ROUTINE ORDERS

PART I

by

Lt-Col R.T. COCHRANE

Commanding

1 AUST CORPS TPS AASC, AIF.

In the Field
Australia.

8 Jan 45

Serial No. 1
Orders Nos. 1- 7

1. DEDUCTION FROM PAY ARISING OUT OF LOSS CLOTHING AND EQUIPMENT.

Attention is directed to 1 Aust Corps Routine Order No. 307 of 11 Dec 44.

2. FIREWOOD RETURN

(a) 1 Aust Corps Routine Order No. 310 of 11 Dec 44 refers.

(b) Coys will submit return required to this HQ by the tenth day of each month.

3. LOCAL LEAVE

Coys will adhere strictly to the provisions of 1 Aust Corps Routine Order No. 315 of 18 Dec 44.

4. UNIT ACCOUNTING - POL.

OC Coys will ensure that records are kept in strict accordance with GRO Q149/44.

5. DISPOSAL OF CLOTHING AND EQUIPMENT OF SICK OR WOUNDED MEMBERS.

(a) Some difficulties have arisen in the application of the provisions of GROs concerning the disposal of clothing and equipment of sick and wounded members of the AMF and the appropriate method of recording such disposal.

(b) The following instructions are now promulgated for the guidance of all concerned and will be acted upon in anticipation of the necessary amendments being effected in GROs A299/44 and O369/44.

PART I
DISPOSAL OF CLOTHING AND EQUIPMENT

The provisions of GRO A299/44 Part IV will be followed except that where it is not practicable to forward kit with wounded or sick soldier being evacuated to a field ambulance, CCS or General Hospital.

(a) In the case of units outside AUSTRALIA AND TASMANIA.

(i) Only the personal effects of the member will be labelled with AF W3300 (Wounded Officers Kit) or AF W3042 (Wounded Other Ranks Kit) and forwarded to the Medical Unit to which the member has been evacuated or, if this is not known, to the nearest Aust Kit Store unit; and

(ii) balance of kit, i.e. clothing, necessaries and other items of issue, will be returned to Ordnance under formation or area arrangements.

(b) In the case of units in AUSTRALIA and TASMANIA the kit of the member will be forwarded as soon as possible to the Medical Unit to which the member has been evacuated, which must be ascertained by the unit from which he has been evacuated.

PART II
RECORDING OF DISPOSAL OF CLOTHING AND EQUIPMENT

The provisions of GRO O 369/44 will be followed except in the case of units outside AUSTRALIA and TASMANIA when the following procedure will apply:-

AUSTRALIAN WAR MEMORIAL AWM2021.62.236

(a) Casualties evacuated on medical grounds from units outside AUSTRALIA and TASMANIA will retain AAB83 and AAF F204 but, except as provided below, no entries will be made in either document by any medical unit in respect of clothing or personal equipment taken from them in accordance with GRO A299/44.

(b) In all cases of such casualties being evacuated to an Aust General Hospital (whether it is located outside the mainland or not), as soon as practicable after admissions of the casualty or in any event before his discharge or evacuation to the rear, the Q.M. of that Aust General Hospital will carry out a kit inspection and in the member's AAB83 and AAF F204 rule off all previous entries. On a fresh line he will make entries in accordance with GRO 0369/44 to show:-

(i) All articles in possession of the member.

(ii) Articles shown in his AAB 83 as having been deposited in an Aust Kit Store.

The member will initial (unless he is incapable of doing so) and the Q.M. will sign against the entries.

(c) The Q.M. will issue to the member an AAF F25A endorsed as follows:-

"Entries in AAB 83 and AAF F204 ruled off on .....(insert date)."

No items will be listed on AAF F25A. This AAF F25A, produced by the member when called upon to so so, will authenticate the entries referred to in para (b) of this part.

(d) In the case of a casualty who is evacuated to a medical unit in advance of an Aust General Hospital, procedure will vary according to the circumstances.

(i) If the member is discharged to a unit which is located outside AUSTRALIA and TASMANIA, and which is not a medical unit, immediately upon his arrival at that unit, the Q.M. will replace deficient items or take the action prescribed in paras (b) and (c) above.

(ii) If for any reason such a member is to be returned by a medical unit direct to AUSTRALIA or TASMANIA he will not be re-issued with deficient items but the Q.M. of the medical unit will take the action prescribed in paras (b) and (c) above (except where the member is evacuated to an Aust General Hospital, when the Aust General Hospital will take the prescribed action).

(e) Formations and areas will ensure that units comply with these instructions as, unless members are able to produce the appropriate AAF F25A when called upon to do so, entries in AAB83 or AAF F204 in respect of withdrawals of clothing and equipment (whether made in accordance with para (b) above or GRO 0369/44) may be disallowed. In such cases, members may find that disciplinary action is taken against them, and that they are subjected to stoppage of pay.

6. TRADE GROUPING - USE OF ARABIC NUMERALS INSTEAD OF ROMAN NUMERALS IN DESIGNATION.

(a) Reports indicate that the use of Roman numerals (I,II,III, IV) in the designation of trade groupings creates a greater likelihood of error than would be the case if ordinary arabic figures (1,2,3,4) were used.

