Para II. INFORMATION re OUR OWN TROOPS

(a) Location
The location of the battalion is unchanged. The C Coy Guard on 5 Aust Inf Bde M T at Centennial Park SYDNEY has been relieved and a guard drawn from D Coy has taken its place.

(b) Posting of Officers
Unchanged

(c) Training
Specialist Platoons: Personnel of Signals and Mortar Platoons were attached to rifle companies during certain of the exercises mentioned below.
Remainder, specialist training principally in battalion training area.
Rifle Companies: On 26 Jul D Coy completed the 3 day exercise referred to in Intelligence Report dated 28 Jul 42.
On 27 and 28 Jul A and B Coys carried out an exercise in (i) river crossing during an attack, the object being to train comds and men in the tactical handling of assault boats equipment and (ii) mountain fighting, the object being to teach control, battle procedure, and maintenance of objective.
C Coy carried out a similar exercise on 29 and 30 Jul.
A Coy fired Table A Part II No.s. 1 - 6
Machine Gun Company: Duty company during the greater part of the week. Training included digging and wiring and revision of fieldcraft.

(d) Topography

Nil

(e) Security
At Central Station SYDNEY, on 29 Jul, a batman from this Unit heard a railway guard remark that nine troop trains were going North. Shortly after, the same man heard a civilian mention that 128 full-manned tanks had gone North. This affords an example of the way in which chance remarks may be pieced together to provide valuable information.

(f) Health
6 Cases of Measles have occurred during the week.

No topographical infm has beenreceived at these HQ during past seven days.

5. SECURITY.

Officers of 17 Bn 18 Bn and Ord Workshops have given lectures during the week on this subject.

6. MORALE.

Morale of men in cadre camps appears OK, but lack of light in tents is harmful. This is a general grievance.

7. HEALTH

There have been isolated cases of colds, 'flu, measles and mumps

8. GENERAL

1 Aust Div Concert party favourably received by tps in Bde area. Performances highly spoken of by both offrs and men.

Troops are having difficulty in obtaining sufficient razor blades. Issue last pay was one per man for the fortnight.

Ration coupons were issued to Bde tps on 1 Aug 42. Men were enquiring about tea ration coupons for use during their leave periods. No provision appears to be made for this comodity.

Whole of Bde Gp received distribution of woollen comforts from Lord Mayors Fund, organised and issued through Bde HQ to Units. Not sufficient for every man to participate, but enough for necessitous cases.

LORRIES 3 Ton FWD. Measurements were taken by angular movement of front wheels with a view to workshop action to limit the movement to 26 degrees.

44. INTERFERENCE WITH SIGNAL COMMUNICATIONS. Ref. GRO256
The practice of firing weapons from troop trains or MT vehicles on roads is forbidden. Many instances of damage to insulators and telegraph wires, resulting in considerable delay in communications, have been attributed to this.

If a telegraph wire is broken, the channel of intercommunication is immediately interrupted, and the fault must be located before the service can be restored. To effect repairs, line parties must be sent distances of up to 100 miles.

If the insulator only is broken, the wire will rest on or touch intermittently the cross-arm, producing a fault which is very difficult to locate.

Where the circuit concerned is of the carrier type, two or more telephone and telegraph channels may be affected.

The vital importance of maintaining these channels of communication is self evident.

This order is to be promulgated to all units and to R.T.C.'s who will bring it to the notice of each C.C. train. C.C.'s trains or Road Convoys will be held responsible that the order is carried into effect. Disciplinary action will be taken for all breaches.

45. CORRESPONDENCE AND ABBREVIATIONS. (Ref. 1 Aust. Div. RO 109)
Abbreviations as laid down in FSFB and appendix A of First Aust. Army G (SD) 198 will be used in messages only. Abbreviations will NOT be used in correspondence.

2 Aust. Corps. Orders. - 97 - 99 of 31 Jul '42.
1 Aust. Div. Orders - 109-117 of 4 Aug '42.

47. FIELD BURIAL OF DECEASED PERSONNEL. (Ref. GRO 263)
The work of clearing the field of battle of dead is primarily the duty of the troops. It is the duty of the staff to issue the necessary orders. These orders will include arrangements for collecting, searching, identifying and burying the dead.

The collection and burial of our own and the enemy's dead will be carried out by burialsparties commanded officers especially detailed in orders issued by commanders of formations. So far as possible, burials of our own dead will be carried out by members of the deceased soldiers own unit. The personnel of Graves Registration and Enquiry Units will not be employed for the digging of graves or carrying out of burials.

No bodies shall on any account be buried until they have been

AUSTRALIAN WAR MEMORIAL AWM2020.71.8464

searched and, if possible, identified. In this connection, attention is drawn to the fact that discs, identity, are the only conclusive evidence of identity. All ranks must be instructed that discs, identity, will be worn at all times and frequent inspections will be made to ensure that these instructions are being obeyed.

In principal, burials in isolated places or in scattered groups will be avoided, as far as operations permit, so as to facilitate the subsequent work of the Graves Service.

Every chaplain or other officer carrying out a burial will cause the grave to be marked in the regulation manner and will prepare, in triplicate, the Burial Report (A.F. W3314 (Adapted). The original and duplicate will be forwarded by him to L. of C. Area Records Office, through his own Unit headquarters, and the triplicate copy will be forwarded to the headquarters of the unit of which the deceased soldier was a member.

Instructions regarding identification of Bodies, Burials, Graves Registration, Disposal of Effects and burial of Enemy Dead are contained in Field Service Pocket Book, Pamphlet No 11A (Australian Edition), 1942.

48. HEALTH OF TROOPS. (Ref. GRO A263)

Hygiene Officers are provided to assist in the maintenance of hygiene. Their duties are to advise and supervise in these matters, but they are not responsible for the implementation of the actual work involved.

Every commanding officer is responsible for the maintenance of the health of the troops he commands. It is his responsibil to see that all measures are taken to prevent the spread of disease amongst his troops.

