Unit HQ 154 AUST GEN TPT COY (TS)(AIF) *Date and Time.—From* 1 August 45 *To* 15 August 45

Place.	Date.	Hour.	Summary of Events and Information.	Remarks and references to Appendices, Diaries, &c.
JACQUINOT BAY	2 Aug		Personnel attended a lecture 'CARE OF THE TEETH' given by Maj ISAACS, OC 77 AUST DENTAL UNIT.	
"	4 Aug		A heavy rain storm accompanied by high wind broke over the area resulting in slight damage to the men's mess. A large tree which snapped off at the trunk fell across the mess and several personnel had narrow escapes from injury. Signal lines which run through the area were brought down by broken limbs from the trees.	
"	5 Aug		Advice was received from HQ ASC that the new GOC, Maj Gen ETHER would inspect the unit area on 6 August.	
"	6 Aug		The OC (Maj BAILE) embarked per barge for TOL area to review the tpt position there. The GOC inspected the area in company with the CASC.	
"	8 Aug		Maj BAILE returned from TOL.	
"	10 Aug		The following message was received from CASC 5 AUST DIV:- 'SECRET (.) 154 Gen Tpt Coy will be responsible reception and accn following units disembarking early date (.) 			First intimation was received by wireless that JAPAN was preparing a conditional surrender. The news was first received at approximately 2330 hrs, and there followed demonstrations such as firing flares and small arms, and blowing of truck horns.	
"	13 Aug		As from this morning, all divisional troops in JACQUINOT BAY and forward areas come under comd 11 AUST DIV.ASC.

(Erase heading not required.)

Unit HQ 154 AUST GEN TPT COY (TS)(AIF) *Date and Time.—From* 14 Aug 45 *To* 27 Aug 45

Place.	Date.	Hour.	Summary of Events and Information.	Remarks and references to Appendices, Diaries, &c.
JACQUINOT BAY	15 Aug		After several days during which rumours of peace in the Pacific were rife, the news was officially announced over the radio that JAPAN had accepted the surrender terms announced from POTSDAM by the Allies. The news was received calmly throughout the area, possibly because the announcement had been anticipated.	
"	16 Aug		The O.C. (Maj. BAILE) attended a conference at HQ COMD 11 AUST DIV ASC at which the pending occupation of RABAUL was discussed. Preliminary plans were drawn up regarding transport (MT) requirements at RABAUL.	
"	18 Aug	0900K	An ORDER OF THE DAY issued by the C in C AMF was read to the company on parade	
		1400K	The CASC (Lt.Col. WITHERS) presented prizes to the winners of the various events in the recent DIVISIONAL SPORTS GYMKHANA. He congratulated the parade of participants in the various events on the good show ASC put up.	
"	21 Aug		Concentrations for the forthcoming occupation of RABAUL continue and troops are being brought back from WIDE BAY by a CATALINA shuttle service. Expected developments as regards this unit's relief and return to AUSTRALIA have so far failed to materialise.	
"	25 Aug		All ASC Officers attended a party in the newly erected mess at 11 DIV ASC to celebrate Victory. The G.O.C. 11 AUST DIV was present with his staff.	
"	27 Aug		Advice was received from 11 DIV ASC that this company would be prepared to move with 11 DIV to RABAUL. Further instructions are awaited, and prospects of relief by HQ 158 AUST GEN TPT COY (TS) which was anticipated appear to have deteriorated. No official advice has been received in this regard since 10 Aug. The liklihood of this unit remaining in NEW BRITAIN indefinitely had a sobering effect on the spirits of personnel. This unit has already served over 31 months in the islands without any relief.

JACQUINOT BAY	30 Aug		The OC attended a conference at 11 DIV ASC, at which further developments in the plan to occupy RABAUL were discussed. It was decided that 5 DIV divisional signs at present on vehicles in units under comd would be replaced by 11 DIV signs. 88 AUST TPT PL (TS) was warned to be prepared for movement as from 2 Sep. This Pl will probably be on the first flight of DIV troops. It is expected that troops will embark on the 'MANOORA'.

Nos : 149-152

[illegible] 26 Sep 45.

149. CONSERVATION OF RUBBER - CRUDE AND SYNTHETIC TYRES:

1. Tyres in use in the field are now both of crude and synthetic construction and, as tyres of synthetic construction are far more susceptible to failure through abuse than tyres constructed from natural rubber, their introduction into the service has made it more imperative than ever that all instructions for care and maintenance of pneumatic tyres be strictly observed.

2. All concerned will therefore -

(i) exercise the utmost care to avoid all forms of tyre abuse, the principal of which are -

overloading
under inflation
incorrect fitting of tyres
harsh braking
fierce acceleration
speeds exceeding those laid down in GRO 4340/44
driving over obstructions and other causes of severe impact.

