(Erase heading not required.)

Army Form C. 2118.
(adapted.)

Unit 15 Aust. Mot. Regt (A.I.F.) Date and Time.—From 6 Oct. xx To 7 Oct xx

Place.	Date.	Hour.	Summary of Events and Information.	Remarks and references to Appendices, Diaries, &c.
SWANBOURNE	6		R.M.O. inspected pers. who have recently been vaccinated	
		1600	Working party returned from SCARBOROUGH after completing fence.	
	7		Sgns. continued work on wire. Owing to wire having been laid close to beach and combined with the wind which has caused sand drifts, the result is that the majority of the wire has been covered with sand and in ~~some~~ places only one strand of wire is visible. Therefore, sgns are progressing slowly, as the sand has

AUSTRALIAN WAR MEMORIAL AWM2020.71.634

MAXIMUM SPEED OF VEHICLES (GRO.Q.340 of 22 Sep 44)

1. (a) The Motor Vehicles Speed Limit Order made under the National Security (Land Transport) Regulations imposes a speed limit of 30 mph on motor vehicles upon any public highway in the Commonwealth. The order applies to military vehicles, unless the observance of its provisions would be likely to hinder the use of the vehicle for military purposes.

(b) No army vehicle will be driven at any time at a speed greater than the maximum speed for that type of vehicle fixed by sub-para (c) of this paragraph:
Provided that, where the observance of the speed limit of 30 mph would hinder the use of the vehicle for military purposes, an officer, by endorsing the work ticket of the driver to that effect in the case of cars, motor cycles, motor cycle combinations and trucks, ¼ ton jeep, only, may authorise a speed not exceeding in any case 45 mph. Any prosecution for exceeding the speed limit of 30 mph upon any public highway within the Commonwealth will be taken against the officer authorising the greater speed.

(c) The following is the maximum speed permitted on any surface for the vehicles mentioned:-

Type of vehicle	Max speed mph
Cars, motor cycles, and motor cycle combinations	30
Trucks, ¼-ton jeep	30
Vans and trucks up to and including 1-ton	30
Lorries and trucks, GS, up to and including 3-ton, with or without 3-ton GS trailer or 2-wheel trailer	30
Cars, scout	30
Tractors, trucks or lorries towing 2-pr tk/A equipment	12
Lorries and trucks 3 ton loaded	25

2. General.-

Armies, corps and HQs L of C areas are responsible for ensuring that traffic is properly policed in their areas and will instruct members of the provost corps to see that traffic laws, both army and civil, are observed.

The necessity for prompt disciplinary action in cases of breach of this order is stressed.

3. SECURITY

Although Unit censorship is NOT being observed, all ranks are warned that scrupulous observance of security instructions is required in correspondence, conversations and over the telephone.

4. VALUABLES - CARE OF

All ranks are again impressed with the necessity of taking reasonable precautions for the care of valuables and money.

AUSTRALIAN WAR MEMORIAL AWM2020.71.634

5. VANDALISM

Reports have been received of acts of vandalism allegedly being committed by members of this unit. The chief cause of complaint is damage to trees and tree guards.

All ranks will do all in their power to prevent this unseemly and ill mannered conduct, which ill repays the kindness and hospitality shown by the people of this State to the members of this unit.

It is the responsibility of every member of the unit to prevent and where necessary report without delay offenders to this HQ.

Severe disciplinary action will be taken against offenders found guilty of this action.

AUSTRALIAN WAR MEMORIAL AWM2020.71.634

1. CONSERVATION OF RUBBER - SYNTHETIC TYRES. G R O 0 3 2
2. reads as follows:-

1. This order will be read in conjunction with GRO C.167/1944.

2. The critical rubber situation and the necessity for obtaining the maximum service from tyres has been stressed from time to time. The further deterioration of the situation, necessitating the introduction of tyres of synthetic construction, renders it imperative that greater care than ever be exercised in the use and maintenance of all tyres, whether of synthetic or natural rubber construction.

3. Synthetic tyres are far more susceptible to failure through abuse than tyres constructed from natural rubber. All concerned will, therefore -

(a) exercise the utmost care to avoid -
overloading,
underinflation,
hard braking and fierce acceleration,
high speeds,
bumps and other causes of severe impact;
(b) check wheel alignment frequently and correct irregularities promptly;
(c) rotate tyres regularly;
(d) remove stones and flint from tyres during unit maintenance;
(e) submit tyres for replacement at the correct stages for recapping; and
(f) submit damaged tyres for repair without delay.

4. Formations and units will ensure that prompt disciplinary action is taken where breaches of this order occur.

AIR LETTER SERVICE

Air letter service was inaugurated on Monday 11 Sep 44 and is available to -

(a) Members of the Australian and other Empire Forces overseas, and to personnel of British Merchant Ships.

