(iii) Use of railway permanent way & bridges by convoys and individual M.T. as a means of crossing flooded rivers.

In either case, a serious train derailment, with consequentwrecking of the railway bridge, may result.

The attention of all concerned is drawn to the fact that all railway station yards, railway premises, bridges, tracks and all land within railway boundary fences are reserved transportation areas, i.e. reserved solely for the working of the railway service.

They will see that overloading does NOT take place and will place under arrest any personnel riding outside the vehicle whether on the roof, bumper bar or elsewhere.

Para. 2 BUSES

Personnel proceeding to & from town in buses must keep wholly within the vehicle. Disciplinary action will be taken against any personnel riding on bumper bars or roof of these buses.

AUSTRALIAN WAR MEMORIAL AWM2022.5.1329

Para. 5 SICKNESS OF OR INJURY TO MEMBERS OF THE A.M.F. ON LEAVE

It is to be impressed on all members of the A.M.F. that it is necessary to inform the military authorities at once should they become sick or sustain injury whilst on leave. This responsibility rests with the individual in order to avoid the risk of being regarded as "Absent without leave" in the event of such sickness or injury preventing his return to his Unit by the due date.

Any member who becomes sick or sustains injury whilst on leave will -

(a) report at once to the nearest Military Hospital or, where this is impracticable, to the nearest medical Officer; or
(b) Report at once to the nearest public Hospital, if a military Hospital or area medical officer is not available; or
(c) If unable to attend or to be taken to a Military Hospital (or public hospital where a Military hospital is not available) then obtain private medical attention and immediately forward a certificate by the medical attendant to the nearest HQ of a L. of C. area, which will take action to notify the Unit and the D.D.M.S.

When the state of health of members who are injured or become sick whilst on leave permits they will at once communicate with their Unit advising the nature of injury or sickness, location whilst sick and the probable duration of treatment.

Any military hospital, area medical officer or administrative medical authority to which, or to whom a member so reports, will-
(a) arrange for appropriate medical or surgical treatment, and
(b) advise the member's Unit that the member has reported and of the arrangements made for treatment, and the nature and probable duration of disability.

Members who become sick or sustain injury whilst on leave without pay granted for the purpose of engaging in seasonal or industrial activities in a civil capacity are not entitled to treatment in military hospitals or at government expense. However, in order to maintain records it is necessary that such members should report particulars of any sickness or injury, and of the progress of their treatment, to the nearest area medical officer or administrative medical officer, who will then ensure that the member's Unit is advised.

Periods of sick leave not exceeding 14 days at any one time (inclusive of travelling time) may, with the approval of the D.D.M.S. L. of C. area concerned, be granted to a member who is a patient in a Military Hospital for such period as is thought advisable or is necessary to assist in treatment.

AUSTRALIAN WAR MEMORIAL AWM2022.5.1329

Para. 7. CARE OF CLOTHING

It has been reported that frequent petty thefts of clothing & personnel necessities have occurred within this Bde.

Personnel must take utmost care of their belongings & ensure that clothing is watched as far as possible ~~kw~~ when hung out to dry. Clothing must not be left on lines overnight.

Para. 8 CENSORSHIP - GREEN ENVELOPES

Attention is directed to the gross abuse by troops of the use of GREEN envelopes.

Many letters sighted have contained information, such as impending moves, location &description of Units. This is definitely a breach of censorship regulations and also an abuse of a priviledge granted to troops.

It is pointed out that GREEN envelopes are issued for the correspondence of strictly private and family matters & must NOT on any account be used for ordinary correspondence.

It is evident that many Unit commanders fail to ensure that the purpose of the GREEN envelope is clearly explained to all troops under Cmd.

It is also pointed out that GREEN envelopes must be stamped with Unit censor stamp before posting.

Para. 9 The transfer of the undermentioned personnel was effected on application from this Unit.

(b) Check pressures daily with guage to protect side walls & save tread wear. (c) Keep brakes equalised, wheels true, and watch for misalignment. Para. 7 DISCIPLINE

Attention is again drawn to the laxity in general discipline including dress, compliments to Officers & turnout in general. All ranks are reminded that discipline in all its spheres is the outward sign of a good Unit & in most cases it can be taken for granted that if a Unit shows outward signs of discipline they are effecient in other regards.

Para. 8 ILLEGAL USE OF VEHICLES

All ranks are again reminded that under no circumstances must vehicles be illegally used.

Para. 9 SPEEDING

At all times strict attention must be given to speed regulations. A breach in this regard calls for disciplinary action.

Para.10 GUARDS & SENTRIES

The Bde Commander has drawn attention to the laxity in carrying out duties of the majority of guards posted in the Bde. Brigade & other guards & sentries must on all occasions carry out their duties in a soldier like manner. Pride of Unit should suffice for such action & it is expected that all members of this Unit will co-operate in this regard.

Para.11 A.W.L.

Attention is again drawn to the seriousness of A.W.L. & all ranks are advised that the O.C. has instructions to treat same as such & ~~inflict~~ punishment accordingly.

