PROFICIENCY PAY.

- Approval has been given for the payment of proficiency pay of sixpence per day to every male member of the A.M.F. who holds either the appointment of lance corporal or lance bombardier, or the rank of private or it's equivalent, and who is not in receipt of pay prescribed for a qualified parachutist or a tradesman or specialist, subject to the conditions set out hereunder:

INTERPRETATION:-

- For the purpose of this order, the following interpretation shall apply:-

"Six months' service"- Only continuous full, time war service will be taken into account when calculating the period of six months' service. Periods of leave with pay will be accepted as service. Periods of leave without pay will not contribute towards the requisite period, but service rendered prior to such leave will not thereby be cancelled but will be accepted as part of the period of six months.

"Good conduct"- A soldier's conduct will be deemed good unless he commits a 'breach of good conduct' as interpreted hereunder.

"Breach of good conduct" will occur -

- when an award has been made by a military authority imposing upon the soldier a penalty higher in the scale set out in AMR & O 414 (b) than confinement to barracks for seven days, providing that no fine of less than £1 shall be deemed to be a breach of good conduct;
- when the soldier has been convicted by a civil court and fined £5 or more or sentenced to imprisonment, whether or not such sentence is suspended upon the soldier entering into a bond.

The contraction of venereal disease will not be considered a breach of good conduct.

"Prescribed examination"- The examination conducted for the purpose of enabling a soldier to demonstrate his proficiency in the arm or branch to which he belongs.

ENTITLEMENT:-

- Proficiency pay will be paid as on and from 1st July, 1943, to a soldier who:-
  - at that date had completed at least six months' service;
  - for six months immediately prior to that date had been of good conduct; and
  - on the first occasion subsequent to that date on which he is examined, passes the prescribed examination.

Continued Page.2

PROMOTION AND REVERSION -

10. A lance corporal or lance bombardier or private or equivalent who is in receipt of proficiency pay will cease to be entitled to proficiency pay on his promotion to substantive or acting N.C.O. rank (corporal or bombardier or higher) as on and from the day of such promotion.
11. A member who holds N.C.O. rank and who is reverted to a lance corporal or lance bombardier or private or equivalent will:-
  - (a) if, prior to his promotion, he was in receipt of proficiency pay, again be entitled to proficiency pay on and from the date of his reversion, unless such reversion was the result of a breach of good conduct, in which event the member must complete the qualifying period of six months' service with good conduct.
  - (b) if, prior to his promotion, he was in receipt of proficiency pay, be required to pass the prescribed examination and to complete the qualifying period of six months' service with good conduct. Unless the reversion was the result of a breach of good conduct, service rendered prior to his reversion will contribute to the qualifying period of six months' service with good conduct.

15. Paybook entries

No entry will be made in the soldier's paybook entitling him to proficiency pay until receipt by the unit of the relevant routine orders, Part 11, showing his classification as proficient, which will be quoted as the authority.

16. In cases where a soldier ceases to be entitled to proficiency pay through a breach of good conduct or by inefficiency, the necessary entry showing the reduction in rate of pay will be made in the paybook by the CO on the authority of the casualty return and the reference to the routine order, Part 11, will be inserted upon receipt of such order.

17. Lance Corporals and Lance Bombardiers.

Proficiency pay provided by this order is in addition to the increased rate of pay notified in G.R.O. F.659/1943.

18. Prescribed Examination.

Details of the prescribed examination will be published separately.

AUTHORITY : G.R.O. F.660 of 10th September 1943.

LEAVE - JEWISH HOLY DAYS.

