1. LOSSES. Losses of arms and eqpt are assuming serious proportions. Sub unit comds will take every step to ensure that NO eqpt is lost or stolen that is om charge to personnel under their comd. In this connection 7 Aust Div Circ A177 will be promulgated to all ranks.

2. BOUNDS. The sea plane base EL MINA is OUT OF BOUNDS to all ranks except those actually angaged in work within the area for which purpose duty passes will be issued.

3. CANTEEN SERVICES. In future the AACS messing stores will NOT supply goods to detachments of units in the names of the unit messes unless such is authorised by the CO. Cos may communicate direct with the AACS, BEIRUT, giving such authority where necessary.

4. EFM STANDARD TEXTS. Thr following should be added to the list of standard texts :-

64. Best wishes for New Year.

5. ECONOMY MEASURES. General Order 12 of 1940 is republished for the urgent attention of all concerned:-

"1. The attention of all is drawn to the necessity for economy in the use of stationery. Commanding offrs are responsible for ckecking excessive consumption of stationery.

The following measures will be adopted to achieve this object

2. PAPER.
(a) Sheets smaller than foolscap size will be used if this is economical in the case of short letters.
(b) Single space typing should be used.
(c) Both sides of the paper will be used for typing and duplicating
(d) Margins should NOT be wider than 1 inch. Where both sides of the paper are uded the margin should be on the left of the sheet on the obverse and on the right side on the reverse.
(e) NO more copies should be made than are actually required.
(f) The reverse of old letters, orders etc. should be used for drafts, due regard being paid to security. Old orders and obsolete Army Forms should also be cut up and used as small slips.
(g) Spoiled sheets of duplicating paper will be used to test even inking. For this purpose, one sheet should be used at least six times.

3. CARBONS. Carbpns must be used until they have become unserviceable. In the interest of security used carbons must be kept under lock and key until they are destroyed.

4. ENVELOPES
(a) Size 5"x4" envelopes will be used as far as possible.
(b) Except where envelopes contain secret correspondence, for despatch to another HQ, economy labels will be used to seal envelopes. The address will be written on the label and NOT on the envelope.

5. ARMY FORMS. NIL returns will be submitted on paper and NOT on printed forms.

6. STORAGE. Stationery in offices must be kept in a box or holder or under weight to prevent it from being blown about by the wind and spoilt.

All members of the Unitarian Church are requested to send their names to the Wardens.

3. LOOT AND TRAFFIC IN ARMS. It has been definitely established that members of H.M. Forces have been selling captured arms and ammunition.
From this it is clear that the existing orders on this subject are NOT being obeyed. All ranks are reminded that it is forbidden to retain in their possession any public enemy property found on the battlefield. Anyone who disposes of captured arms to other persons is directly assisting the enemy, since such arms find their way to those who work for the enemy. Such action is an offence punishable by a sentence of two years imprisonment.

Any captured war material in the possession of army personnel will be surrendered immediately.

1. BREVITY IN TELEGRAMS
(i) Attention is drawn to the great importance of ensuring that all signals and telegrams, in particular Cipher Telegrams, are kept as brief as possible.
(ii) It is most important that all unnecessary words should be eliminated from a signal or telegram consistent with ensuring that the meaning is clear to the recipient.
(iii) Commanders will ensure that those responsible for initiating signals or telegrams, draft them in a manner which will reduce the number of words to a minimum.

1. AACS Purchases of canteen stores MUST only be made from AACS Depot in this district.
Stocks are held by District Depots on a 'numerical strength of troops' basis, therefore purchases at other Depots mean that Units in the particular district concerned are deprived of that portion of their allotments.

2. BATTERIES. Owing to breakages, shortage of charging equipment etc., all available betteries are required for W/T working.
Wireless batteries will NOT be used for purposes other than for working W/T Sets.

3. BOUNDS. During the conclusion of RAMADAN celebrations, 21 and 22 Oct 41, DAMASCUS is out of bounds to all ranks.

4. NOISE OF MOTOR CYCLES. Serious discomfort has been occasioned to patients at RAP Hospital by the noisy entry and departure of D/R's to the RAP and LAD area by night. M/C's will in future make a minimum of noise when moving to and from this area.

5. DANGEROUS ROAD. Drs of M/T are warned that the road on both sides of the iron railed bridge about 25 miles from LATTAKIA on road LATTAKIA-TRIPOLI is dangerous in wet weather. Several trucks have been badly damaged recently through skidding on the slippery surface of this section.

1. FELLING OF TIMBER. Under NO circumstances whatever will trees of any sort be cut down by members of this Regt. without permission from RHQ. Offenders will be called upon to pay the cost of any trees felled and will also be subject to disciplinary action.

Firewood gathered or stacked ready for tpt by civilians will NOT be taken or used by any member of the Regt.

2. CONTAINERS WATER - 2 GALLON. Sufficient care is NOT being taken to replace the screw caps of Containers, Water, 2 gallon, after use. These screw caps are increasingly difficult to procure and the result is that large numbers of containers have been rendered unuseable. There is thus an unnecessary diversion of labour and materials from the general war effort.

A chain attachment for securing the cap to the container is at present under trial. Meanwhile, particular attention will be paid to the replacement of screw caps on containers.

3. BOTTLES FOR MOLOTOV COCKTAILS. Bottles of one pint capacity are very urgently needed for the preparation of Molotov Cocktails. It is thought that Offrs' and Sjts' Messes may have accumulations of whisky, gin, lime-juice etc bottles which have no sale value and which can quite well be spared for this purpose.

All units will hand over all such bottles together with any corks that may be available to AASC at the next ration delivery, or deliver to DID if collecting rations. HQ AASC will arrange for all bottles so collected to be delivered to ROO BEIRUT as soon as possible.

Subsequent accumulations of bottles and corks will be delivered to 7 Aust Div Salv who will deliver periodically to the nearest ROO.

All ranks are asked t o give this their immediate attention and treat it as a matter of importance.

4. DANGER OF FIRE - HYDRA BURNERS. Losses by fire have occured as a result of using hydra burners in close proximity to combustible stores and inflammable liquids. As the burners are liable to blow b back, they should NOT be used within ten yards of any such stores etc.

5. HYDRA BURNERS - CARE OF. Some units have complained that the burners of the Hydra burner units have become US and the whole unit has been put out of action owing to non-replacement of this part.

It is pointed out that all units were originally issued with two burners for each Hydra burner and where proper precautions have been taken, no difficulty has been experienced in maintaining them in a serviceable condition. Units who have given attention to this matter have "rested" the burners periodically and treated them in a caustic soda solution when necessary for thr purpose of removing grease and scale.

As replacement parts are unobtainable at present units will ensure that hydra burners are given every attention.

1. GAMING. All ranks are warned that gaming of any kind is illegal in SYRIA and THE LEBANON and participation in any game in hotels, casinos or the like is an offence punishable under military law.

2. THERMOSTATS IN MT COOLING SYSTEM. Instances have come to notice where unit personnel have removed thermostats from MT Cooling Systems. These are to be replaced where available.
Ref para 3 of AIF Mech Instn No 42 of 18 Sep 41, radiators should only be drained as an anti-frost precaution while the water in the radiator is hot. This will ensure that water is not trapped above the thermostat.

