241. A.A.B. 83. (RECORD OF SERVICE BOOK)

1. All personnel should be in possession of an A.A.B. 83. Any member who has not been issued must report the fact immediately to Coy H.Q. Books have been completed so far as is practicable, and further particulars will be entered, as and when information is received from Records Office.

2. Attention of all personnel is drawn to instructions printed on inside cover of A.A.B. 83.

3. The loss, destruction or defacement of an A.A.B. 83 by a wilful act or negligence, or the unauthorised alteration of any information contained therein, is an offence in respect of which a charge will be under A.A. 40.

4. Entries in relation to Next of Kin may be inserted by member concerned, but any alteration must be immediately advised to Coy H.Q.

242. PROMOTIONS:

243. ANTI-MALARIA CONTROL.

In view of the fact that Anopheline Mosquitos have been found by Malaria Control Unit, in this Camp Area, it is desired that Anti-Malarial precautions as set out from time to time receive even greater attention by all personnel in the future.

Platoon Officers & NCO's will ensure that all precautions laid down are STRICTLY policed, and it is emphasised that, whilst administration of atebrin must be carefully supervised at all times, preventative measures such as nets, spraying of tents, and particularly correct application of repellant lotion, in order to PREVENT personnel from becoming infected must receive continual attention.

Destruction of all possible breeding places within the area is most important, and Officers & NCO's must continually ensure that old tins etc., which could hold water, and form breeding places for the mosquitoes, are NOT left lying around the lines.

All personnel are again reminded that it is in their OWN, as well as the Coy's interest to ensure that all Anti-Malarial measures are strictly observed. Furthermore troops should bear in mind that, if they become infected, they become a source of danger to the remainder of troops in the vicinity.

Personnel are advised, therefore, that strictest disciplinary action will be taken against any future offenders in this direction.

LOST JEEPS:

Jeeps Nos. 58065 and 135479 are notified as having been lost.

All personnel are instructed to watch for these vehicles. If seen, the nearest provost will be immediately notified.

Officers and NCO's should stop the vehicles, if seen by them and suitably question the drivers. Particulars of Name, Number and Unit should then be given to nearest provost.

247. PATROLS:

The following information is furnished in a signal from Lae Base Sub Area.

"Warn all personnel that from 1700 hrs 4 Jan the area 724392 - 706390-705404 717422 - 721411 - 724392 LAE 1/25000 will be patrolled by armed RPC personnel each day and night till further advised. Aust personnel required to move in this area will use only clearly defined and recognised tracks. It is desired that movement within this area outside camp sites be kept to a minimum.

This Area mentioned is bounded by a line running from the mouth of the Busu approx 1½ miles North to Malahang Mission, thence approx 2½ mile North East, following approx South West along Eastern edge of Malahang Airfield, (approx ⅝ mile) then South to meet coast approx ⅝ mile East of the wreck at Malahang Anchorage.

248 USE OF MT TO PICTURES AND CONCERTS.

Instructions have been received that use of MT for the purpose of conveying personnel to picture shows and concerts, will be prohibited.

It is advised, therefore, that in future, personnel will be transported only as far as the further edge of the jungle strip. Vehicles will then return to lines.

Platoons will continue to submit numbers of personnel wishing to attend picture shows. as previously, with exception that returns will now be required not later than 1730 hrs.

249. UNAUTHORISED USE OF FOL.

It has come under notice that personnel are using petrol, kerosene, or distillate in some cases, for lighting fires when no dry wood is available, and for the purpose of burning off scrub etc. These fuels are too valuable to be used for this purpose. Supplies of diesel fuel are available and may be drawn from B I P O D by units for lighting of fires.

250. DUNNAGE FROM SHIPS.

Attention is drawn by Lae Base Sub Area to indiscriminate use of Dunnage, and the following is published for information of all personnel.
Ships arriving in LAE PORT carrying Aust Cargoes have been unloading dunnage which has been indiscriminately used.
Owing to short supply of Engr Stores in this area dunnage will become a controlled store in accordance with priorities laid down by Q Branch this HQ.
Requisitions for dunnage will be submitted through normal channels on an S18 in triplicate. Unit Comds will NOT obtain unauthorised issues from Port Area.
Port Det will be responsible for collections of dunnage in Beach Transit Area for removal to main Engrs Dump.