Para.12 PERSONAL ISSUES

All ranks are reminded that personal issues of clothing & equipment is made according to scale laiddown & the loss of any article or articles is the responsibility of the individual & instructions set out that in cases where a re-issue is necessary owing to loss or destruction caused by neglect the individual concerned must be debited with the cost of such article or articles. This also applies to tools issued with vehicles signed for by a driver.

Para. 1 CARE & PRESERVATION OF CANOPIES

The attention of all personnel is drawn to the necessity of proper care & maintenance of canopies fitted to vehicles.

Care must be exercised particularly in:-

(a) Correct loading to ensure that the canopies do not rub against any portion of the load.

(b) Driving through timber to ensure that canopies are not torn by overhanging branches.

(c) Correct fitting of canopies to framework & correct lacing.

Canopies will not be readily replaced if damaged, so Units must exercise all reasonable care & try to prolong their service.

Para. 2 APPOINTMENTS

Reconnaisance Officer - Lieut. B.S.C. Brown.

Para. 3 BUNGS & WASHERS for 4 gallon & 44 gallon Drums

Severe shortage of rubber used in washers & of die-caste metal used in bungs make it essential that these items be conserved. Men using drums will replace bungs & washers & tighten them with a bung spanner. Care will be taken not to damage bungs by using a hammer or other unauthorized method of opening.

Para. 4 CONSERVATION & GENERAL SUPERVISION OF PETROL

The average mileage per gallon during the month of March for motor cycles was 36.1 & for all other vehicles 10.2. On reviewing G2's it is considered that the mileage for motor cycles was lower than desired. Platoon commanders will regular check up on mileages. Dip sticks must be frequently used when possible when placing vehicles on transport lines & again befo moving off the following day. In cases hwere it would appear that there was a discrepancy between both tests, the matter mu be immediately brought under the notice of the Platoon Command All ranks must co-operate in the conservation of petrol as the matter is of vital importance.

Para. 5 INSPECTIONS

The following inspections will take place on days of each & every week as set out hereunder:-

Kit inspection	Saturday morning
Foot "	" "
Rifle "	every morning
Boots & clothing	Saturday morning.

These inspections are the responsibility of Platoon commanders or a senior NCO delegated by them. Any matter that should be brought under the notice of this HQ must be reported immediately on discovery.

Para. 1 PRE-SELECTION OF OFFICERS

1. In order to make the best use of the available material to provide Officers for the A.MF. Officer pre-selection Boards are being set up.

2. Every soldier who considers himself suitable for commissioned rank or is considered suitable by his C.O. or O.C. will be interviewed by the Board.

3. Each application will be accompanied by a statement of service & the Comd's. confidential report.

7. Candidates will be required to attend the Board for three days during which period they will Mess with the members of the Board and be treated as Officers.

8. Preference will be given by the Board in the selection of cnadidates to those who have had actual field experience in operations against the enemy.

Para.2 SICKNESS OF/OR INJURY TO MEMBERS OF AMF ON LEAVE

1. If a member becomes sick or sustains an injury during leave he will:-
(a) Report to nearest Military Hospital or Area Medical Officer, or if not available.
(b) Report to nearest public hospital, or if unable to report.
(c) Get private medical attention & immediately send medical certificate to nearest HQ L. of C. Area.
2. In any of the above circumstances at once communicate with his Unit, giving nature of sickness or injury, location while sick & duration of treatment.

Para.3 PROMOTIONS & APPOINTMENTS

Until further notice no substantive promotions in or appointments to warrant or non-commissioned rank will be made in any Unit of any arm or service.

Para.4 DISCIPLINE

Cleanliness - It is apparent that little or no attention is being paid to cleanliness of Camp lines & vehicle park & this is born ot by carelessness displayed on Camp lines by the presence of apple-cores & rubbish generally thrown in the lines, instead of in receptacles provided for same.
Periodical inspections reveal that rubbish & in particular cotton waste & rags used as such are thrown promiscuously about vehicle park.

Para.5 LEAVE WITHOUT PAY.

1. In order to remove any misunderstanding by members concerning the effect of a grant of leave without pay, irrespective of the authority under which leave is granted, attention is directed to the provisions of War Financial (Military Forces) Regulations, which provide, in effect, that all pay (including allotments) and pay allowances cease in respect of any period for which a member is granted leave without pay.
2. When leave without pay is granted, the following will not be payable during the period of such leave:-
(a) pay (including deferred pay):
(b) field allowance
(c) command allowance
(d) special allowance
(e) exchange allowance
(f) dependants allowance
(g) travelling allowance
(h) subsistence allowance
(i) any allowance payable under regulation 9 of the abovementioned regulations.
3. Leave without pay will not be imposed on a member compulsory and, consequently, will always be covered by written application from the member, specifying that leave is desired without pay.

Para.6 DRESS

Winter dress will be brought into wear as from 1 May 43.

AUSTRALIAN WAR MEMORIAL AWM2022.5.1329

Para. 7 STAND DOWN DAY
Stand Down Day in this Unit will be observed on the Tuesday of each week. Any essential duties who have to work on Tuesday ~~must~~ must take Stand Down Day on Wednesday.
No leave will be granted except on these two days.