3. ANTI-MALARIA PRECAUTIONS. Although the taking of Quinine has been given up all other malaria precautions are to be carried out until the end of Nov. i.e. Nets, Cream.

4. REG NO OF EQPT. Cases have lately occurred of offrs losing Binoculars Revolvers etc and NOT being able to produce the Reg No of the article lost.
NOT only should this infm be in possession of the QM of the unit but OFfrs and ORs concerned should memorise or note such Nos. in the same way as a man is expected to remember his rifle No.

5. BATTERIES - MAINTENANCE OF. Many batteries returned to Base Ord Wkshops for repairs or charging are found to be in an unserviceable condition and indicate that reasonable care and maintenance are not being carried out.
Where lack of care and maintenance can be proved a charge will be made against the unit responsible.
Particular care will be paid to keeping batteries topped-up with distilled water and to keeping them in a clean condition as laid dpwn in Inspection, Maintenance and Care of Army Vehicles (Wheeled) 11 Nov 40.

6. ANTI-WASTE All ranks are asked to co-operate in assisting the Anti-Waste campaign.

7. SECURITY - IRREGULAR DESPATCH OF UNCENSORED LETTERS TO AUSTRALIA.
It has come under notice that members of the AIF (ME) are despatching uncensored or insufficiently censored correspondence to AUSTRALIA other than through the authorised channels. This includes correspondence handed to personnel returning to AUSTRALIA on medical or toher grounds for despatch or delivery on arrival in AUSTRALIA or intermediate place of call.

1. LEAVE - LATTAQUIE. Sqns may grant leave nightly from 1800hrs to 2300hrs WEF 8 Nov 41. Transport under Sqn arrangement.

2. EGYPTIAN TEN PIASTRE NOTES.

(a) The present issue of the above notes is being withdrawn and replaced by notes of a similar design and colour. The distinguishing features between the two notes are that the new note bears a watermark and the reverse of the new note has a background of brown wavy lines. The old type notes will be valueless after the 31st Jan 42. The old note does NOT bear a watermark of any pattern and the background of the reverse side of the note is plain.

(b) Old notes will no longer be issued and will cease to be accepted by AIF Pay personnel after 31 Dec 41.

(c) AIF personnel holding any such notes are advised to convert them immediately to other denominations of EGYPTIAN currency or where personnel are located in other countries, they should be converted into the currency of that country.

(d) All ranks are warned against accepting old 10 piastre notes described in para (a) from any source either military or civilian.

3. RIFLES AND EQPT - SICK AND WOUNDED.

All personnel evacuated beyond RAP will, in future take with them all Arms, Eqpt etc on issue to them.

4. TAILOR'S CUTTER. A vacancy exists in the AAOC for a fully qualified military cutter for employment in an AIF Offrs. shop. The accepted applicant will be eligible for promotion to the rank of WO I if fully satisfactory.

Names of applicants with particulars of qualifications should be submitted to this HQ by 0730hrs 9 Nov 41.

5. BOUNDS. The village of MALAKA is placed OUT OF BOUNDS to all tps. Adequate notices to this effect have been posted at the entrance to the village.

1. SECURITY. It is the duty of all ranks to ask for means of identification from ALL British or Aust tps, particularly offrs, NOT personally known to them. To do this of every strange offr or soldier seen is the aim of this instn, but it MUST be done to all unknown personnel asking for directions, advice, etc or in fact, to anyone endeavouring to commence a conversation or acting in a suspicious manner. Special attention will be paid to this by veh dvrs and petrol issuing personnel at RHQ Petrol Dump.

2. UNAUTHORISED RIDING IN WD VEHS. It has been noticed that some dvrs are carrying civilians, allied soldiers, etc in their vehs. This practice will cease forthwith.

3. BOUNDS. The village of RAYAK is OUT OF BOUNDS to all ranks on leave.

4. CENSORSHIP OF CHRISTMAS CARDS. The provisions of RRO 302/3 are NOT being complied with in the case of Christmas Cards purchased privately. This RRO is to be again brought to the notice of personnel.

5. SECURITY - CAPTURED DOCUMENTS. The absolute necessity of taking all captured documents from Ps O.W. for use by the Int Branch must be brought to the notice of all ranks.

The following extract from a GSI (ME) Int Summary is an excellent example of this having occured recently in the WESTERN DESERT:-

> Four accurate identifications of German units were obtained from two pieces of paper which, although torn in pieces, had been saved from complete destruction by the action of a quick-witted soldier.
> This is a good instance of most valuable information being obtained for the use of the Army as a whole through the initiative of a member of our forces.

1. INVENTIONS. Offrs and NCOs are to be ENCOURAGED to put fwd suggestions and ideas which could improve existing or future eqpt or overcome difficulties now being met. Two immediate needs are :-
(a) A method of getting AFVs over an A Tk minefield laid in depth and covered by fire.
(b) An apparatus to produce realistic air targets for use when tng riflemen and LM gnrs in AA action.
Any suggestions which might help, no matter how novel, should be fwded through the usual channels.

2. OFFRS VISITING ALEPPO. It is advised that 18 Aust Inf Bde has reserved two rooms at Bde HQ for visiting offrs who will be made honorary members of the Bde Mess during their stay. Offrs intending to use this accomodation must carry their own bedding. 18 Aust Inf Bde cannot provide batmen.

3. FIELD SERVICE POST CARDS. Commencing 1 Nov 41 Field Service Post Cards (AF A2042) will be accepted for Air Mail transmission to AUSTRALIA.
The postage fee is 3d.
Cards for Air Mail should bear an air mail blue label or be effectively marked "By Air Mail" in the top left hand corner of the address side.
The Air Mail charge of 5d for ordinary post cards is not changed.

4. BRITISH PsOW - INSTNS ON CAPTURE. OCs of sub units will ensure that all men of their units are reminded once monthly that, if captured by the enemy, the only information they are obliged to give is their number, name and rank. NO further information of any nature will be given.

5. COURT OF INQUIRY - PROCEDURE. The proceedings of a Court of Inquiry are strictly privileged and if any Solicitor is permitted to attend the proceedings he should only be permitted to be present while a civilian client whose interest he is representing is actually giving his evidence. When the evidence is concluded, the witness and his legal representative should be directed to withdraw. In NO other circumstances should a civilian or his Solicitors be permitted to attend.

6. MT ACCIDENTS AND RD DISCIPLINE. The long period of dry weather prior to the rains breeds over-confidence in dvrs and may lead to carelessness in rd discipline.

With the early onset of the rainy season, all dvrs of MT transports will therefore examine the standard of their own driving most carefully.

Most accidents are caused by excessive speed and a wet rd which is often greasy as well, increases the possibility of an accident occurring. This is borne out by WD records. Therefore driving on wet rds will be carefully watched.

The following points will be particularly noted :-
(i) Never travel too close on the tail of the veh ahead.
(ii) Never brake suddenly on a greasy rd.
(iii) Never park your veh on an unmacadamized rd verge - it may collapse down the wadi side.

