ACCUMULATION OF CREDITS IN PAYBOOKS.

Personnel are advised that they are not compelled to draw the whole of their pay. A member need only draw the amount he requires and can accumulate credits in his paybook to be drawn as desired.
Personnel who wish to do this must advise their Sqn O/Rms by 0900 hrs on the Thursday following pay day.

ALLOTMENTS.

As the result of the failure of members to immediately notify their Sqn O.Rms of their marriage, considerable delay has resulted in the allotments being paid to their wives.
In the future members will immediately notify their Sqn Orderly Rooms of their marriage and make arrangements for their allotments.

HATS WORKING DRESS MANNER OF WEARING.

Distorting of hats W.D. into fanciful shapes by turning up brims so that they resemble jockey caps etc. detracts from the appearance of the man wearing it and in general cheapens the unit to which he belongs.
O.Cs will see that such practices do not occur in the unit.

FIGHTING FORCES HOSTEL.

From 10 June the Fighting Forces Hostel, in Ryrie St, Geelong will be opened for the use of all men in uniform. In addition to the lounge and recreation rooms, facilities have been provided for supply of meals, and sleeping accomodation at moderate charges, and all service men are cordially invited to visit the hostel and use its facilities to the fullest extent.

ADDRESSING MAIL. The correct address for mail is as follows :-

NUMBER RANK NAME
TROOP SQUADRON
12 ARMOURED REGIMENT
HOME FORCES.

It must be emphasized to all ranks that in order to facilitate the delivery of postal articles it is of the utmost importance that the articles bear the addressee's full military address. Incomplete or incorrectly addressed articles are inevitable subject to delay in delivery, and faulty addressing may result in non delivery altogether. Much unnecessary delay in the delivery of mail matter occurs because the senders fail to place sufficient particulars of address upon the articles, and letters, etc. are frequently posted without any indication whatever of the unit to which the addressee belongs. Insufficiently addressed articles will be returned to senders.

EXTRACT OF 6 AUST ARMD BDE MEMO 26/6/42.
PARA 78 OF 2 AUST ARMY ORDERS SERIAL NO. 6 BINOCULARS - CENSUS OF.

1. National Security Regulations No 57 dated 23 Dec 41, provides for all binoculars owned by individuals to be declared. It has been decided that the Army will arrange the census of Binoculars owned by Army personnel. It is known that the Census of Warlike Stores will reveal the holdings of Army issue binoculars, but it is felt that many who are using their own will not be included in such return as the glasses are not on charge to units. For purposes of supply, it is necessary to know the total number available in Australia, but it is not at present intended to call up binoculars privately owned by Army personnel.
To enable this information to be collated, each unit will submit the following return.

(a) (i) Unit, formation etc.
(ii) Number, rank and name of owner.
(iii) Whether the binoculars were shown in the Census of Warlike stores return as being "held" by the unit.
(iv) Name of manufacturer (Zeiss, Ross etc) and country of manufacture.
(v) Magnification and diameter of object glass (these particulars are engraved on most binoculars e.g. 6x40 et)
(vi) Are the binoculars used by the owner in lieu of a service issue.

(b) In connection with para (vi) above, the C.O. of the unit will endorse on each return submitted in accordance with the above order, a certificate, as to whether or not the binoculars are necessary for use by the owner in performance of his official duties. The returns will be submitted bu units through normal channels to DOS (OS3) GHQ. Returns will be submitted by all units NOT LATER THAN 30th JUNE 1942.

Ref. above, squadrons will be responsible for supplying information required not later than 1200 hrs 28/6/42, and all personnel owning binoculars will declare them to squadron orderly rooms forthwith.

COPY.

INSPECTION BY H.E. THE GOVERNOR GENERAL AT

GHERANG 15th July 42.

1. At the conclusion of the inspection His Excellency expressed his pleasure and appreciation of the demonstration he had witnessed.

2. He complimented the Brigade on the high standard obtained and stated that he was particularly impressed by the keenness and enthusiasm displayed by all ranks.
The turn out and the conduct of the Guard of Honor was particularly good and a credit to any Brigade.
The demonstrations were lively and full of interest and had clearly shown the the skill and the ability of those taking part.

