AIR LETTER SERVICE

Q. 416. (1) A new means of communicating by airmail with members of the forces overseas. Civilians in certain Empire countries and personnel of Merchant ships will become available as from 11th September, 1944. The new facility is termed "Air Letter Service " and communications sent by the Service must be written on Air Letter Forms purchased at Army, Field or Civil Post Offices. The price of each form will be seven pence which is the amount of the postal change for the use of the service.

(2) Air Letters may not be used in cases where communications can at present be sent by Air Mail to members of the Forces overseas at a lower rate of postage , e.g. to new Guinea or New Zealand.

(3) Air Letter forms cannot be sent registered post and must not be enclosed in envelopes. The Air Letter form when folded and sealed forms a closed communication silimar to the "Air Letter Card" used by troops overseas for communications to their home countries.

(4) The form has been specially designed to conserve Aircraft capacity and no enclosures are permitted. If anything be enclosed, the communication will be sent by ordinary mail.

(5) Air Letter Service forms will be conveyed wholly by air from Australia to the country of destination provided that air mail facilities are available over the whole of the route. If not, they will be forwarded such air services as are available.

(6) The new service will afford considerable acceleration in transmission as compared with the normal air mail service.

(7) To be repeated in Unit Routine Orders.

WILL LODGING

Attention of all ranks is drawn to the necessity of lodging a will form, if not already done, with Records Office.

This matter is of vital importance to each soldier and his family. It is desired that all personnel who have not taken the necessary action to complete a Will Form immediately, will do so.
It is pointed out;

1 Change of Next of Kin (as by marriage) normally requires a fresh Will Form to be prepared.

2 If a private Will has been made and is held the Army still requires a will form with relevant details shown on back.

Apply to the Orderly Room for advice.

NOTIFICATION OF CHANGED IN RESPECT OF NEXT OF KIN

A member of the AMF may nominate any person as his next of kin for army purposes, although that person is not his legal next of kin.

2. It is the function of the 2nd Echelon organization to notify fatal and certain other casualties sustained by a member to the person recorded in army records as the member's next of kin, or to any other person nominated by such next of kin to receive casualty advises.

3. Failure by a member to report promptly particulars of a change of next of kinor a change of address of next of kin, inorder that the appropriate 2nd Echelon component may be advised, causes considerable administrative work to the army and may delay or prevent notification of a casualty being given to the proper person, thereby causing distress to the member'd relatives.

4. Each person will, therefore, be instructed that, on the occurance of any event (such as his marriage or the death of his next of kin) which renders a change of the record of his next of kin desirable or necessary, he will promptly notify his unit of the change he desired to make. Similar prompt notification should be given of an y change of address of his next of kin.

5. On being notified by a member of a change of his next of kin or change of address of his next of kin, a unit will immediately forward a causalty return containing the necessary particylars to the 2nd Echelon component for the area in which it is serving.

6. Each member will be warned that a change of his allottee or an entry in his AAB 83 of a change in the particulars of his next of kin will not be sufficient to notify the 2nd Echelon organization of a change in respect of his next of kin.

7. (a) Each member will be advised that, on his marriage, any will or codicil previously made by him, save in exceptional circumstances, becomes of no effect and, under Australian Military Regulations, he is bound, upon marriage, to make a new will.

(b) On marriage, a member will make another will immediately, either on an AAF A130 or by a separate document, and will submit the AAF A130 in an envelope (AAF A131), duly completed, to his unit HQ for transmission to the appropriate 2nd Echelon component.

(c) A member may obtain the assistance of an officer of the AALC in the preparation of a will.

APPENDIX "B"

1. Personal equipment cards (AAFs F204) are being introduced as records of personal equipment on issue to all members of the AMF full time duty and will be issued whether personal equipment is on issue to them or not.

2. Members will carry AAF F204 at all times, subject to the same conditions as if it were part of AAB 83. AAF F204 will be carried in the cover provided for AAB 83.

AIR LETTER SERVICE. (A.M.O. No. C403)

The Postmaster-General's Department has introduced an Air Letter Service, in addition to the existing Airmail and Airgraph facilities, for overseas correspondence. This service is available for communications-

(a) to Australian and other Empire Forces, Overseas, and British Merchant Seamen.

(b) to civilians in most parts of the British Empire, other than Canada, and in certain specified neutral countries; and

(c) to prisoners of War in Europe.

It will provide a considerably faster service than the Normal Airmail.

When this service is used, the letter will be written on special air letter form, which obtainable at any and civil post offices at a cost of 7d, and the following procedure will be observed-

(a) The space provided on the back of the form for the name and address of the sender will not be used. The address will be written inside the letter form in the top right hand corner thereof;

(b) When writing to a British Country, a member will use his usual military address;

(c) When writing to a neutral or enemy country, a member will not use any military address, but will use either -

(1) a civil address-

(e.g. Army No.. Rank..Initial..Surname...

BRISBANE, N.S.W) or

(2) that of the Chief Field Censor-

e/-. Chief Field Censor, L.H.Q., MELBOURNE.)

(d) If the Chief Field Censor's address be used, the member will notify him of his usual military address and any subsequent change of that address in order that any reply received to the members air letter may be forwarded to him by the Chief Field Censor.

Air letter forms cannot be sent by registered post and will not contain enclosures. Any found with enclosures will be forwarded by surface mail.

7.

LIFE ASSURANCE POLICIES TAKEN OUT BY MEMBERS OF THE FORCES.(A.M.O. B.F 412)

Life assurance policies taken out by members of the forces on their own lives after September, 1939, usually contain a war clause which imposes upon the member assured, if he wishes to remain covered under his policy for the full sum assured while serving outside the Commonwealth, the obligation of-

(a) informing the life assurance office concerned of his departure from Australia and of the date thereof; and

(b) payment to that office of an extra war loading premium.

Certain life assurance offices regard the Territories of Papua and New Guinea as being, for this purpose, outside the Commonwealth, and there are variations in the rate of war loading premiums charged by different offices, while, in some circumstances, an office may not be prepared to cover the additional risk and may, therefore, refuse to quote any extra premium.

A member who desires to remain covered while serving outside the Commonwealth should ascertain from the office concerned to what areas the existing cover extends and what rates of war loading premiums are required should he serve outside those areas.

For security reasons, direct notification by members to Life Assurance offices of their impending or actual embarkation is strictly prohibited.