(b) Civilians in the following countries;

Aden	Kenya
Bahrein	Libya (Cyrenaica & Tripolitania
Basutoland	Malta
Bechuanaland	Mauritius
British Somaliland	Niagra
British Cameroons	Nyasaland
Ceylon	Palestine
Cyprus	Rhodesia, North and South.
Egypt	St. Helena
Eire	Seychelles
Eritrea	Sierra Leone
Ethiopia (Abyssinia)	Somalia
Gambia	South Africa, Union of
Gibraltar	Sudan - Anglo Egyptian
Gold Coast	Tanganyika
India	Transjordan
Iran	Togo (British Sphere)
Iraq	Uganda
	United Kingdom
	Zanzibar.

(c) Prisoners of War in Europe.

The fee for the Air Letter Service is 7d., irrespective of whether the communication is addressed to a member of the Empire Forces, a civilian, or a Prisoner of War.

Air Letters cannot be registered, and enclosures are not permitted. Air Letters containing enclosures will be forwarded by ordinary mail.

Particular attention is directed to the fact that Italy and certain other recently liberated countries are not yet included to participate in this Service. Only places referred to in paragraph 1 are subject to Air Letter Service.

Simultaneously with the inauguration of the Air letter service, the charges of airgraph letters were reduced to a flat rate of fourpence (4d) for civilians and all members of the Armed forces.

Further information may be obtained by interviewing Postal Sjt.

V.M.G. NIGHT SHOOT

14 OCT 44

2215 – 2350 HRS

No of guns firing. 3 troops of 4 guns – total 12.

Amm Expenditure

MK VII ball	5730
Tracer.	5020
Total	10,750.

Firing Schedule is attached.

Results. No 1 Tgt (3 application targets at 1000') had approx 600 shots in it.

Damage to range. A bush fire started near the 1000' butts, and was dealt with promptly after the shoot by a party under Sgt Matthews.

Drill & fire control. Very good, considering the fact that very few pers had had previous experience of a night shoot.

SUMMARY OF "Q" GROUP INSTRUCTION

MONTBAN CAMP - 31 OCT 44

ORGANISATION

Sqns to be re-organised on a four pl basis. H. Sqn will comprise HQ and four pls. Pls to be as near equal strength in WOO's and Tpts as possible. One pl to each unit.

TRAINING

Training will be mainly MT route marching etc to harden up. Sqn leaders will be given outline of what is required to trg when route marches etc. commence.
There is a swimming pool on Avon Riv which can be used every day except Sunday. Bathers or shorts must be worn. Personnel must use roads or tracks to get to pool.

TRANSPORT

Use of tpt will be kept to an absolute minimum. No tpt allowed out of camp. Practice of using jeeps and m/c's to run around camp is forbidden.
Maintenance of vehicles must be taken special care of.

HYGIENE

Grass and rubbish around huts to be cleaned up and burned under direction of camp staff 1 Nov. Lt. Cozzman has this in hand. Strict attention must be paid to general camp hygiene. Kitchens to be cleaned. Hone showers and ablutions etc. are located in two buildings nearest canteen. Other ablution and latrine buildings are for use of Bde H. Sqn.
Huts to be kept tidy. Kit layout will be same as used at Swanbourne.

GUARD AND PICQUET DUTIES

Regt takes over Bde duties 31 Oct/1Nov. "Q" Sqn provides guard. Motor sqns will provide guard and picquet duties and H. Sqn will provide general camp hygiene duties.
Orderly officer will also be duty officer. He will sleep at HQ. Responsible for security of HQ, Adm building and for answering phone after lights out.
If L.A.D. require assistance may apply to T.O. who can requisition from Sqns for pers required.

MEDICAL

Sqns to notify MMO of pers requiring TAB's, TT's and vaccinations by 311200H. (sick pde - see parade times)

CLOTHING, AMMUNITION

Check pde 31 Oct to ensure every man is in camp.
AAF MI64's to be completed and issued to all personnel by 311800H.
All vehicles to be unloaded 31 Oct. Stores from vehs will be placed in buildings in G block, stacked in groups. (Sqn leaders will be notified which buildings.)
Bootmakers workshop will be established in H2.
There will be no Sqn Q or Tech stores. Equipment repairers tailors and carpenters will not operate unless absolutely essential.
Sqn orderly room personnel to be kept to minimum. Personnel to be changed each day to enable them to attend route marches and other trg.
RQ will take any surplus clothing etc. from Sqns.
SAC's still unpacked may be left unpacked for a few days as there may be an opportunity to dispose of 9 mm. amn outstanding.

