one P40 crashed due to the port oleo leg collapsing ; the pilot was uninjured.	
"	25th	The Squadron again dive-bombed No.3 Strip at BABO ; once more satisfactory results were achieved. From the first mission of 10 aircraft, 10 bombs exploded on the strip proper. A total of 3 x 500 lb bombs and 14 250 lb bombs were expended by this detail on the target area. The second mission scored 5 direct hits on No.3 Strip from a total of 5 x 500 lb bombs and 14 x 300 lb bombs expended on the target area. A third mission of twelve aircraft took off to again dive-bomb strips at BABO but, due to bad weather, they were unable to reach this target. As an alternative they bombed buildings in the WARON to RANSIKI area, using 5 x 500 lb bombs and 14 x 300 lb bombs. Results were not observed.

NOEMFOOR ISLAND DUTCH NEW GUINEA AUGUST, 1944	27th	Four aircraft carried out a watercraft sweep from CAPE FATAGAR to KARAS ISLAND, strafed and bombed targets of opportunity on land, and made a recco. over BABO, OTAWIRI and SAIGON Strips. One 30 foot single masted vessel moored off CAPE POEREM was strafed and damaged. Four 100 lb bombs exploded near MEMBOWERKPOME and 2 x 100 lb bombs near MAHATIMBA with unobserved results 2 x 100 lb bombs which were dropped failed to explode. 960 x .50 calibre rounds were expended. Recco over above-named strips showed all three to be unserviceable. Another mission of four aircraft took off with the object of carrying out a water craft sweep from KARAS Is. to ADI Is. and of bombing and strafing targets of opportunity on land. Due to bad weather this mission was unable to cover that particular sea area and, as an alternative, another sweep was carried out from CAPE FATAGOR to KARAS Is. The vessel which had been damaged by the first four aircraft was again strafed and was left smoking. This detail also bombed MEMBOWERKPOME and MAHATIMBA ; results were unobserved. Total expenditure was 8 x 100 lb. bombs and 1020 x .50 calibre rounds. A further mission of three aircraft took off later in the day to carry out a watercraft sweep between CAPE FATAGOR and KARAS Is. The weather was very bad and the aircraft were unable to reach their objective. They jettisoned 6 x 100 lb bombs and returned to base.	
"	28th	A sawmill at KOKAS where the enemy were endeavouring to construct barges was bombed by eleven aircraft, 4 x 500 lb bombs, 21 x 250 lb bombs and 2 x 100 lb bombs were expended onthe target area. One bomb scored a direct hit on the main building and nine bombs exploded within 100 yards of the building.	
"	29th	Ten aircraft took off to bomb sawmill at KOKAS but were unable to reach the target due to bad weather. As an alternative they bombed No.1 Strip at BABO and from an expenditure of 10 x 5000 lb and 12 x 250 lb bombs scored 8 direct hits. Four aircraft took off to carry out a watercraft sweep from CAPE WINSAP to MODAN Is. but were unable to reach the area due to bad weather. They bombed KIDENSI jetty, using 6 x 100 lb bombs, but failed to score any hits. The shore line near TOFERAK RIVER was strafed with an expenditure of 3050 x .50 calibre rounds.	
"	30th	Four aircraft took off to carry out a watercraft sweep from CAPE WINSAP to MODAN Is. but were recalled by Fighter Sector before reaching target, due to bad weather.	

AUSTRALIAN WAR MEMORIAL AWM2020.18.156

Place	Date	Summary of Events	References to Appendices
NOEMFOOR ISLAND, DUTCH NEW GUINEA AUGUST, 1944	30th	Another four aircraft took off later to sweep the same area and damged three canoes after which they strafed WINDENSI village. Total expenditure on this mission was 6 x 100 lb bombs and 2905 x .50 calibre rounds. Twelve aircraft attacked sawmill, village and A/A.position at KOKAS. Six bombs exploded within 100 yards of the main mill building and one in the village. An A/A. position and buildings in the village were strafed A 30 foot motor boat, a type "A" barge and a single masted 35 foot vessel were strafed ; all were damged. F/SGT KEENE crash landed in sea after having run out of petrol and was not located until 1st September, when he was rescued, uninjured. Total expenditure on mission 11 x 500 lb, 14 x 250 lb bombs and 3820 x .50 calibre rounds. Two details, each of two aircraft, searched for F/SGT KEENE without result.	
" "	31st	Six details each of two aircraft and three details each of four aircraft conducted searches for F/SGT KEENE. Again no sightings were made. A list of pilots who flew with the Squadron during the month of August together with sorties and hours flown by each pilot, is given in Appendix "A". SUMMARY For the first two weeks of this month a vast amount of work was done in the construction of the camp site, the Squadron being fortunate in obtaining the use of a bulldozer for the construction of roads and clearing scrub. An excellent supply of water was obtained approximtely three hundred yards from the camp area proper and showeres have been constructed, which has overcome the major difficulty the Squadron faced on its arrival at NOEMFOOR ISLAND. Only a small amount of defence training was carried out during the month, personnel being fully occupied in the erection of the camp site. A rifle range has been placed at our disposal and an endeavour is being made for all personnel to receive instruction in small arms training. The Squadron is well settled in on its camp site, the moral of the personnel being high and the discipline good. No. of Sheet 113

Place	Date	Summary of Events	References to Appendices
MOEMFOOR ISLAND, DUTCH NEW GUINEA, SEPTEMBER, 1944		During the month of September, 1944 this Squadron flew over 1100 hours. 373 Operational Sorties were flown and they totalled 1074 hours.. The following types of missions were covered :- Dive bombing, Low level bombing of watercraft, Strafing of both watercraft and targets of opportunity on land, Searches to sea, and patrols over base. --- All operations for the month were flown from KAMIRI Strip, MOEMFOOR ISLAND. Bad weather frequently restricted and hampered the Squadron's activities, a large number of missions being forced to return to base without being able to complete the tasks for which they took off. Early in the month cosistent dive bombing attacks were made on an enemy operated sawmill at KOKAS and it was definitely rendered incapable of production. JEFFMAN and SAMATE Strips were dive bombed, many hits were scored on them and satisfactory damage caused. As in August BABO Strips were persistently bombed early in September and rendered unserviceable. Later in the month a recco. flight found that these strips had been made again serviceable. Therefore further attacks were made and once more the strips were made unfit for use. Watercraft sweeps covered a wide variety of areas. CAPE FATAGAR to KARAS IS., CAPE WINSOP to NODAN IS., PANJANG and GORONG to WATOMBELA, the east and south east coast of CERAM, and as far south as the KAI and AROE ISLANDS were the areas in which the majority of watercraft sweeps were carried out. Fuller details and results are given in chronological fashion later in this report. Light, medium, and heavy A/A. from enemy ground positions was at times encountered ; it was for the most part inaccurate. On 2nd September, the aircraft being flown by F/SGT BECKER was hit by A/A. over KOKAS. He was forced to bail out. Shortly afterwards he was rescued by a Catalina aircraft ; he suffered a broken arm. Pilots who carried out sorties and strikes as shown in chronological summary of events are enumerated in Appendix "A", together with operational and other hours flown.	

AUSTRALIAN WAR MEMORIAL AWM2020.18.156

Place	Date	Summary of Events	References to Appendices
NOEMFOOR ISLAND, DUTCH NEW GUINEA SEPTEMBER, 1944.		CHRONOLOGICAL	
	1/SEP.	Two details, each of two aircraft carried out searches for F/SGT KEENE who had crash landed in sea on 30th August ; nil sightings were made. The missing pilot was later rescued, uninjured, by a P/T. boat in the vicinity of NOEMFOOR ISLAND.	
" "	2/SEP.	Four details, each of four aircraft, took off during the day to bomb an enemy sawmill at KOKAS. The first mission scored two hits in the target area and six hits in the near vicinity. They then strafed two villages in the area and left one hut smoking. The second and following missions found that the sawmill had been demolished following the attack by the first four aircraft. They therefore chose alternative targets in the KOKAS area. The second detail exploded six bombs in the area and then strafed and hit gun pits and buildings in the town. Four belly tanks were dropped in the town ; one was seen to fire but further results were not observed. F/SGT BECKER was hit by enemy A/A and finding his aircraft streaming petrol, he bailed out over the mouth of BOKAR river. The third mission exploded six bombs in the area and then strafed a barracks and a village on the beach. Results were unobserved. The fourth detail also exploded six bombs in the area and strafed a barracks area and huts, again with unobserved results. The total expenditure by all aircraft which attacked KOKAS area and the sawmill during the day was 8 x 500 lb.bombs, 24 x 250 lb.bombs, 4 x 100 lb.bombs and 9305 x .50 calibre rounds. Two aircraft co-operated with a Catalina in search for F/SGT BECKER. He was located and our two aircraft indicated his position to the Catalina which alighted and rescue him. F/SGT BECKER was found to be suffering from a broken arm and was admitted to M.C.S. Four aircraft carried out a watercraft sweep from CAPE FATAGAR to KARAS Is. and also strafed targets of opportunity on land in the area. A beached 60 foot war canoe was damaged and an unserviceable 30 foot single masted vessel was strafed and then seen to be burning. 1920 x .50 calibre rounds were expended.	
" "	3/SEP.	Two details, each of four aircraft, carried out watercraft sweeps. The first mission covered from WINSOP to MODAN Is. but nil enemy sightings were made. The second mission covered from CAPE FATAGAR to MODAN Is. A 35 foot houseboat alongside jetty at IBOEAR was attacked ; four 100 lb. bombs scored near misses and 24 straffing runs were made. The house boat was left smoking. A 30 foot vessel on slipway at [illegible]

