7. DEPT. OF THE ARMY CONCESSION POSTAGE RATE.

It is suspected that the " Concession Postage Rate " stamp is being used irregularly.

This conclusion has been arrived at by reason of the fact that numbers of civilians working in the camp are purchasing 1d stamps instead of 2d stamps. Civilians are of course not entitled to the concession rate of postage. Units are requested to watch carefully the use of their "Concession Postage Rate" stamp.

4. TRAM FARES It has been brought under notice that tramways conductors have experienced difficulty on occasions, in obtaining fares from soldiers travelling -

With a view to eliminating, as far as possible, any misunderstanding, the following decision of the Melb. & Metro. Tramways Bd. is promulgated --

For the duration of the War, concession fares for the members of the Defence Forces will be available as follows --

On payment of a 3d. fare by cash or Ordinary Prepaid Ticket any member of the Forces, as detailed below, when travelling in uniform is to be permitted to make a through journey on any one route of the Board's Tramway or Omnibus Services.

This concession is not applicable to Transfer fares or to combined journeys over amalgamated routes, in which cases two separate fares must be collected. It is not available on "ALL NIGHT" or "MINIMUM FARE" cars where special fares operate.

5. RESERVED INDUSTRIES The Military Board states that it has been observed that during the recent strenuous recruiting campaign for the A.I.F. there have been many instances in which men actuated by honourable but impulsive patriotic motives have offered their services for enlistment as privates, and have been accepted as such, notwithstanding, that they may be of greater value to Australia in their civil avocations.

Included in the approximately 100,000 men of the A.I.F. are -

(a) Men of reserved industries not required by the Army.
(b) Men of reserved industries in excess of requirements according to War Establishments.
(c) Men in the vicinity of 40 years or more who, from their private obligations should not be serving until the younger men without dependants are no longer available.

The following action is to be taken forthwith : -

(a) Men of reserved industries not required by the Army are to be informed that they have particular value to their country in their civil occupations and that at present such value is greater than their service as soldiers. Provided they have the opportunity of regaining their civil employment they should be discharged.
(b) Men of reserved industries in excess of Army requirements are to be approached similarly, and, if they are capable of re-absorption in industry in their home towns, are to be given leave without pay until such time as they may be required to fill a vacancy in a unit or reinforcement in their trade capacity.
(c) Men in the vicinity of 40 years or older, who do not come within the categories referred to under (a) and (b) are ~~within~~ to be encouraged to transfer to suitable appointments in Recruit Training Units or Depots

AUSTRALIAN WAR MEMORIAL AWM2022.5.1305

or with units called up for full time duty for maintenance or garrison purposes.

In future, if there is any doubt as to whether an applicant for enlistment is within the age limits prescribed, he is to be called upon to produce proof as to age prior to his being called up for final medical examination .

From time to time lists of tradesmen who are to be returned to civil employment will be issued to Commands concerned.

Men whose discharges are effected in accordance with the fore going will be discharged as "being required for employment in a reserved occupation". A.M.R. & O. 277 is being amended accordingly

6. HYGIENE Fd. Officers' Reports reveal that in many unit lines, the shutters on the backs of the latrines are partly open on many occasions. These shutters should be properly closed and bolted after the compartments have been cleaned out and the pans centered.

Clothing is to be found hanging in most unit kitchens and food preparation rooms. In some cases washing has been dried in kitchens. C.O.'s should ensure that the above practices are discontinued by the personnel concerned, in their units.

7. ARTILLERY RANGE Artillery Range has been allotted Maribyrnong from 1130 hrs to 1330 hrs. Saturday 7 Sept. proofing trench mortars.

Artillery Range Puckapunyal has been allotted to the 2/8 Fd. Coy. on Monday next, 9th inst. for firing A.A. practice with L.M.G.'s against hydrogen filled balloons.

Artillery Firing Practice will be carried out on the Puckapunyal Artillery Range on the 18/19 Sept. '40.

The area defined below is to be kept clear between the hours of 0800 hrs. on 18 Sep. and 1800 hrs 19 Sept. --

NORTH BOUNDARY - Line drawn in easterly direction from BACK CREEK through SINGLE TREE HILL and TEHAN'S to HAWKER'S CREEK, thence.

6.DONATIONS. The following donation to Regimental funds is acknowledged Caulfield Sports Cricket Club (per W.Darbyshire) £ I-7-0

7.MILITARY SECURITY. I. The necessity for secrecy in war is again emphasised.
2. Troops have been heard in public conveyances talking loudly and openly about their forthcoming embarkations. In one case the date and name of ship were stated for all in the vicinity to hear. This was several days before the event and the details proved correct.
3. Troops must understand that:-
(a) Information may be worth more to the enemy than large reingorcements.
(b) Leakages eliminate the suprise element.
(c) Any person passing on information of military movements, unnecessarily, even to other members of the fighting services, may do the country untold harm.
4. Assistance in lecture notes on this branch of training will be given by I.S.G.S. S.Comd. on request.

8.TROOP TRAINS. It has been brought to notice that several cases have occured of missles,such as empty beer bottles, having been thrown from Military troop trains.
The danger of this practice,particularly to employees of the Railway System who might be employed along the line, and also to other civilians, cannot be too highly stressed, and immediate action is to be taken by officers in charge of troop trains, or parties of troops, and other officers travelling on the train to ensure that incidents of this nature do not happen.
It is realised that more often than not the practice referred to is the result of thoughtlessness on the part of individuals concerned,and it is desired that the attention of all ranks be directed to the matter with a view to obviating a practice that must have serious consequences.
In one particular case, a Railway employee was hit on the head by an empty beer bottle,sustaining a compound fracture of the skull,which necessitated his removal to hospital in a very serious condition.
Behaviour of this nature is contary to good order and Military discipline,and brings the Forces into bad repute with the general public,and offenders caught deliberately contravening any regulation or regulations of the Railway Authorities are to be severely dealt with.

9.SICK PARADE. The following men are to be paraded at C.D.S. at I000 hrs. on Thursday 26 Sept.1940. Pte.Smethurst.K.C. Cranston.H.C. Pte. Smethurst.L.K. O'Brien.W.J. Watson.J.C.

"The attention of all concerned is drawn to the prevalence of the practice of begging alms by certain members of the Forces in Melbourne and suburbs.
Despite many arrests for the offence, complaints continue to reach this Headquarters from private citizens who have been accosted. Such conduct as that complained of is not conducive to the good relations which should exist between the Forces and the public, and tends to bring into disrepute the Forces in general and in particular the Unit whose color patch the offender wears. Commanding Officers will, through Orders, direct the attention of all ranks to the matter and all troops proceeding on leave in September and October will be warned against the practice before departure from their Units."