Attention is particularly required to the constant applicati of hygienic principles in and around camps or areas, for which a commander is responsible, and to adherence to the proper use of equipment and drugs provided for the purpose of protection against insect borne diseases.

All officers will ensure that these measures and directions are carried out, and will emphasise to the troops the importance of the prevention of disease by the adoption of precautionary measures.

Hygiene officers will visit camps, etc., frequently, and report to the commander to whom they are attached any measures deemed necessary. A copy of these reports is to be forwarded to the A.D.M.S. of the information concerned.

49. TRAINING AND EFFICIENCY OF ARMY COOKS. (Ref. GRO Q.267).

M.B.I. Q.26/1941 is amended by deleting para.6 and inserting the following:-

The object of the cooking and catering wing, A.S.C. School, North Geelong, is to train selected N.C.O.'s. for the ran W.O.II and Sgt. Cook. Personnel selected by C.O's. for this school must possess qualifications as under:-

58. NATIONAL SECURITY (LANDLORD & TENANT) REGULATION.
Units are referred to GRO A 234.

59. MEDICAL BOARD PROCEDURE.
Units are referred to GRO A287 & A289.

60. SPORTS GOODS & MATERIALS. (Ref GRO A291)

"There will probably be an acute shortage of sports goods and materials. All formations must carefully conserve such goods already in possession or hereafter supplied, and arrange for adequate storage and properly controlled issue and return. Attention must be given to the avoidance of loss or waste and to arrangements for repair and salvage of all parts of worn out goods which can be reconditioned or reused."

61. COMPANY AND SECTION ROLL BOOKS (Ref GRO A.292)

"1. Company Roll Book (AAB 76) and Section Roll Book (AAB 77) have recently been revised. The former has already been issued and the latter will be issued shortly.
2. These books will be used by units of A.I.F. and C.M.F.
3. Instructions for the keeping of these books are printed on each and will be strictly observed."

62. CONSERVATION OF RUBBER. (Ref GRO 0294)

"1. This instruction will be read in conjunction with M.B.I. 0.41/1942 and G.R.O. 0.150/1942.
2. Rubber is very widely employed in many items of army stores and equipments. In view of the drastic restrictions in supply arising from the Far Eastern situation, it is essential that all ranks take care constantly to prolong the life of items which have any rubber in them and so reduce to a minimum replacements requirements.
Unit commanders will issue orders on the conservation of rubber and rubberized articles of equipment, indicating the measures to be taken to ensure that the maximum life is obtained therefrom. These orders will contain special instructions for unit salvage.
3. Among the principal uses of rubber in the Army, apart from tyres of M.T. Vehicles which are dealt with in G.R.O. 0.150/1942, are the following :-
(a) Rubber boots, shoes, respirators anti-gas, ground sheets and similar fabrics and steel helmet linings.
(b) Most forms of electrical insulation and accumulators.
(c) Miscellaneous items, such as fan belts and radiator hose on M.T. vehicles and also other types of hose.
(d) Items of medical and dental equipment.
(e) Stationery (elastic bands, rubber stamps and rubber faced date stamps, erasers, etc.).
It is incumbent on all ranks to appreciate that these items must always be used in such a way as to obtain from them the longest possible life.

4. Some factors which tend to reduce the life of rubber and rubberized articles are :-
(a) Careless use.

.....(b)

AUSTRALIAN WAR MEMORIAL AWM2020.71.8464

CONSERVATION OF RUBBER (Contd) ...../

(b) Exposure to heat, light, oil and grease.
(c) Delay in effecting minor repairs.
(d) Use of articles for purposes other than those for which they were designed.
(e) Bad storage.

5. As with condemned tyres, all items of Army stores and equipment having a rubber content will not be destroyed but will be dealt with by the Salvage Organization with a view to possible reclamation of rubber.

6. All inspecting officers will give special attention to this subject."

3. USE OF INDELIBLE PENCILS. (Ref G.R.O. Q.304).

"1. Indelible pencils contain a dye which, if allowed to penetrate under the skin, can in certain instances produce dangerous results. The danger is caused mainly by the pencils piercing the skin or fragments of the lead working under the skin.

2. Where it is necessary that indelible pencils be used, all concerned will be instructed that every precaution is to be exercised."

4. CONTROL OF MILITARY PERSONNEL AT RAILWAY STATIONS.

"Advice has been received from the Dept. of Railways NSW drawing attention to the risk of injury to military personnel arising from the practice of troops alighting from trains on the off side on to the adjoining track.

It is stated that at some Railway Stations, as soon as the train stops, some troops jump out on to the opposite track and blindly race around the ends of the train to secure seats in buses or other vehicles travelling to the camps.

In other instances, picquets who have been provided to guard against the dangerous practice outlined above, themselves offend by taking post on the opposite track or jumping down on to the track as the train commences to move off.

The seriousness of these irregularities cannot be too strongly emphasised, and units are instructed to immediately take all necessary action to prevent any recurrence of these practices."

5. REGISTER OF OUTSTANDING ACCOUNTS.

Units are reminded that return vide 1 Div R.O. 16/41 is due at these HQ on or before 16 Aug.

6. ACCOUNTANCY OFFICERS' & SERGEANTS' MESS.

Units are reminded that return vide 1 Aust Div circ AQ 4 of 15 May 42 is due at these HQ on or before 19 Aug 42.

7. DEFERRED PAY - ADVANCE AGAINST (Ref First Aust Army RO A217).

"No authority exists for the making of an advance to a soldier against his deferred pay. Pay sgts, or paying officers of units to which no pay sgt is attached, will advise the Command Paymaster of details of books overdrawn because of such advances."

"1. Complaints have been received that Military vehs moving through private property have been leaving fences and gates open, thereby allowing stock to move on to the roads.

...../2.

PRIVATE PROPERTY(Contd.) ...../

"2. While causing inconvenience to stock owners, these straying animals constitute a menace to road traffic.

3. It is directed that where Military vehs have occasion to use entrances and exits to private property, they will be closed after use."

