	17	Everything running smoothly. 6 Div Concert Party showed again tonight. Quite a good show. Many troops present and new position for stage gave plenty of room.		
	18	5 Pl have picked a nice wet cold day for bivouac. Census of Warlike stores shows much of our W.E. missing.		
	19	Tng. Tabloid sports indicate general improvement in physical training.		
	20	Tng. N.T.R.		
	21.	Tng. N.T.R.

	26	Supplies to attached pls moving alright. "Vernon and Irene Castles" was shown by Mobile Cinema and was very enjoyable. No doubt Mobile cinemas are the best amenities there are.

Officers will ensure that all illegal gambling is stopped in their own lines and offenders charged.

RAE Orderly Officers will tour camp area outside Coy lines and enforce this order.

4. CENSORSHIP
Numerous enquiries from troops have raised the point of why certain military information released to the press in AUSTRALIA may not be discussed in personal correspondence.

In answer to this question it it obvious that HQ could not issue instructions daily to franking officers showing what news could be made public.

Secondly, press reports, are of a general nature and except where official approval is given, do not mention units location etc whereas troops on the spot writing letters may reveal certain details which have not been officially released and which are still military secrets.

All officers willexplain this to their troops.

5. BREAKING DOWN OF SERVICE OR ENEMY AMMUNITION
The breaking down of service or enemy ammunition in any way other than that authorised by training publications, hand books, regulations in existence or instructions issued from HQ is strictly forbidden.

If information is required on the internal construction of any type of service ammunition, reference can be made to inspecting Ordnance Officers posted to HQ of Corps or L of C areas.

Enemy ammunition will normally be broken down or demolished by RAE units (preferably bomb disposal units)under instruction from formation etc headquarters.

6. IGNITER SETS - GRENADE NO 36M - SUSCEPTIBILITY TO MOISTURE
The .22 R.F. cartridge cap, as used in the igniter sets for grenades No 36M is highly susceptible to moisture.

Personnel handling igniter sets containers will observe strictly the following procedure :-

(a) Igniter sets are always issued in soldered cylinders. Should a cylinder be opened and the whole of the contents not expended the cylinder will be resealed by effective adhesive tape or shellac binding.

(b) Detonators which show visible signs of corrosion or verdigris on the caps will be treated as suspect, as these are liable to produce blinds. Units will refer such detonators to an inspecting Ordnance Officer for determination of condition.

Units will keep the number of "ready use" grenades to a minimum,

Major B.F.DAWSON O.C. Paras 1 - 5

1. DUTIES MOUNTING 26 May 43
Coy HQ will mount Regimental Guard and carry out Duty Coy fatigue.

2. GOODS - PURCHASE OF FROM CIVILIAN SOURCES
It has been reported that units and individual soldiers are purchasing quantities of goods from shops in the Tableland area of a kind supplied as Ordnance and S & T issues such as hurricane lamps and kerosene.
As the goods being purchased are in extremely short supply and as available to the shops are barely sufficient to meet necessary civilian requirements it is obvious that purchases made by units or personnel deprive civilians of the ability to purchase commoditie which for civilians are a day to day necessity.
This imposes an unnecessary burden on the civilian population and it would therefore be appreciated if actions could be taken to discourage units and personnel from purchasing goods which are an Ordnance or S & T issue from shops in the Tableland area.

	13	The Coy was misguided enough to challenge the 3 Tk Attack Regt to Rugger. Suffice it to say we did not win. However it may do a power of good because we've been too successful lately The Officers beat the ORs at Hockey much to their disgust and the offciers surprise.

The construction of the Range occupied most of our time this month. The job gave much scope for training in all types of sapper work and is accordingly very useful.

~~Field~~ Field	Jul 1	A/CRE and 3 Officers went down to see Lieut Rushton's demonstration and report favourably. Once more stores are mainly improvised. It would appear that the Aust pattern mine-detector is a fair instrument but slightly too sensitive causing variations in tone for variations in height		
	2	N.T.R.		
	3	Lieut Rushton reported in at about 1300 hrs happy in the service and giving quite a number of descriptions of how this or that went. We took over building QM store at Div. 7 Div Concert Party put on a good show tonight.		
20 AUG 1943	4	Today the Rugger teams played 11 Bty 3 Tk A. Regiment and miraculous to relate we had a win in the firsts. It was a good match apparently. The Hockey team played the 18 Fd Amb and were thrashed.		
	5	It is past finishing time for Range but we are still held up for concrete and a few other odds and ends notably targets. We can get no standard paper so have to paint the lot. 7 Div Concert Party put on a good show again.		
	6	N.T.R.		
	7	Lieut Rushton began a course on Recce and Assault boats with 24 Bde today. He has three instructors from 5 Pl to help him The carpenters on QM store at Div are progressing favourably. Tonight Laurel and Hardy amused us at the cinema. George Raft apparently is getting a break this week.		
	8	Rifle Range is rushing to completion while 5 Pl runs boating course on Euramoo and HQ paint targets and the like.		
	9	The butts and the first 3 mounds were completed today by 6 Pl and 5 Pl finished boating. 5 Pl, 6 Pl and HQ are preparing for move to Bridging School at Gordonvale.		
	10	The Coy, less 4 Pl and Rear Party under Sgt Freemantle N.D., moved to Gordinvale in two lifts today and all arrived safely. See Appendices.		
	11	Coy settled in today and officers made recces of bridging sites etc.