AUSTRALIAN WAR MEMORIAL AWM2020.71.634

Tobacco ration coupons unused to be returned to ops by 0111000H Nov. Arrangements will be made to replace these with coupons suitable for WORTHY camp canteen.
Troops to be warned to keep off private property.

T I N E A.

1. Tinea is the cause of foot trouble in this Regiment.
2. It is the main cause of men having to drop out of a march.
3. It is very infectious - infection is spread from one man to another via shower room floors etc. When you go home you will probably give it to your family.
4. It can also spread to different parts of your body by means of your towel. Do NOT dry the rest of your body with the same part of your towel that you dry your feet with. Keep one end, for example the one with your name on for your feet alone.
5. Tinea is a chronic disease - it will NOT get better by itself and you will always be troubled by it unless it is treated.
6. Tinea can be cured - but it needs a bit of an effort on your part.

WHAT IS TINEA

It is an infection of the skin of the feet by a ringworm.
It causes the skin between your toes to become soft and peel off.
It causes watery blisters under your feet. These break and leave sore patches.
It causes "callous"
The ringworm likes to live in moist skin - for example one of his favourite hideouts is in that spot between your 4th and 5th toes where you seldom bother to dry thoroughly.

TREATMENT FOR TINEA

Your troop sergeant will be given a matchbox of ointment, and some tins of footpowder. They are given to him so that you may use them - see that you do'''

There are footbaths in your shower baths - use them.
Stand in them whilst you count 100 - about ¾ minute - do it whilst drying your body.
Then dry your feet thoroughly - (dont forget to use one end only of your towel)
Then use FOOT POWDER - rub it on.

The above treatment will prevent your tinea getting worse. Now once a day you must rub Whitfields OINTMENT well in between your toes and into the soles of your feet.

SUGGESTED FOOT TREATMENT AT THE END OF A MARCH, OR AFTER WORK EACH DAY.

Tp Sjt will parade his tp to showers. After shower each man will use footbath, dry his feet, and rub in Whitfields for 3 minutes. Then feet will be powdered, and a clean pair of sox will be put on. Then if you have sandshoes, slippers or shoes wear them or else put on a fresh pair of boots. (Dont forget to take your clean sox, and your fresh pair of shoes to the showers)
The worst cases of tinea, and there are quite a few really bad cases in this Unit, will still continue to attend RAP after work instead of having their treatment under their tp sjts.

NOW dont forget that EVERY man needs to pull his weight to get rid of his tinea. If the bloke next to you doesnt treat his feet, and you do, and you shower where he does - your feet will NOT get better - you will pick up his tinea. Therefore everyman to be fair to his mates must hop in and try and clean his own foot infection up.

REMOVAL OF WIRE DEFENCES -
PERTH - FREMANTLE AREA

Herewith report on completion of work carried out by this Unit over period 10 Jun - 27 Oct 44.

2. WIRE AND WEAPON PITS

All wire and weapon pits with the exception of security wiring and two beach strips as shown on attached overlay have been removed from the above areas.

3. DISPOSAL

In accordance with instn issued by Fremantle Fortress Hq 3 Jun 44 all :-

(a) Galvanised wire and rusted wire in length were rolled in suitable coils and neatly stacked at salvage depot KARRAKATTA.
(b) Pickets long and short tied in bundles and returned to RAE KARRAKATTA.
(c) Short lengths of wire rolled in bundles and dumped in an isolated area on SWANBOURNE rifle range.

4. With reference to sub para (c) special arrangements were made between G Branch Western Comd and Range Superintendant Mr R.C. DRITTMAN for the disposing of wire NOT fit for rolling in a hollow on the S.R.R. thus levelling the ground as was desired by both parties. This was done to the satisfaction of Mr DRITTMAN but has NOT been covered with filling by a bulldoser as was part of the arrangement.

5. Attached are :-

(a) Report on tonnage of wire rolled and length of wire lifted and to be lifted in ground measurement.
(b) Overlay (enlargement PERTH 1in, to 4 in to 1 ml) showing wire areas.
(c) Clearances from each Road Board within wire defence area together with cililian clearances where obtainable.

6. The above and attached reports are on wire removal carried out by this Unit NOT on work done by other Units which were in the area prior to this Unit taking over.

WIRE DEFENCES - REMOVAL OF

As I will be reporting to GSO for transfer to R of O tomorrow 23 Oct 44, I submit the following final report.

2. Priorities have been maintained according to the plan as endorsed by GSO II (Ops) Western Command.

3. The following areas are still unfinished:-

(a) South of MT BROWN an E - W line of wiring cutting the fork rds at FREMANTLE. SHEET 1" to 1 M Map ref 768193 (app 2 M).

(b) Single double apron fence, once enclosing US AA site opposite groyne approx 2 M South of NAVAL BASE Camp-site (app 3 M).