Over

AUSTRALIAN WAR MEMORIAL AWM2020.71.466

(iv) Never overtake an oncoming veh at high speed. Slow down and keep to your right hand side, taking care not to run on the earthern verge except in emergency. If in doubt, halt.
(v) Never halt your veh on a 'blind' corner.
(vi) Never cut your corners on rounding a bend.
(vii) Never drive faster than a speed which will enable you to stop in the rd distance visible ahead.
(viii) Never reverse unless you are sure the rd is clear in rear.

In districts where snow and frosts occur, the following additional precautions will be taken :-

(i) When driving on snow or ice covered rds the following will be fitted to the veh:-
4 wheeled vehs - chains non-skid on the rear wheels.
6 wheeled vehs - chains overall on the wheels of the two rear axles.
(ii) When overtaking other vehs avoid untrodden snow on the side of the rd as much as possible. Harmless looking snow cover quite a deep ditch or dangerous slope.
(iii) When descending or climbing a hill, choose a suitable gear which avoids the necessity to brake suddenly (when descending) or to change 'down' suddenly (when climbing) These are the points at which skidding and wheel spin occur.
(iv) Vehs will NOT be parked on a hill. If you park off the rd in virgin snow you may get 'ditched', if you park on the rd you will obstruct other dvrs' hill climb or cause descending traffic to brake.

7. ABUSE OF SIGNAL INSTRUMENTS. Considerable inconvenience and breakdowns in communications are occurring as the result of tampering with sig eqpt by inexperienced persons. Only sig personnel with the necessary technical qualifications will make any adjustments whatsoever to sig instruments.

8. CAMOUFLAGING OF TENTS. Immediate steps will be taken to ensure that all tents are camouflaged.

9. COURTS OF INQUIRY - LOSSES OF ARMS. The reports of Courts of Inquiry concerning the loss or thefts of arms will, in all cases, include particulars of associated stores also lost or stolen- e.g. in the case of a lost rifle, the report will state whether the oil bottle, pull through, sling etc, were lost or stolen with the rifle.

10. STRETCHERS, AMBULANCE - STORAGE. In certain fwd areas stretchers, Ambulance are being rendered useless by shrinkage of canvas which occurs when stretchers in a damp condition are kept folded.

Stretchers, Ambulance, that are subject to a damp atmosphere will be kept extended.

11. PERSONNEL EVACUATED TO HOSPITAL - MESS GEAR. All personnel evacuated to hospital will be in possession of messing gear including knife, fork and spoon.

12. SALE OF ARMY STORES. Reports are still being received of the sale of Army stores, particularly blankets, petrol and foodstuffs.

Two local inhabitants, one a Christian and the other a Moslem, recently commented on this practice and as both are citizens of standing and possibly represent the views of a large percentage of the community, there comments are illuminating.

The Christian said, "The practice is so widespread that it must be connived at by the authorities - as a form of propaganda acceptable to the poorer classes it is excellent, thinking people

AUSTRALIAN WAR MEMORIAL AWM2020.71.466

however, are disgusted by it".

The Moslem said, "How can an army so loosely organised as to permit this, win the war".

These two statements should bring home to all ranks the realisation of the tremendous loss of prestige that this practice constitutes to the AIF.

It is evident that many soldiers do not realise that almost all Army stores have to be brought to the ME from factories in Great Britain or Australia by sea. Imagine the feelings of the factory workers who make our supplies or the sailors who risk their lives to carry them if they knew that these supplies, on arrival, were being disposed of by their own countrymen for their own personal and dishonest gain.

Sqn Ldrs will bring this matter to the notice of ALL RANKS and will ensure that soldiers who may be indifferent to the consequences of their actions do NOT dispose of Army stores.

322 RECOVERY AND CONDITIONING OF MT SPARE PARTS
It is vitally necessary that every MT spare part which can be salvaged for repair or reconditioning should be returned to Base Depots.
Parts recovered will be returned to TQMS.

323 PAY BOOKS & IDENTITY DISCS
ALL ranks are again reminded that failure to carry Pay Books and wear Identity Discs, is a disciplinary offence. Furthermore, should personnel be evacuated and NOT be in possession of pay book, they will NOT be able to draw pay. Paybooks will NOT be forwarded.

324 SECURITY.
Arms and eqpt are still being lost or stolen in the area. Sqns are reminded of the daily arms check and are again to impress on all ranks that loss of weapons is a court-martial offence.

325 MEDAL RIBBONS.
Medal Ribbons (in the form of a brooch) will be worn by all troops in MEF when in shirt sleeves (incl bush shirts).

326 CHRISTMAS - NEW YEAR AIR MAIL LETTER CARDS
A specially designed Air Mail Letter Card is being issued about the end of November for the purpose of Christmas and New Year Greetings from our troops to the people at home.
The cover of the special card will bear a pictorial design illustrative of the Middle East surroundings with the following message below - "Greetings from the Australian Forces, Middle East - Christmas - New Year - 1941/42.
The special card will be a free issue to all ranks on the basis of three per head. They will replace one of the present weekly issues of ordinary cards.
Posting of the special cards in time for delivery in Australia before Christmas should be made, at the very latest, so as to reach Australian Base Post Office, Middle East, on or before 9 Dec 41. Later postings should of course reach Australia in time for New Year Delivery.

Air Mail Letter Cards will not be used for intra-MEF communications. Unit censors will return misused cards to senders, and thus stop the waste of these cards which are costly to produce and limited in quantity.

328 DANGEROUS ARTICLES IN POST AND ELS

Instances have occurred in which live grenades and other dangerous articles have been despatched in mail bags, thereby causing possible unnecessary danger to life and property. In no circumstances will any such articles be included in postal or Express Letter mail bags.

Contravention to this Order will incure severe disciplinary action.

329 PAC-HAIFA

It is advised that a temporary PAC has been established at PENINSULA BARRACKS HAIFA.

The LIDO Music Hall and Cafe will be in bounds to other ranks only w.e.f. Friday 7 Nov 41.

332 DAMAGE TO THOMPSON SUB- MACHINE GUNS - CALIBRE .45 ins.

Inspections have revealed that unit personnel are damaging TSMGs in the following ways:-

(a) Recoil Spring and Buffer. These parts are difficult to strip and assemble unless a special tool is used. Except when the gun becomes inoperative in active operations, these parts will only be stripped by qualified armourers using the correct tool.

(b) Breech Mechanism. Damage is occurring to breech mechanism due the bolt being snapped forward when the chamber is empty. Attention is drawn to the Handbook which states - "The Bolt should be eased forward when gun is empty by placing the hand on the knob of the actuator and allow same to travel forward slowly".

334. INDISCREET TALK BY ESCAPED Ps.O.W.

1. It has been established that cases have occurred of indiscreet talk on the part of AIF personnel who have escaped from enemy POW Camps.

2. The attention of all ranks must be drawn to the fact that indescreet conversation regarding methods of escape and assistance given by friendly nationals in enemy occupied territories may have grave consequences for those who are helping British soldiers to escape.