71. REPRESENTATIONS BY MEMBERS OF PARLIAMENT.

Units are referred to First Aust Army Orders A223.

72. FACEPIECES - SMALL & LARGE. (Ref First Aust Army Orders Q228).

This return must reach this HQ by 1300 hrs 15 Aug.

73. INJURIES TO MEMBERS - USE OF BREAD-CUTTING MACHINES. (Ref 1 Div RO 118).

"(a). In order to avoid accidents to members of the forces when using bread-cutting machines, loaves of bread will NOT be pushed into the cutter by hand but will be propelled by a piece of wood which will be of sufficient size to prevent any portion of the operator's hand coming into contact with the blade of the cutter. Every member detailed to operate a bread-cutting machine is to be instructed accordingly by the member so detailing him.

(b). In any future accidents arising from the use of bread-cutting machines, inquiry is to be made as to whether the injured member has been advised of this direction. If he has been so advised, appropriate action is to be taken again him for disobedience of orders. Should the operator not have been so advised, appropriate disciplinary action is to be instituted against the member of the forces who detailed the operator for such duty without giving him proper instructions to conform with the direction herein contained.

(c). All reports of accidents arising from the use of bread-cutting machines will contain a statement of the action taken in accordance with the last preceding sub-para and the appropriate particulars of the member against whom such action was taken and of the result of such action.

(d). Disciplinary action against the member operating the bread-cutting machine or the member detailing him for that duty, as the case may be, is to be taken under A.A. Sec. 11.

76. CLOTHING AND NECESSARIES.- ISSUES ON PAYMENT. (Ref GRO C312.)

"1. In order to prevent the exploitation of army stocks of clothing and necessaries for the purpose of defeating the objects of the national clothes rationing scheme, the following instructions will take effect forthwith and be strictly observed by all concerned.

2. Issues, on payment, to individuals of items which are subject to rationing will cease except in the following cases :-

(a) Where issues in replacement of lost or damaged items are ordered to be made at the expense of the individual concerned.-
In this connection, reports made by individuals of the loss by theft or otherwise, of items on issue to them will not be accepted as bona fide without due enquiry, and any attempt in this direction to circumvent the national restrictions on the acquisition of clothing will be firmly suppressed, disciplinary action being taken if necessary

(b) Where officers or other ranks desire to augment the authorised scale of issue.-
In these cases, issues on payment will be permitted only on the surrender by the individual concerned of appropriate number of coupons as laid down by the Rationing Commission.

3. PROCEDURE.-
(a) In the case of para 2(b) above, quartermasters will endorse separate forms W.F.22 "Issues on Payment" and will enter thereon details of sales, showing the number of coupons surrendered. 17 AUST INF BN INTELLIGENCE REPORT

for week ending 7 Aug 42

Based on information received up to 2000 hrs, 7 Aug 42

1. INFORMATION RE ENEMY

No enemy action has occurred on Bn front during the past week.

2. INFORMATION RE OWN TPS

a) Location :

On 1 Aug 42, Bn moved out on a weeks trek, a small maintenance party being left at CADRE CAMP (SYDNEY 234298). Bn H.Q. was established each night as follows :

Night	1/2	Aug	Windsor	919391
"	2/3	"	"	907543
"	3/4	"	"	876554
"	4/5	"	"	876554
"	5/6	"	"	837457
"	6/7	"	Sydney	234298

b) Posting of officers

Lt.-Col. Morgan det to RAAF School of Army Co-operation, Canberra, Course 6a, from 23 to 31 July 42.
Lieut R.H.G. Lamplough det to TEWTS, Interpretation of Air Photographs No 2 Course, from 27 to 31 July 42.
Lieut D.H. Wade-Ferrell det to 9 Fd Regt 27/29 July 42.

c) Training

Bn, during the whole trek, has been engaged in Bn exercises. Main lessons brought out were in the Battle procedure for R & O Gps of the Bn. Lack of sufficient D/R's was particularly inconvenient, and slowed down comns considerably. The trek was carried out as a Bn gp, with supporting arms under comd;- one Bty Fd Arty, one tp A/Tk, one sec Eng, one lt sec Fd Amb and one LAD vehicle. Supporting arms co-operated throughout the trek in a manner that left nothing to be desired, and the lessons learnt by all arms in movement of a Bn gp were many.
The A/Tk guns were unable to give the tactical picture of their normal role, as they were practically rd bound due to fences, orchards and ploughed fds, and consequently were unable in most instances to protect the flanks of Bn gp as they would do in action.
Fd arty comns were particularly good and in no instance throughout the trek was any exercise held up due to arty line not being laid in time. It was particularly noticeable to the O gp that the bty comd was able to tap in to his Sig line in ample time to get guns firing on the target by time asked by Bn Comd.
On night 3/4 Aug a river crossing at WINDSOR 890552 was effected. One coy was sent across at 0300/4 by assault boats to secure a bridgehead on Western Bank of River. Two additional rifle coys were sent across at half hourly intervals. Boats were unloaded at an O.L.P. in rear of crossing place and were carried to OLP's and erected by

AUSTRALIAN WAR MEMORIAL AWM2020.71.8464

working party supplied by res rifle coy. Rower-guides on basis of 2 for each assault boat were supplied by res rifle coy. These guides were made to R/V with I.O. 3/4 of an hour before Zero, and were shown exact route for each boat from OLP to FUP which was directly in rear of launching positions. One rower guide remained at river bank and one at the bow of each boat at OLP. When first coy arrived at OLP boat loads picked up each boat and were guided by the guide at bow of boat along a previously taped route to exact position at FUP. Succeeding coys were placed on FUP by IO and I Sgt. upon return of boats from opposite bank, one rower remained in the boat. and one returned to FUP and guided fresh boat load to boat. System proved particularly effective and no disorganisation occurred which was extremely gratifying as Bn had not previously rehearsed the manoeuvre. Some of the boats which were supplied by Engs had been previously unused, and it was almost impossible to erect same without a considerable noise. It is suggested that if possible new boats be erected and floated by Engs prior to being used on an exercise of this nature.
At 0330 (½ hr after Zero) Eng commenced building a pontoon raft and approaches to ferry the Bn Gp tpt across river.
It was estimated that the work would be completed by first light, but the time estimate proved to be considerably too small and the first vehicles (carriers) did not reach western bank untill 1445 hrs.
Trek was completed on 6 Aug with a tactical march by Bn gp back to camp. 17 Aust Inf Bn moved during the day from WINDSOR 837457 to CAVDRE CAMP Sydney 234298, a total distance of 37 miles. Tps although tired arrived back at camp singing.
Total time for march including two meals was 13 ½ hrs.
Actual marching time, 11 hrs.