(ii) check wheel alignment frequently and correct irregularity promptly.
(iii) ensure that tyres are 'changed around' periodically in accordance with current instructions.
(iv) remove stones and flint from tyres during unit maintenance.
(v) submit tyres for replacement at the correct stage for recapping; and
(vi) submit damaged tyres for repair without delay.

3. Disciplinary action will be taken where breaches of this order occur.

154. POST-DISCHARGE MALARIA:

1. (a) The Repatriation Commission will accept responsibility for providing any treatment necessary in respect of the first attack of Malaria suffered by an ex member of the AMF after his discharge from the army.
   (b) During such treatment, the Commission will institute enquiries as to eligiblity or otherwise for the treatment of any subsequent attacks of Malaria.

2. On the first occasion after his discharge that an ex member becomes ill with Malaria, he should-
   (i) if resident in a Capital city - report to the Repatriation Department's branch office or general Hospital, either in person or by telephone when immediate examination and treatment will be arranged;
   (ii) if resident in the country - report to the Repatriation Officer nearest, or nearest local medical officer, and request treatment. Report will be forwarded to Repatriation Department. It will be necessary for the ex member to identify himself by production of his Discharge Certificate.

3. (a) If it is not possible so to report, the ex member should consult and request treatment from his local civilian doctor, and provided prompt advice is sent by the doctor or the ex member to the Repatriation Department, the Commission will assume full responsibility for the payment of Medical fees, hospital fees and the cost of drugs.
   (b) Arrangements for any further treatment will be notified to the ex member by the Repatriation Commission as soon as possible.

4. Information regarding the treatment of Malaria, with particular reference to ex service personnel, has been sent by the Commonwealth Department of Health to civil medical practitioners.

5. In view of the foregoing, it is unnecessary for any member to be examined by a final medical board at the time of his discharge merely on account of a history of Malaria. If the member has had an attack during his service, it will be on record in his medical history. Whether or not the member has had an attack during his service, he will be cared for by the Repatriation Commission should he develop an attack of Malaria after his discharge.

AUSTRALIAN WAR MEMORIAL AWM2021.62.1060

155. PERSONAL CONTACT WITH JAPANESE FORCES

1. All Japanese personnel will at all times be treated as prisoners of war and the provisions of the laws and ways of war and the Geneva Convention will be strictly observed.

2. It must be remembered that the Japanese, while entitled to receive treatment as prisoners of war, have not in the past given such consideration to their enemies but have on many occasions acted with total disregard of the ordinary principles of humanity. Australian troops will remember the savage and ruthlessly brutal treatment given to personnel of the AMF captured at SINGAPORE and in other places.

3. It is therefore directed that there will be no attempt at fraternisation by our own troops. All friendly approaches made by Japanese of whatever rank will be declined with dignity but without offensiveness.

4. Australian troops of whatever rank will NOT salute any Japanese officers.

5. Officers and O/Rs who are themselves saluted by Japanese on occasions when official business is being transacted will return salutes. On other occasions salutes will be ignored.

6. Australiam troops will not engage in conversation with any Japanese except when discussing official matters in the course of their duty and any such conversation will be confined strictly to the business in hand.

7. Violence or threats will not be used except where necessary for personal protection.

8. All cases of undisciplined conduct on the part of Japanese will be reported at once to higher authority.

(b) Such claim may be lodged at any time after discharge
(c) A negative answer to para 7 of AAF 82(a) does NOT prejudice any future claim for a war pension by the member.

172. BOUNDS - HOSPITAL AREAS

Beach areas within the boundaries of 118 AUST GEN HOSP and 105 CCS are out of bounds to all ranks other than unit personnel.

173. DAZZLING HEADLIGHTS ON MT VEHICLES:

With the lifting of wartime blackout restrictions on the lighting of road vehicles and the increasing volume of road traffic complaints are being made by road-user organisations, and particularly by tram drivers, regarding the inconvenience and danger occasioned by glaring and dazzling lights on motor vehicles.

The adjustment and operation of headlights so that, as far as practicable, all avoidable dazzle to oncoming traffic is eliminated is not only part of common road courtesy, but is also required by the traffic laws and regulations of various states.

The following action in regard to army MT vehicles will, therefore, be taken by all concerned:-

(i) The headlamps of all MT vehicles required to operate on public highways will be checked and adjusted in accordance with the relevant law of the State in which the vehicle is operating.

(ii) The driver of an army vehicle, when approaching oncoming traffic (including trams) at night, will -

(a) dip his headlights, if the vehicle is equipped with dipping device, when at a distance of not less than 36(ft from the oncoming vehicle and keep them dipped until he has passed it, even if the oncoming vehicle does not reciprocate.
(b) keep as near as practicable, having regard to all the circumstances, to the left-hand side of the road.
(c) so reduce the speed of his vehicle that, if it becomes necessary, he can stop it within the lessened limits of vision provided by the depressed beam.

(iii) Drivers will immediately report any defects in the lighting system of their vehicles, including incorrect focusing and aiming of the headlights and functioning of the dipping device, which they are not authorised to rectify.
