WAR DIARY

JANUARY 1948 - NARRATIVE

For January 48 the daily programme mainly comprised of parades for personal inspection followed by Squad Drill occupying the first work period of each day. The remainder of the day was devoted to sectional wing training in Tank Gunnery, Tank Wireless, Driving and Maintenance. For these subjects the instruction was given by the Squadron Officers and NCOs in accordance with the Unit Training Syllabus.

As 34 Aust Inf Bde W/Shops inspectors were to carry out a periodical vehicle maintenance check, training was suspended for the three days subsequent to the 9 Jan 48. Instead this time was devoted to vehicle maintenance in preparation for the inspection. As the standard of all vehicles was found to be high, it was decided that in order to maintain this standard in the future, the Friday of each week is to be set aside as a general maintenance day within the Unit.

On the 4 Jan 48 one Squadron Sgt, taking a driver and truck ¼ ton 4x4, was detached for duty on SHIKOKU as an observer in the Japanese elections, held in the prefecture of KOCHI on the 10 Jan 48, for the purpose of electing a Prefectural Govehor. This party returned to the Unit on the 14 Jan 48.

The very intensive training given, in the use of Fire Fighting Equipment, to members of the Squadron when mounting the 24 Hours duty of Fire Picquet, produced very satisfactory results when the Unit experienced its first fire, which occurred in the building used as the Sgts Mess, at 0330 hrs on the 20 Jan 48.

The fire was first discovered by a Japanese Steward, employed in the Mess, who immediately disconnected the electrical master fuze and warned personnel sleeping in the Sgts Quarters nearby. This prompt action enabled the Fire Picquet to be quickly on the scene, bringing the fire under control within 1 hour after the outbreak.

The extent of the damage was confined to portion of one wall and about 50 square feet of ceiling. The cost of the damage is estimated at £50-10-0 Stg.

The exact cause of the fire is not known, although it appeared to start low down between the internal and external walls, on the right hand side of the fire place in the mess. Evidence shows no connection can be made between the fire place and the outbreak, as it started on the "off" side of a wall stud, the near side not being burnt.

An electrical power outlet fitting installed in the wall, was directly in front of the seat of the fire. An inspection revealed that this fitting did not show any signs of consistent faulting, however it is possible that an electrical fault, evidence of which was destroyed by the fire, may have caused the outbreak.

A happy coincidence was the date of the Royal Wedding of Her Royal Highness Princess ELIZABETH to the Duke of Edinburgh on the 20 Nov 47, and the 30th Anniversary of the Battle of CAMBRAI.

As the Squadron was in TOKYO taking part in a Ceremonial Parade on the Imperial Plaza to celebrate the wedding, the celebration of the anniversary of ~~the~~ British Armour's historic engagement was postponed within the Unit until the 20 Jan 48. The day was for the Squadron a special Stand Down, filled in by intra- unit sports during the morning and a formal dinner for all ranks at midday. Among the guests attending the dinner was Major TE BARRETT, who has been associated with the Squadron Commander Major C IVES, in Armour for the past 23 years.

Prior to the conclusion of the dinner Major IVES delivered a discourse on the background of events of the original CAMBRAI DAY.

The evening of the same day a "CAMBRAI DANCE" was held in the men's recreation room and was attended by many Dependants in the HIRO area, including the 34 Aust Inf Bde Commander Brig RNL HOPKINS.

AUSTRALIA DAY was observed in HIRO by a parade held on the 34 Aust Inf Bde parade ground, with more than one thousand Australian servicemen participating including the Squadron. Brig RNL HOPKINS in charge of the Australian Component of BCOF handed over the parade to the inspecting Officer, Chief of Staff, BCOF, Air Vice Marshal MACAULEY, following the General Salute.

AUSTRALIAN WAR MEMORIAL AWM2020.71.356

During the five minutes address given by the Chief of Staff slight snow began to fall blanketing the ceremony.

Theparade came to a close with a March Past, Air Vice Marshal MACAULEY taking the Salute from a dais erected in front of the building of Head Quarters 34 Aust Inf Bde. This was a notable parade and the Squadron was proud to be sharing in it.

During the month 2 Officers and 1 S/Sgt were victims of petty thieving. In each case clothing and personal belongings were removed from the respective living quarters in the absence of the owners. Investigations have revealed that it is just as likely to have been a Soldier as a Japanese National who carried out the thefts.

As a counter against future thefts, two barbed wire fences have been erected, separating both the Officers and Sgts quarters from the main thorough-fares, adjacent to both buildings.