d) "I" Section

I. Composition : 1 Offr, 1 Sgt, 1 Spl, 4 O.R's

II. Tng and work : Sec has been engaged during week in Bn exercises held on trek. IO found trek particularly instructive regarding battle procedure of Bn gp, and for tng sec in their role in Bn. This tng was unobtainable in previous treks of pl and coy nature.

3. TOPOGRAPHY

WINDSOR 1 " to 1 Mle. Rd from 909540 to 891550 is C2 unsealed.
885551 to 867556 B1 sealed
879553 878547 B1 "
878547 857542 B1 "
907497 906516 B1 "

4. SECURITY Necessity for correct and full sentry routine was impressed on tps during trek. Coy offrs continually kept check on same, when in def positions. Necessity for all-round defence was also stressed.

5. MORALE Tps seemed particularly contented during trek and morale seemed particularly high by judging by demeaneur of tps on 37 mile march back to camp in one day. Many had sore feet but very few dropped out and the bulk of those were due to complete collapse of the soles of their boots.

6. GENERAL

It is felt that a kindred spirit has been built up between 17 Aust Inf Bn and tps which were att during trek. Offrs particularly have been able to mingle and discuss their problems. A system of interchanging offrs of units and att tps for short periods during tactical manoeuvres would be particularly helpful, both from the point of view of allowing offrs to gain knowledge of other arms and also to allow offrs to get to know each other better and foster the personal element which is so necessary between units which must work together.

2 b. TRAINING.

In the early part of the week all Coys completed a set exercise on Coy in withdrawal with immediate counter attack. Later three set Bn. exercises were undertaken.

1. Bn, in attack by day.
2. Bn. in defence.
3. Bn. Night attack.

All exercises were well executed and in discussions held subsequently weaknesses were pointed out and mistakes rectified. Discipline of troops on these exercises was remarkably good.

On Saturday 8 Aug. the Bn. commences a seven day trek designed to practice the following:- Battle procedure, Protection when advancing, Passage of water obstacles, Night attack, Attack by day, Occupation of a defensive position.

Troops will be attached from the undermentioned Units:
9 Fd. Regt., 9 Fd. Coy., 9 Fd. Amb., 254 L.A.D., 111 A/Tk. Regt.
T.E.W.Ts for these exercises have also been undertaken by officers.

AUSTRALIAN WAR MEMORIAL AWM2020.71.8464

2c. Information re "I" Sec.

1. Composition: There has been no alteration in the composition of the section.

2. Training: Members of the section have given lectures on various phases of "I" work. Personnel actively participated in the Bn exercises mentioned above, acting as guides at night and fulfilling duties of "I" Sec. in full. Recce work has been undertaken and maps completed for the forthcoming exercise. Work on the relief map is proceeding. Members were each allowed a few minutes study of a map and sent on a night march in te eming rain and all arrived safely at the R.V. and in good time.

3. Topography:
Recce work in the area covering Bn. trek has been undertaken and will be forwarded in due course. An old wooden bridge on the Wilberforce Rd. ref. Windsor832518 has been replaced by a concrete construction classification 24.
Debris caused by minor landslide on the MC, Carrs creek road ref. B.B.260407 to 285425 has been cleared away. the road will now take 2 streams of traffic. In the Windsor district sign posts giving names of main roads and highways are being replaced by others giving route numbers only.

4. Security:
No matters of a subversive nature have occurred nor have there been any incidents. Morale of troops is high and discipline good. This is manifest by troops reaction to long and arduous exercises, recently completed and those about to be undertaken.

5. Health:
A mild outbreak of measles has occurred in recent weeks. This appears to be diminishing, no further having occurred this week. Two more cases of mumps were evacuated. An outbreak of colds and sore throats has also ceased. Sick Parades are now back to normal.

This report has been compiled entirely on the morning.

17 AUST INF BN INTELLIGENCE REPORT

For week ending 15 Aug 42

Based on information received up to 2359 hrs 14 Aug 42

1. INFORMATION RE ENEMY

No enemy action has occurred on Bn front during the week.

2. INFORMATION re OWN TROOPS

a) Location

I. During week Bn H.Q. has been situated at CADRE CAMP (SYDNEY 234298). Coys have been tng in areas adjacent to camp.

II. Posting of officers

Capt CADOGAN (N 38380) det to 9 Aust Fd Amb from 8 to 12 Aug 42.
Major NEVILLE C.H.(N 38382) det to Reg Comds School, Studley Park.

b) Training

During week, coys have been tng in areas adjacent to Cadre Camp (SYDNEY 234298). Coys have concentrated to a great extent on weapon tng, in preparation for the week commencing 17 Aug 42 which is to be occupied with range practice at ANZAC RIFLE RANGE. The following subjects have also been included in the tng :

GAS TNG

All coys have been through a two days' course conducted by Unit Gas Offr, and have been through the T.O.E.T's.

BATTLE PROCEDURE

Lectures by offrs to men have been given in Bn and Coy battle procedure. It was felt that during coy and bn exercises that men did not appreciate exactly what was going on during various phases of the exercises, with the consequent loss of keenness. Considerable interest was dis played by men during these talks, even regarding procedure of Bn "H" and "O" Gps.

SMOKE

Coys have given talks on use of smoke, and have given practical demo's of same.

