343. REPATRIATION BENEFITS - MEMBERS SERVING IN KOREA AND MALAYA (HQ BCOF AG 204.53 of 7 Sep 51)

(a) AHQ, under cover of their memo 14191 of 7 Aug 51, have advised that the following repatriation benefits have been extended to members of the AMF serving on War Service.

(b) The provisions inserted in the Repatriation Act by the 1950 Amending Act to cover members of the Forces engaged in operations in KOREA and MALAYA are contained in the new Divisions 8 and 9 of Part III, in respect of war pension and service pension. The new Sub-Section 3A to Section 108 provides for general repatriation benefits.

(c) The effect of the extension to the Act is that a member is covered for war pension, service pension, and general repatriation benefits from the date of his commencement of service in the operational area until the conclusion of such service. Briefly, this period is from the date of departure from the last port of call in Australia, or date on which allotted to an operational area if serving outside Australia, until the date of arrival at the first port of call in Australia, or date of arrival in a non-operational area outside Australia. Details of "commencement" and "conclusion" of service in operational areas are contained in MBI 111/51.

(d) Upon the incapacity or death of a member resulting from any occurrence that happened during his war service, or, if incapacitated or killed in any area outside Australia as the result of enemy action, a pension will be paid to the member or his dependants. A claim for such pension may be made immediately upon the conclusion of war service, referred to in para 2 above. Pensions become payable under the provisions of the Repatriation Act irrespective of whether the pensioner is a serving member of the Defence Forces. Provision is made whereby pensions may be granted as from a date up to three months prior to the date of lodgement of the claim for pension. A member may, therefore, receive a war pension approved as from the day after the "conclusion" of his war service, provided that his claim is lodged within three months of that date.

(e) In order to protect the interests of members, all Deputy Commissioners of Repatriation have been advised of the position and instructed to get in touch with the Service Departments in their States, and arrange for members to be advised of their right to claim pension, and to be furnished with the necessary claim forms. A roneoed slip reproduced as Appendix "A" hereto will be attached to each claim form.

344. CANCELLATION OF 1950 ROUTINE ORDERS

All BCOF Engr Regt RAE Routine Orders Part One published in 1950, Appendices and Notices attached thereto are cancelled.

386. AVIATION CLAUSE IN LIFE ASSURANCE POLICIES
(HQ ECOF AG 367.4 of 19 Oct 51)

(a) The question of clarifying the position in which members are placed in relation to life assurance in the event of death whilst on flying duties was recently taken up by the Prime Minister with Life Officers' Association for Australia.

(b) Substended is a copy of advice given on the matter by the Chairman of Life Officers' Association for Australia.

"Most life assurance policies in force in Australia provide cover to the extent of the full sum assured, even though the life assured should die as the result of flying.

In a minority of cases, however, the amount payable under the policy if death results from aviation is restricted to less than the full amount.

The Life Offices recently had this question under review, and some of them have decided in the national interest to waive the operation of certain aviation clauses on policies issued prior to the 1st January, 1951, as regards flying risks incurred in the course of duties with the Australian Air Force, the Australian Army or the Australian Navy. No relaxation can be made as regards Temporary Assurances, Accident, and Disability Benefits in view of the low rate of premium payable.

The relaxation of aviation restrictions referred to above applies only to policies effected prior to 1st January, 1951, and any member of the above Forces who holds such a policy, containing an aviation clause, is advised to refer in writing to the Company with which he is assured and ascertain the degree to which he is now covered for such risks."

387. SECURITY OF BLANKETS GS (FRO 6/51)

(a) Losses of blankets GS are still too great.

(b) The attention of officers appointed as President or Members of Courts Martial dealing with charges concerning the loss or theft of blankets is directed to AMR & O 558 (3). The effect of this regulation is that where attention has been called in Orders to the unusual prevalence of an offence a Court Martial should have regard to theft act that such warning has been issued. When some particular kind of offence is unusually prevalent an example may be necessary, and therefore a severe punishment may properly be awarded for an offence which would otherwise receive a more lenient punishment. In such cases the punishment must be regarded more from the point of view of the effect which it will produce on the Force to which the offender belongs than from the effect upon the offender himself.