3 Such indescreet talk will further imperil the lives of British soldiers who have escaped from POW Camps and who are still being befriended in occupied territory.

335 SACKS NI BALES Owing to the shortage of sacks and bales for packing ordnance stores for distribution, units will conserve all such articles received and forward them without delay to DAOS for return to Adv Ord Depots.

339. LOSSES OF PETROL

1. The losses of petrol often amount to as much as 30% when moved by road. Losses by rail and sea are less but are still sufficient to cause concern. It is clear that all ranks must realise the vital necessity of doing everything possible to correct this state of affairs.

2. The following rules will, therefore, be strictly observed:-

(i) The use of dunnage for packing POL consignments for despatch by road and rail will become a standard practice.

(ii) Dunnage will be improvised, as far as possible, by the use of unserviceable salvaged material, such as empty four gallon tins, telephone wire, or any other material which can be used to pack and tie down the load so that all jolting and movement of the containers within the veh is procluded.

(iii) Matting will only be used to the extent that improvised dunnage is not available.

(iv) All dunnage received with consignments will be carefully preserved, in petrol carrying lorries, either for use with onward despatches, or for bundling and return to units from which sups of POL are normally drawn.

(v) The loading and unloading of all POL consignments will be carried out in a manner which precludes standing upon the POL containers. Rail trucks will be loaded from the ends towards the doors, and lorries from the fore-end of the veh towards the rear, for this reason.

(vi) POL containers will be carefully handled out of road and rail trucks. They will not be thrown out.

(vii) Immediately on arrival at destination all tins will be examined for leakage. The amount lost on arrival may be round 5% but if the tins are left till morning a loss of 30% may occur. Tins should be soldered at once if a tinsmith is available. Failing this should be emptied into other receptacles. ORs not qualified as tinsmiths will not solder filled tins. Leakage may also be lessened by turning the tin upside down or on one side.

(viii) Lorries containing POL will be driven slowly and carefully over bad roads; the object being to get the maximum amount of Petrol to destination and NOT to get to destination in the shortest time.

(ix) Disciplinary action will be taken in every case where the above orders are not complied with.

340. VEHICLES - ANTI-FROST PRECAUTIONS
Units will bring into effect forthwith Anti-Frost Precautions as laid down in AIF INSTN No 42 dated 18/9/41 distributed to all units. THE FREEING OF ENGINE BY CRANK HANDLE IS MOST IMPORTANT.

341. UNAUTHORISED USE OF TRANSPORT
Until further orders, all vehs of units under comd 7 Aust Div will require work tickets at all times.

342. MAINTENANCE OF VEHICLES (WHEELED)
The "Task System" of veh maintenance as authorised in pamphlet "Inspection, Maintenance and Care of Army Vehicles (Wheeled)" will be brought into use forthwith.

343. TOOLS FOR OPENING PET TINS
It is essential that the cutting edges of the tool are kept sharp so that the tops of 4-gal tins are pierced cleanly and are not buckled.
Recently a number of these tools locally manufactured have been issued with blunt cutting edges. immediately steps will be taken to ensure that all tools of this description now in service are suitably sharpened in order to avoid unnecessary damage when tins are opened.

344. DEALINGS WITH CONTRACTORS ETC Attention is directed to K.R. para 538 and AMR&O paras 316 and 339. All ranks are warned against any of the following offences:-

(a) accepting hospitality from contractors or prospective contractors or persons concerned or likely to be concerned with contracts.

(b) accepting any payment, gift, reward or loan from any such contractor or person.

(c) furnishing any testimonial to any PERSON as to the quality of commodities supplied for military purposes.

Officers or soldiers will be scrupulously careful at all times to avoid any act which might expose them to suspicion of being influenced in dealings with contractors etc.

345 UNAUTHORISED USE OF TRANSPORT General orders 654 of 1941 is republished for the urgent attention of all concerned:-

(a) It is observed that vehicles outside forward areas are proceeding on journeys singly and in convoy without work tickets, and often without authority.
Attention is drawn to Section 9 in "Standing Orders for Drivers of Mechanical Vehicles (Wheeled) and Motor Cyclists" and also to the following extracts from Section 1 of "Rules for the Control and use of War Department Road Transport 1940"

Every driver of a W.D. vehicle, and every soldier driver (including A.T.S.) of a hired vehicle carrying out any transport service must be in possession of a work ticket (A.F.G3518) to cover the service on which his or her vehicle is engaged.

The above standing orders will be strictly complied with everywhere except forward areas and also apply to vehicles returning from these areas to the DELTA.
Until further orders, SYRIA will NOT be regarded as a forward area for this purpose, and no vehicle will leave unit transport lines without a work ticket.

346 Lieut F.A.Baker is appointed unit compensation Officer

347. BEHAVIOUR IN ALEPPO
Bde HQ advise, having received several recent complaints from civil authorities that Aust and British Tps have been involved in various unsoldierly incidents in the city, such as assault, interference with women, illtreatment of gharry drivers etc. This is having an extremely bad effect on the local population, it damages the good name of the AIF and, above all, paves the way for enemy propaganda. This last being by no means a "bogy" but unfortunately a very real fact.
It is the duty of every member of the Regiment, whether a member of the town picquet or not, to conduct himself as an Australian soldier should and to bring what influence he can to bear on quarrelsome mates to prevent untoward incidents of any sort.
The Brigadier has intimated that, very much against his own wishes, he may be compelled to place Aleppo out of bounds to all but a few with special leave passes, if the general behaviour does not improve.

348. MESKINE FERRY
All personnel using this ferry will pay the ferryman at the following rates:-

Motor cycles	50 Pts Sy
" " with side car	100 " "
Cars Vehicles up to 15cwt	100 " "
15cwt vehicles and over (unloaded)	150 " "
15cwt vehicles and over (loaded)	250 " "

The above amounts will be paid immediately on completion of the passage across the river.
Receipts will be obtained and the amount claimed.
Under no conditions will chits be given in lieu of payment.

349. REGIMENTAL CANTEEN
Chits in lieu of change:- Owing to the shortage of local currency, the Regtl Canteen staff find it difficult, and sometimes impossible, to give small change in cash. To meet this difficulty, the Canteen will offer Roxy Theatre chits in lieu of cash for small change. These Roxy chits are accepted in lieu of cash not only by Roxy Theatre but by several trading places in Aleppo. They will also be redeemed at the Regtl Canteen as suitable change is available.
Heaters:- The heaters placed in the Canteen are for the benefit of all, and it is despicable that they should be thieved by the individual.

350. POLISHING OF BRASSES
All webbing equipment brasses and other brass parts of arms and equipment used or worn, or likely to be used or worn, by troops during active service operations will be left unpolished and allowed to become dull, as the present practice of polishing all bright parts renders the users more liable to observation from the air and from the ground.