LOADING OF PL TRUCKS

Coys have practiced the loading of pl trucks, both by day and by night. Stores were laid out on ground outside coy "Q" store and from this stage on, coy were able to load its pl trucks in 3 minutes during the day. Night time conditions were simulated by blindfolding men, which is naturally worse than the darkest of nights, and truck was loaded in 20 minutes by senses of touch alone.

TREE CLIMBING One coy practiced tree climbing to a height of about 20 ft.

AUSTRALIAN WAR MEMORIAL AWM2020.71.8464

RAVINE CROSSING BY ROPE.

This was also practiced. 2 ropes, one about 6 ft. above the other, were stretched between two trees about 20 ft. from the gnd. Men crossing held on to top rope and walked on bottom rope. In first attempts men lacked confidence, but confidence and speed were quickly gained. Men crossed in battle order, rifles slung.

GRENADE TNG.

Coys. have given refreshed lessons on this subject.

RIVER CROSSING.

Coys. have practiced men in making floating raft for equipment of two men, as mentioned in A.T.M. (AUST.) 12. A speed of 6 men's was attained as against the 8 men's mentioned. It was also found that ~~6~~ 8 such rafts would support two Bren Guns instead of one.

MORTAR AND MMG TRAINING.

Rifle coys. have been instructed in elementary handling of mortar and MMG. It is hoped to bring all rifle coy. personnel to the standard where they can load, fire and aim an M.M.G. and mortar, so that, should the crews of such weapons be disabled in action, the weapons can be manned by any personnel from any coy.

c) Information re Intelligence Sedtion.

1. COMPOSITION : 1 Offr., 1 Sgt., 1 Cpl., 6 O.R's.

11. PERSONNEL : Pte. J.A. Bradley (N237008) and Pte. G.W. Macoun have been transferred to "I" Section as prospective "I" personnel.

111. TRAINING AND WORK:

I.O. has instructed a school for intelligence personnel which embrace the main subjects of "I" work and section will be engaged for approx 2 weeks on this course. During week "I" Sgt. conducted a 3 day map and compass reading school for carrier personnel.

3. TOPOGRAPHY.

No new topographical infm. has been recorded during the week.

4. SECURITY.

During this week several minor thefts of clothing and equipment have been reported, and I.O. after investigation has come to the conclusion that it is the work of children who frequent the camp area. The matter has been reported to the police, who will take the necessary action and interview parents of these children regarding their presence in camp area. This course we consider being preferable to taking military action, as the children's natural fear of policemen will, I.O. feels sure, deter them from entering the camp area.

MORALE.

Tps. generally seem content, although recreational facilities for the individual soldier are poor, and lights in tents are exception rather than rule. Range practices are commencing on 17 Aug. at ANZAC RANGE and interest should be keen, especially as small prizes on results are being donated by coy. offrs.

d) INFM RE I SECS 17 AUST INF BN Composition. - Pte J.A. Bradley, N 237007 and Pte G.W. Macoun have been transferred to 'I' Sec as prospective 'I' personnel. I.O. has instructed at a school for 'I' personnel, which embraced the main subjects of 'I' work. Section will be engaged for approx 2 weeks on this course. 'I' Sjt conducted a three day Map and Compass reading school for Carrier personnel.
18 AUST INF BN. No change in composition. Personnel of section took an active part in the trek, maintaining Action Diaries, Message Logs and Sit Maps etc., whilst on the move. Members were attached to rifle coys for the purpose of observing the workings of a rifle coy in the field and to assist in the forwarding of infm. Good work was done in guiding the Bn in various night manoeuvers. At conclusion of trek members submitted reports and held discussions on various aspects of the exercise, from which much useful infm was gained.

3 TOPOGRAPHY

GLENHAVEN RD. A track shown on the map as a continuation of Glenhaven Rd, across CATTAI CR from ref WINDSOR 1" 973370 to 968366 is in reality a rd of Bi classification. The foundation is solid but in parts the surface is worn. It can be negotiated by heavy traffic.
From infm received it would appear that the TERRACE RD continues accross the gully from ref WINDSOR 1" 773523 to 783518. There is no such rd. The only rds in this area are as shown on the map and are of Bi classification.

4. SECURITY.

Lectures on this subject have been given by offrs to troops of Bde Ord W/shops and Bde Ord Fd Bk.
It has been reported from 17 Aust Inf Bn that during this week several minor thefts of clothing and equipment have been reported and I.O. after investigation, has come to the conclusion that it is the work of children, who frequent the camp area. It has been reported to the police, who will take the necessary action, and interview parents of these children regarding their presence in the camp area. This course, we consider, being preferable to taking military action, as the childrens' natural fear of policemen will, I.O. feels sure, deter them from entering the camp area.

5. HEALTH OF TROOPS.

There has been one SUSPECTED case of diptheria with Bde HQ and several cases of coughs, colds, influenza, mumps and measles have been reported from units in the Bde area.

6. GENERAL.

Capt TADGELL of Divisional Camouflage Section proposed camouflaging two Anti-Tank Guns as a demonstration to HEADQUARTERS Battery. Two tactical sites were shown to Capt. TADGELL who is having guns camouflaged in these sites on 1 Sept 42.

On 10 Aug 42 8 Bn VDC 'I' Sec attended lecture by Mr Neill Dengate, late AIF on his escape from the Island of Amboina. Important sidelights were relatedon the conduct of the defence of the island. Emphasis was laid on the necessity of prisoners of war being prepared to escape even when the circumstances seemed quite hopeless.

Subtended is extract from 8 Bn VDC 'I' report for week ended 13 Aug 42 :
" It is desired to place on record the fact that there is a considerable lack of standardisation of conventional signs in all maps received to date - 2" to the mile black, 1" to the mile (both 417) and the new tactical sheets. 2. B' TRAINING.

The Bn has just completed a weeks trek planned with the object of practicing, Battle Proceedure, Protection when Advancing, Passage of Water Obstacles, Attacks by Night and by Day, Occupation of a defensive Position, etc.