251. USE OF MT.

Transport NCO's of Aust Gen Tpt Coys are now authorised to sign work tickets (AAF C.2) if no officer is available.

261. FIRE DANGER:

Personnel are reminded, in view of the present dry conditions, of the danger of fires in the area.

All troops will exercise greatest care in lighting of fires, and in the event of fires being lighted, they will be attended at ALL times.

The danger of throwing cigarette butts and matches carelessly amongst dry undergrowth is particularly emphasised.

Personnel are again reminded of the danger of smoking and of bringing unshielded lights into the vicinity of P.O.L. points, Ammunition dumps, vehicle M.T. Parks or Platoon M.T. bays.

Coy Standing Fire Orders are to be read to all troops on parade within the ensuing 48 hours.

262. PERSONNEL REPORTING BACK TO UNIT:

Considerable unnecessary inconvenience and work is being occasioned by the practice of personnel reporting back from hospital, detachment etc., direct to their respective platoons, without first reporting to this H.Q.

This practice will cease. In future ALL personnel returning to the Unit, under the circumstances mentioned, will first report to this H.Q. Orderly Room in the correct manner, before returning to their platoon.

NOTICES.

MEETING OF UNIT SPORTS COMMITTEE - 7/1/44.

The recently formed Unit Sports Committee held its first meeting at 1600 hrs 7/1/44. Lieut Chipperfield presided.
The following suggestions were put forward:-

Card Tournaments to be held MONDAY nights.
Table Tennis " " " TUESDAY "
Pictures are shown at 104 Site WEDNESDAY nights.
Quiz Sessions to be held THURSDAY nights.
Pictures are shown at Sawmill Site FRIDAY NIGHTS.
" " " " 104 " SATURDAY nights.
Swimming and swimming contests to be held on SUNDAYS.

The Committee felt that, whilst sufficient interest in the formation of a Unit Cricket team, to play outside teams, is apparent, personnel would not be in favour of a programme of similar strenuous sports within the Unit.

AUSTRALIAN WAR MEMORIAL AWM2021.62.1019

NOTICES.

...G OF UNIT SPORTS COMMITTEE - 7/1/44. (CONT.)

It is appreciated that a number of troops in the Coy, however, would perhaps be interested in cricket, tennis, badminton etc. and it is requested that personnel interested in ~~xxxxxx~~ any form of organised sport and recreation, contact their platoon sports representative on the matter.

It is anticipated that the Sports Committee will meet weekly, as far as is possible, to discuss new suggestions.

The following areas are out of bounds to all troops unless on duty or in the case of medical units during the approved visiting hours.

(a) ANGAU HQ and Native Compound.
(b) All native villages.
(c) Hospitals and Casualty Clearing Stations.
(d) Bulk Canteen
(e) Airstrip and admin offices attached thereto.

In the event of personnel having to visit native villages on duty application to do so must be submitted to this HQ and a pass obtained.

Any contravention of the above orders will be regarded as an offence.

274. BATHING IN CREEKS:

Owing to the necessity of protecting the health of troops in this area and the fact that water is drawn for drinking purposes at various points on waterways, notices are being erected at all points where bathing is prohibited.

Natives are not allowed to bathe in creeks except in their approved areas. Troops will therefore discourage any natives noticed bathing in camp areas.

275. BATHING:

The practice of bathing in the nude in the following locations will cease forthwith:-

Butibum River - within 300 yds of road.
Voco Beach - between Airstrip and Butibum River.
Butibum river - between 681430 to 681424 ref Map LAE 1/25000.

276. APPRECIATION: (Extract from 5 Aust Div R/Os.)

Master of "Robert Stuart" advised this H.Q. prior to departure of his vessel from Port of Lae that discharge of cargo and clearance of Port Area was the most expeditious he had experienced, even including the Port of San Francisco which is considered to be one of the fastest working ports in the world.

Comd this HQ desires that this appreciation be conveyed by Unit Comds to all Officers and Aust Troops who carried out the work of discharging the cargo from this vessel and clearance of Port Area.

279. THEFT OF JEEPS:

In view of the number of instances of Jeeps being stolen recently, drivers are reminded that vehicles are NOT to be left unattended at any time, in accordance with previous instructions issued.

280. NADZAB CONVOYS:

1. By direction HQ Lae Base Sub Area, American Provosts on the Nadzab Road will not demand a manifest or load slip for Australian Vehicles, but may check the Work Ticket in accordance with normal procedure.