1. Leave may be granted under paragraph 28 of G.R.O. A598/1943, to Hebrew members for the observation of the undermentioned Holy Days.
2. When practicable, the leave will be of a duration which will enable the member to spend the period of leave at his home (or the nearest Synagogue, if the home is too far distant).
3. The duration of such leave, exclusive of travelling time may be as follows:-
 

New Year.	From one hour before sunset on Wednesday, 29 Sep '43 to 2400 hours on Thursday, 30 Sept '43.
Day of Atonement.	From one hour before sunset on Friday, 8th Oct. '43, to 2400 hrs on Saturday, 9 Oct. '43.
4. It will be noted that the second day of the New Year and the Feast of the Tabernacles, which have been included in instructions in previous years, are NOT covered by the foregoing. They have been omitted from these Orders in pursuance of the desire of the Senior Hebrew Chaplain owing to the exigencies of the war situation.

### COMMAND OF COMPANY

All ranks are advised that Major F. Stockwell has assumed command of the Company as from 1200 hours on 13 Sept '43.

### POWERS OF SENTRIES AND GUARDS.

1. Regulation 84 of the National Security (General) Regulations (Statutory Rules 1942, No 374) provides that, without derogating from or restricting the existing powers or rights of sentries and guards, a military sentry or guard stationed or posted at, on, in, or in the neighbourhood or vicinity of, any prohibited place, protected area, controlled area, or any premises used by the Commonwealth, or used for defence purposes or for essential services, or any vehicle, vessel or aircraft used by the Commonwealth, or any enclosed wharf or picking-up place, or any merchant vessel lying in port, or any road, pathway or waterway, specified in an order by the Minister, which passes through or near a prohibited place or work of defence may be armed, and may -

- (i) use his weapons against, or otherwise attack, any person who, in disregard of a warning given by a sentry or guard, approaches, enters, leaves, or passes over or in the vicinity or neighbourhood of, or attempts to approach, enter, leave or pass over or in the vicinity or neighbourhood of, that place, area, premises, road, pathway, or waterway, or who, after being arrested for so doing, escapes; and
  - (ii) use his weapons against, or otherwise attack, any person attacking him or who is reasonably suspected of being about to attack him.
2. There are, however, certain principles which must guide all sentries and guards in the execution of their duty as such, and in the exercise of the right to resort to arms.
3. These principles are :-
- (a) Sentries and guards will be ordered to take any action required to ensure the safety of their posts or to defeat the activities of the enemy, or suspected enemy, agents.
  - (b) If necessary, they will fire upon or otherwise attack any persons threatening the safety of their posts or engaging in hostile actions.
  - (c) Before firing upon any person, the sentry or guard will, except in an urgent case of self-defence, challenge that person to "Halt". If that person does not halt, the sentry should challenge him again with "Halt or I fire". If he does not halt, and no other means are available for stopping him - as for example, by calling on the rest of the guard - it is the duty of the sentry to shoot.
  - (d) The sentry will use his intelligence and sense of responsibility in choosing whether he will shoot or not, and he must be careful not to allow any suspected person to approach so close that he can be rushed and overpowered.
  - (e) Guards of enemy prisoners of war. An enemy prisoner of war attempting to escape may be fired upon, but a previous summons to surrender will be given if possible.

(Over)

14/9/43

(f) Guards of members of the forces in custody

- (i) An escort or guard is not justified in using his weapons merely for the purpose of preventing another member from escaping from custody and if he so uses his weapons he may render himself, as well as any officer or NCO under whose orders he acted liable to be charged with murder, manslaughter or incitement to murder.
- (ii) If a member in custody attempts to escape the escort or sentry will immediately raise the alarm and stop chase. He may call upon any passer-by to assist in apprehending the escapee.
- (iii) An escort or guard may be justified in using his weapons when a member in custody resorts to violence. In such circumstances an escort or guard may meet force with force, but care must be taken to use no more force than is necessary to overcome the violence offered. Hence, even when violence is offered to an escort or guard, it will only be as a last resort that use of weapons will be justified.

4. Orders for guards and sentries will be framed in conformity with the above and guards and sentries will be suitably instructed as to their powers and duties.

5. G.R.O. A.692/1942 is cancelled.