351. PETROL DRAWN EX DUMPS
Cases are still being reported of petrol being drawn from dumps without authority and knowledge of those in charge ~~in charge~~ of the dump. Attention is called to General Order 280 of 1941 which reads as follows:-
"(a) Cases have occurred where Petrol has been taken from dumps without the knowledge of those responsible for the stocks. This practice will cease.
(b) On no account will petrol be taken without the knowledge of the individual in charge of the dump, and a proper receipt given for the quantity drawn.
(c) Those responsible for dumps which are used by passing vehicles for refuelling will ensure that someone is always available to make issues

352. SNOWBALLING
All ranks are warned of the danger which will obviously result from snowballing personnel in vehs, particularly drs. This warning will be kept in mind by parties travelling on mountain rds during the winter season.

Owing to the prevalence of tape worm infestation in SYRIA the consumption of local pork which is the most common source of the disease, is prohibited in all units under cond 7 Aust Div. It is particularly desired to draw the attention of all messes etc. to this fact at present, as it is thought that many instances may have arisen where this comodity would otherwise be included as part of "Christmas fare".

354. VEH PARK - TRIPOLI
A veh pk has been established on the vacant ground opposite the public gardens and immediately NORTH of the MOULIN BLEU Cafe. All vehs which enter TRIPOLI and requiring to remain stationary for periods in excess of 30 minutes will be parked in this area and not in the streets of TRIPOLI. To Offrs 8 and 10 Dec 41, 1930 hrs Offrs' Mess
To WOs & Sgts 15 " 17 " " " " Sgts' "

356. IMMOBILISATION OF VEHICLES
When any MT dr has to leave his veh unattended in any place where there is no veh park guard, the veh will always be immobilised. It will be the responsibility of all sub-unit comds to ensure that all drs of the sub-unit under their comd receive instns in immobilising their own particular type of veh.

357. ARMY VEHICLES - IMPROPER USE OF
Reports have been received that army vehs are being used for improper purposes such as smuggling hashish, dutiable goods and essential foodstuffs between SYRIA and PALESTINE. This is a criminal matter and all offences will be tried by Court Martial. Sub-unit comds will be held responsible for the contents of vehs under their comd and will take suitable measures for surprise searches when considered necessary.
Searches will also be carried out by Provost personnel either with or without the aid of customs offrs, and every assistance will be given to provost personnel performing this duty.
Cases of any merchants approaching military personnel will be notified to RHQ, in order that they may be reported to the civil authorities

358. PETROL - AUTHORITY FOR DRAWING
Requirements of units and individual vehs will only be met at all issuing depots on production of proper authority, which is:-
(a) For replenishment of a vehicle's tank or sump:
The Active Service Log Book (AB 412) and the Transport Work Ticket (AF G3518), covering the service on which the veh is engaged.
(b) For packed POL to be taken away as such, whether for unit stocks or as travelling reserve for a convoy or individual veh.
AB 55 or similar indent, signed by an offr of the demanding unit.

359. TRAFFIC CHECKS
In order to check improper use of vehs, indentify stolen vehs, etc., traffic checks will be arranged from time to time without notice. All army drs will be warned of this and that a short delay may be caused during the operation of the check
All ranks will co-operate with the officials on duty.

360. RABIES - PREVENTION OF
Owing to the possibility of Rabies and the prevalence of Hydatid disease among dogs the latter animals will be, on no account, permitted in Barracks or Camps.
Attention has been directed to a case in which twenty men of a unit were evacuated from Syria for anti-rabic treatment - a lengthy and very painful treatment. These men had been licked by a dog kept as the unit mascot which was found to be rabid.

AUSTRALIAN WAR MEMORIAL AWM2020.71.466

351. WET ROADS
Sub-units will impress on all drs the importance of exercising the utmost care when driving vehs on wet and slippery rds It is feared that during the winter the number of rd accidents with consequent wastage of personnel and vehs, will increase rapidly unless the co-operation of every dr is forthcoming.

352. LOSSES OF KIT
Numerous reports have been received of losses of kit and necessaries by personnel, usually accompanied by a request that the articles be written off at public expense.
At the present time losses can only be caused by carelessness or neglect of security, and strict action is necessary to revive in sub-units the necessary sense of responsibility for stores and equipment.
The following steps will be taken by all sub-units.
(a) A weekly kit inspection will be carried out, and shortages noted and investigated.
(b) If the loss is serious or if the circumstances of the loss justify disciplinary action, a charge of "losing by neglect" will be laid or
(c) If the C.O. is satisfied that disciplinary action is not necessary the lost article will be replaced on payment.
(d) Stoppage sheets will be made out weekly by the QM and handed to Pay Sgt for preparation of acquittance rolls.
Authorities confirming the finding of Courts of Inquiry into losses will scrutinise these closely in order to reduce wastage of stores, which at present is unduly high.

353. TRAFFIC REGULATIONS - DAMASCUS
The following extracts are taken from Decision No. 112 issued by the Municipality of Damascus.
Art.II Speed limit for all vehicles in the town is 25 K.P.H. (approx 15 M.P.H.), except in the following streets, where the limit is 40 K.P.H. (25 M.P.H.)
Boulevard de Baghdad. Mezze Road.
Homs Road. Beyrouth Road.
Art.IV The use of horns, klaxons, etc. is forbidden between 2200 hrs and 0600 hrs. Between these hours drivers will signal their approach with their headlights.
Art. V The use of headlamps is not allowed in streets which have street lighting, except as provided in Art IV.
Art.VI Trams must not be passed on the right side, except when stationary, when it is permissable to overtake on the left hand side ONLY, provided that the road is clear. Overtaking a stationary tram on the right hand side is forbidden.

354. ACCOMMODATION IN BEIRUT
It is advised that offrs and O/R's travelling through BEIRUT on duty will be accommodated in the Transit Camp at JOFFRE BARRACKS, RUE de VERDUN, and will not be entitled to claim travelling allowance unless accommodation is not available at the camp.

366. DAMAGE TO CIVILIAN PROPERTY

1. Recent instances have been reported of wanton damage caused to civilian property, by the errection of tents on growing crops and the theft of fence posts, etc, for use as fuel on bivouacs. It has also been represented that threats of force have been made against property owners who protested.
2. It must be impressed on all ranks that our good relations with the civilian populace must not be endangered, and acts of this nature are in direct conflict with our national aims in prosecuting the war against wanton aggression.
3. Officers and N.C.O.'s will ensure that disciplinary action is taken against personnel found destroying or stealing property or interfering with the natural rights of private citizens.

367. RATES OF PENSION PAYABLE FORTNIGHTLY TO DEPENDANTS OF OFFICERS AND OTHER RANKS, UPON DEATH ON ACTIVE SERVICE OUTSIDE AUSTRALIA.

Daily rate of pay of member	Widow Min	Widow Max	Widowed Mother of unmarried member	Other mother or father if without adequate means of support - Max rates

46/-	113/10	113/10	113/10)	
50/- and over	120/-	120/-	120/-)	

1. Pensions are assessed on the member's rate of pay (including deferred pay). Items such as ration allowance, exchange adjustment, etc. are not included as items of pay for purposes of war pension assessment.
2. WIDOWS. The rates shown in column (2) are the statutory rates prescribed in the First Schedule of the Repatriation Act. If such rate is less than 84/- per fortnight, the Repatriation Commission has power to pay up to the higher rate. In the case of a widow with a dependant child or children (under 16 years of age) the policy is to pay her the higher rate of 84/- per fortnight, plus the rates for children, which are:- First child 20/- per fortnight; each other child 15/- per fortnight.