2. If at any time demands for load slips or manifest are made by American M.Ps. the Dvr or NCO in charge is to obtain particulars and name of M.P. concerned and report the details to his Coy H.Qs.

3. Officer in charge of Convoy or NCOs in charge of sections will give details of Convoy to Australian Provost as pertains at present.

281. PATROLS:

Further to R/O 247, the following information from Lae Base Sub Area has been received:

"Patrol withdrawn. No Result. Request Units maintain vigilence for intruders"

Personnel are advised that although the Armd Patrol has been withdrawn, in the event of any suspicious behaviour being noticed on the part of the natives in this area, this H.Q. is to be notified immediately.

It was previously suspected that natives who were friendly to Japanese were at large and operating in the area mentioned.

285. REQUEST HOUR:

Personnel are advised that a request hour will be conducted from 1500 hrs until 1600 hrs each Sunday at H.Q.

The purpose of the Request Hour is to enable personnel to seek information in an informal way on either Military or Domestic problems. The Officer conducting the request hour will do all in his power to provide a solution for these problems, and in the case of legitimate complaints which cannot be made through normal channels, he will endeavour to deal with such complaints as far as is possible.

For the present Lieut Whitmont, H.Q., will conduct the request hour, and personnel are assured that any matters discussed during the request hour are treated as strictly confidential.

286. HAVERSACKS:

It has come to notice of this H.Q. that personnel proceeding on duty outside the Camp Area are NOT carrying with them, Haversack containing Messing Gear and Repellant. In accordance with instructions already issued on the subject, haversacks will be carried at ALL times by personnel proceeding on duty outside the Camp.

288. DENGUE FEVER CONTROL:

Dengue Fever Incidence for the area rose last week again to 132 cases representing a weekly wastage of 12.6 per 1000 troops.

A special survey of this area to discover the mosquito responsible for Dengue has just been completed.

The Aedes Aegypti not being found here, it appears almost certain that Aedes Scutellaris is responsible. The survey party discovered this type breeding all around this area in camps up the BUSU Road, in LAE area generally and right along the BUTIBUM areas.

The most important point is, unlike Malaria Larvae, no Dengue breeding was found in loose ground water, but nearly all was found in:-

Broken Cocoanut Shells
Empty tins either loose or in dumps
Old drums or belly tanks etc.

Dengue Control is therefore distinct from Malaria Control in that it is a matter of Hygiene. It is essential that not only a complete clearance of cocoanut shells be made but also of empty tins (flattened and buried) and any other artificial containers of stagnating water.

Dengue Fever Incidence largely reflects Unit and Area Hygiene.
Platoons will pay particular attention to hygiene in this connection.

289. ANTI-MALARIA CONTROL:

Attention is directed to instructions issued seperately with this R/O.

290. PREVENTION OF SCRUB TYPHUS:

Apparently insufficient attention is being paid within the Unit to preventative measures against Scrub Typhus.
Attention is drawn to the instructions issued seperately in conjunction with the instructions on Anti-Malarial measures mentioned above.

AUSTRALIAN WAR MEMORIAL AWM2021.62.1019

APPENDIX "A" to R/O NO. 104 of 16/1/44.

ANTI-MALARIAL CONTROL:

1. Previous instructions in this respect are again brought to the notice of all personnel, and the importance of the STRICTEST adherence to these instructions is again emphasised.

2. It is felt that troops are becoming lax in this direction, in view of recent figures supplied by D.A.D.M.S. The Unit is advised that, for the week ending Friday 6/1/44, the Malaria figure was 11.9 per 1000 men, while the average rate for the area for that week was only 6.5 per 1000 men.

3. Troops are reminded of the serious effect on their health in later life that the contraction of Malaria, now, may mean. They are also reminded that each man who contacts malaria may form a reservoir from whom mosquitos may carry the disease to their own friends.

4. The most important consideration is to AVOID INFECTION, and for this purpose, REPELLANT Lotion is supplied, on an ample scale. Both the Medical Profession and Anti-Malarial research personnel state without hesitation that the lotion issued is the best procurable in the world today, and that, though it does not, and is not intended, to keep the mosquitos away altogether, they will NOT bite through it. The lotion MUST be used according to directions issued - i.e. applied to all exposed skin surfaces at dusk, and application RENEWED every 3 hours thereafter.