January brought some alterations in unit strength, in that two Troop Leaders, Lt BJ BURROWS ( detached since July 46 ) and Lt RD GRAY ( detached since January 47 ) were seconded to BCOF Holiday Hostel Units, and promoted to T/Captain supervisors in their new appointments.

Lt AG McGANN who returned to Australia in November 47 for leave is now attending the School of Air Support LAVERTON, VICTORIA, which commenced on the 27 Jan 48.

## ARA ENLISTMENTS AND LEAVE

At the end of January the number of AUSTRALIAN REGULAR ARMY enlistments from the Squadron totalled ten, an increase of five during the month.

One Officer and three other ranks were granted six days special leave to BCOF Holiday Hostels.

## METEOROLOGICAL

Although the 21 January, according to the Japanese lunar calender is the first day of the DAIKEN ( great cold ) the weather for the month was surprisingly mild, in comparison with that which was experienced twelve months previously.

In the KURE area the temperature was 3 degrees higher than the average, thus only one light snow fall was experienced commencing on the night of the 15 Jan 48. This fall was not sufficient to cause any damage or impediment to traffic in our area.

WAR DIARY

FEBRUARY 1948 NARRATIVE

For early February training proceeded in accordance with the Squadron training syllabus. The Wireless, Driving and maintenance wings were combined for daily mobile exercises in the Canadian Scout Cars, moving to some accessable area in the morning and returning in the afternoon. The Tank Gunnery wing was also given the opportunity of,firing their small arms weapons (.303 Bren LMG, .30 Browning MG , Owen Machine Carbines, and .38 Pistol) on a local 30 yards range. The 37 MM Gun could not be fired owing to major terrain obstacles restricting the movement of our Staghound Armoured Cars to some larger range.

On the 9 Feb 48 the first Squadron training syllabus was completed.As it was hoped to give all members a comprehensive training in all specialist courses, wings were reorganised so that the subjects rotated. Training in accordance with the new Syllabus commenced 10 Feb 48.

Supervised by Lt-Col K E WHEELER, AA&QMG and other staff officers from the 34 Aust Inf Bde, a periodical staff inspection of the Unit was carried out on the 5 Feb 48. All internal 'Q' and administration matters were thoroughly investigated. A report submitted by these officers, stated that the Squadron was well administrated, and the morale and bearing of the troops was of a high standard.

On the 20 Feb 48 the Squadron participated in a parade commemorating the second anniversary of BCOF , held on the Anzac Park KURE. As the Squadron Commander Major C IVES was called upon to command the 34 Aust Inf Bde Group, the Squadron was lead by 2 I/C Capt OCR STREITBERG. At 1030 hrs the General Salute followed the arrival of the Inspecting Officer, Acting Commander in Chief, BCOF, Air Vice Marshal CA BOUCHIER, CB CBE DFC, RAF.

A detachment of Rayal Navy and Royal Australian Navy lead the March Past followed by the Squadron, the A/C in C taking the Salute. Again the Squadron was congratulated for their turnout and high standard of drill movements by those witnessing the parade.

On the 26 Feb 48 the Unit was warned that it was to supply a detachment, in the roll of a rifle company, for a months tour of duty in TOKYO under the command of 67 Aust Inf Bn, commencing on the 5 Mar 48. Two days later 50 of those members selected were issued with Rifles and Bayonets, and began very intensive training in Infantry Drill. In the months previous these troops had been bought to a high standard of foot drill,consequently the main emphasis went at first to refurbishing the rifle movements. With such short notice every available work period was devoted to this training.

METEORLOGICAL

The weather remained comparitively mild for Feb 48 no snow falls were experienced as in the 12 months previously.

Some alarm has been expressed by Japanese Officials over a current water shortage, which has become critical in some districts. However no restrictions have been placed on the Occupation Force in this area.

## PERSONNEL

Two Other Ranks marched out to attend a Moral Leadership school in KYOTO, of 7 days duration.

The month also brought several changes in the Unit strength, when three other ranks who have been detached for over 12 months, were transferred to BCOF Holiday Hostel Units, Also one Squadron Intelligence Sgt was transferred to Military Government.

## ARA ENLISTMENTS & LEAVE

At the end of February the number of Australian Regular Army enlistments from the Squadron totalled 20, an increase of 10 during the month.

Two Other Ranks were granted 6 days special leave to BCOF Holiday Hostels in the TOKYO area.