Place	Date	Summary of Events	References to Appendices
MOEMFOOR ISLAND, DUTCH NEW GUINEA, SEPTEMBER, 1944.	3/SEP	ROEMBATI was strafed and hit. Total expenditure by this detail was 4 x 100 lb.bombs and 3397 calibre rounds. Two missions each of four aircraft, dive bombed No.1 Strip at BADO. The first detail expended 4 x 500 lb.bombs and 8 x 250 lb.bombs and each of these scored a direct hit on the strip. The second detail with a similar total expenditure, scored four direct hits. Seven bombs were not seen to explode. Both missions encountered medium and heavy A/A. which was, however, inaccurate.	
" "	4/SEP.	Four aircraft took off to carry out a watercraft sweep from CAPE WINSOP to NODAN Is. and another four took off to sweep from CAPE FATAGAR to KARAS Is. All aircraft were forced by bad weather to return to base before reaching target area.	
" "	5/SEP.	Four aircraft flew on a watercraft sweep from NODAN Is. to CAPE FATAGAR. One thatched roof canoe on RITOEWE RIVER was strafed with an expenditure of 660 x .50 calibre rounds, and damaged. Two details each of four aircraft, dive bombed JEFMAN strip. The first detail expended 8 x 250 lb. bombs. Two bombs failed to explode ; four bombs exploded on the strip. The second detail dropped 8 x 250 lb.bombs all of which exploded in the near vicinity of the strip. On both strikes medium, inaccurate A/A. was encountered. Four aircraft dive bombed SAMATE strip. 8 x 250 lb.bombs were dropped ; six exploded on the strip and the other two scored near misses. Light and medium A/A. was encountered ; it was inaccurate.	
" "	6/SEP.	Four aircraft carried out a watercraft sweep from KAI to KAINAMA. Twenty strafing runs were made on three barges which were under trees four miles north of CAPE PAPISOI and a near miss was scored with a belly tank which fired. Total expenditure was 2385 x .50 calibre rounds. Results of strafing were unobserved. Four aircraft took off to sweep watercraft in the area of PAIDJANG, GORONG and WATOEBELA ISLANDS but bad weather prevented them from reaching the area and they returned to base without completing mission. Four aircraft dive bombed SAMATE Strip dropping 8 x 250 lb.bombs four of which exploded on the strip, and the other four scored near misses. In-accurate medium A/A was encountered. Four aircraft dive bombed JEFMAN Strip. 8 x 250 lb.bombs were dropped ; two direct hits were scored on the Strip and the other six bombs exploded in the near vicinity. The aircraft encountered medium A/A which was inaccurate.	

AUSTRALIAN WAR MEMORIAL AWM2020.18.156

Place	Date	Summary of Events	References to Appendices
BOEMFOOR ISLAND, DUTCH NEW GUINEA, SEPTEMBER, 1944	7/SEP.	Eight aircraft carried out a watercraft sweep in the KAI ISLANDS area. KROE Is. one type "A" Army barge (VBA) was bracketed with 4 x 100lb. bombs and was then strafed. Several dead Nips were seen and the barge burned and sank. At LITHAN a 30 foot sail boat was strafed ; it burnt and then sank. Bombs were aimed at a small cargo vessel (SD) but they undershot. The vessel was then strafed and hit. Strafing runs were made on a 15 foot sail boat, six canoes, three more VBA's and two 20 feet motor launches. All were hit and damaged. One building was bombed and destroyed and fires were started behind barges at MAKOAN. Total expenditure by the mission was 12 x 100 lb. bombs and 2770 x .50 calibre rounds. Four aircraft dive bombed SANATE strip and from a total expenditure of 8 x 250 lb. bombs four exploded on the strip, and the other four scored near misses.	
" "	8/SEP	SANATE Strip was again dive bombed. Three aircraft dropped a total of 6 x 250 lb. bombs and, of these, four exploded on the Strip. Three aircraft dive bombed JEFMAN Strip with excellent results. A total of 6 x 250 lb. bombs was used and all scored direct hits. Later in the day a further three aircraft again dive bombed JEFMAN Strip obtaining the same result ; 6 x 250 lb. bombs dropped and six direct hits scored. Both missions encountered light inaccurate A/A.	
" "	9/SEP.	Four aircraft took off with the object of carrying out a watercraft sweep from KARAS to KAIMANA. They were unable to reach the area due to bad weather and returned to base. In the PANJANG - GORONG - WATOMBELA area another four aircraft carried out a watercraft sweep and found a number of targets. At WISALEMU a small cargo vessel (SD) was bombed and strafed ; damage was inflicted. Four 30 foot single masted auxiliaries were bombed and strafed resulting in severe damage. Several strafing runs were made on three other 30 foot single masted auxiliaries and one other 40 foot auxiliary. Damage was observed on all four vessels. Total expenditure during the sweep was 8 x 100 lb bombs and 3215 x .50 calibre rounds. Four aircraft carried out a watercraft sweep in the BOBI - KOER - TAJANDOE area and they were successful in damaging a number of targets sighted. Two 30 foot single masted auxiliaries were severely damaged by strafing and bombing. Strafing runs were made on 2 VBA's and one 30 foot auxiliary resulting in damage to all three vessels.

No. of Sheet 115

Place	Date	Summary of Events	References to Appendices
NOEMFOOR ISLAND, DUTCH NEW GUINEA, SEPTEMBER, 1944	10/SEP.	Four aircraft carried out a watercraft sweep in KAI ISLANDS and strafed targets of opportunity on land. Three type "A" Army barges were bombed and destroyed and one 15 foot launch was strafed and damaged. Strafing runs were made on several huts and one M/T. at EWOE ; hits were scored. The four aircraft expended a total of 4 x 100 lb. bombs and 3860 x .50 calibre rounds. Heavy accurate A/A. was encountered. Four aircraft dive bombed SAMATE Strip and from a total expedniture of 6 x 250 lb. bombs and 2 x 100 lb bombs scored six direct hits. A further four aircraft took off to again bomb SAMATE strip but, due to bad weather, were unable to reach the target.	
" "	11/SEP	During the day four missions each of four aircraft, dive bombed SAMATE strip again and caused considerable damage. The first detail dropped 5 x 300 lb.bombs and 1 x 250 lb.bombs, all of which exploded on the strip. The second detail dropped 7 x 300 lb. bombs and 1 x 250 lb. bombs. Two bombs scored direct hits on the strip and of the remaining six bombs four were not seen to explode. The third detail dropped 7 x 300 lb.bombs and 1 x 250 lb.bomb. Two exploded on the strip and two scored near misses. Again four bombs failed to explode. The last four aircraft, from an expenditure of 7 x 300 lb.bombs and 1 x 250 lb.bomb exploded two on the strip two near edge of strip and the other four bombs failed to explode.	
" "	13/SEP.	During the day five details, each of four aircraft took off to carry out water-craft sweeps in various areas. Owing to very bad weather only one detail was able to reach its alloted target area. This was around PANJANG - GORONG - WATOEBELA. These four aircraft sighted several targets and expended 4 x ~~100~~ lb.bombs and 3780 x .50 calibre rounds. Seven boats varying from 30 to 70 foot were bombed and strafed ; one was destroyed, and the other six damaged. Of the remaining four missions three returned to base, not having sighted any alternative targets. The fourth detail attacked a bridge at KAIMANA. 4 x 100 lb.bombs were dropped but all failed to hit the target.	
" "	14/SEP.	Four aircraft accurately dive bombed SAMATE strip. They dropped 8 x 300 lb. bombs ; six scored direct hits and the remaining two failed to explode. Four aircraft then dive bombed JEFMAN strip registering 100 % results ; 6 x 300 lb. bombs and 2 x 100 lb. bombs were dropped and all scored direct hits.	