The exercise was very successful in that every opportunity was taken to co-operate with attached arms such as Artillary, Engineers, and A/Tank Regts,

Different officers were given command of the Bn during various phases of the exercise and gained much experience thereby.

The main phases of the trek were, The control of M.T. and marching troops through defiles such as the Galston Gorge, the movement of approach and first contact always keeping two firm bases securely held, The night crossing of the Hawkesbury River, troops crossing by recce and assault boats and transport bymeans of pontoons constructed by the Engineers, The gaining of objectives across the river and the holding of the river Crossing, A night attack on high ground near Freemans Reach, An attack by day in the vicinity of the Terrace, The occupation of a defensive position on a ridge near Kurmond and The Slopes, The sudden withdrawal and movement of troops and transport back across the bridge at WINDSOR, and the surprise attack by supposed enemy parachutists when crossing GLENHAVEN FORD.

On the return to camp, a conference, which lasted all day, was held for officers and senior NCOs at which various phases of the exercise were discussed, weaknesses and mistakes pointed out, and suggestions made to counteract them.

Generally speaking, the whole exercise with the subsequent discussion proved very successful.

AUSTRALIAN WAR MEMORIAL AWM2020.71.8464

2. Information re "I" Section.

(a) Composition. There has been no change in the composition of the "I" Section.

(b) Training. Personnel of the Section took an active part in the trek, maintaining action diaries, message logs, situation maps etc., on the move. Members were also attached to Rifle Coys. for the purpose of observing the workings of a rifle coy in the field and to assist in the forwarding of information. Good work was also done in guiding the Bn in various night manoeuvres. At the conclusion of the Trek, members submitted reports and held discussions on various aspects of the exercise, from which much useful information was gained.

3. Topography.

Glenhaven Rd. A track shewn on the map as a continuation of Glenhaven Rd across Cattai Creek from reference WINDSOR 1" 973370 to 968366 is in reality a road of B1 Classification. The foundation is solid but in parts the surface is worn. It can be negotiated by heavy traffic.

From information received it would appear that the TERRACE RD continues across the gully from reference WINDSOR 1" 773523 to 783518. There is no such road. The only roads in this area are as shewn on the map and are of B1 classification

4. SECURITY.

No matters of a subversive nature have occurred nor have there been any "incidents Morale of the troops is high and discipline good. This is manifest by troops reaction to the long and arduous exercise, hard marching, continual movement, cold weather without fires, and long hours without sleep. In fact the standard of marching has become very high, troops appearing quite fresh after marching from 25 to 30 miles in the day.

5. HEALTH.

Health generally is good. The number of cases of sore feet as a result of the exercise is quite small. A slight outbreak of colds is still in evidence. Three cases of mumps and one of measels were evacuated and the necessary precautions taken.

6. GENERAL.

Special mention might be made of the good work done by the "Q" Staff and 2 i/cs of Coys. Food during the exercise was good, both in regard to quality and quantity. Troops seldom had to wait for meals.

Based on Infm received up to 23 Aug 42.

1. INFM RE ENEMY.
Units of 9 Bde Gp have not yet directly come in contact with enemy forces.

2. INFM RE OWN TPS.

a) LOCATION. See Appendix 'A' attached.

b) POSTING OF OFFICERS.
No change.

c) TRAINING. 9 DEF PL. This sub-unit acted as enemy during 48 Bn trek and is now engaged in maintaining camp area.
BDE MT school returned from 7 day exercise on 21 Aug 42.
17 AUST INF BN. During week whole Bn was occupied with range practices at ANZAC RANGE. A great improvement was noticeable in the standard of firing due to constant coaching by NCOs and Offrs. Accurate figures are NOT yet available, but approx averages are:-

	Part 2 Rifle	Bren
Rifle Coys	88% qualified	89% qualified
MMG Coys	88% "	NOT fired
HQ Coy	80% "	80% qualified
		A/A Pl only fired.

Part 2 VICKERS
MMG Coy 95% qualified.

18 AUST INF BN. The Bn took its two days monthly leave during the week, hence training was somewhat curtailed. Subsequent to a conference held following the recent bivouac, an intensified course of map reading has been given to all tps. It is planned to include officers and NCOs in a more advanced course in the near future.
A three day school for orderlies (four from each coy) has been conducted. Particular attention was paid to map reading, night training and verbal messages. Schools for Don Rs and Traffic Police are also planned for the future. Advanced training in musketry, Anti-Gas and Bayonet has also been undertaken by the Bn. All Coys have carried out route marches with full marching order and S.A.A. The miniature range has been in constant use. Commencing Monday 24 Aug the Bn will spend five days at Anzac Rifle Range. It is anticipated that combined manoeuvres with Arty will take place.
48 AUST INF BN. On 16 Aug the Bn moved out on a seven day trek in the Broken Bay area in which exercises in the defence of a road, an attack by day and a night attack were incorporated.

Based on Infn received up to 20 Aug 42

1 INFM RE ENEMY.
Units of 9 Bde Gp have not yet directly come in contact with enemy forces.

2 INFM RE OWN TROOPS.
General- 9 Aust Def Pl . In accordance with instructions this unit was disbanded as from 2000 hrs 26 Aug. personnel being distributed with units within the Bde.
48 Aust Inf Bn. On25 Aug this unit was withdrawn from the command of 9 Aust Inf Bde and placed under command 28 Aust Inf Bde.
1 Aust Inf Bn. This unit was placed under command of this Bde as from 0001 hrs 27 Aug 42.

a) LOCATION. See Appendix A attached

b) POSTING OF OFFICERS. Herewith see Appendix B regarding 1Aust Inf Bn.