(c) Coastline NW of NORTH WHARF. FREMANTLE Sheet Map ref 730370 (app ½M).

(d) Coastline from Fort SWANBOURNE to CITY BEACH southern boundary (app 2½ M).

(e) Security wiring at SWANBOURNE - LEIGHTON and PERON Forts.

(f) Security wiring at AA Gp localities (AA gun and searchlight posns).

(g) Scars and diggings MELVILLE Camp area.

4. Clearances have been arranged from PERTH City Council, FREMANTLE Council, PERTH Rd Bd, Forrestry Dept, MIDLANDS Rd Bd, ROMAN PARK Rd Bd, COTTESLOE Rd Bd, HARBOUR TRUST, MELVILLE Rd Bd, FREMANTLE Rd Bd, KARRINYUP Golf Links, ROYAL FREMANTLE Golf Links and Mrs. LEY of HAMILTON HILL.

5. 15 Aust Mot Regt are continuing to work at both ends of the wiring mentioned in 3 (d) with priority for the CITY BEACH end.

6. All slit trenches, gun posns and inf HQs dugouts have been filled in, where the wirings have been lifted , with the exception of the iron and concrete double pillbox about 200X South of the groyne at CITY BEACH. Lt Col BULL anticipates he will have time to demolish this pillbox before he ceases work in that area.

7. Clearances obtained are all exclusive CA and AA def localities and refer only to inf wiring and scars. Therefore, I would venture to suggest that it will be necessary for personnel of CA and AA to get similar clearances from the respective civil authorities if and when they evacuate any localities.

AUSTRALIAN WAR MEMORIAL AWM2020.71.634

8. In conclusion, I would like to record three facts.

(a) The excellent spirit of co-operation exhibited (right from the first wiring and diggings) by most coastal authorities and civilians, especially FREMANTLE City Council, PERTH City Council, ROYAL FREMANTLE and SWAN VIEW Golf Links (in that order).

(b) The tremendous amount of work done by VDC members in erecting wiring defences in the "voluntary days".

(c) The popularity of the lads of the 15 Aust Mot Regt, brought about by their many kind actions towards people who for years put up with the inconvenience of trenches, wiring etc. in their gardens, yards and paddocks.
The work done by the 15 Aust Mot Regt was everywhere most satisfactory as proved by the ease with which we were able to arrange clearances from all governing authorities.

9. These clearances are in the hands of the C.O. 15 Aust Mot Regt and will be handed in by him at the expiration of his responsibility in this work, through his normal channels.

.....Humphrys. Capt

.....11.....Sep 44.

"G" Staff
Western Command

REMOVAL OF WIRE - PERTH - FREMANTLE AREA

As requested by "G" Staff herewith please find complete maps of the area, showing wire removed and wire still in position. Also attached a statement of distance of wire in miles, and removed weight in tons of wir e and number of pickets returned to salvage.

2. Sketch maps also indicating where weapon pits and other defence constructions have been filled in.

3. Most of the wire remaining to be lifted as shown by the sketches, is NOT a very great detriment to anybody as it is chiefly along the beaches from SWANBOURNE to CITY BEACH on the NORTH MOLE and a small quantity on the SOUTH MOLE and about 3 miles in the Mt BROWN area.

4. There is still approx 2½ miles in the SWANBOURNE COTTESLOE gold links pine plantation area. This wire it is considered, is a definite detriment to the local inhabitants as in many instances it is across Sts and vicinity of dwellings.

5. The unit has been ordered to be prepared to vocate its present location on 15 Sep 44.

6. It is NOT possible to remove the wire in the SWANBOURNE COTTESLOE pine plantation area by the said date.

7. To complete the removal of the a/n wire it is estimated that another 18 working days as from today will be required.

8. If this work is to cease on the 15th many portions of wire will be left in its present area and it will be very difficult for any unit taking over to remove this wire owing to the fact that method of removal is by a party of 10 men working in different areas.

G J Bull .....Lt-col
(G. J. Bull)
Comd 15 Aust Mot Regt (AIF)

Note:- Wire mentioned in Mt BROWN Area is NOT shown on attached sketches.

LISMORE'S ROLE IN WARTIME. -By Tom Cooling

Extract from NORTHERN STAR 18 Oct 44.

In the three wars of this century Lismore has played a role which cannot be bettered by any other centre of equal size in the Commonwealth.

The district's soldiering record goes even further back that the Boer War, as the Richmond played a prominent part in the formation of the 15th Light Horse Regiment in 1885. The Upper Clarence Light Horse was then formed with headquarters at Tabulam as a result of the Russian War scare. No 1 Squadron was located between Tabulam and Tenterfield and No. 2 Squadron at Casino, with one troop between Lismore and Casino. The regiment was known as the New South Wales Northern Rivers Lancers. The No 2 squadron was later expanded into the Richmond River Lancers.