AUSTRALIAN WAR MEMORIAL AWM2020.18.156

Place	Date	Summary of Events	References to Appendices
SNFOOR ISLAND, DUTCH NEW GUINEA, SEPTEMBER, 1944	14/SEP.	Later another four aircraft took off to again bomb JEFMAN strip. Two of these aircraft were forced to return to base without completing the mission, due to engine trouble. The other two aircraft attacked the target and exploded on the strip the 4 x 300 lb. bombs which they dropped. Accurate medium A/A and inaccurate light A/A. was encountered.	
" "	15/SEP.	Four aircraft took off to bomb SAMATE Strip. Two aircraft returned before reaching target, due to engine trouble. Two aircraft dive bombed the strip and, whilst no direct hits were made, each of their 4 x 300 lb.bombs scored near misses. Several watercraft sweeps were carried out during the day ; each mission found and struck targets. The first sweep was made in the BOEI - KOER - TAJANDOE area by three aircraft. One lugger and one 30 foot single masted auxiliary were damaged by strafing runs. Total expenditure 2120 x .50 calibre rounds. The second sweep carried out by four aircraft was around the KAI ISLANDS and again a good number of vessels were sighted and attacked. At LIBETAU a 50 - 60 foot cargo barge was bombed and left sinking. A 60 foot vessel which was under construction at TUTOAD and a large camouflaged cargo barge at TAAR were strafed ; both were damaged. Strafing runs were made on two 20 foot rowboats ; they were damaged, probably destroyed. Both light and heavy A/A. was encountered ; it was however inaccurate. Total expenditure was 4 x 100 lb. bombs and 3260 x .50 calibre rounds. Four aircraft swept around AROE Is. One large native canoe and one motor sail boat at TABERFARE jetty were damaged by bombing and strafing with a total expenditure of 2 x 100 lb. bombs and 730 x .50 calibre rounds. Light inaccurate A/A. was encountered.	
"	16/SEP.	During the day four watercraft sweeps were carried out ; many targets were sighted and good results were obtained. The first sweep by four aircraft, covered the south east coast of CERAM. Two 50 - 60 foot cargo barges were bombed at ILDER All 6 x 100 lb. bombs missed the barges and landed in the village ; extent of damage was unobserved. Both barges were then strafed and one was left burning and sinking. Strafing runs were made on a 25 foot motor boat at ARNAMAN. Hits were scored ; total damage was unobserved. This detail expended 2600 x .50 calibre rounds in addition to the total 6 x 100 lb. bombs. The next mission, of three aircraft, carried out a

NOEMFOOR ISLAND, DUTCH NEW GUINEA, SEPTEMBER, 1944	16/SEP.	sweep in the KAI ISLANDS. A large cargo barge at TAAR was hit with 2 x 100 lb bombs and destroyed. Another similar type barge at LEMBICHE was strafed and left smoking. Strafing runs were made on a 40 - 50 foot sailing vessel at TOTORD and damage was caused. A 45 foot barge at DOMROA was strafed; results were not observed Medium accurate A/A was encountered. Total expenditure was 2 x 100 lb.bombs and 2250 x .50 calibre rounds. Three aircraft swept BOEI - KOER - TAJANDOE area. A 30 foot motor sail boat at FADOL was bombed and then strafed; observed to settle in water. Another similar boat at KAIMER, was strafed and damaged. Total expenditure was 2 x 100 lb.bombs and 1700 x .50 calibre rounds. The last sweep of the day was carried out by three aircraft around PANJANG, GORONG and WATOEBELA. They bombed a cargo barge at ILOER and it was observed to settle in the water. A 30 foot motor sail boat at MANOWOKA was damaged by strafing. Total expenditure 4 x 100 lb. bombs and 2210 x .50 calibre rounds.	
" "	17/SEP.	Three aircraft dive bombed SANATE strip on this day, and four missions took off to carry out watercraft sweeps in various areas. One of these details was unable to reach its target area owing to bad weather. The other three missions, however, sighted many targets and caused heavy damage. The aircraft which attacked SANATE strip dropped 6 x 300 lb. bombs; two burst on the strip, two in the near vicinity, and the other two in the water. The first watercraft sweep of the day was carried out by four aircraft around KAI ISLANDS, Strafing runs were made on five 25 foot motor sail boats at TAAR. Two of these boats were definitely damaged but further results were unobserved. Total expenditure was 1650 x .50 calibre rounds. The next detail was unable to reach its target area, due to bad weather. The third watercraft mission during the day was carried out by four aircraft. They operated along the east coast of CERAM and attacked twelve vessels. A 25 foot power boat and two dinghys at ALANG, and two power boats at SELAGOR were strafed; all were damaged. Two luggers were bombed without observed results and five small boats were strafed, again without observed results. Total expenditure was 2 x 100 lb.bombs and 1050 x .50 calibre rounds. The last watercraft mission for the day was carried out by four aircraft from KARAS ISLAND to KAIMANA.	

AUSTRALIAN WAR MEMORIAL AWM2020.18.156

Place	Date	Summary of Events	References to Appendices
NOEMFOOR ISLAND, DUTCH NEW GUINEA, SEPTEMBER, 1944	17/SEP.	The only target sighted was one 35 foot barge at WOELAN ISLAND ; it was strafed with 1010 x .50 calibre rounds and damaged.	
	18/SEP.	Eight aircraft in conjunction with aircraft from other squadrons of No.78 Wing, searched for a Japanese destroyer south east of CERAM.. Conditions were made difficult due to bad weather, and during the period of five hours flown nil sightings were made. Two watercraft sweeps were scheduled for the day but, once more, bad weather forced one detail to return to base without completing the mission. The other detail was successful in reaching the KOER - TAJANDOE area but only one target was sighted. This was a 30 foot motor boat, which they strafed with an expenditure of 1310 x .50 calibre rounds ; results were unobserved. Light inaccurate A/A was encountered.	
"	20/SEP.	Two watercraft sweeps were conducted ; the first one by four aircraft from SANGGALA BAY to R.A.A.F. BAY. This detail sighted and attacked three barges firstly by bombing (all bombs missed) and then by strafing. The barges were hit but results were unobserved. Total expenditure was 8 x 100 lb. bombs and 2170 x .50 calibre rounds. The second mission for the day flown by three aircraft covered the PANJANG - GORONG - WATOMBELA area. At MIREN a 30 - 35 foot cargo barge was strafed and hit ; full damage unobserved. At ONDOER another barge of similar type was attacked with six bombs, all of which scored near misses. Results were unobserved. A 50 foot and two ketches at MAHAWOKA were strafed, after which one ketch was seen to be smouldering ; further results unobserved. Expenditure on this sweep was 4 x 100 lb. bombs 2 x 50 kilo. bombs and 2560 x .50 calibre rounds.	
" "	21/SEP.	Two missions, each of four aircraft, took off during the day to carry out watercraft sweeps. Bad weather, which had been particularly consistent throughout the whole month, turned both details back before they reached their target areas.	
" "	22/SEP.	Three watercraft sweeps were carried out. The first detail of three aircraft covered from KOKAS to SANGGALA BAY but no targets were sighted. Before returning to base one of the aircraft in this flight carried out a low level recco. over BABO. No.1 Strip which had been heavily attacked and badly damaged during AUGUST and early in SEPTEMBER. It was found to have been made again serviceable. As a result of observations made by this recco. further dive bombing attacks were ordered on 23 Sept. and on following days. The second watercraft sweep, flown by four aircraft covered from GESER Is. to CAPE BOLIFAR. At KELIBAWAR a 35 foot lugger was strafed and left

