CARRIERS Owing to the sandy nature of the country which is very severe on brake drums and linings of the carriers Os/C Companys will give instructions to all personnel handling carriers that steering is to be confined to track displacement whenever possible. This can be greatly facilitated by making wide sweeps when changing direction and approaching parking positions. When brake action is necessary it should be done in first or second gear only, and with the steering brake hard on to avoid slipping.

CAMP CLEANLINESS. The general cleanliness of the camp area is still far from satisfactory, and will receive immediate attention by all Coys. After the visit of the Canteen theadjoining area is left in a filthy condition. This will cease forthwith.

BOTTLES. There is a stortage of bottles for all soft drinks and unless empties are collected and returned to Canteens, this shortage will become acute with consequent inconvenience to all ranks.

USE OF BINOCULARS. All binoculars owned by private individuals in Australia, are being impressed for Service use. It is considered most undesirable that the public should see members of the Army using binoculars at race meetings and on other non-military occasions. SECURITY Troops are forbidden under censorship regulations to post letters in Civil Post Boxes. Arrangements have been made with the Postal Authorities to check all outgoing mail.
Any member of this Unit who disobeys this instruction will be severely punished.

PAYBOOKS
PAY BOOKS All ranks are warned to notify the Pay Sergeant immediately on the loss of a pay book.

ROAD
DISCIPLINE It is observed that many M.T.Drivers adopt the practice of changing to lower gear ratios when approaching road corners with a view to reducing speed and gaining rapid acceleration after turning.
This practice is both dangerous and harmful as the braking effect is absorbed by the rear wheels only, introducing the possibility of skidding and subjecting the rear tyres to increased wear.
Units will instruct drivers to reduce speed by the application of the foot brake and take disciplinary action against offenders.

FIELD
KITCHENS Each Company will send a representative to H.Q.Company Cook-house at 0900 to study the erection of a Field Kitchen.

CHANNELS OF COMMUNICATION FOR COMPLAINTS.

1. It has come to notice that many soldiers are writing to authorities outside the Army to have complaints, applications for leave etc. dealt with.
2. This course is usually taken by a soldier who is ignorant of his rights and all ranks must be instructed as to the correct channels of communication and the actions to be taken on a complaint or request by a soldier. C.Os. will ensure that a soldier's complaint or request is not neglected through a subordinate's lack of knowledge of his duty.
3. Personnel will be instructed that a soldier's quickest means of obtaining redress of a wrong is through his own C.O. If a soldier's case is genuine, he will obtain the necessary relief through his own unit, but if his case is not genuine, writing to an outside authority will not help. In a genuine case, approach to an outside authority will merely delay the relief which would be obtainable in the Unit.
4. All ranks must understand that in certain circumstances, approach to an outside authority may constitute an offence. In the case of soldiers who have recently been enlisted from civilian life, this rule is not enforced strictly, but if a Unit is in danger of failing in its task through pressure of outside correspondence strong action will be necessary.

R.A.P. V.186387, Pte. BROWN B.J. to report at R.A.P. on Monday 29 June 42 at 0830 hrs, equipped with Service Dress, Kit, webbing gear etc.

The Unit will keep a record of the registered numbers of these articles on issue to each member.

USE OF P.M.G. FACILITIES It is reported that personnel in the field forces are demanding services from Post Offices to which they are not rightfully entitled. In one instance a soldier demanded the use of a Post Office telephone and insisted on remaining in the Post Master's Office while awaiting the call.
Instances have also been reported where troops have been indiscriminately tieing into trunk lines and endeavouring to make calls. Such actions on the part of troops are serious breaches of regulations and disciplinary action must be taken against offenders when reported. It should be realsied that the present heavy demands on communications call for co-operation rather than hindrance on the part of the forces.

NATIONAL SECURITY REGULATIONS Members of the forces or their dependents who desire to complain of breaches of the National Security (Landlord & Tenant) Regulations should not communicate with Members of Parliament or with Federal or State Departments, but should approach the nearest Clerk of Courts for advice as to their rights and obligations under these Regulations.

NATIONAL ANTHEM It has been observed that a lack of uniformity exists regarding action to be taken by Officers and Other Ranks when the National Anthem is played. The following should be noted.
(1) Whenever the National Anthem is played, all ranks in Military uniform not under the orders of the Officer commanding the parade are to stand to attention, Officers, W.Os and N.C.Os saluting.
(2) When the National Anthem is played on occasions when there is no parade, or on occasions of non-military nature, all ranks in Military uniform are to stand at attention, Officers, W.Os and N.C.Os if wearing head-dress, saluting.

DRESS Cap Covers will not be worn by Officers or O/Rs with service dress.

POSTAL FACILITIES Commencing 1 July 42, postal notes will be sold to all members of the armed services free of poundage at all P.O.Os.
Postal Notes purchased from any other sources will be subject to the poundage charges.