5. Troops are again reminded that NO general permission exists for the removal of shirts whilst engaged on ANY type of work. Shirts may be removed ONLY with the express and specific permission of an officer, and personnel must first request this permission before removing shirts.
In the event of permission being granted by an Officer for the removal of shirts whilst troops are engaged in strenuous work, shirts will be replaced immediately such work for any reason ceases, and personnel will not leave the vicinity of the task without first replacing their shirts.
In future, strict disciplinary action will be taken, by all Officers, against personnel observed walking around the camp area without shirts, and against any soldier removing his shirt without first obtaining specific permission to do so.

6. It is considered that the comparatively high malaria rate of this Unit recently can be attributed almost entirely to the laxity on the part of personnel in their anti-malarial precautions. Strict measures will be taken by platoon commanders and NCO's to ensure that all anti-malarial instructions issued be carried out at all times.

7. At least ½ hour will be devoted weekly to lectures and instruction on Malaria control, by Platoon Comdrs., and platoons will furnish to this H.Q. by 1200 hrs each Saturday a certificate to this effect.

SCRUB TYPHUS:

1. From enquiries made amongst personnel of this Coy, it is apparant that many of the troops are unaware of the normal precautions to be taken against Scrub Typhus infection. It is noted that a large number do NOT use repellant lotion on socks & trouser cuffs.

2. Repellant will be applied to socks, - especially on the top of the foot where the eyelets in boots may allow Mites to enter, - from the foot to the top of the sock, and also to the bottoms of trouser legs. This application will be made at least every 2nd day.

3. In cases where men may be working in high Kunai, scrub, etc., repellant will also be applied to the waist band, and front opening of trousers, at least every 2nd day.

4. Troops will be warned NOT to sit on logs - except freshly fallen timber - or to sit on the ground except where no grass or fallen rubbish exists.

5. Concern is felt over the large number of troops from this Unit that have, to date contacted Scrub Typhus, and Platoon Commanders will ensure that the necessary precautions against infection are fully understood and carried out by all personnel in the platoon.

Despite repeated instructions, it is noted that drivers are repeatedly exceeding the speed limit laid down for vehicles travelling within the camp area.

Speed of vehicles within the camp & its approaches will NOT exceed 4 M.P.H.

All Officers & NCO's are responsible for ensuing strict adherence to this instruction by drivers, and it is directed that all future offenders detected be immediately charged with a breach of orders.

No further warnings in this connection will be issued.

294. DISPOSAL OF REFUSE- TINS ETC.

Further to instructions recently issued on Dengue Control Measures, it is directed that the practice, at present prevalent, of disposing of such rubbish by throwing it into scrub, or in the case of platoons located on the river bank, by throwing it over the cliff, must cease forthwith.

Platoon Hygiene personnel will make a survey of the Platoon area in this connection daily, and platoon commanders will take strict disciplinary action against personnel responsible, as from date of promulgation of this order.

296. ESCAPES OF AUSTRALIAN PRISONERS OF WAR FROM ENEMY HANDS:

It is the duty of any soldier if captured by the enemy, to effect his escape at the earliest possible moment.

It is also his duty - any breach of which is a serious offence, not to communicate to unauthorised persons any information about the means employed by him or his companions to escape from enemy hands.

The disclosure of such information:-

(a) Prejudices the chances of other escapees.
(b) Prevents other members of Australian or allied forces from using the same or similar means of escape.
(c) Endangers the lives of those who may have assisted the escapee at any stage of their escape.

therefore, except as provided in paras 4 and 5 below, an escaped prisoner of war is forbidden to disclose particulars of his escape directly or indirectly to any person whatsoever, either by word of mouth or in writing.

An escaped prisoner of war will disclose full particulars of his escape only to officers authorised by the Director of Military Intelligence to interrogate such an escapee on the circumstances of his escape.

Should it be considered desirable for an escaped prisoner of war to lecture on his experience, the script of the proposed lecture will be submitted to the DMI for approval. No lecture will be arranged until approval of the DMI has been obtained.

301. THEFT OF VEHICLES - RESPONSIBILITY OF DRIVERS:

1. The theft of vehicles especially "Jeeps" is becoming more prevalent and immediate action must be taken by all concerned to overcome the menace of deliberate theft, borrowing or "joy-riding".