NOEMFOOR ISLAND, DUTCH NEW GUINEA, SEPTEMBER, 1944	22/SEP.	smouldering. at KOEFAR two unserviceable luggers were strafed and then huts were attacked by bombing. Two bombs exploded among the huts. Total expenditure was 6 x 100 lb bombs and 2500 x .50 calibre rounds. The third detail consisting of three aircraft swept the WATOEBELA - GORONG - PANJANG area. A boatshed at ILOER was attacked ; 4 x 100 lb.bombs were dropped but each bomb overshot the target. Strafing runs were then made on the shed ; results were unobserved. At GOELIR and WIRIAF a number of similar boatsheds which contained 30 - 50 foot boats was strafed with unobserved results. Total expenditure by the three aircraft was 4 x 100 lb.bombs and 650 x .50 calibre rounds.	
" "	23/SEP.	Two missions took off during the day to dive bomb No.1 Strip at BABO and one detail carried out a watercraft sweep between GESER Is. and CAPE KISI. Four aircraft conducted the first strike on BABO and from a total expenditure of 8 x 250 lb. bombs seven exploded on the strip. Light and medium inaccurate A/A. was encountered. The second detail scheduled to attack BABO took off but were forced to return before reaching target due to bad weather. Four aircraft carried out the sweep from GESER Is. to CAPE KISI. They strafed and sank a 20 foot motor sail boat at KOEFAR. A 40 foot Army barge at BATOERIK was strafed with unobserved results. Total expenditure was 480 x .50 calibre rounds.	
" "	24/SEP.	No.1 Strip BABO was again attacked by two dive bombing missions, and two watercraft sweeps were carried out. Firstly three aircraft struck BABO 3 x 500 lb. bombs and 6 x 250 lb. bombs were dropped. Eight were seen to explode in the target area. The ninth bomb was fused with a six hour delay. Medium accurate A/A. was encountered. One aircraft was struck by 25 m.m. shrapnel and sustained damage to the tailplane. The pilot F/O. BALLOCH was uninjured and he flew the aircraft safely back to base. The next mission to BABO was carried out by four aircraft 4 x 500 lb bombs and 8 x 250 lb. bombs were dropped. 1 x 250 lb.bomb was fused with a six hour delay ; the remaining eleven bombs were seen to explode in the target area. Medium, mostly inaccurate, A/A was encountered. However resulting from this A/A., one aircraft suffered slight damage. The first watercraft sweep was flown by three aircraft over the WATOEBELA - GORONG - PANJANG area. A 60 foot Army barge at TIOOR IS. was strafed and hit ; full results were unobserved.	

AUSTRALIAN WAR MEMORIAL AWM2020.18.156

Place	Date	Summary of Events	References to Appendices
NOEMFOOR ISLAND, DUTCH NEW GUINEA, SEPTEMBER, 1944	24/SEP.	A 40 foot barge at TEMEERTIMER was strafed and damaged. Strafing runs were made on four ketches at OETA and all vessels were damaged. Medium inaccurate A/A. was encountered. Total expenditure was 1300 x .50 calibre rounds. Four aircraft which took off to sweep from GESER Is. to CAPE KISI were unable to reach this area due to bad weather. They chose an alternative area ; sighted and struck several targets. A lugger at FAKFAK and a lugger at WERBA were both strafed and damaged. At the mouth of WIRTOMAR RIVER four 30 foot auxiliairies were strafed and damaged.	
" "	26/SEP.	One mission dive bombed No.1 Strip at BABO and two details took off on water-craft sweeps during the day. Four aircraft carried out the attack on BABO. The target was obscured by cloud and this made it impossible for results to be observed after they had dropped 8 x 250 lb. bombs and 4 x 500 lb.bombs over the area. The first water craft sweep of the day was not completed ; the four aircraft were forced to return back due to bad weather. The second sweep,flown by three aircraft covered from GESER IS. to CAPE BOLIFAR. No vessels were sighted. A 60 x 30 foot shed on GESER IS. was attacked with 2 x 100 lb.bombs. Both bombs missed ; this target was then strafed and destroyed, thick black smoke being seen to 1500 feet. Total expenditure was 2 x 100 lb. bombs and 1630 x .50 rounds.	
" "	27/SEP.	Dive bombing attacks were made by three missions during the day. One attack was on RANSIKI Strip and the other two were on SAOWI village. One detail alsotook off to carry out a watercraft sweep between KAIMANA and AIDOEMA. The target area, when reached was closed in by rain and low cloud. Thus the four aircraft returned to base without being able to sight any targets. Four aircraft made the attack on RANSIKI Strip. Bombs dropped were 4 x 500 lb. and 8x250 lb. (one of which was fused with a six hour delay). Seven bombs burst burst on the strip and four in empty disporsal bays., Then with an expenditure of 2545 x .50 calibre rounds, three large fuel dumps and one small fuel dump were strafed and all burned. The first attack on SAOWI village was carried out by three aircraft. A total of 3 x 500 lb. bombs and 6 x 250 lb. bombs were dropped in a stores area west of the village ; only one was seen to explode. The area was then strafed with 3340 x .50 calibre rounds, several huts and one M/T being hit. The next attack one SAOWI was made by four aircraft. 4 x 500 lb.bombs and 8 x 250 lb.bombs were dropped ; again in the stores area west of the Strip. Two huts were destroyed. Strafing runs were then made ; more huts

NOEMFOOR ISLAND, DUTCH NEW GUINEA, SEPTEMBER, 1944	27/SEP.	were hit and a fuel fire started in a pipe line. 4300 x .50 calibre rounds were expended	
	28/SEP.	One detail of six aircraft, took off to bomb No.1 Strip BABO. Bad weather prevented them from reaching the target area.	
" "	29/SEP.	On this day four dive bombing missions were carried out. One was on No.1 Strip BABO, one on UTAROM Strip, one on SAMATE Strip and one on WINDESI village. The Attack on BABO Strip was executed by six aircraft 6 x 500 lb.bombs were dropped ; three scored direct hits on the strip and three exploded in the near vicinity. Four aircraft expended 8 x 250 lb. bombs in the strike on SAMATE Strip. Two of these bombs exploded on the strip, two missed and four were not seen to explode. Three aircraft carried out the dive bombing mission on the UTAROM Strip. 6 x 250 lb.bombs were dropped and only one of these was seen to burst on the strip ; of the remainder, three failed to explode. The last dive bombing mission of the day which consisted of four aircraft, took off to attack BABO once more. Bad weather prevented them reaching this target and, as an alternative, they struck at WINDESI village. 4 x 500 lb. bombs were dropped over the area but each bomb missed its objective.	
"	30/SEP.	UTAROM Strip was again dive bombed ; four aircraft expending 8 x 250 lb.bombs Two direct hits and four near misses were scored. The only other activity during the day was patrol over base. Two missions, each of eight aircraft, performed this duty. Nil sightings were made.	

SUMMARY

Squadron Leader C.W. LINDEMAN, Commanding Officer of the Squadron was granted leave on 27th September pending posting from the Squadron. F/Lt. R.C.McD.KINPTON was appointed to temporarily command with effect 28th September, 1944.

The Squadron is now entering its 11th week on NOEMFOOR ISLAND, the longest stay since it left GOODENOUGH ISLAND on 30th January, 1944. This has enabled the Squadron to obtain a large amount of new equipment which it badly needed. A large number of new tents for personnel were received and the allocation of 2 new jeeps and 1 large truck has greatly relieved transport difficulties.

The Squadron has been fortunate in obtaining native labour each week, this labour being used mainly for hygiene, and clearing up the camp area generally.

Place	Date	Summary of Events	References to Appendices
NOEMFOOR ISLAND, DUTCH NEW GUINEA, SEPTEMBER, 1944		Squadron Welfare has been an outstanding feature of activities during the month, these activities making a commendable contribution towards maintaining the moral of the troops. Since arriving on the island little time was lost in the formation of a Welfare Committee, representative of each Section of the Squadron and all members have entered into Welfare activities with zest and determination, the erection of Volley ball courts, Reading Room with well filled library of books and magazines and ping pong tables. The Volley Ball Courts have proved a great asset to pilots and ground staff members and competitive play between the two Sections have been keenly contested. The Reading Room excellently got up fills a much needed want and sports meetings, atheletics and swimming always well contested. From the mental point of view a Discussion Group has been formed to provide the Squadron with Debates and Discussions. Many addressed have been given by visiting speakers which included. "Post War Opportunities", by an American Service Sergeant, "The Referendum" by Sergeant JAMES of No.78 Squadron, "Dutch Administration" by Captain BARTELMA, N.E.I., American Sport by Sergeant Bjoristed, Paratrooping by Padre HERB. Paratroop Chaplain, was of particular interest. Excellent work is being carried out by the R.A.A.F. Education Service and classes are well attended, among the subjects taught is English, Mathematics and Malayan language. Squadron Defence Training in defence has made good progress and a comprehensive programme has been mapped out for the following month. The new rifle range has been made full use of. The discipline throughout the Squadron during the past month has been good and the moral of troops of a high order. of (Unit of Formation) No. 75 Squadron

No. of Sheet One.