	16	S/Sgt Greasley doing CSM work.	
	17	4 Pl have ceased work on access road and have returned to RAE area at Kairi. Their job will be to prepare crates for all War Equipment. There seems to be a suggestion of a move.	
	18	Sunday - All quiet, washing expeditions to Gordonvale and nothing much to report.	
	19	Trg. again today at Gordonvale and much hard work for 4 Pl crating.	
	20	5 & 6 Pls get on to Steele Bridge and Stock Spans and all seem to have got them quite well worked out.	
	21	N.T.R.	
	22	5 & 6 Pls had a route march in the morning and cleaned up bridging site in the afternoon. 4 Pl still crating. Lieut Kermode and 19 ORs go under comd 2/23 Bn for training with American ESB on Trinity Bay CAIRNS. Lieut E.D. Murray's promotion to Capt came through today.

PLACE	DATE	SUMMARY OF EVENTS Routine training details and information given in Casualty Returns are NOT required	REFERENCES TO APPENDICES	C.O.'s REPORT AND COMMENTS ON MONTH (On Operations, Equipment, Movement, Health, Administration, etc.)
Field	Jul 25	6 Pl are tired men today and are having a day off. 5 Pl have gone into the fun and games and are looking round the beach and inspecting equipment. The Company is now concentrated at Dead-man's Gullyand crating of WE and accomodation stores progresses apace. We are having some trouble getting shirts and trousers J.G.		
	26	15 truck loads of stores went to the ship today and Lieut Kermode saw them safely to the wharf. Our last truck went to Div Pool today. We now have one car 6 seater.(Shaggin waggon)		
	27	Tonight the 2/48 Bn are doing a stunt with 5 Pl under command. Lieuts Wyche & Rushton are on the job. The Major and Capt Murray were observers on the far shore and it seemd quite a satisfactory exercise. The ESB have a sound organisation and their personnel are well trained.		
	28	The last of the 2/3 Aust Fd Coy moved today and this Coy is occupying temporary tentage supplied by Bde. More equipment came today and it is being crated. We stared full malarial precautions including consumption of atebrin.		
	29	Another truck load went to wharf today and we were warned for movement on the afternoon of 31 Jul. 26 Bde is as usual giving us all possible help.		
	30	Quiet before panic tomorrow. Our gear is all packed ready. Capt Bill Frame joined the Coy as 2 i/c today.		
	31	Accomodation stores and last minute clothing and WE have goner to the ship this morning. We embussed at 1830 hrs and proceeded to the wharf. We boarded the "SS WILLIAM ELLERY CHANNING" a new liberty ship and all our menwent down into No 1 Hold some sleeping on floor and some in hammocks. The Officers and NCOs went into No 3 Hold where there were four tier bunks. So the end of July sees the 2/7 Aust Fd Coy comprising 263 all ranks embarked for another move with operations looming dimly in the future.

2/7 AUST FD COY RAE
ROUTINE ORDERS PART 1.

No. 16

by
Lieut E.D. Murray A/.O.C.

Paras 1 -

1. DUTIES MOUNTING 3 JUL 43.
5 Pl will mount guard and carry out duty Coy fatigues.

2. PILFERING OF FRUIT FROM TRAINS.
(1) Reports have been received concerning frequent instances of pilfering of pineapples and other fruit from goods trains, Railway Stations and Sidings, by troops travelling by trains
(2) Such irresponsible and unlawful conduct is seriouly retarding the efforts of fruit growers, who already have to contend with extreme difficulties in producing and transporting crops for both Army and civilian needs.
(3) There is at present an acute shortage of pineapples and pineapple juice, large quantities of which are required by the Department of the Army for supply in canned form to troops in forward areas, and fruit growers, at considerable loss to themselves, are diverting the bulk of their produce to canneries for this purpose. Payment to the producer is made on the weight delivered to the cannery, and the pilfering of this fruit in transit causes considerable hardship to growers, whose difficulties are already numerous, as well as interferxing with the supply to the Army of a much needed commodity.
(4) All Officers and NCOs travelling by train will be alert to watch for any instancesx of pilfering, which, if noticed by, or reported to them, will be immediately checked, and the names and regimental particulars of offenders taken and supplied to this Headquarters. Strong disciplinary action will be taken against offenders.

3. WEB EQUIPMENT - DYEING OF.
The practice of dyeing web equipment is to be discontinued.

4. DAMAGE TO PROPERTY.
(1) As far as possible, damage done to civilian property during training will repaired under unit or formation arrangements.
(2) Where this is impracticable, a report will be furnished to this Headquarters giving the following information :
(a) Name of owner
(b) Location of property
(c) Date damage was occasioned
(d) Particulars of damage and how caused
(e) Estimate of materials required and cost
(f) Name of unit causing the damage
(g) Formation recommendation regarding responsibility for damage.
(3) This Headquarters will then make necessary arrangements for dealing with claims for compensation.

5. MECHANICAL VEHICLES - LOADING.
(A) PERSONNEL
(1) Unless otherwise ordered in writing by anx officer, the number of personnel carried in load carrying vehicles will not exceed :-