(b) Action is therefore being taken in the near future to amend GRO A243/44, War Establishments and other relevant instructions to provide for the substitution of arabic figures in such designations.

(c) Such amendments will be anticipated and action will be taken forthwith to use arabic figures in all references to trade grouping in records, instructions and other documents.

7. CARTRIDGE SA TRACER .303 G MK 11z DIL PRODUCTION.
1 Aust Corps Routine Order No. 324 of 25 Dec 44, Coys to advise this HQ by 10 Jan 45.

16. WASHING OF ISSUE CLOTHING:

Due to the short supply of all raw materials involved, it is necessary that the maximum life be obtained from all items of clothing on issue to AMF personnel.

2. Incorrect methods of washing, exposure to strong sunlight, excessive sweating and using too much of certain soap powders, may seriously affect the dyes and weaken the fibre of clothing material. Failure to remove completely all soap and perspiration by thoroughly rinsing after washing, is one of the reasons for the breakdown of fabrics.

3. Neglect to pay due attention to regular and efficient washing of garments has been responsible for many cases of dermatitis. Observance of the following instructions will assist in decreasing the incidence of all skin complaints.

4. Washing flannels and Woollens:-

(a) Worsted shirts, socks, woollen drawers, etc, should be washed in lukewarm water and never in boiling or hot water, as this shrinks the material. A tablespoon of ammonia added to every two gallons of water will remove grease and perspiration stains;

(b) Good quality yellow soap only should be used, and, after washing, the garments should be well rinsed in clean, tepit water and stretched by hand before drying.

5. Washing of Cottons:-

(a) If cotton garments are boiled, the washing compound or soap will be added to the water prior to putting in the garments to be washed;

(b) If washing compounds, which are usually sold in packets under well-known brands and frequently known as soap powders, are used, not more than one tablespoon of the compound will be added to each gallon of water to be boiled;

(c) If ordinary soap is used, 1-oz (approx a 1-in cube) should be added to each gallon of water to be boiled;

(d) It is most important that, after washing, the garments are thoroughly rinsed to remove all trace of soap.

6. It is realised that washing facilities and an adequate supply of water are not always available. Nevertheless, the hints and instructions sontained in this order will be carried out whenever possible, especially in regard to rinsing thoroughly after washing.

AUSTRALIAN WAR MEMORIAL AWM2021.62.236

17. GIFT PARCELS FOR UNITED KINGDOM ADDRESSEES - DUTY FREE CONCESSION:

The conditions of the concession announced in the Notice appearing in GRO's dated 20 Oct, 1944, pages 26 and 27, under which members of the AMF and of the British Army serving in Australia and in other places whithin the SWPA are permitted to send to their relatives and friends in the United Kingdom a maximum of four gifts parcels per year, duty free, have been amended. The notice, therefore, is cancelled.

2. The following are the conditions applicable as from 6 Apr '45:-

(a) The usual postage rates are payable;

(b) Parcels must not weigh more than 5 lbs each and must not include -

(i) any drinkable spirits;
(ii) more than ½ lb weight of tobacco, including cigars and cigarettes (50 cigars or 200 cigarettes) or any tobacco goods marked "H.M. Ships only";
(iii) more than ½ pint of scent;
(iv) more than 2 lbs of any one foodstuff.

(c) The maximum value of the contents of parcels which can be sent by one person in any one year is £12, and this value may be made up as follows:-

(i) one parcel of £12 value; or
(ii) two or more parcels up to a maximum of six parcels aggregating £12 value.

(d) Special Customs declarations (AF's W5192) must be affixed to all parcels in order to secure the duty free concession. These declarations, where not already in possession of units, are obtainable through normal stationery channels.

(e) Issues to personnel will be under strict unit arrangements, on the basis of a maximum of six AF's W5192 per year to any one sender. A comparatively few forms should, therefore, suffice for the needs of any unit.

(f) Each AF W5192 issued will have entered upon it the senders number and name and be signedby the issuing officer in the space provided.

(g) Each Customs declaration represents a permissable value of £2 within the parcel to which it is attached.

(h) Where the value of the contents in any one parcel exceeds £2, a further declaration for each additional £2 (or fraction thereof), up to the maximum of £12 must be attached, e.g., a parcel containing goods to the declared value of £6 would require three labels attached.

(i) Gifts underthis concession arrangement may also be forwarded by letter post. In such cases normal letter postage rates will be payable and, if the sender so desires, the article may be tendered for transmission by registered post. To be eligible for the concession, articles forwarded by letter post must conform to the same conditions as those set out above for parcels, with the exception that the maximum weight for letters (4½ lbs) will apply.

3. It is stressed that full duty will be levied in the United Kingdom (for collection from the addressees) in respect of the contents of parcels and packets which infringe the restrictions contained in para 2(b) above. In addition to these duty charges, the contents of any parcel or packet not bearing a Customs declaration, received in the United Kingdom, are subject to purchase tax amounting in many cases to 100% of the value of such contents. This tax is chargeable on most manufactured articles, but tobacco and foodstuffs are excluded.