Place	Date	Summary of Events	References to Appendices
NOEMFOOR ISLAND DUTCH NEW GUINEA.	October 1944		
	1st.	Ten aircraft dive-bombed DOOM ISLAND; 18 X 250lb. bombs and 2 X 300lb. bombs were dropped over the target. Fifteen of these exploded on the East and North-east coast; one failed to explode and four dropped in the sea. Results were not observed.	
	2nd.	A search for a missing R.A.A.F. yawl was made by two aircraft over the BIAK ISLAND area. The yawl was located in WOOI BAY and reported. A watercraft sweep was carried out by four aircraft from GORONG ISLANDS to WATOEBELA ISLANDS. Six barges were attacked by dropping 8 X 100lb. bombs and four belly tanks, after which several straffing runs were made. Four of these barges were definitely damaged. Three barges at ONDOER and three at CAPE NAMALEN were also straffed; results unobserved. Total expenditure was 8 X 100lb. bombs, 3920 X .50 calibre rounds and four belly tanks. Patrol over base was carried out by two details, each of four aircraft. Nil sightings were made.	
	4th.	Four aircraft carried out a watercraft sweep along CERAM ISLAND coastline between CAPE KISI and CAPE SEITOE. Two barges at CAPE SEITOE were straffed and one of these was left burning. Two vessels, six miles North of CAPE SEITOE were bombed and straffed; 4 X 100lb. bombs expended, all missed but damage was inflicted on both vessels by straffing. Straffing runs were made on a beached lugger at ADABAI; results unobserved. Total expenditure was 4 X 100lb. bombs and 2300 X .50 calibre rounds. Another sweep by four aircraft, was carried out in the CERAM ISLAND area; between GESER ISLAND and CAPE KISI. Two 50' ketches were sighted and attacked with 2 X 100lb bombs, both bombs however, missed and no damage was observed. A bridge on GESER ISLAND was bombed successfully; 2 X 100lb. bombs dropped both scored hits and a section was blown out. Two barges at KILBON and a number of ketches at SELOR, CAPE KISALOET and BITOERIK were straffed; results were not observed on any of these targets. Expenditure by this detail was 4 X 100lb. bombs and 4480 X .50 calibre rounds. A third and last sweep for the day was flown by four aircraft; this time in the GORONG ISLANDS and PANDJANG ISLAND area. At CAPE NAMALEN, two large prahus were attacked

Place	Date	Summary of Events	References to Appendices
NOEMFOOR ISLAND DUTCH NEW GUINEA.	October 1944		
	4th.	(cont'd.) firstly by dropping 6 X 100lb. bombs and four belly tanks and then by straffing. The six bombs all scored near misses and one belly tank scored a direct hit. This belly tank fired after straffing runs were made and the prahu hit, was observed one hour later, to be still burning. Results on the second prahu were unobserved. A large boat at DERRA was straffed and damaged. Total expenditure by the four aircraft was 6 X 100 lb. bombs, 1525 X .50 calibre rounds and four belly tanks.	
	5th.	Three aircraft conducted a sweep along CERAM ISLAND coastline from CAPE KISA to CAPE SEITOE and a 50' Army barge was straffed with unobserved results. No further water targets were sighted; 4 X 100lb. bombs and one belly tank were dropped on GOELEGOELE village with nil observed results. Total expenditure was 4 X 100 lb. bombs, 790 X .50 calibre rounds and one belly tank. Moderate, medium, accurate A/A was encountered. Four aircraft carried out a watercraft sweep from LEMKAFAL ISLAND to KAFNIKALEP (on MISOOL ISLAND) Only one target was sighted; a 15' prahu in MALOLO River. It was straffed and sunk with an expenditure of 550 X .50 calibre rounds. A third sweep was carried out during the day; this one by four aircraft, between GORONG ISLANDS and PANDJANG ISLAND. One lugger and one prahu were sighted at ILOER. These were attacked by dropping two belly tanks and then by straffing. No results were observed. A large building at CAPE NAMALEN was attacked. Two bombs and two belly tanks were dropped; unobserved results. Total expenditure by this detail was 2 X 100lb. bombs, 2135 X .50 calibre rounds and four belly tanks.	
	7th.	Twenty aircraft dive bombed DOOM ISLAND with an expenditure of 24 X 250lb. bombs, twenty of which exploded in the target area with results unobserved. Moderate, light and medium A/A was encountered which was, for the most part, inaccurate. However one aircraft was hit and suffered a severely damaged main plane. It was flown safely back to base by W/O MULHOLLAND.	
	8th.	Three aircraft carried out a watercraft sweep from GESSER ISLAND to WARCE BAY (CERAM) An unserviceable ketch at ARNANAN was the only target sighted. It was attacked with 1 X 100lb bomb; results unobserved. Another watercraft sweep was flown by four aircraft over KAI ISLANDS area but nil sightings were made.	

OPERATIONS RECORD BOOK

of (Unit of Formation) No. 75 Squadron

No. of Sheet Two.

Place	Date	Summary of Events	References to Appendices
NOEMFOOR ISLAND DUTCH NEW GUINEA.	October 1944		
	8th.(cont'd.)	Two aircraft were scrambled from ground alert to search the sea area West of NOEMFOOR ISLAND, in an endeavour to locate missing aircrew members who were supposedly in that area. However, during a thorough search, nil sightings were made. Four aircraft dive bombed an ammunition dump on JEFDOIF ISLAND. 8 X 250lb. bombs were dropped and four of them exploded in the target area. No results were observed.	
	9th.	Three aircraft conducted a watercraft sweep along CERAM ISLAND coastline from WAROE BAY to CAPE BALANSOI. One 25' single masted auxilary was straffed, with no results observed. A jetty in INGELAS BAY was attacked with 2 X 100lb. bombs and a section of it was destroyed. Total expenditure was 2 X 100lb. bombs and 730 X .50 calibre ammunition. Moderate, medium A/A was encountered; one aircraft was hit and suffered minor damage. The aircraft was flown safely back to base by F/O BALLOCH.	
		Six aircraft dive bombed and straffed DOOM ISLAND and TSIOF ISLAND. Four bombs exploded on DOOM ISLAND, four on TSIOF ISLAND and four dropped in the sea. Straffing runs were then made on both islands with unobserved results. Total expenditure was 12 X 250lb. bombs and 600 X .50 calibre rounds. Slight medium A/A was encountered.	
	10th.	Four aircraft carried out a watercraft sweep along CERAM coastline between CAPE BALANSOI and CAPE HEWAL. Only one target was sighted; a barge at CAPE HEWAL. This was straffed and damaged; expenditure 2560 X .50 claibre rounds. Whilst returning, the flight ran into a bad front and all aircraft were separated; three of them failed to reach base. Fuller details of this episode are given in the summary of the Unit History.	
		Three aircraft took off to sweep CERAM ISLAND coastline between CAPE KISI and CAPE SEITOE. This area was closed in and as an alternative, targets in other areas were attacked. At BOELA one bomb was dropped at a warehouse but it failed to score a hit. Two unserviceable luggers at CAPE BOLIFAR were straffed and further damage inflicted. The detail expended, all told, 1 X 100lb. bomb and 190 X .50 Calibre rounds.	
	11th.	Three aircraft carried out a watercraft sweep between GESER ISLAND and WAROE BAY (CERAM). A 30' sailboat at SELECOR was straffed with unobserved results. A building