NOTE. Children's pensions are paid until they reach 16 years of age. In certain cases a child who has reached the age of 16 years and is, in the opinion of the Commissioner, unable to earn a livelihood, may be granted a pension at a rate to be determined by the Commission.

AUSTRALIAN WAR MEMORIAL AWM2020.71.466

3. In the case of a widow without dependent children, the Commission has the power to increase payments to a maximum of £4/-, according to the amount of other income she may have. Personal earnings are disregarded, but certain items of other income such as income from investments, are taken into account.
4. Re Column 4. The rates shown are paid irrespective of whether the mother was dependent on the son, and irrespective of whether she had adequate means of support. To be eligible for a pension on such a basis, the member must have been an unmarried son, and the mother must have been widowed at the time of, or within 3 years after, the member's death.
5. Re Column 5. Mothers not within the class mentioned in paragraph 4 above, and fathers, may be granted pension if at any time the parent is without adequate means of support, irrespective of whether the member was married or single, or whether the parent was dependent on him. Income and property are taken into account when assessing pensions payable under this heading.

368. COVERS, BODY, WATERPROOF
It has been brought to notice that alarge number of Covers, Body, Waterproof, have been removed from vehicles by units during operations and have been either lost or used for other purposes. Such a practice is highly irregular and will cease forthwith. The Cover, Body, Waterproof, is part of the V.O.L. of a vehicle and must remain on the vehicle.

381. SECURITY - MARKING OF PERSONAL EFFECTS
It is reported that certain personal effects recently stolen from a soldier were marked with his name, number and UNIT.
The marking of personal effects to show the unit designation is unnecessary whether for laundry or other purposes and is also a direct contravention of security.
All Sqns will:-
(a) Ensure that this practice ceases forthwith.
(b) Ensure that unit designations marked on personal effects are erased.

382. BRITISH FORCES IDENTITY CARDS
In the interests of security, photographs of Officers and Nursing Sisters submitted with application forms for British Forces Identity Cards will be as follows.
(a) In uniform
(b) Without headdress
(c) Numerals and collar badges denoting unit will not be worn.
(d) Officers who are entitled to wear civilian clothes in the execution of their duty, will have their identity cards endorsed and signed by the Provost Marshal, Middle East.
(e) Photographs forwarded which do not comply with the above will be returned and no refund will be allowed towards the cost of the correct photographs.
The certificate on the reverse of the application form will in all cases be signed by the Officers Commanding Units, Establishments or Formations.
Holders are reminded that British Forces identity cards are valid for all countries in the Middle East, and is the only card recognised in Egypt, the "Immunities" quoted on the card applying only to Egypt.
This card supercedes any local identity card which may be issued in addition and will not be returned for cancellation until the holder permanently leaves the Middle East Command.

NOTICE

EXHIBITION OF PAINTINGS AND SKETCHES
The British Institute (British Council), 3 Sikket El Maghraby, Cairo, proposes to hold an exhibition of paintings and sketches, the work of British and Dominion troops.
The exhibition will open on 24 Dec 41 and close on 1 Jan 42. Those interested should submit their work direct to the Director of the Institute to reach him by 20 Dec 41 at the latest. All contributions must be clearly marked on the reverse indicating the artist's name and address.

SALE OF BOOKS.
Through the efforts of the reprasentatives in the Near East of the British Council in London, a number of booksellers in CAIRO have agreed NOT to sell books published in England at prices above an agreed maximum price in Egyptian Currency based on the price of the book as sold in England.
All such booksellers have also agreed to display a printed notice in their windows and inside their shops showing the maximum Egyptian price agreed upon.
All ranks are asked to co-operate by purchasing books at these recognised shops, thereby assisting to put a stop to the profiteering in book selling which is so prevalent, and to report immediately any cases of overcharging as directed on the notice.
It is hoped shortly to extend the scheme to booksellers in other towns in Egypt and Palestine.

386 SALVAGE - PETROL CONTAINERS - (ME GO 1262)

It does not appear to be generally realised that the hitherto so called 4-gall non-returnable tin is of considerable value for second-hand purposes and that these tins now cost 1s.5d. each, exclusive of cases and cartons. It is in demand for :-

(a) Reconditioning and refilling with Petrol and MBO.
(b) Filling with Bitumen.
(c) PAD and other purposes.

Henceforth containers will not be designated "returnable" or "non-returnable" but by their nature and capacity only.

Petrol/Oil Drums 40/44-gall.
Lub Oil Drums 5-gall (round)
Petrol/Oil Drums 4-gall (round)
Petrol Tins 4-gall LIGHT (previously termed "non-returnable")
Petrol Cans 4-gall (rectangular)
Petrol Cans 2-gall (containers)

No 4-gall tins will be "cast by the roadside" after emptying but will be replaced in vehicles and carried to forward destination, where they will be returned to:-

(a) Unit Petrol Dump
(b) ST Depots or Dumps, or
(c) Salvage.

as most convenient. This applies equally to cases, crates and cartons.

387 MISAPROPRIATION OF 4-GALLON RETURNABLE PETROL CANS AND DRUMS. (ME GO 1264)

The above type of petrol container has been introduced in the MIDDLE EAST in order to achieve a much needed saving in tin-plate as used in the 4-gall non-returnable tin.

Their use is confined to Petrol Supply Points and to DIDs where there are Petrol Pumps, in order to implement bulk petrol deliveries from these pumps.

Cases have recently occurred of:-

(a) Units in convoy misappropriating these cans when filling up at DIDs and/or Petrol Supply Points.
(b) Misappropriation by Units failing to return these cans to local DIDs when leaving an area.

Misappropriation of these containers entirely defeats the object of introducing returnable containers at all i.e. ecomony in tinplate - and in consequence necessary action will, in future, be taken against OsC where returnable containers are retained by units without authority.

388 ONE TIN WOODEN CRATES FOR PETROL TINS. - (ME GO 1266)

Petrol tins are now being issued packed singly in wooden crates.

The tin is NOT to be withdrawn from these crates, which are to be returned with the tin.

Two holes will be made in the usual manner with the opening tool in the exposed portion of the top of the tin for pouring out the contents as laid down previously.

390. FROST PRECAUTIONS

The attention of all Sqn Ldrs is directed to Chapter IV of the Pamphlet entitled "Inspections, Maintenance and Care of Army Vehicles (Wheeled)" which deals with precautions to be taken against frost. All sub-units should be conversent with the information in order to meet any emergency. Constant vigilance is required on the part of all ranks to prevent damage due to frost. All cases brought to notice should be the subject of investigation, and disciplinary action taken when it is shown that it is due to culpable neglect to comply with regulations and instns.

Apart from disciplinary measures, financial liability may be incurred by an offr under section 137 of the Army Act for any loss, damage or destruction caused to Govt vehicles occasioned by negligence on his part. Such negligence may be due to failure on the part of the responsible offr to publish to the sub-unit under his command the frost precautions to be carried out, or failure to ensure that sufficient supervision that such precautions are being observed.

