113. PURCHASE OF PIGS DIRECT FROM GROWERS

Advice has been received from Northern Pig Board that it has come to their notice that it is the practice of Units on the Tablelands to purchase pigs direct from growers.

2. National Security Regulation prohibit the use of pork for other than bacon and hams, and the growers are not permitted to sell pigs privately.

3. In the circumstances the practice of purchasing pigs direct from owners will cease immediately. (Extract from GRO 82 of 26 Feb 44).

114. INCLUSION OF UNAUTHORISED ITEMS IN KITS DEPOSITED IN KIT STORES

Attention is directed to para 2(e) of GRO 9178/42, which reads:-

"No inflammables, explosives or loot of any description will be deposited in any Kit Store".

2. The necessity for strictly complying with the above is impressed on all ranks and severe disciplinary action will be taken where this order is not complied with.

3. During a serious fire, which occurred recently at an Aust Kit Store, there were many explosions caused by ammunition deposited in kits. These explosions interfered with the fire-fighting and added to the spread of the fire, with the result that many kits, which may have been saved if the firefighters had been unhampered in their efforts, were destroyed.

ORDER OF THE DAY
by

Lieutenant-General Sir Edmund Herring
K B E, D S O, M C, E D

GOC 1st AUSTRALIAN CORPS

6th February 1944.

During my period of command 1 Aust Corps has been called on to play a momentous role in the South-West Pacific Area. For such success as it has achieved I have to thank all of you, who have played your various parts so nobly and so well. I can never thank you nearly enough for your unselfishness and self-sacrifice and for your loyalty to me and the cause we are all fighting for.

I am extremely sorry that time has not allowed me to visit you all before departing to take up my new appointment as Chief Justice of Victoria. I would have liked the opportunity of telling you personnally how very sad I am at leaving all of you, and also of thanking you for all you have done.

What the future holds for you we do not know but I do know that you will be equal to all calls that may be made on you. There is no need for me to tell you with what interest I willfollow all you do.

Good luck to you all and again thank you.

E.F. HERRING, Lieutenant-General
General Officer Commanding
1st Australian Corps

147. MALARIAL CONTROL - CAIRNS AND COASTAL AREAS

1 Aust Corps RO 106 of 10 Mar 44 is repeated hereunder:-

1. There is considerable risk of an outbreak of malaria in the CAIRNS Area unless the strictest precautions are taken to prevent malarialised troops infecting the local mosquitoes. It is therefore essential that the restrictions imposed in GRO 491/43 regarding the movement of malarial troops to the CAIRNS Area be strictly enforced.

2. When it is necessary that troops who have returned from New Guinea within six months be moved to the vicinity of CAIRNS or other places in the coastal area for training or other essential reasons, then, in addition to the precautions which will be taken in the camp areas, attention will be paid to the following:-

(i) Permission for members to enter CAIRNS or other coastal areas between sunset and sunrise will be limited to those who are required to enter these areas on duty.

(ii) They will be inspected to ensure that protective clothing is worn, and steps will be taken to ensure the use of insect-repellent lotion after sunset.

(iii) Where their duty requires them to sleep in CAIRNS or other coastal towns overnight they must sleep under mosquito nets. (DMO 287 of 14 Mar 44)

148. SCRUB TYPHUS

Mito Repellent BUTTY will NOT under any circumstances be diluted. (DMO 292 of 14 Mar 44)

AUSTRALIAN WAR MEMORIAL AWM2021.62.388

149. REPORTING OF ACCIDENTS

Where the driver of an army vehicle is concerned in an accident, he will forthwith report particulars of the accident to his unit by the most expeditious means available. This report will be made in all cases, irrespective of the amount of damage either to the army vehicle or to the other vehicle, person or property concerned in the accident.

2. The accident, if it involves damage however slight to any civilian vehicle, person or property, will be reported to a member of the police force or, if no member of the police force is at the scene of the accident, to the nearest police station.

3. The report of the accident to the civil police will be in accordance with the following pro forma:-

REPORT OF ACCIDENT TO BE FURNISHED TO THE CIVIL POLICE

Particulars of accident

(1) Army number, rank, name and unit of driver concerned -

.....

(2) Number of army vehicle concerned .....
(3) Date of accident .....
(4) Time of accident .....
(5) Place of accident (stating street or other suitable landmark) .....
(6) Nature of accident .....
(e.g. collision, running down pedestrian, etc.)
(7) Names and addresses, if known, of any other person and the registered numbers of any other vehicles involved in the accident .....
(8) Names of any witnesses of the accident (including military personnel), if required by State law .....

(GRO G 83 of 10 Mar 44)

150. MECHANICAL VEHICLES - USE OF GEARS AS BRAKES

The practice of approaching at high speed and then changing down to a lower gear, while still at comparatively high speed, in order to obtain the necessary deceleration when slowing down for any purpose, e.g. stopping, entering gateways, negotiating corners etc., is still prevalent

This practice, which is forbidden, produces excessive engine speeds, causes unnecessary strain on the vehicle transmission system and is a contributing factor to rapid tyre wear.