Place	Date	Summary of Events	References to Appendices
NOEMFOOR ISLAND DUTCH NEW GUINEA.	October 1944		
	11th.	(Cont'd.) on GESER ISLAND was bombed; no hits being scored. The building was then straffed and left smoking. Total expenditure was 4 X 100lb. bombs and 2680 X .50 calibre rounds. Four aircraft swept the GORONG ISLANDS area. Many targets were sighted and attacked. Three ketches at ONDOER, three at ILOER, two at CAPE NAMALEN, one at PAINDJANG and one at DEERA was straffed; all vessels were damaged. Three canoes at MIREN also were straffed and damaged. A village on the main island was straffed; results unobserved. A bridge on this island was bombed and destroyed; two bombs scoring direct hits. A building on GESER ISIAND was straffed, nil results were observed. Expenditure was 2 X 100lb bombs and 4280 X .50 calibre rounds. Four aireraft dive bombed JEFDOIF ISLAND, two bombs hit a building and caused a large explosion. Two other bombs hit and unidentified target or targets, two small explosions followed. A further two bombs exploded on the target area with unobserved results and two fell on the beach. A total of 8 X 250lb. bombs was expended. After completion of this mission the aireraft searched in the MISOOL ISLAND area for the three pilots who were missing from the previous day's operations. Nil sightings were made.	
	12th.	Three aireraft conducted a sweep over ELPAPOETIH BAY (CERAM). Two targets were sighted; both were successfully attacked. The first was a large barge at SERCEAWAN; 6 X 100 lb bombs were dropped and each one scored a direct hit, sinking the barge. The second target was was a 20' sailboat at SAPAROEA; straffing runs were successful and the vessel was sunk. The mission expended 6 X 100lb. bombs and 795 X . 50 calibre rounds. Four aircraft carried out a second sweep for the day; this time between GESER ISLAND and WAROE BAY (CERAM) At BELIS a bombing attack was made on two large barges. The two bombs which were dropped both over-shot the target. Straffing runs were then made on the vessels; hits were scored but full results were unobserved. A landing stage and drums at BELIS were also straffed; results unobserved. In a creek running into WAROE BAY, four ketches were straffed and hit; results unobserved. All told 2 X 100lb bombs and 2985 .50 calibre rounds were expended.	

AUSTRALIAN WAR MEMORIAL AWM2020.18.156

No. of Sheet Three

Place	Date	Summary of Events	References to Appendices
NOEMFOOR ISLAND DUTCH NEW GUINEA.	October 1944		
	12th. Cont'd.	Another sweep was flown between GESER ISLAND and CAPE KISI (CERAM), by three aircraft. Near the S.E. tip of CERAM a 35' ketch was straffed and sunk. Hits were made from straffing runs on an unserviceable 30' barge at CAPE KILMOERI, with unobserved results. Ammunition expenditure was 460 X .50 calibre rounds.	
	13th.	Four aircraft covered the AMANAI-CAPE LATOE- KAMARIAN (CERAM) area on a watercraft sweep. However, afetr more than four hours flying, no targets had been sighted. The aircraft staged in at MIDDLEBURG for refuelling and then returned to base. Later in the day another sweep was made along CERAM ISLAND coastline, this time, between CAPE KISI and CAPE SEITOE. The four aircraft which carried out the mission sighted and attacked quite a good number of vessels. Six sailboats at TEHORCE and a ketch near LAFA were all straffed and hit; total results of these attacks were unobserved. Four ketches inBOBOT River were bombed but no hits were scored. This was followed by several straffing runs. Full extent of damage inflicted was not observed . The detail expended a total of 4 X 100 lb. bombs and 2970 X .50 calibre rounds. Four aircraft dive bombed JEFDOIF ISLAND and then straffed the area. A total of eight X 250 lb. bombs were dropped; six exploded in the target area but results were not seen. 1210 X .50 calibre rounds were expended in straffing runs; nil results observed.	
	14th.	Four aircraft carried out a watercraft sweep over the HAROEKOE ISLAND area. A large cargo barge in SAPOERA STRAIT was attacked by bombing and straffing. A total of 6 X 100lb. bombs were dropped and two of these scored near misses. 420 X .50 calibre rounds were expended in straffing and the vessel was left smoking. No further targets were sighted and after nearly five hours in the air, the four aircraft staged in at MIDDLEBURG, refuelled and returned to base. Four aircraft swept the BANDA ISLANDS area. The only vessel sighted was a 40' powered launch at BANDALONTAR ISLAND; it was straffed and damaged with anexpenditure of 1084 X .50 calibre rounds. A large tin shed on ROZENGAIN ISLAND was very successfully attacked. 2 X 100lb. bombs were dropped and both scored direct hits. A large explosion followed and black smoke was seen to 1000'	

AUSTRALIAN WAR MEMORIAL AWM2020.18.156

Place	Date	Summary of Events	References to Appendices
NOEMFOOR ISLAND	October 1944.		
DUTCH NEW GUINEA.	15th.	Three aircraft took off to conduct a watercraft sweep in the HARDEKOE ISLAND area. Although nearly four hours were spent in the air the detail was unable to reach the target area, due to bad weather. Four aircraft carried out a watercraft sweep on the CERAM ISLAND coastline, from CAPE BALANSOI to WAROE BAY. They flew for almost five hours but during this time sighted no targets.	
	16th.	Eight aircraft carried out patrol over NOEMFOOR ISLAND, nil sightings were made.	
	17th.	Four aircraft carried out a thorough search over MISOOL ISLAND and over the surrounding sea area, for the pilots missing from operations on 10th. October. Afetr nearly five hours flying, during which no sightings were made, the aircraft staged in at MIDDLEBURG for refuelling before returning to base.	
	18th. --22nd.	During most of this period, Squadron training was carried out. On ~~M~~ three occasions an AMERICAN P 47 Squadron co-operated with our aircraft in interception practice. The results of these exercises proved satisfactory, 75 Squadron giving a creditable performance on each outing. Sixty five sorties were flown in which shadow shooting and strafing attacks on pin point targets were executed. The Commanding Officer was thus given an opportunity to observe individual faults by members and to then give instruction with the object of overcoming these faults. Results generally were average. On two occasions Squadron formation was flown and the Commanding Officer considered that satisfactory improvement was shown. The following were the only operations carried out between 18th. October and 22nd. October:- On 19th. October two of our aircraft took off to search MISOOL ISLAND area for the pilots who failed to return on 10th. October. MISOOL ISLAND was closed in and the ZEVEN ISLANDS were searched, as an alternative. It was considered that the missing pilots may have possibly bailed out in this area. One crashed P40 was sighted and reported. However it was learned that this was a 76 Squadron aircraft and that the pilot had been previously rescued. On 21st. six missions totalling 26 aircraft dive bombed a bridge at MOEMI. 1 X 500lb. bomb, 16 X 300lb. bombs and 31 X 250lb. bombs were dropped. No direct hits were made but the majority scored near misses.

DUTCH NEW GUINEA : NOEMFOOR ISLAND.	October 1944 23rd.	Four aircraft swept HAROEKOE ISLAND area for watercraft. A jetty was attacked firstly by dropping 2 X 100lb. bombs which missed. This target was then straffed and hit; full results unobserved. Meagre medium and heavy A/A was encountered at HAROEKOE. Meagre light A/A was encountered from the jetty and meagre heavy A/A from ROEMAH KAI. Fire from all points was inaccurate. The flight expended 2 X 100lb bombs and 600 X .50 calibre rounds. After completion of mission, the detail landed at MIDDLEBERG for refuelling and then returned to base. Another sweep was carried out by four aircraft; on this occasion in the NAMATOTE ISLAND R.A.A.F. BAY area. A camouflaged barge in R.A.A.F. BAY was straffed and left smoking. At CAPE SMORA a radar station was bombed, the bombs missed and exploded in a bivouac area with unobserved results. Total expenditure 6 X 100lb bombs and 1600 X .50 calibre rounds. Four aircraft took off to dive bomb and strafe IDORE, but as this area was closed in they chose alternative targets. 8 bombs dropped on a possible barge hide-out at CAPE RONSORE with unobserved results. WINDEHSI village was straffed and an unserviceable barge on the beach at the village was also attacked with straffing runs; full results unobserved. Four aircraft dive bombed and straffed a bivouac area at MOEMI. 12 bombs were dropped in the area and several straffing runs were made. One M/T was burnt and one tanker left smouldering; a small fuel dump and an unserviceable "Oscar" were destroyed. A further two M/T's and a hut were damaged. Expenditure was 4 X 500lb bombs 8 X 250 lb bombs and 5450 X .50 calibre rounds.	
	24th.	Three aircraft took off to dive bomb IDORE. Weather prevented them from reaching this target and MOEMI was chosen as an alternative. Four bombs burst in a bivouac area and twelve huts were destroyed. Total expenditure 4 X 100lb bombs Four aircraft carried out a watercraft sweep between UTAROM and NAMATOTE ISLAND Two radar screens were straffed and one, a mobile unit, burst into flames. A W/T station and one hut were straffed and damaged. Three light gun positions at KAIMANA were straffed, this caused ammunition to explode. The guns were silenced by the attack. Two small jetties at BITSJAROE were damaged by straffing runs.	