393. CENSORSHIP - GREEN ENVELOPES.
The Base Censor has reported that personnel are abusing the privilege extended by the use of Green Envelopes by mentioning the location of Units. All Units will:-
(a) Direct the attention of all ranks to the regulations governing the use of Green Envelopes.
(b) Take steps as far as practicable to ensure that this breach of security ceases forthwith.

394. FITTING OF NON-SKID CHAINS.
Non-skid chains will be fitted to vehs immediately they are received to ensure that they are a correct fit. In the event of their not being suitable, they are to be returned to the source of issue to be replaced. When not in use on a vehicle, they will be wired together in pairs to prevent loss.

395. MODIFICATIONS TO WEAPONS AND MATERIAL.
Instances have occurred where weapons and material have been damaged by unauthorised modifications carried out by Units or workshops. In future, no modification will be made to a serviceable article without obtaining prior authority from GHQ, MEF.
Units are reminded that great care is taken in the design of approved stores and while these stores may not be found to be perfect, they have only been issued for use after extensive trial. Some modifications that have been made and fitted to weapons locally without a searching trial give inferior service to the original.
Suggestions for modifications are welcome and should be forwarded to RHQ, who will send the suggestion to the proper authority. A good suggestion is of more than local value and by informing GHQ as soon as possible, steps can be taken to benefit Units generally. The sooner they are received the sooner will they be incorporated in future manufacture.

397. WINTER AILMENTS - PREVENTION OF
Instructions have been issued through medical channels for precaut against casualties from frost-bite and trench feet, but the follo matters are called to the notice of Sub-unit Comds.
(a) The winter mutting programe provides the minimum accommodatio for units and this must be economically used.
(b) Raised walks in camp areas are provided by Engr Services to some extent, but this provision does not exonerate units from self-help in making camps comfortable.
(c) Most casualties of the nature of frost-bite and trench feet or chilled feet arise from wet socks and boots or prolonged standing in mud or water and are therefore preventable.
(d) Sub-units must ensure the following:-
(i) That the "barrack room rule" for laying out beds and kits is applied in quarters to prevent untidiness or lack of cleanliness.
(ii) That all the footgear is sound and that men have enough socks to provide a dry change when required.
(iii) That sufficient exercise is taken by all ranks to keep blood circulating.
(iv) That warm quarters are provided for personnel on guard or similar duty.
(v) Hot food or hot drinks for men on guard or similar duty.
(e) Men must be educated in the following matters:-
(i) Washing mud off boots and drying water off boots before removing.
(ii) Washing and drying cold and wet feet - NOT IN HOT WATER - and replacing wet socks with dry.
(iii) Avoiding heaters and fires when feet are cold and wet.
(iv) Strict personal cleanliness.
(f) Failure to observe the above orders will be treated strictly as breaches of discipline.

398. ADJUSTABLE SUPPORT FOR FIRING THE BREN GUN FROM THE CARRIER UNIVERSAL
It has been found necessary to provide a means whereby the height o. the front Bren gun support on the universal carrier can be altered to suit individual users.
Rubber covered bars (Rest firing, Pt No TL 13657) will be issued from ord sources when available for the purpose as unit eqpt, on the scale of 12 for each infantry and divisional reconnaissance company. The bars are slotted at both ends to fit the side cheeks of the front aperture, and they are designed to rest on the existing rubber firing support (Pt No TL 533/Sa).
In order that the Bren gun may be ready for all purposes, sub-units will NOT detach the bipod mounting whenfiring from the veh.
Formations and units 7 Aust Div will ensure that the practice of developing and fitting to these vehs, mountings of improvised or local design is stopped forthwith.

AUSTRALIAN WAR MEMORIAL AWM2020.71.466

399. POSTAL COMMUNICATION WITH AUSTRALIA

The outbreak of hostilities in the Far East may ultimately affect the regularity of postal communications with AUSTRALIA. For the information of all ranks the following notes are supplied on the present position.

Air Mail Service

So far as can be foreseen, the air mail service to and from AUSTRALIA will continue to function. The service will probably not show it present regularity, and at a later stage some limitation of postings to light weight matter may be necessary in order to facilitate the detours necessary to avoid zones of danger. At this stage, however, it is not proposed to apply any limitation, and tps may make their air mail postings as hitherto.

Surface Mails

Mails by sea route will probably take longer in either direction, but it is not expected that difficulty will arise either in getting mails away or dealing with those arriving by sea.

Cable Service

The cable service is continuing to function, and ordinary and EFM cables may be lodged as hitherto.

General

It will be appreciated that any or all these services may be interrupted or curtailed through developments in the military situation. All ranks will, as far as possible be kept informed of any such interruptions or limitations to the present services as they arise. They may be assured that everything possible will be done to maintain their postal services with the home country in effective operation.

401. VEHICLES - MAINTENANCE OF
(i) It is important that new vehicles should be treated carefully during the first 500 miles of "running-in", special attention being paid to the tightening of nuts, bolts and connections which work loose due to the "settling down" of parts of the vehicle.
(ii) Drivers taking over new vwhicles will check lubrication of engine, gear box and transmission before moving off.
(iii) Officers I/C convoys which include new vehicles will ensure that there are halts at two hourly intervals to check lubrication, brakes and tightness of nuts.
(iv) Officers commanding sub-units will ensure that, during the "running-in" period, constant attention is given to the following points:-
(a) Avoidance of speeds, including speeds in indirect gears, above the maximum laid down by the manufacturers.
(b) Changing of engine oil after:-
250 miles
1250 "
2750 "
and after every subsequent 1500 miles.
(c) Frequent tightening of body holding down bolts, spring anchorage bolts, all battery and other electrical terminals.

402. RAILWAY LEVEL CROSSINGS - ROAD TRAFFIC
(a) It has been observed that drivers of WD vehs are not taking sufficient precautions at railway level crossings and are even attempting to cross the railway line in front of approaching trains.
(b) All drivers will be impressed with the need for exercising extreme care when approaching level crossings which are always marked, but often unguarded.
(c) It should also be noted that at the present time train engines have no headlights at night.

403. SECURITY POSTERS
The Security Poster bearing the words "He may look an ass, but he has long ears" is to be with drawn from distribution.

404. ILLEGAL FISHING
Reports have been received indicating that fish are being taken in streams and along the coast of SYRIA and LEBANON by means of explosives. This practice is contrary to civil law and will cease forthwith.

405. TREE CUTTING
Trees will not be cut nor will there be any interference with forestry activities without approval of Army HQ obtained through the usual channels.