Early in 1899 a contingent of the New South Wales Lancers went to England for training at Aldershot. When the Boer War began in October 1899, the contingent was about to return to Australia. Every man volunteered for service. The contingent which landed at Capte Town was claimed to be the first mounted troops to arrive in Africa. They fought under General French and participated in 13 engagements, including the relief of Kimberley. Eight district men gave their lives in the Boer War. Amongst survivors still residing in the district are Major Carter, W.M. McPherson, W. Moffitt, C. Hopf, T.A. Dickson, K.R. McPherson, Ted Munroe, C. Middleton and Otto Armbruster.

A memorial erected to the memory of those who fell was subsequently erected on the corner of Woodlark and Keen Streets. Its removal to Spinks Park by the council was bitterly opposed by Boer War veterans, and had an amusing sequel which caused Commonwealth-wide interest.

Indicating that the spirit of the Lancers was not dead, the weighty memorial was "kidnapped" one night as a protest against the Council's action. The statue was later recovered and was given a much better position in front of the Memorial Baths.

The district quickly answered the call to arms when war was declared in 1914. The Lancers (renamed the 15th Australian Light Horse Regiment with headquarters at Lismore) played a leading role, the majority of its members volunteering and seeing service on Gallipoli, and in Egypt, France, Belgium, Sinai, Palestine and Syria, where the regiment gained a high reputation for horsemanship, prowess in tournament competitions and marksmanship.

There was also no lack of recruits for "footslogging" and thousands flocked to join the colours from all parts of the district.

As in this war, records of the actual number enlist from the district are impossible to obtain because so many, impatient of delays went to Sydney and Brisbane to enlist. Five Lismore men were decorated (P.J. Bugden V.C., S.H. Joubert M.C., F.R. Goulding D.C.M., G.Wilson D.C.M. and J.F. Rankin M.M.) while 182 gave their lives. The Memorial Swimming Baths stands as a monument to those who fought and died in the Great War.

There was the same rush of recruits on the outbreak of the present conflict the first contingent of 150 leaving in November 1939. This contingent left Australia on the following January in the first convoy to leave for overseas service. At the first recruiting rally in June 1940 scenes unparalleled even in the Great War were witnessed over 10,000 participating in a monster patriotic parade.

The Lismore Recruiting Committee formed early in 1940, has performed splendid service, assisting those wishing to join the various branches of the forces. It is estimated that in the present war over 5000 men and women have enlisted through the Lismore recruiting depot (now situated in Club lane) The tallest man to enlist was 6 ft 5 in., the shortest 4 ft 8 in. The oldest recruit aged 72 had to be regretfully rejected. A great many Lismore volunteers have already been decorated.

15TH.LIGHT HORSE REGIMENTAL HISTORY

1st January to 18th.June 1938

Jan.1938.Australian Sesqui Centenery Celebrations held.~~at~~ The N.S.W.Goverment offered free transport for a Cavalry Regiment (known as the Centenery Regt.)to and from Sydney with representative strength from each Cav.Unit. 15th.L.H.Sqn.under Major S.Masterson O.C.Capt.E.B.Serisier Adjt.as 2/IC and Lieuts.C.S.Harrison , J.K.Mulcahy , C.E. Nardi as Tp.Leaders together with 79 O.R's.left for Sydney Jan.26th.and returned Feb.3rd. Whilst in Sydney members re-enacted the Palistine Campaign for the film "Thunder over the Desert under the direction of General Chauval. Very bad weather conditions prevailed,during the Camp,the boys being flooded out three times in the week.

April

Annual Camp held at Grafton Show Ground 3-10 April C.O.Lt.Col.E.A.Woodward M.C. E.D. 88% attendanceLt.Col.G.S. Vasey D.S.O. C.G.S.Branch,Lt.Col.C.C.Ridley D.S.O. A.A.& Q. M.G.and Major W.M.Anderson D.S.O. G.S.O. I Cav.Div.and Bde. Comdr.Col.F.L.G.Johnstone V.D. visited the Camp in that order. Lt.Coleman Aust.Staff Corps.who later was to succeed Capt. E. .Serisier as Adjt.of the Regt.was also in Camp.