AUSTRALIAN WAR MEMORIAL AWM2020.18.156

Place	Date	Summary of Events	References to Appendices
NOEMFOOR ISLAND DUTCH NEW GUINEA.	24th. Cont'd.	Intense/medium but inaccurate A/A was encountered at UTAROM.. One aircraft was holed but returned safely to base, after being hit at KAIMANA where moderate, light and medium A/A was encountered. Total expenditure 2360 X .50 calibre rounds. Another sweep comprising four aircraft took off to sweep between PIROE and KAIRATOE They were unable to reach this target due to bad weather and attacked MOEMI. 4 X 100lb bombs were dropped, one of which scored a direct hit on a wooden building. The bivouac area was straffed with an expenditure of 560 X .50 calibre rounds.	
	25th.	Twelve aircraft attacked KAIMANA by dive bombing and straffing. Fourteen bombs exploded in the village and a small ammunition dump blew up. The area was then straffed and four huts were left burning and a pill box left smoking. Total expenditure 24 X 250lb bombs and 7030 X .50 calibre rounds. Four aircraft swept CERAM ISLAND coast line between PIROE and KAIATOE. A large barge was straffed and damaged after two bombs missed the vessel. Intense, medium, accurate A/A was encountered from PIROE . Meagre, light accurate A/A South of PIROE and meagre, medium, accurate A/A from KAIRATOE was also encountered. One aircraft was severely damaged and one slightly damaged, both were safely flown to MIDDLEBERG where one crash landed. The pilots were uninjured. Total expenditure 2 X 100lb bombs and 800 X .50 calibre rounds.
	26th.	The GORONG ISLANDS area was swept by four aircraft. 2 ketches at ONDOER, 2 at DERRA and 2 at MANAWOKA were straffed. They were probably unserviceable prior to this attack. 4 bombs were dropped at FAK FAK and 2 exploded in the town. Total expenditure 4 X 100 lb. bombs and 2450 X .50 calibre rounds. Four aircraft took off with the object of dive bombing and straffing a bivouac area between UTAROM and KAIMANA. The target was closed in and eight X 250lb bombs were dropped through cloud with unobserved results.
	27th.	Three aircraft took off to carry out a watercraft sweep over HAROEKOE ISLAND area. They ran into bad weather and were forced to return to base. Eight aircraft dive bombed and straffed the bivouac area between UTAROM and KAIMANA Sixteen bombs were dropped with unobserved results and straffing runs were made on huts. Two unserviceable barges at BITSTAROE were straffed and hit. Expenditure was 16 X 250 lb. bombs and 4600 X .50 calibre rounds/

NOEMFOOR ISLAND DUTCH NEW GUINEA.	October	During the month of October 1944 this Squadron flew over 1150 hours, more than 850 of which were on operations. 267 Operational Sorties were directed against the enemy. The areas covered were Dutch New Guinea, CERAM, several small islands near the North West coast of Dutch New Guinea and islands South East of CERAM. The following types of missions were carried out:- Dive bombing and straffing, watercraft sweeps, searches to sea and patrols over base. --- All operations for the month were flown from KAMIRI strip on NOEMFOOR ISLAND. The majority of watercraft sweeps were along the coastline of CERAM. These sweeps involved almost five hours flying on each occasion and it was often necessary for the aircraft to stage in at MIDDLEBERG for refuelling before returning to base. Early in the month several dive bombing strikes were made against DOOM ISLAND and against JEFDOIF ISLAND. Towards the end of the month bivouac areas at MOEMI, IDORE and UTAROM were dive bombed and straffed. Return fire from enemy ground installations was encountered, not infrequently. At times it proved accurate and six of our aircraft were damaged by A/A during the month. On each occasion the aircraft was flown safely back to base; no pilots injured. On 10th. October four aircraft, whilst returning after completion of a mission along the coast of CERAM, ran into an unexpectedly thick front at 8000', East of MISOOL ISLAND. The four aircraft piloted by F/L. MORRISON, F/Sgt. ROBERTS, F/O ANDREW and W/O BATES, became separated. F/Sgt. ROBERTS broke cloud at 1000' . Unable to locate any of the other aircraft he flew to MIDDLEBERG and reported the balance of the detail missing. Thorough searches were carried out on this and on following days. On 12th. October F/O ANDREW was sighted by several 80 Squadron aircraft and later in the day, he was rescued by a Catalina. F/O ANDREW could give no information on other members of his flight and despite repeated searches, no trace has been found of them to date. It was learned that after losing contact with his flight, F/O ANDREW lost height to 2000' and being still in cloud, decided to bail out. He sustained minor injuries but on 11th. October contacted friendly natives. They took excellent care of him until the time of his rescue.

NOEMFOOR ISLAND DUTCH NEW GUINEA.	October 1944.	

The following changes in the strength of officers has taken place during the month:

Posted from the Squadron:

F/Lt.	A.W.C.	MORRISON (G.D.)	(416186)
F/O	T.J.	HILLERMAN (A.& S.D.)	(265466)
F/O	W.S.J.	DUDLEY (G.D.)	(423424)
F/Lt.	C.A.	WALKER (A.& S.D.)	(252270)
P/O	S.	BRADFORD (G.D.)	(422114)

Posted to the Squadron:

P/O	W.R.	ALLEN (A.& S.D.)	(41381)
F/O	W.T.	TABE (A.& S.D.)	(27886)
S/Ldr.	K.R.	BROWNE (G.D.)	(280701)
F/O	K.B.	ALFORD (A.& S.D.)	(15991)

Promotions for officers and aircrew are as follows:

To Squadron Leader R.C.McKIMPTON (250730)
To Squadron Leader K.R.BROWN (280701)
To Flight Lieut. W.T.DODD (1022)
To Flying Officer I.D.McLAUGHLAN (417093)
To Warrant Officer No.3667 W/O ROBERTS M.A.
To Warrant Officer No.422789 WRIGHT A.C.

Ground Staff:
To Warrant Officer P.J. DURAND (1921)

DEFENCE: The training of personnel in ground defence has shown a decided improvement in the past month. Particularly pilots who have been trained in jungle craft, necessary should a pilot be forced down in enemy territory. The training of ground personnel has been carried out satisfactorily.

WELFARE. The Squadron Welfare Committee has been paticularly active, promoting inter-unit sports. A swimming carnival resulted on a win on points for the Squadron. Volley ball competition within the Unit. The winners being the aircrew team. Matches were also played against 77 Wing Headquarters and 80 Squadron.
A cricket match between the Squadron and 78 Wing Headquarters aftera close scoring game was won by 78 Wing Headquarters. The usual quiz sessions with F/Lt.McCAUL as compere, were held weekly.' Does Sport take Too Prominent a Part in Australian Life' was the subject of a debate with 22 Squadron who won by a narrow margin.

Place	Date	Summary of Events	References to Appendices
NOEMFOOR ISLAND	November 1944	During the month of November, very little can be reported on the operational activities of No. 75 Squadron as on the 2nd. November, acting on instructions issued by First Tactical Air Force R.A.A.F., the majority of this Squadron's aircraft and pilots together with the necessary nucleous of grpund crew, were transferred from KAMIRI Strip NOEMFOOR ISLAND, to MOKMER Strip BIAK ISLAND for the purposes of island defence which in itself, necessitated the curtailment of most operational flying, so that the Squadron was in readiness for any contingency that might have arisen. Details of the few operational missions carried out are as follows:	
	11th.	Squadron Leader BROWN, newly arrived to this Squadron, to re-familiarise himself with operational flying was attached, tembrarily to No. 80 Squadron which Squadron, on this date, carried out a watercraft sweep over the HAROKOE ISLAND area.	
	12th.	Squadron Leader BROWN for further experience flew with No. 78 Squadron in a dive bombing attack over UTAROM.	
	14th.	Squadron Leader BROWN again flew with No. 80 Squadron aircraft in a watercraft sweep over GORONG ISLAND. After flying these operations Squadron Leader BROWN re-joined the Squadron at BIAK ISLAND for ground alert duties.	

		On several occasions during the month the Squadron was scrambled to search the surrounding area for aircraft that had crashed. Nil sightings were obtained	

	29th.	Twelve aircraft based at BIAK ISLAND returned to NOEMFOOR ISLAND where they were serviced and bombed up preparatory to operations against HALMAHERA ISLANDS.	