17 Aust Inf Bn On 26 Aug 2 Offrs and 72 O.R.'s from "E" (M G) Coy were marched out to 6Aust M. G. Bn. The Offrs were Capt Gay A. I. (N38556) and Lieut Moore H.F. (N38620) On 24Aug Capt Parkhill N.J.V. (N39309) was det to OTS (Wooloomanatta) NO19
On 26Aug Lieut Tucker N.G. (N35703) rejoined unit from 9 Aust Inf Bde.
18 Aust Inf Bn.With the formation of 6Aust M.G. Bn the Offrs are no longer with the Bn. Maj. Elliott W. Lieut McClenahan C.
Capt. Savell C.R. Lieut Parker G.D.
Lieut. Burns C.D.
Maj Brown has now been posted 2i/c Bn.
Lieut Baillie J.W. marched out to school of Works and Camouflage at Southport QLD.
Lieut Saunders S.R. was posted as acting O.C. D Coy.
Lieut Lodingham J.P. marched in from Small Arms School , Bonegilla.
9 Aust Inf Bde. There has also been a re-posting of Offrs at Bde H.Q. as a result special Appendix has been prepared and is attached.

c) TRAINING 1Aust Inf Bn. During the week training was carried out in accordance with syllabus. Prior to comming under command of this Bde the entire Bn completed a 4 days trek in vicinity of Port Hacking.

17Aust Inf Bn. On 27Aug a demo was given by 9 Fld Rgt at HOLSWORTHY of firing at targets chosen by 17Aust Inf Bn Coy Comds to give Coy Comds the experience of how quickly support could be expected from the Arty. Remainder of Bn were spectators.
On 28Aug Bn Motar Pl gave a demo of firing and the remainder of the B n. were spectators. In afternoon, a test for Offrs and a rehearsal for tps was held in preparationfor exercise on night 28/29 Aug inthe form of an attack. Main lesson learned from night stunt was neccessity of attacking Coys to keep direction during attack, as it was found that Coys were apt to veer off line of advance towards enemy fire, which was purposely placed on their flanks.
Behaviour of tps as regards silence and usual night discipline was exemplary.

18 Aust Inf Bn. The whole week was spent in musketry practice which proved very successful. Alltroops in the Bn have completed Table A parts 1 and 2. The number of those who failed to qualify being very small indeed,averaging less than six per Coy. All Coys also used the Bren guns extensively. Troops not participating in musketry or range duties were given practical work in Mapping.
There took place on 29 Aug a combined Arty and Inf exercise on HOLSWORTHY range. Tps also viewed a demo of two tanks the M3 & MATILDA.

17 AUST INF BN INTELLIGENCE REPORT

for week ended 28 Aug 42

Based on information received up to 2359 hrs 28 Aug 42

1. INFORMATION re ENEMY — No enemy action has occurred on Bn front during week.

2. INFORMATION re OWN TPS

a) Location

I. On 26 Aug, Bn moved from CADRE CAMP (SYDNEY 234298) to Bivouac Area at DIVERPOOL 958059. All coys moved out, but small maintenance party was left at CADRE CAMP.

II. On 26 Aug 42, 2 Offrs and 72 O.R's from "E"(M.G.) Coy were marched out to 6 Aust M.G. Bn, with full W.E. equipment and tpt.
The offrs were Capt Gay A.I.(N 38556) and Lieut Moore H.F.(N 38620).
On 24 Aug Capt Parkhill N.J.V.(N 39309) was det to OTS (WOOLOOMANATTA), Course No 19.
On 26 Aug, Lieut Tucker N.G.(N 35703) rejoined unit from 9 Aust Inf Bde.

b) Training

On 27 Aug a demo was given by 9 Aust Fd Regt at HOLSWORTHY RANGE of firing at targets chosen by 17 Aust Inf Bn coy comds to given coy comds the experience of how quickly support could be expected from the arty. Remainder of Bn were spectators.
On 28 Aug Bn mortar pl gave a demo of firing and the remainder of Bn were spectators. In afternoon, a tewt for offrs and a rehearsal for tps was held in preparation for night exercise on night 28/29 Aug. Night exercise was held as an attack from N orth on GORDON RIDGE, and procedure of approach march, advance from ~~FUP/X~~ P of A to FUP and advance from FUP to objective was gone through. Main lesson learned was necessity of attacking coys to keep direction during attack, as it was found that coys were apt to veer off line of adv towards enemy fire, which was purposely placed on their flanks.
Behaviour of tps as regards silence and usual night discipline was exemplary.

c) "I" Section

I. Composition : 1 Offr, 1 Sgt, 1 Cpl, 5 O.R's.
On 22 Aug 42, Pte Hansen J.E.(N235160) was tfd to AACS, NSW L of C Area.

II. Tng & Work

During 2 last days of last week, syllabus was continued under direction of I.O. During Bn bivouac, personnel have been watching demos and participating in night attack.

AUSTRALIAN WAR MEMORIAL AWM2020.71.8464

3. TOPOGRAPHY

No new topographical infm has been recorded.

4. SECURITY

Tps have been impressed with necessity of keeping children out of camp and bivouac area, and were made to conduct roving patrols through bivouac area to give effect to same.

Morale

As usual, tps seem much more contented, despite worse conditions, when out of camp. Since bulk of men and offrs have tfd to A.I.F., a spirit of unity and team work has been built up, and men now seem to take a pride in their unit and work. Physical standard of men is high, and no day, no matter how hard, makes them too tired to sing on return journey to billets.

90. LEAVE.

Units are referred to Second Aust Army RO 158. The leave policy of these HQ will be unaltered.

91. COMPLAINTS BY MEMBERS OF THE FORCES.(Ref Second Aust Army RO 159).

"Commanders and Commanding Officers will ensure that, when representations are made on behalf of soldiers by Members of Parliament or Members of the Public suitable replies are furnished.

Precise rules cannot be laid down to meet every case but generally the reply should state that the legally authorised method for obtaining redress of grievances is that the soldier must make application through or to his Commanding Officer, in accordance with a procedure which is regularly explained to all ranks, and that any complaint made through the authorised channels will be thoroughly investigated and if it is established that the individual has suffered a wrong, action will be taken to redress it as fully as possible. Care is to be taken that the tone of letters is such as to inspire confidence that the Army is willing and anxious to adjust complaints if properly submitted and that men submitting genuine complaints have nothing to fear.

