"1. It is considered by LHQ that the practice of forwarding brooches and rings showing unit colour patches is not particularly dangerous from a security viewpoint, since these trinkets would normally be sent by soldiers to friends and relatives who already know the colour patch of the sender's unit.

2. It is considered therefore, that troops should be permitted to send these tokens through the post to addresses within AUSTRALIA but not to overseas addresses."

8. UNIT CENSORSHIP. Unit censorship will, in future, be applied only to communications from a member of the AMF who is :-
(a) outside the mainland of Australia.
(b) within an area of the mainland of Australia which has been "declared" under National Security (Emergency) Regulations.
(c) in that part of West Australia north of 20° south latitude, other than that part of WA included in (b) above.
(d) in that area of Queensland north of the northern boundaries of the shires of Barkly tableland, Cloncurry, McKinley, Wyangarie, Flinders, Dalrymple and Thuringowa.
(e) writing to an addressee outside Australia.
(f) irrespective of his station, under order to move to an operational area from time of receipt of the warning or movement order.

ii. A member who is rationed and quartered by the Army, irrespective of whether he will be subject to unit censorship or not, will continue to post his letters through Army channels in order that :-
(a) unit censorship may be applied to letters, if required;
(b) the member may obtain the Army concession postage rate.

iii. A member who is rationed and quartered by the Army, but is not subject to unit censorship, will hand his letters in to unit orderly rooms :-
(a) unsealed, in the case of letters addressed overseas, to facilitate franking.
(b) sealed, in all other cases, for unit censor stamping, as this entitles the letter to the concessional postage rate.

iv. GREEN ENVELOPES will be withdrawn from all troops released from unit censorship.

v. Until a revised field censorship instruction is issued, LHQ Field Censorship Instruction No 4 will continue to be observed except to the extent that it is inconsistent with this order.

vi. It is emphasised that the removal of unit censorship does not release members from their obligation to observe strict security principles in their correspondence.

vii. For the purpose of this order, the area of the mainland of Australia which has been "declared" under National Security (Emergency) Regulations shall be deemed to be :-
(a) that part of the State of Q'ld north of 12° south latitude, including all islands forming part of that State which in whole or in part are north of 12° south latitude.
(b) the Northern Territory of Australia.
(c) the Shire of Barkly Tableland and the Districts of Haslingden, Heywood and Mt Isa in the State of Queensland.

6. ESCAPES OF AUSTRALIAN PRISONERS OF WAR FROM ENEMY HANDS.

1. It is the duty of any soldier, if captured by the enemy, to effect his escape at the earliest possible moment.
2. It is also his duty - any breach of which is a serious offence - not to communicate to unauthorized persons any information about the means employed by him or his companions to escape from enemy hands.
3. The disclosure of such information :-
   (a) prejudices the chances of other escapees ;
   (b) prevents other members of Australian or Allied forces from using the same or similar means of escape ;
   (c) endangers the lives of those who may have assisted the escapees at any stage of their escape ;
   therefore, except as provided in paras. 4 and 5 below, an escaped prisoner of war is forbidden to disclose particulars of his escape directly or indirectly to any person whatever, either by word of mouth or in writing.