2. The attention of Transport NCOs and drivers is directed to Para 18 of STANDING ORDERS FOR DRIVERS OF MECHANICAL VEHICLES.

This para is repeated hereunder:

(a) Para 18.

Drivers are not to leave their vehicles whilst on duty, except when properly relieved, and one man at least should always remain with the vehicle, provided that in unavoidable cases such as a driver working singly the vehicle may be left for short periods after every precaution has been taken to safeguard it and its contents. The driver is still responsible for any damage or loss which may occur whilst he is so absent, and he should therefore make arrangements for the protection of his vehicle during his absence.

Motor cycles when unavoidably left should be secured with a padlocked chain.

3. A driver will be held personally responsible for any damage to or loss of any part of his vehicle or its equipment which may have been caused through his neglect or carelessness.
He should therefore be most careful in checking over his vehicle at a hand-over and should take all possible steps to prevent persons tampering with his vehicle.

4. Provost have been instructed to report breaches of Para 2 (a) above and if the driver does not report within a reasonable period, the vehicle will be removed to Provost Lines.

5. Disciplinary action will be taken in respect to any contravention of this order.

302. PISTOLS - POSSESSION OF. (Extract from Lae Base Sub Area R/Os repeated for informn.)

1. Attention is directed to NGF Order 136/43 which is repeated herewith.

1. "Pistols of any type or description shall not be sold purchased or exchanged.
2. On or after 15 Apr 43 it will be an offence for any member of the AMF to have in his possession or custody any pistol other than one issued to him by Army authority or where he has the permission referred to in para 3 hereof.
3. Permission may be granted by a Formation Comd to any member to have in his possession a pistol other than one issued to him; such permission to be in writing, signed personally by Formation Comd.
4. All ranks in possession of pistols not issued to them or not provided for under the last para will forthwith surrender the same to the QM or HQ Orderly Room of their Unit.
5. All ranks having pistols in their possession are held personally responsible therefore and will immediately report the loss of such pistol.
6. The loss of a pistol is to be regarded as an offence for which the offender is to be tried by Court Martial, unless the Formation Comd otherwise directs. In all cases of loss of pistols, the offender will be charged and a Summary of Evidence will be taken which will be forwarded to the Formation Comd.
7. New Guinea Force Order 55/42 is cancelled."

303. TENTAGE - CARE AND PRESERVATION.

Inspection of tentage held by various units has revealed that tents are becoming prematurely unserviceable caused through allowing small branches and leaves to accumulate on same.

Platoon Commanders will therefore ensure that all concerned are instructed that tents receive regular inspection with a view to rectifying this unsatisfactory state of affairs.

VX 84162 CPL. McMULLEN, A.G.H. promoted L/SGT. - 29/1/44.

331. BRINE IN REFRIGERATORS: POISON. (Extract from N.G. Force Order Q. 26.)

Brine mixtures used in refrigerators consist of a large proportion of BARIUM CHLORIDE, a highly poisonous substance when taken internally.
All ranks will take the following precautions:-

Any such mixture, if spilled on any surface upon which foodstuffs might be placed, will be removed and that surface carefully washed and cleansed.

refrain from placing in drinks ice from cool stores and iceworks, as there is a possibility of Brine contaminating the ice. It is NOT possible to eliminate contamination.

332. DESTRUCTION OF NATIVE GARDENS AND USE OF FIREARMS IN NATIVE AREAS.

Reports have been received of damage having been caused by troops to native gardens, and of natives having been alarmed by the indiscriminate use of firearms near native villages.

The looting or destruction of native gardens seriously interferes with the maintenance of a food supply for the natives, and renders it necessary for Army rations to be diverted to this purpose.

The indiscriminate use of firearms near native villages has an adverse effect on the morale of the natives and consequently on their utility to the Armed Services, and renders the task of native rehabilitation by ANGAU more difficult.

No member will:-

damage a native garden, except when the exigencies of the Service so require; or

remove any article from a native garden, except for his preservation in an emergency; or

discharge a firearm near any native village, except in the course of his duty.

334. CHECKING OF LOADS:

The system of checking loads from wharf to dump requires the driver to sign for his load at the Wharf, for which a receipt is given at the dump.

There seems to be evidence of drivers accepting and signing delivery dockets without satisfying themselves that the load tallys with the docket, and this practice throws the entire responsibility for any errors or shortages on to the driver.