Training During Camp. The need for Sig.and Lt. Car Tps.was emphasised in the exercises carried out~~x~~. Sports held Sat.9th.April rain caused a curtailing of the programme but not before the majority of the events had been completed. Regimental Sports Cup won by 3 Tp."B"Sqn. (Urbenville)known amongst the Regt.as the "Stag Bashers" who also were placed in every avent,an outstanding performance. Regimental Boxing Tournament held Friday 8th.April,

Results Lt.Wt. D.Clapham (Nimbin Troop)
Wl.Wt. L.Byrnes (Murwillumbah Troop)
H.Wt. L.Byrnes " "

The heavy weight was won on a forfeit from Tpr.Payne (Urbenville)

Annual Regt.Competitions

Regt.Shield won by 3 Tp."B"Sqn.(Urbenville)
Beaver Cup " " 2 Sec.M.G.Tp.(Kyogle)Lord Forster Cup holders.
Fanning Cup " " 3 Tp."B"Sqn.

May On May 19th.an Escort was provided to His Ex.Lord Wakehurst Gov.of N.S.W.at the opening of Grafton Show by I Tp."C"Sqn.

AUSTRALIAN WAR MEMORIAL AWM2020.71.634

/by I Tp."C"Sqn.

Lt.E.O.Cummins,substituting for Lt.C.S.Harrison (Tp.Ldr.) who was attending Junior Leaders Course,led the Escort. Their work and turnout was commended by His Excellency. Junior Leaders Course at Armidale 2 Cav.Bde.H.Q. Major R.F.Monaghan was Chief Instructor.
The Regt.representatives were Lts.C.S.Harrison-J.K.Mulcahy Filkin-J.F.Kevin-T.J.Cooper-S.Green,Sqn.Q.M.S.Hawke Sgts. Hayes Gibbons Hough Byrnes Dunbar Clarke - All memberspassed.

April

On the 25th.April the Regt.were represented in Annual March Celebrating Anzac - Lieuts.Filkin and Cummins laid a wreath on the War Memorial.

Social Activities

On June 15th.2 Sec.M.G.Troop together with Kyogle Branch R.S.S.I.L.A.held a successful Ball at Kyogle . June 18th.2 Sec.M.G.Tp.held another equally successful Dance at Cedar Point.

Promotions

14/1/38 Capt.C.J.Lockhart to Major.
16/2/38 Sgt.S.R.Green to Lieut.
1/4/38 Sqn.QMS. R.Douglas to S.S.M.

Transfers

10/1/38 Capt.F.L.Clavan M.M. to R.of O.
10/1/38 Major R.E.Longworth.

R.H.Q.15th.L.H.Regt.

To the Members of the 15th Australian Motor Regiment
(Northern Rivers Lancers)

As your Honorary Colonel, and one of the oldest members of the Regiment, I feel that I must congratulate you on the honour conferred upon you by being selected to form a component part of the 1st Australian Armoured Brigade, A.I.F.

Your Regiment was one of the first four Light Horse Regiments to be formed in Australia, in 1886, and has always had a reputation to be proud of. I have very clear recollections of the gallant actions of the 15th A.L.H.,A.I.F., whilst under my command in the Desert Mounted Corps, particularly at Tul Keram, Nablus, and the Barada Gorge, and I feel sure that you, when the time comes, will uphold the traditions established by your Regiment and win fresh honours for it.

You are fortunate now in getting into a fine Brigade under proved leadership, and I shall watch your career in the present war with the greatest interest.

I wish you all good luck and every success.

Harry Chauvel.

AUSTRALIAN WAR MEMORIAL AWM2020.71.634

REPORT ON TRACK YANCHEP-GINGIN BROOK EAST

Part 1.

Party. Sjt.Jabour G.C.,Tpr. Saloway C.G. 15 Aust.Mot. Regt.

Date and time of start of recce. 031300H Aug.44

Date and time of finish of recce. 031745H Aug.44

Weather Fine

Object To traverse and classify track YANCHEP - GIN GIN BROOK EAST

Ref.maps. YANCHEP,GINGIN & LESCHENAULT 1:63,360

1. For traverse of track see Appx "A".

2. Track has NOT an all weather surface.

3. In dry weather track will carry lt. M.T. with occasional passing,while in wet weather track will carry H.T. only.

4. Classification B2(C3).

AUSTRALIAN WAR MEMORIAL AWM2020.71.634

PART 2.

Party. Sjt.Jabour G.C., Tpr. Saloway C.G. 15 Aust.Mot Regt

Date and time of start of recce. 031300 H Aug.44

Date and time of finish of recce. 031745 H Aug.44

Weather. Fine

Object. To traverse and classify track YANCHEP-GINGIN BROOK EAST.

