13 DISCIPLINE-INTERFERENCE WITH TELEPHONE COMMUNICATIONS.

First Aust.Army Order No. 22 of 1942 is repeated hereunder:-

"Many cases have been reported of interruption of civil telephon routes through acts of indiscipline on part of military personnel.
In each of the cases brought under notice, the aerial wire was broken as a result of small arms fire.
Future cases of indiscipline in this regard will be considered as a most serious offence, and dealt with accordingly".

The seriousness of such offences has apparently not been realized, as damage is still occurring with consequent delay to military and civil signal traffic.

The following action will be taken when any case of damage to telephone or telegraph installations occurs.

(a) The senior officer, NCO or soldier available will be responsibl for investigating and reporting any such incidents.

(b) All such offences will, from the date of promulgation of this order be referred to Formation HQ for trial by Court Martial or directions as to summary trial.

(c) In the event of failure to take action as detailed above, the officer responsible will be required to account for lack of action.

(First Aust.Army Order Ser.No.47 16 Mar.43)

114 ESCAPES OF PRISONERS OF WAR FROM ENEMY HANDS

It is the duty of all soldiers if captured by the enemy to effect their escape at the earliest possible moment.

It is equally important that the soldier having completed his escape should not disclose the method by which he, or any companions he may have had, evaded the enemy and achieved freedom.

The disclosure of such information:-

(a) prejudices the chances of other escapees;
(b) prevents other members of allied forces from using the same or similar methods of escape;
(c) endangers the lives of those who may have assisted the escapees at any stage of their escape.

Therefore, escaped prisoners of war will not, without the permission of G.S.I. of a corps orhigher formation, disclose any details of their experiences in connection with their escape:-

(a) either verbally or in writing to any person or persons including friends and relatives;
(b) either verbally or in writing to the Press or Broadcast Stations

Full details, however, will be given by escaped prisoners of war at the earliest opportunity to the nearest Allied Military H.Q. from whence it will be transmitted to G.S.I. at L.H.Q. or Advanced L.H.Q. direct.

0 HYGIENE DISCIPLINE

The incidence in the Army area of preventable diseases such as dysentry indicates that units are neglecting training in field hygiene.

The importance of sound training and strict discipline in this phase of Army activities must be realised by all ranks, as sickness can destroy an army far more quickly and completely than enemy action.

Hygiene staffs are provided in all formations, and these must be energetic and practical. A hygiene inspector is a unit's technical adviser against its most dangerous enemy, and his advice should be sought deliberately, never rejected or avoided.

An efficient unit always has a low wastage rate, because it prevents unnecessary disease.

(First Aust.Army Orders No.50 dated 31Mar.43)

1 DRESS

Personnel are still riding on vehicles without wearing shirts, This practice is to cease and disciplinary action will be taken against offenders, Personnel on duty are not to be permitted to remove their shirts without the authority of an officer or NCO, and then only when performing such menial duties when it is considered in the best interests of their health. The washing of clothes requires more attention.

(D.R.O. 18/43 dated 2 Apr.43)

OVER

142 UNATTENDED VEHICLES

Severe disciplinary action is to be taken against drivers whose vehicles are found unattended in the streets of towns.

171 PAY AND CAT ENLISTMENT IN AIF

On 6 Apr. 43 War Cabinet approved the lowering of the age limit for voluntary enlistment of males in the AIF to 18 years, subject to existing conditions for enlistment in the AIF.

The employment of all members of the AIF under the age of 20 years is to be subject to the same restrictions as are now applicable to Universal Service Personnel under the age of 20 years (vide GRO 1492/42).

Suitable amendments to GROs to give effect to these matters will be published at an early date.

In the meantime amendment of GRO168/42 may be anticipated to permit voluntary enlistment in the AIF of male personnel between the ages of 18 and 40 years in accordance with that GRO (as amended). It is stressed that the written consent of parents is necessary in all cases of enlistment in AIF of volunteers under 21 years of age.
