LOADING & UNLOADING OF VEHICLES

The attention of all drivers is directed to para 17 (a) of Standing Orders for drivers which states:-

"The primary responsibility of drivers is to drive, tend and supervise the loading of their vehicles. They should not normally act as fatigues in loading and unloading, unless specially ordered to do so by an Officer or NCO. In the case of light loads, however, drivers will assist in the loading and unloading. Where loading is heavy the unit or authority for whom the work is being carried out should arrange to provide loaders as required, but drivers should give reasonable assistance to such specially detailed personnel".

Drivers therefore WILL if directed, assist with the loading and unloading of their vehicles. This is becoming necessary owing to the difficulty experienced in providing working parties.

FUEL FOR HEATING STOVES

All concerned are advised that the only wood available for heating stoves is scrap and salvage timber. On no account must wood be removed from wood heap or main kitchen by unauthorized persons.

Offenders against this order will be viewed seriously and will merit disciplinary action.

Standing Orders for Drivers

The attention of all drivers is directed to Para 4, Section (g) of S.O.Ds., (page 9) which states that "Drivers will at all times obey traffic signals and give the recognized road signals of the State in which they are operating".

It is advised that there is at present an intensive drive on the part of both civil and military police to ensure that due observance is given to "Stop" signs.

All reported cases of neglect to obey the above instruction will merit disciplinary action.

Conservation of Rubber - Synthetic Tyres

1. The critical rubber situation and the necessity for obtaining the maximum service from tyres has been stressed from time to time. The further deterioration of the situation, necessitating the introduction of tyres of synthetic construction, renders it imperative that greater care than ever be exercised in the use and maintenance of all tyres, whether of synthetic or natural rubber construction.

2. Synthetic tyres are far more susceptible to failure through abuse than tyres constructed from natural rubber. All concerned will, therefore:-

   (a) exercise the utmost care to avoid -
   - overloading,
   - underinflation,
   - hard braking and fierce acceleration,
   - high speeds,
   - bumps and other causes of severe impact;

   (b) check wheel alignment frequently and correct irregularities promptly;

   (c) rotate tyres regularly;

   (d) remove stones and flint from tyres during unit maintenance;

   (e) submit tyres for replacement at the correct stages for re-capping; and

   (f) submit damaged tyres for repair without delay.

Commonwealth War Loans.

1. Approval has been given for members of the AMF to subscribe to Commonwealth Loans by making an allotment of portion of their pay to the Commonwealth Bank. Amounts received by the Bank under the allotment will be credited to a special account in the member's name and interest will be allowed thereon at the rate borne by the bonds selected for purchase by the member. As often as funds in the account accumulate to the extent of £10, the bank will purchase a £10 Commonwealth Treasury Bond on behalf of the member.

2. Where a member desires to subscribe in accordance with the provisions of this order, he will sign an allotment, in the form WF.12 of the daily amount (in even shillings) he wishes to contribute for the purchase of Treasury Bonds, the name of the allottee being shown as "Commonwealth Bank of Australia..... Branch (with the insertion of the name of the capital city of the member's state of enlistment). The member will, at the time, sign a printed notification to the bank, a copy of which is set out in the appendix of this order. Forms of notification may be obtained from unit pay representatives.

3. Bonds will be held by the Commonwealth Bank at the capital city of the member's state of enlistment for safe custody on behalf of the member. In the case of members enlisted in the Northern Territory or New Guinea, bonds will be held by the Commonwealth Bank at Adelaide and Brisbane, respectively.

4. Where a member is discharged or cancels his allotment, the special account will be closed and any balance remaining there - in will be credited to the member's bank account or paid to him, whichever he desires.