407. MAGAZINE SPRINGS, BREN & BOYES MAGAZINES, CARE AND MAINTENANCE
The following instns are issued on the care and maintenance of magazine springs, BREN and BOYES magazines:-
(a) All springs of BREN and BOYES magazines will be inspected by unit armourers to ensure that they are properly greased or oiled. If springs are dry, their life is greatly shortened.
(b) Any of the following may be used for the purpose of greasing or oiling:-
(i) Mineral jelly
(ii) Grease MT
(iii) Graphite Grease or grease C (when available)
(iv) Heavy motor oil
(v) Oil M 80
The above indicates the order of suitability for this climate.
(c) Any spare springs held will be dealt with similarly.
(d) After the initial examination ordered in para (a) above, springs of both types of magazines will be examined once monthly.
(e) Subsequently to the second monthly examination, the period before the next inspection may be extended at the discretion of the CO if springs are found to be still greased efficiently after two months.

408. ROAD ACCIDENTS
Sub-unit Comds are reminded of the necessity of constantly bringing to the notice of all drivers the need for good road discipline. Certain military drivers travel at speed in city streets and fail to observe traffic signals this being a contributing factor to traffic accidents.
Sub-units are requested to cooperate to the fullest extent to avoid accidents and ensure that regulations and instructions are frequently promulgated and observed.

409. WASTAGE OF 2-GALLON CANS USED FOR CARRIAGE OF PETROL AND WATER
All consignments of water carried in 2-gallon cans will be dunnaged in the same way as petrol consignments.
All 2-gallon cans carried in the racks of cars containing either petrol or water will be made "tight". Reed matting or rubber cut from unserciceable inner tubes will normally be the best dunnage to use for this purpose.

411. M.T VEHICLES - MODIFICATION OF
Cases have occurred where extensive modifications to Australian pattern vehicles have been carried out by units without the authority of HQ A.I.F. (ME). One case resulted in the complete ruining of a number of steel cabs which cannot be repaired or replaced, thus rendering the vehicle unsuitable for work under cold climatic conditions. It is to be clearly understood that modifications to Australian pattern vehicles are to be carried out only under the authority of HQ A.I.F. (ME). Modifications to WD pattern vehicles are authorised from time to time by G.H.Q., M.E.F. Commanders will exercise control to ensure unauthorised modifications are not carried out.

412. DISCIPLINE
Court Martial proceedings are frequently delayed because witnesses have NOT been available on the date set down for CM to commence. Therefore personnel required at CMs or pending CMs will NOT be granted leave, other than local nightly leave NOR may they be used for exercises requiring them to be out for more than one day, without notification to RHQ.

413. BOUNDS
The roadway from the Main Gate to the SOUTH end of RHQ Building will be kept clear of personnel.
The practice of night leave parties loitering on the roadway in front of RHQ and round the Main Gates will cease.

IN THE FIELD — PART I — 29 DEC 41

426. REGTL DUTIES

	Orderly Offr	Guard Offr	Picquet Offr
Dec 29	Lt Prince	Lt Faulks	Lt Hurst
Dec 30	Lt Terry	Lt Hurst	Lt Cowdery

427. SUPPRESSION OF PILFERING AND "SCROUNGING"

1. Vigorous action will be taken by all commanding officers to prevent loss of Government property by petty theft, pilfering and grosser misappropriation. Losses through these causes have assumed serious proportions and are a direct hindrance to the successful prosecution of the war.
2. Under the mistaken impression that "scrounging" is meritable, some commanding officers are condoning or punishing lightly thefts of this type. All losses of Government property are to be fully investigated and offenders severely disciplined.
3. Commanding officers are held responsible for safeguarding Government property committed to their charge, and that all their officers, NCO's and men are impressed with their responsibilities in this regard.
4. Inadequate action by commanding officers in taking protective measures, carrying out investigations into losses, or inflicting appropriate punishment within the powers delegated to them, will be viewed seriously.

428. PAYBOOKS - DELETION OF UNIT IDENTITY.

Immediate action will be taken, under Sqn arrangements, to ensure that all reference to the name of Unit is deleted from paybooks.

Obliteration by ink or other means is NOT sufficient and action will be taken immediately to excise all reference to unit identity.

Any particulars which may be destroyed on page 2 of paybooks will be re-inserted by pasting a piece of blank paper where required and re-writing the destroyed records thereon.

Where particulars would be cut out as mentioned above, paybooks will be handed to Pay Sgt for rectification.

It will be noted that the Unit name appears in three places viz:-

1. Front of Paybook
2. Page No. 1 "
3. On blood group strip pasted to the inside of back cover.

Sub Units will advise RHQ when this instn has been completed

429. REPATRIATION BENEFITS - PERSONNEL DISCHARGED FOR MISCONDUCT

The attention of all ranks is to be drawn to the fact that when members are discharged or their appointments are terminated owing to misconduct, they will not be entitled to repatriation benefits, which include Vocational Training, assistance in obtaining civil employment and provision of tools of trade.

430. ILLEGAL DISPOSAL OF TOBACCO AND CIGARETTES

Disposal to persons not entitled to Customs Exemption, of tobacco and cigarettes admitted free to the Middle East for members of the Forces, is prohibited and will be regarded as a serious offence.

Capt
Adjt 7 Aust Cav

432. WINTER HEATING - DANGER OF

Cases have already been reported of men suffering from Carbon Monoxide poisoning while sleeping in closed rooms heated by charcoal braziers.

In view of the danger involved, steps will be taken to ensure adequate ventilation in rooms heated by this method.

433. PLATES BUTT MG BREN .303 MK I.

It has been brought to notice that units have been forwarding GUNS BREN .303 Mk I to L/D for repairs to PLATES BUTT. This can only be due to careless handling by person using gun and will cease immediately. Any future occurrences will be reported to RHQ immediately and disciplinary action taken against offender.

434. CORRESPONDENCE FROM OR TO LONELY SOLDIERS

The attention of all ranks is drawn to the instruction on this subject as contained in the Manual of Military Intelligence in the Field Pamph. 2 1938 Sec 14 para 7 which states:-

"It is forbidden to insert advertisements or letters in any publication inviting correspondence from strangers or to enter into correspondence with any stranger in response to such advertisements or invitations."

435. DISCIPLINE - THEFT AND MISUSE OF WAR DEPT PETROL

Cases have occurred of the improper use by military personnel of WD petrol in private vehicles. It does not appear to be sufficiently appreciated by Officers and ORs that such use constitutes a serious offence. It is therefore brought to the notice of all ranks that the use or possession of WD petrol in private vehicles for any purpose (whether duty journey or not) is forbidden. Any person subject to military law so using WD petrol is liable to be charged with an offence under the Army Act and tried by Court Martial. In every case where the evidence justifies it the charge will be one of stealing or receiving laid under the Army Act Sec 17 or 18 (4) or 41 as the case may be.

An offender convicted by Court Martial on a charge of stealing or receiving is liable to a sentence of imprisonment.

A charge of stealing or receiving is not one which should be disposed of summarily.

436. LOSS OF PAYBOOKS

1 The marked increase in the number of paybook losses indicates that personnel are not taking sufficient precautionary measures for their safe custody, and sub-unit comds will impress on all ranks the importance of carrying paybooks where they are not easily obtainable by pick-pockets, etc.

2 The habit of carrying money inside the paybook is a contributing factor to the loss. Once the money is sighted, the possibility of the paybook being stolen becomes a strong likelihood. Units should discourage soldiers carrying money inside their paybooks.