Ref.maps. YANCHEP? GINGIN & LESCHENAULT 1:63360

1. S.P. (GINGIN & LESCHENAULT) gate 6865 2528

2. Finishing pt. (YANCHEP) br. 66709782

3. For track traverse see appx "A"

4. Report on br and culverts contained in appx"B"

5. Report on road:-

a. From SP 68652528 to 678194 a distance of 4.5ml rd. has been graded with a camber surface to a width of 24 ft.

b. Materials used to form and surface rd. consist only of sand and dirt with nothing substantial as a foundation.

c. In it's present state through rain and traffic deep furrows still holding water follow throughout the 4.5 mls. and even with grading and rolling would cut up again after lt. rain.

d. From 678194 to br 66709782 a distance of 11½mls the rd. narrows to a width of 12 ft. with sidings spacedapprox ½ ml. intervals for passing of vehicles.

e. Surface of rd.has been formed with limestone bound with soil and sand,and is rough and slow making speed limit approx 20 M.P.H.

f. Throughout this 11½ mls. rd. is an all weather rd

g. Only in dry weather could passings be made in any other places ther than those sidings formed of limestone as mentioned in sub-para "d".

T23 19 Apr 44.

Ref maps - MOORA)
PERTH) 4 mls to 1 in.

Recce Report on suitability of areas extending from MOORA to WEST to COAST- SOUTH to PERTH- WEST to COAST for an Armd Gp exercise, by Lt-col BULL.

OBJECT.

(a) to ascertain if an Armd Bde Gp could successfully move from MOORA to an area vicinity NORTH BEACH and SCARBOROUGH.

(b) to recce routes suitable for use by tk tptrs for conveyance of tks to an assembly area.

(c) to find a route for mov of Mot Regt and Fd Arty.

(d) to find an assembly area for the Bde or Regt Gp with the intention of carrying out an exercise as per (a) above.

PART 1.

Mov of AFVs

1. Recce of rds and tracks indicated that an Armd Bde Gp could move from MOORA to the COAST.

2. Tks could be tpted as far as BUULSBROOK via MOORA-PERTH rd and to PERTH if necessary.

Route- mov sp Arms.

3. Road MOORA- GILLINGARRA- WANNAMAL- MOOLIABEENEE- GINGIN-MUCHEA considered best route for mov of Mot Regt and Fd Arty.

4. Small box culverts exclude possibility of use by AFVs tpted or on tracks.

Assembly Area.

5. Good area and focal point of tracks and rds make MUCHEA a suitable assembly area. (ref sheet 14 H50/13 & 14 397094)

6. From MUCHEA tks could navigate direct to any particular place along the coast and a network of accessible & negotiable rds are available for B ech vehs to maintain sup in the YANCHEP- WANNERU- NORTH BEACH area.

Tracks & Rds (see Appx A. maps PERTH & MOORA att)

7. Generally all tracks are sandy & difficult to negotiate but can be followed accurately by speedo readings in confirmation with the 1" to 1ml maps of each area.

8. From NORTH BEACH unsuccessful attempts were made to move along the coast close to beach. Track leading to WHITFORDS BEACH 372066 was farthest vehs could proceed owing to encroaching of sand on existing tracks and undulating sand hills.

9. All tracks leading west to the beaches from YANCHEP rd were negotiated with difficulty, especially after a number of vehs had preceeded.

AUSTRALIAN WAR MEMORIAL AWM2020.71.634

10. From YANCHEP rd near WANNERU 378074 track called NEASE rd branches north at rd junc then east to BULLSBROOK, this track could be used by B ech vehs from MUCHEA (assembly area). From rd junc 381079 to LAKE PINJAR across country is a direct route through RAAF gunnery and bombing range to MUCHEA, this route is navigable only by tks through swamp and small timber.

11. Military constructed rd leading from YANCHEP to EAST GINGIN BROOK 368126 is solid but very rough. Country on either side sandy, heavily timbered with bottle brush and small timber.

12. Tracks leading to coast from the YANCHEP- GINGIN BROOK EAST were very difficult to negotiate, these were not reconnoitred.

13. MOORE R AREA- the most favourable rd to the mouth of the MOORE R is from GINGIN BROOK EAST- rd/track junc 358128, then south across bridge 358127 along track (C3), west to bridge crossing (classification 30) 352125 thence to river. Leading down to the beach at the mouth of MOORE R stone rds have been constructed leading to fishermens' huts at 348122.

14. From MOORE R rd/track was traversed from rd/junc 364127 and followed along telephone line thence to DANDARRAGAN. A pony track only existed along the telephone line and vehs were compelled to break through small timber. On leaving the telephone line at 350150 leading veh navigated by landmarks & bearings.

Topographical.

15. Country traversed generally undulating and sandy and difficult to traverse near coast.

16. Timber sparse to thick making navigation difficult.

17. Coastal area from YANCHEP to MOORE R consists mostly of large sand dunes to undulating country inland merging into areas of timber and scrub plains.

18. Area vicinity GINGIN BROOK EAST to 352125 is medium timbered and scrub to heavy timber area 353125. In area of last mentioned ref is an excellent regt biv area approx 5 mls from mouth of MOORE R.