For the driver's own protection therefore it is essential that all loads be carefully checked at the wharf and again when off loaded at the dump. Platoon Officers will ensure that all drivers are instructed accordingly.

335. WATCH REPAIR SERVICE.

As from Monday 31/1/44 a watch repair section will be operated by ADOS.

Watches will be delivered for repair only when the unit draws its weekly canteen supplies. Each watch will be marked clearly with the number, name, rank and unit of the owner.

The maximum charge will be 2/6.

337. ANTI-MALARIAL CONTROL - Personal memo by Major T.a'B. Flood.

This command has previously expressed satisfaction with the manner in which anti-malarial precautions have been carried out by members of the Coy., and with the consequent low malaria casualty rate.

It appears, however, that, despite the fact that all normal precautions may be taken, it is still possible to contract the disease. Personnel are, therefore, exhorted to re-double their efforts in this direction, and to ensure that the FULLEST possible precautions are constantly taken against such infection.

Malaria will be controlled only
(a) by eliminating the breeding places of the anopheline mosquito.
(b) by the destruction of the adult mosquito.
(c) by avoiding infection, in order that the mosquito may not carry the disease from you to others.

Only by the most rigid adherence to anti-malarial instructions issued can malaria be controlled and finally stamped out, and troops are again asked to ensure that the necessary precautions are, in the future, even more rigorously carried out.

Personnel should regard Malaria Control, not merely as a passive defence against infection, but rather as an active campaign against the disease, with the ultimate complete elimination of malaria in the area as the goal.

THIS IS THE RESPONSIBILITY AND THE DUTY OF EVERY MAN.

344. VENEREAL DISEASE - EFFECT ON PAY.

C.R.O. F 33 directs that the following extract be republished in Unit Routine Orders for information of personnel.

Preliminary:-

1. Approval has been given for the amendment of War Financial (Military Forces) Regulation 25 to provide that no forfeiture of pay will be incurred by a member -

(a) for the first thirty-five days of his absence after the 31st January, 1944, as the result of venereal disease acquired by him on the first occasion as defined in para 3 hereof and including any days of absence as a result of a relapse from a disease acquired on any such first occasion, provided that the total number of days of absence as a result of such first occasion and any such relapse does not exceed thirty-five days;

(b) acquiring venereal disease while acting in the course of his duty; or

(c) who is suffering from a congenital form of venereal disease.

Commencement.-

2. The approval so far as it relates to sub-para (a) of para 1 of this order will take effect on and from the 1st February, 1944, and so far as it relates to sub-paras (b) and (c) of that paragraph will operate as from 6th October, 1939.

Interpretation:-

3. For the purpose of this order, the term "first occasion" when used in connection with venereal disease will mean:-

(a) the first occasion on which a venereal disease is diagnosed after 31st January, 1944;

(b) in the case of a member who was on 1st February, 1944, absent from duty by reason of the disease diagnosed prior to that date - the venereal disease for which he is being treated; or

(c) in the case of a member who, subsequent to the 31st January 1944, is absent from duty through a relapse from the venereal disease diagnosed prior to the 1st February, 1944, - the relapse from which he is then suffering

whichever first occurs.

Transfers and Re-enlistment:-

4. No account will be taken of any absence through venereal disease of a member -

(a) while serving with the Royal Australian Navy or the Royal Australian Air Force, or

(b) during any previous period of service with the AMF under an earlier appointment or enlistment.

As from date of promulgation of this Instruction,all personnel are warned that it will be a court-martial offence to wear or have in their possession a pistol,unless granted specific permission by the O.C. to do so.

385 SPRAYING OF SLIT TRENCHES

Platoons should ensure that slit trenches in their areas are sprayed out with Malariol at least once weekly.
Disused trenches should be filled in,and all remaining trenches kept free from r rubbish of any kind.

386 REPELLANT

It has come to notice that personnel are still NOT applying repellant lotion correctly to ensure protection against scrub typhus.
It is emphasised that repellant must be applied to socks at least every second day,particular attention being paid to the top of the foot,where mites may enter through the eyelets in the boot. Application should be continued up the leg of the sock,and lotion should also be applied to the bottoms of trouser legs,to a height of at least 2" from the cuff. Whenever personnel are obliged to work in high grass,repellant should also be smeared lightly on the legs of the trousers,and applied carefully to both waist band and front opening.