3. I fully endorse the remarks of his Excellency and in complimenting those taking part, wish to express my appreciation of their hearty co-operation without which the demonstration would not have been successful.

4. This demonstration has shown the standard to which portions of Units can be raised by intelligent and careful training. Our immediate object will be to raise all troops to this standard. This task will not be easy and will only be made possible by continuing the concerted and wholehearted co-operation of all members of all Units.

5. Please convey this message and my congratulations to those under your Command.

Signed. R.F. Monaghan, Col.,

25 Jul 42

Dear Lt-Col Nolte.

Due to the action of certain personnel on the evening of 25 Jul, I regret that it will be necessary to close the Wet Canteens until the evening of 28 Jul.

The personnel concerned in the disturbance are men who are not truly representative of the Bde, but as there were so many, it was impossible to identify them, and therefore all men suffer for the sake of a few.

In the three days, in which the Wet Canteen will be closed, it is hoped that all will realise that a good soldier goes where he is sent and does what he is told. On this basis alone, and in the belief that I, and all offrs of the Bde will accept no privileges which the men cannot have, can we build the fighting force that we must become.

More in disappointment than in any other feeling, I request that you will read this letter to all personnel of your Unit on parade.

INDISCRIMINATE WRITING OF NAMES ETC.

Personnel are informed of the danger to Security from the writing of unit names and dates in public places (on walls of lavatories, bridges, bathing boxes, jetties, etc) and that the practice must cease.
Recent searches amongst old papers left in vacated camp sites have revealed sufficient information to confirm the identity of units previously occupying those camp sites and give particulars of their movement. Documents left about have given the identity of other units and formations. Destruction of all old papers in camp areas will be made a routine matter and personnel will be advised that non official papers containing unit names must be destroyed periodically by burning under unit arrangements.

SALUTING AND PAYING COMPLIMENTS.

A marked improvement is noticeable in saluting by individuals and the paying of compliments by formed bodies of troops. Further improvement is however required in the following respects :-
(a) In many cases the salute is given too late and the hand is cut away too soon.
(b) It frequently happens in paying compliments that the command is given so late that the officer who is to receive the compliment has gone by before the compliment is paid.
In both these cases the inference is that those concerned are either lacking in alertness to observe or else they cannot make up their minds quickly.
It is pointed out that keen vision, alertness of mind and ability to make quick decisions are of priceless value in action and should be cultivated at every opportunity, especially by officers and N.C.O's.

RETURN OF PETROL LICENCES.

The Commonwealth Liquid Fuel Control Board desires to draw attention to the obligation devolving on every person holding a Motor Spirit Consumer's Licence issued for any purpose other than for private use Class 2 (that is a licence on buff coloured paper) to surrender his licence immediately there is any change in the occupation of the holder. The Board has reason to believe that a number of persons called up for Military duty have not acted in accordance with this obligation and surrendered the Motor Spirit Consumer's Licence issued to them in connection with their civil occupations.
Any person in this camp who is still in possession of such a licence, or who failed to return same before entering camp is therefore required to surrender same immediately to the Liquid Fuel Control Board in the Capital City of the State in which the licence was issued, together with a letter explaining the changed circumstances and the reason for failure to return the licence previously.
This direction is issued under the National Security (Liquid Fuel) Regulations, breaches of which are punishable by a fine of up to £100 or six month's imprisonment or both.

VEHICLES ACCIDENTS TO AA FORM G13 (ACCIDENT REPORT).

1. O's C Units will ensure that in all cases involving Traffic Accidents, particularly when private vehicles or citizens are involved, comprehensive reports on AAF G13 (Accident Report) are completed, without delay, and signed by the M.T. Driver implicated.
2. O's C Units will provide each Driver with AAF G13, and ensure that instruction regarding the completion thereof, has been given. Attention is directed to Para. 43 of Standing Orders for the operation and maintenance of Mechanized Vehicles, Drivers will study these instructions carefully and particularly Section B of Para 43 requiring drivers to ascertain names and addresses of Driver and Owner of any other vehicle concerned and also of any witnesses to the accident. Independent witnesses where possible will be questioned and their names and addresses obtained. Failure of M.T. Drivers to obtain this important information has often derived the Department of its legal right to recover damages sustained to it property by negligent private drivers.