Bridges.

19. Engr dets would be necessary to precede and follow any mov of tptrs to detect any weakening of bridges on the main rd.

20. Bridges not considered capable or doubtful of withstanding tptrs can be by-passed except during wet weather.

In particular bridges at:-

NEW NORCIA	(doubtful)	421166
CHITTERING	(")	409114

Bridges mentioned above have been crossed with loaded tk tptrs but may weaken with continuous crossings. In both cases work is required on deviations, or temporary method of strengthening carried out.

21. It was noted that many bridges and culverts on rd MOORA-GINGIN did not display any army classification signs.

AUSTRALIAN WAR MEMORIAL AWM2020.71.634

Conclusion.

1. An exercise could be carried out by Armd Units & sp arms to any part of the coast.

2. Tks could not be used for fighting over the sand dune area close to beach which extends approx 1-2 mls hinterland.

3. Skeleton enemy assumed to have landed & gaineda large beachhead is considered necessary to ensure a realistic exercise.

J J Bull
Lt-col
CO 15 Aust Mot Regt (AIF).

AUSTRALIAN WAR MEMORIAL AWM2020.71.634

PART II.

Containing- APPX "A"
"B"
"C"
"D"
"E"

AUSTRALIAN WAR MEMORIAL AWM2020.71.634

APPX "B"

Water.

Use of spearhead pumps close proximity to beaches will produce fair quantities of fresh water.

APPX "C"

B ech vehs.

Providing all vehs used by Regts for B ech are 4 X 4 type Ford, very little difficulty would be encountered.

APPX"D"

Types of vehs used and performance.

2 White TAPs - required only corrective maintenance.
Petrol consumption- 7.8 mpg.
Total " - 110 galls (both vehs)

1. 15 cwt 4 X 4 Ford - this veh showed amazing performance and followed the TAPs over most difficult terrain.

1 Jeep ¼ ton 4 X 4 - traversed difficult country but proved slower in sandy going.
Average petrol consumption- 13.9 mpg.

Total miles covered- 430.

APPX"E"

Intercomm.

Both TAPs equipped with No.19 sets.

These sets withstood a severe test caused by rough going in timbered country added to by vibration of the White Scout Cars.

Comms were maintained to Bde HQ through an anchor or relay set which proved satisfactory.

At certain times of the day when climatic conditions and type of country were favourable, R/T was exchanged from Recce party direct to Bde HQ, a distance of approx 200 mls with the aid of a long aerial.

AUSTRALIAN WAR MEMORIAL AWM2020.71.634

RECCE CODE.

1. RED: (V) Good, ie allowing speed to MT to 12 mih & upwards.
YELLOW: Fair - 8 mih.
GREEN: Bad - 4 mih.
BLUE : IMPASSABLE.

2. These classifications are based on speeds likely to be maintained by a 15 cwt truck, fully loaded.

3. The system of definition of ground is as follows:-

NAME	DEFINITION	IMPLICATIONS
		Very good going
A. Firm flat ground		Very fast going for all veh: aircraft can land anywhere
B. Flat dried mud.		As above, but dangerous in wet weather.
C. Firm sand	Undisturbed flat ground	As for A, until disturbed by many veh.
		Good Going.
D. Firm uneven ground	Surface broken by shallow water runnels, undulations, etc.	Speed reduced, but no damage to veh if encountered at night.
E. Loose sand	Sand surface less firm than C	Top gear doubtful, but little danger of sticking.
F. Scattered trees or stumps.	Trees are 15' apart.	Speed reduced- dangerous at night.
G. Stony	Stones up to 6" diameter	Fair Going. Speed much reduced, much wear & tear Bad for springs.
H. Low hummocks	Grass or low scrub growing from mud or sand mounds less than 12" high	As for F
J. Broken country	Steep-sided hills, scarps, etc. Boulders larger than 6". Rocky.	Slow going, but easily passable with careful choice of route. Dangerous at night unless route well marked.

AUSTRALIAN WAR MEMORIAL AWM2020.71.634

	NAME	DEFINITION	IMPLICATIONS
			Bad Going
K.	Broken country		Passable with difficulty in places
L.	Boulders		Bad for veh. Very slow. Very difficult at night.
M.	Rocks		
N.	High hummocks		
P.	Plough		
Q.	Soft sand.		Much sticking of all wheeled veh.
			Impassable.
R.	Continuous dunes		
S.	Continuous steep scarps.		
T.	Very rocky		
U.	Impassable- vegetation incl orchards.		Impassable for all veh.
V.	Lava		
W.	Swamp land		
X.	Close stumps		
Y.			Except tracked vehs.

Example.: AL = Very good going between high difficult boulders.

Note : These classifications are based on the system at present in use in the ME.

.....
