| HQ R.A.E.          | 6 Jan 43 | Wednesday | Lt-Col BRIGGS (C.R.E.) saw B.G.S. regarding lack of loading  |   |
| 3 Aust Corps (AIF) |          |           | facilities at CARDEN ISLAND. This scheme has been under      |   |
|                    |          |           | consideration for at least 4 months and there is still no    |   |
|                    |          |           | sign of any jetty being built. Now that it is necessary      |   |
|                    |          |           | to deliver machines etc to the Island the problem is a       |   |
|                    |          |           | difficult one.   |   |
|                    |          |           | Lt-Col BRIGGS (C.R.E.) attended conference at office of      |   |
|                    |          |           | Director of Public Works and brought up matter of GARDEN     |   |
|                    |          |           | ISLAND jetty. Plans were in hand to have a semi permanent    |   |
|                    |          |           | jetty completed in two months. Pointed out that this time    |   |
|                    |          |           | was absurd and that there was no reason why something should |   |
|                    |          |           | not be done in a week to enable work on the Island to        |   |
|                    |          |           | commence straightaway. PWD agreed to drive 8 piles and Army  |   |
|                    |          |           | will construct ramp from jetty head to beach.                | 1   |