Para. 8 PHOTOGRAPHY
Approved photographers. - The undermentioned firms are approved & authorised to process films taken by Officers & ORs of this Unit
Newcastle - Kodak (A/sia) Pty Ltd.
West Maitland - G.J. Jakeman A 425 High St.

Para. 9 BUNGS & WASHERS FOR 4-GALL. & 44 GALL. DRUMS
Severe shortages of rubber used in washers and of die-caste metal used in bungs make it essential that these items be conserved. Units using drums will replace bungs and washers and tighten them with a bung spanner. Care will be taken not to damage bungs by using a hammer or other unauthorised method of opening.

Para.10 DISCIPLINE:
Sleeping quarters & Unit Rec. Hut are out of bounds during Parade hours. This instruction is a Unit Standing order & offenders will be charged under A.A. Sect.11

Para.11 MAINTENANCE
All ranks are directed to pay special attention to maintenance & general care of vehicles. It should not be necessary to emphasise the importance of same. All vehicles must receive maintenance check over prior to proceeding on trip & maintenance check over on returning to Unit vehicle park. Special attention must be given to examination of tyres & the slightest defect must be brought under the notice of Platoon Sergeant - Neglect of maintenance & general care of vehicles is an offence & offenders will be dealt with accordingly.

Para.12 A.W.L.

A.58 COMPLAINTS BY MEMBERS OF THE FORCES

The attention of all ranks is directed to the following:-
"Officers & soldiers are forbidden to use any method of obtaining redress of real or supposed grievances other than those prescribed by the A.M.R. or authorized by these orders. Anonymous complaints and complaints through the Press are forbidden".
"The use of outside influence to support complaints or applications for personal advantages, or in any matter affecting the position of an officer or soldier, is contrary to discipline. The only proper course for an officer or soldier is to apply through his C.O. or to complain in accordance with the A.M.R. and these orders. Any attempt to obtain favourable consideration of requests or grievances by other means is forbidden."

Q.59 AIRGRAPH SERVICE

This service is an arrangement under which letters written by senders in Australia upon special forms are photographed in miniature in this country and the negatives thus obtained forwarded by air to the overseas country of address, where enlarged prints are taken, enveloped and delivered by post to the addressees.

AUSTRALIAN WAR MEMORIAL AWM2022.5.1329

Airgraph Service (contd)
The service now functioning from Australia is available only for communications :-

(a) To civilians in -

Aden	Eire	Palestine
Anglo-Egyptian Sudan	India	Seychelles
Bahrein	Iraq	South Africa
British Somaliland	Kenya	Southern Rodesia
Canada	Uganda	Tanganyika
Ceylon	Mauritius	Transjordan
Cyprus	Northern Rodesia	United Kingdom
Egypt	Nyasaland	Zanzibar

(b) To members of the forces of the Empire serving in -
The countries included in the list above, and

Syria	Madagascar
Persian Iraq force	Somalia (Itilian Somaliland
Ethiopia (Abyssinia)	Occupied Territory of Eritrea
Iran (Persia)	

and the charges payable are as follows:-

(i) For airgraph letters to members of the forces of the British Empire	5d.
(ii) For airgraph letters to civilians	10d.

Forms upon which airgraph letters may be written by senders are available from Army Postal orderlies serving with Units, from whom further details of the service can be secured by personnel.

Normal Unit censorship arrangements will apply to airgraph letters lodged by personnel. The franking officer's signature will appear in the lower left-hand corner of the form (above the direction "this space should not be used"). Censorable matter will be obliterated and not excised. The Unit censor stamp will be affixed in the space between the address panel and the single printed line directly thereunder; it will be placed as far to the left as practicable.

Detailed instructions covering preparation of the letters by senders are set out on the backs of the forms, which will, however, in every case following censorship be passed through Unit channels by postal orderlies for onward transmission.

If one form be insufficient for the whole of a letter, two or more separate forms may be used, but in such case each form will be treated as a separate letter and a separate fee must be paid for each. Writing must be plain and preferably in black ink, to secure satisfactory photographic reproduction. Use of pencil is not recommended but, if used, it will be a soft black lead pencil; indelible pencil will not be used.

Names & addresses of addressees of airgraph letters will be written by hand in prominent block lettering (as large as practicable) and will be kept wholly within the panel provided on the form. The full address of the sender and the date of writing will be written at the top of the "Letter" portion of the form and at the foot of the letter the senders full name will be written in block lettering followed by his signature.

The airgraph letter as delivered to the addressee overseas will be less than one quarter the size of the original lodged by the sender. The need for block lettering as above described and clear writing generally will therefore by readily understood.

Q.60 GEAR CHANGING

The practice of changing gear to reduce the speed of a vehicle will be discontinued as it damages gears, throws undue strain on engines and transmissions and causes unecessary wear on tyres. Speed will be reduced by releasing the accelerator and, if necessary, by the gradual application of brakes.
This instruction is not intended to prohibit the use of a lower gear for acceleration when the vehicle is moving slowly round corners, negotiating gutters or for braking in conditions of emergency, such as the descent of very steep grades.