AUSTRALIAN WAR MEMORIAL AWM2020.18.156

Place	Date	Summary of Events	References to Appendices
NOEMFOOR ISLAND	November 30th. 1944		

The Squadron was lead by the Commanding Officer S/Ldr. R.C.KIMPTON dive bombing and straffing HATALABAKA Strip on the HALMAHERA ISLANDS. After attacking the strip the Squadron continued on to MOROTAI to be refuelled and bombed up. They then attacked the same target in a similar manner on the way back and returned to NOEMFOOR ISLAND via MIDDLEBURG.

A total of 38 X 250lb. bombs were dropped over the target. 8 bombs exploded on the target, 12 on the edge of the target and 10 within 400 yards. Heavy, inaccurate A/A of meagre to moderate intensity was encountered.

Shortly after taking off on this mission one A/C returned owing to W/T failure and eleven A/C completed the mission and returned safely to base.

Individual flying times for pilots of this Squadron are as follows:

Pilot.		Strikes	Other Op.Sorties.	Op. Hours.	Other Hours.

NOEMFOOR ISLAND	November 1944.		

SUMMARY. Ground Defence. Owing to the posting of the Aerodrome Defence Instructor in the early part of the month and the division of the Squadron personnel between BIAK ISLAND and NOEMFOOR ISLAND., it was not possible to carry out to the full extent, the ground defence training.

On the formation of a R.A.A.F. Defence Pool, all Squadron guards, with the exception of those used to guard the aircraft at BIAK ISLAND detachment, were attached by Headquarters First Tactical Air Force R.A.A.F. to the Defence Pool.

Transport. The strength against establishment of the Squadron is still fairly satisfactory, the Squadron being below establishemnt with one Jeep and one truck tipping.

Welfare. The Welfare activities on the Squadron have been carried on satisfactorily. Organised copetitions in various sports have been conducted with other Squadrons and R.A.A.F. Units. The Squadron meeting with some success. Quiz sessions and debates are still popular and are being carried out by the new Welfare Officer F/Lt. CUTTRISS.

Postings. During the month the following pilots were posted from the Squadron on the dates shown. P/O S. BRADFORD on 7th. November. (422114) F/Lt. WILKINSON W.H. (404272) on 8th.November, F/O E.P. OAKLEY (401143) on 30th. November, No. 413006 W/O MULHOLLAND J.G. on 7th. November and No. 420403 F/Sgt. SHEPHERD R.J. on 7th. November.

The Unit Padre, F/Lt. V.H. JULIEN was posted to No. 22 Squadron and was replaced by F/Lt. F.L. CUTTRISS.

Discipline. The discipline of the Squadron is excellent, only a few minor breaches having occurred during the month. Notwithstanding the lack of flying operations the morale of the Squadron is still high.

H Wilkinson S/Ldr.

MELBOURNE S.C.1.

FORM A50 - UNIT HISTORY SHEET.

Forwarded herewith Form A50, Unit History Sheet for the month of November 1944 together with Forms A123 and Appendix 'A' Unit Warstand.

2. Owing to the duties allocated the Squadron during the month, very little of interest occurred. Operations were limited to a strike against HALMAHERAS on 30th. November 1944.

3. Notwithstanding thelack of operational work, the morale of the Squadron remains high and discipline most satisfactory.

4. The Wefare Committee has been very active and great interest in Welfare matters continues to be displayed by all personnel. Volley ball, cricket, swimming and table tennis facilities have all been taken advantage of. A number of members are studying MALAY with the assistance of an ANNAMESE teacher.

5. A boat has been constructed by volunteer Unit labour and is proving a great asset to those personnel interested in fishing or swimming.

R.A.A.F. Form A.50
(Feb., '33)

23 JAN 1945

of (Unit of Formation) No. 75 Squadron

No. of Sheet 129

Place	Date	Summary of Events	References to Appendices
MOROTAI	December 1944	During the month of December 1944 the Squadron operated from three different bases. Firstly from BIAK ISLAND from where the aircraft moved to NOEMFOOR ISLAND on 11th. December. On 21st. December all aircraft moved to MOROTAI ISLAND from where they operated during the remainder of the month. A total of more than 500 hours were flown, 278 of which were embraced by 149 operational sorties. The majority of strikes were against enemy held positions on HALMAHERA ISLAND. Return fire from A/A positions was often encountered but it was for the most part inaccurate. The only damage sustained by any aircraft during the month from enemy action was a wing holed by small calibre fire. Fuller details of operations are given in chronological order, later in this summary.	

BIAK ISLAND Dutch New Guinea.	9-10th.	On 9th. December 12 aircraft departed from BIAK for NOEMFOOR where they were to stage in prior to carrying out a strike on HALMAHERA. On the 10th. December these 12 aircraft bombed a bivouac area at GALELA. From a total expenditure of 24X250lb. bombs, 22 fell in the target area and two in the lake. Results were unobserved. Meagre medium, inaccurate A/A was encountered. After completion of this mission the Squadron landed at MOROTAI, refuelled and again struck at GALELA bivouac area. 24X250 lb bombs were dropped; 18 exploded in the target area, 4 exploded on the edge of the lake and 2 failed to explode. Results were unobserved. Meagre, heavy inaccurate A/A was was encountered.	
NOEMFOOR ISLAND. Dutch New Guinea.	14th.	7 aircraft dive bombed LOLABATA stores area. 14X250 lb. bombs dropped; 12 exploded i in the bivouac area and 2 exploded on HATETABAKO Strip. Moderate, heavy, inaccurate A/A was encountered. After refuelling at MOROTAI the aircraft attacked the bivouac area at GALELA. 12 X 250lb. bombs were dropped and exploded in a suspected personnel area. The area was then straffed with an expenditure of 2000X.50cal. rounds. 7 huts were hit and one was left burning. Medium, meagre, accurate A/A was encountered and one aircraft was shaken. From another position further A/A was encountered. It consisted of meagre, medium A/A and meagre light A/A both of which were inaccurate. 4 A/C straffed targets of opportunity in the RANSIKI [illegible]

SUMMARY (Cont'd)

the Unit.

DETACHMENT Owing to the transfer of all Squadron aircraft to MOROTAI, the majority of the Unit personnel are at that location. However a small detachment remains at NOEMFOOR comprising one officer and 69 other ranks.

PROMOTIONS The following officers have been promoted as shown:

F/O D.B. ANDREW 403301 to F/Lieut.
P/O L.A. KLEINIG 442275 to F/O.
P/O H.J. PROCTOR 436879 to F/O.

Airmen.

Three Flight Sergeants were promoted to W/O. 2 aircrew and one ground staff.

GENERAL - Hygeine. Camp hygeine is now satisfactory. Extreme difficulty was experienced during the first week at this location. Owing to heavy rain and mud, the access road was impassable. All gear had to be carried down into a gully and up to the camp site. Water had to be carried the same way and the shortage of water made personal hygeine most difficult. Latrines have been provided and showers are in course of erection, adequate water now being available.

Ration Strength. The average ration strength during the month was 240.

Medical. Sick parades. The daily, average, sickness rate was 14.

Evacuations. There were three evacuations during the month.

F/O T.R. JACKLIN (405738) to 112 A.G.H.
No. 1355669 LAC BROWN A. to No. 3 R.A.A.F. Hospital.
No. 436499 LAC GURNEY J. to No. 3 R.A.A.F. Hospital.

Discipline and morale.

The discipline and morale of the Squadron has been of a very high order. In spite of the fact that Christmas was spent under most adverse conditions ~~conditions~~ and much hard work had to be carried out, morale was excellent and all ranks carried out the job with enthusiasm and willingness.

The high standard of discipline is demonstrated by the fact that not one case occurred which required disciplinary action being taken.

MOROTAI	December 1944.	**WELFARE.** Organised Welfare activities were suspended owing to the Squadron moves. However Australian Comfort Fund hampers were distributed to all personnel. Since arriving at MOROTAI a further A.C.F. issue has been made. Cigarettes and tobacco were made available through AMERICAN sources and the picture theatre at No. 78 Squadron has proved very popular. **DEFENCE** Defence training was suspended also owing to the Squadron moves and the fact that neither the Defence Officer or Aerodrome Defence Instructor, had arrived on posting. **TRANSPORT.** Strength and establishment of M/T vehicles were as follows.:	

		Strength.	Establishment.
(a) Prime Movers.	Ambulance.	2	2.
	Fire Tender.	Nil.	1.
	Gen.Service trucks.	3	3.
	Tankers refuelling.	Nil	8.