It is essential if the prescribed channel is to be preserved, and proper organization and discipline is to be maintained, that men should have ready access to their Commanders regarding grievances and that those who submit matters which they believe constitute just cause for complaint, are made to feel that their Commanders will ensure to the utmost of their power that justice is done. Such an attitude is essential if leaders are to obtain and hold the confidence of their men.

All Commanding Officers will therefore ensure that complaints by soldiers are expeditiously and impartially considered, and, if a grievance is well-founded that it is redressed without delay.

Attention of Commanding Officers is drawn to GRO 108 of 19 Jun 42."

97. MOTOR CYCLES - FIRE HAZARD (Ref Second Aust Army Order 166, 1 Aust Div RO 149

"1. A warning notice is given to units recently issued with WD type BSA 500 cc. side valve model motor cycles.

2. Difficulty in starting these machines is due to incorrect setting of the controls; consequently, if the carburetter is flooded to excess, the engine is liable to back-fire and ignite the petrol.

3. Similar trouble of back-firing and petrol igniting has been experienced with these machines when in course of travel, due to slightly lean mixture.

4. Pending the result of further tests now being conducted to dispel the risk of fire, which will be promulgated at a later date, the following instructions are issued as a guide :-

(a) Riders of BSA motor cycles of the abovementioned type will adhere strictly to the advice given in the manufacturer's instruction book; particularly in regard to starting up.
(b) When preparing to start, set the throttle at $\frac{1}{8}$ inch (one-eighth inch) open. Do not unnecessarily flood the carburetter.
(c) When machine is travelling, close the air control lever sufficiently to allow smooth running without developing too rich a mixture.

5. The correct procedure to extinguish a fire on a motor cycle is :-

(a) Turn off petrol.
(b) Raise and hold valve-lifter open.
(c) Keep on turning over the engine with the kick-starter, or alternately, wheel the machine along in gear. "

90. LEAVE.

Units are referred to Second Aust Army RO 158. The leave policy of these HQ will be unaltered.

91. COMPLAINTS BY MEMBERS OF THE FORCES.(Ref Second Aust Army RO 159).

"Commanders and Commanding Officers will ensure that, when representations are made on behalf of soldiers by Members of Parliament or Members of the Public suitable replies are furnished.

Precise rules cannot be laid down to meet every case but generally the reply should state that the legally authorised method for obtaining redress of grievances is that the soldier must make application through or to his Commanding Officer, in accordance with a procedure which is regularly explained to all ranks, and that any complaint made through the authorised channels will be thoroughly investigated and if it is established that the individual has suffered a wrong, action will be taken to redress it as fully as possible. Care is to be taken that the tone of letters is such as to inspire confidence that the Army is willing and anxious to adjust complaints if properly submitted and that men submitting genuine complaints have nothing to fear.

It is essential if the prescribed channel is to be preserved, and proper organization and discipline is to be maintained, that men should have ready access to their Commanders regarding grievances and that those who submit matters which they believe constitute just cause for complaint, are made to feel that their Commanders will ensure to the utmost of their power that justice is done. Such an attitude is essential if leaders are to obtain and hold the confidence of their men.

All Commanding Officers will therefore ensure that complaints by soldiers are expeditiously and impartially considered, and, if a grievance is well-founded that it is redressed without delay.

Attention of Commanding Officers is drawn to GRO 108 of 19 Jun 42."

9 AUST FIELD AMBULANCE AAMC

1. The Unit administrative H.Q., is located at "Green Toad", St. Ives.

H.Q. Coy. is at MDS,Pennant Hills,with an Ambulance collecting post at French's Forest.

"A" Coy. Located at "Green Toad". Light Section at present detached to "B" Coy.

"B" Coy. Administering 21st Aust Fd Amb area, MDS, Bankstown Baths.
Collecting Posts at Lakes Golf Club and Bondi Bowling Club..
Light Section taking part, under Lt. Dunlop, bearer officer, in tactical exercises with 17 Aust Inf Bn - 1 Aug - 7 Aug/42.

2. The training of the Unit is chiefly in such matters as can be taught around camps. Owing to our dispersed state, any unit training is impossible, and Field Work is reduced to an absolute minimum.

3. The country around the "Green Toad" is excellent for field work. The route march daily along the pipeline is along four miles of precipitous country as it is possible around Sydney.

4. There is an element of disappointment among the troops that we are not being given a more active role in the troop movements.

5. This Unit is very fortunate in its health. We have had very few cases of serious illness and very few cases of infectious diseases.

17 AUST INF BN INTELLIGENCE REPORT FOR WEEK ENDING 31 JUL 42.

Based on information recieved up to 2359 hrs 31 JUL 42.

1. INFORMATION re ENEMY. No enemy action has occurred on Bn front during the past week.

2. INFORMATION re OWN TROOPS.

LOCATION. (1) Bn has been located at CADRE CAMP (SYDNEY 234298) during the past week.
(ii) Lt. Col MORGAN C.E. (N38381) rejoined unit on 30 JUL 42.
Lieut. WADE-FERRELL (N39037) was detached to 9 Fd Reg on 29 JUL 42.

TRAINING. Bn has been engaged during week in Bn exercises in areas adjacent to CADRE CAMP. Individual tng and bayonet assault practice has been continued.
Bn trek in area vic WINDSOR commences on 1 AUG 42.

I Sec Composition. 1 Offr 1 Sgt, 1 Cpl 4 O.R.'s
Tng & Work. I.O. has been in attendance at CAMDEN Aerodrome during the week at a school for interpretation of aerial photographs.
Sec has been engaged in correcting M.S.Sheets, and also in the Bn exercises which have been held during the week.

3. TOPOGRAPHY. As Sec has been engaged in Bn exercises during the week, no new topographical information has been recorded.

4. SECURITY. Offrs have been continuing to deliver short lecturettes to tps on the subject of security.

MORALE. Tps seem more contended on the whole, now that transfers to the A.I.F. are being effected. Bn trek should hold interest of tps and make the men more contented than in CADRE CAMP.
