P.T.D. B.I.P.O.D. PERSONNEL.
RELEASE FOR ENLISTMENT IN R.A.A.F.

Within the last few weeks two specific instances have occurred where soldiers enlisted in B.I.P.O.D. on a P.T.D. basis, have been released by Area for enlistment in the R.A.A.F.

2. It would appear that Area Officers are under the impression that P.T.D. B.I.P.O.D. personnel are available for disposal in a similar manner to any other men held on Area strength under "Reserved Occupation." In neither of the above instances was an application for discharge received from the soldier, nor was any communication received from Area.

3. In order to overcome the trouble it is suggested that an instruction should be issued to all Area Officers to the effect that they cannot release or allot any man on B.I.P.O.D. P.T.D. strength until a Mob.3 is received from this Unit, transferring the soldier back to Area strength.

4. This letter is further to B.I.P.O.D. memo. 42/637/69. 10 Sep 42 with reference to the calling up of P.T.D. personnel for P.T.D. with B.I.P.O.D.

MOVEMENT TO AND FROM DOCKS.

1. The control of all operations so far as the Army is concerned within the Dock area, including PORT MELBOURNE piers, is directly under Docks Control Directorate.

2. Labour required for any work on the Docks or Wharves will be supplied by Dock Control.

3. Demands for such labour will be submitted to the Dock Control Directorate, No.9 Victoria Dock, not later than 4 p.m. on the day prior to commencement of the operation.

4. This will include both the labour within the Dock area and the labour required to load and unload at the Depot or Depots within the Metropolitan area in connection with Dock operations.

5. Owing to the extreme shortage of labour available for these duties, it is the Dock Control's responsibility to see that all labour so engaged is put to the best use. A Dock Officer has been detailed to visit the various points in the Dock Area, where work is proceeding, and, if necessary, to supplement gangs or reduce them according to the necessity.

6. It will be the responsibility of the Unit for whom the supplies are being handled to arrange for tally clerks or checking staff to be in attendance at the Docks or Wharves during the whole time that the loading or unloading is proceeding.

7. The tally clerks or checkers will be required to be in attendance at the time of commencement of each shift of labour, as arranged by Dock Control.

8. Soffar as rationscommodities are concerned night work will not be undertaken, except in extreme cases, owing to the unsuitability of Supply Stores for night work and the possibility of theft.

9. Transport required to move supplies will also be ordered through Docks Control (who have first call upon the 118 Aust. Gen. Trp. Co. for Dock work). For any additional transport that may be required the Dock Control will advise the Transport Officer at Sturt Street Drill Hall, who will be responsible to see that the additional transport is provided, using H.T. whenever possible.

10. Docks Control will co-operate in advising times of loading and location of berths, and any other information to facilitate smooth working within the Area under their Control.

11. Any queries arising as to the working of the above arrangements will be referred by S.& T. Units or Dock Control to D.D.S.T. direct.

CALL UP FOR F.T.D. OF P.T.D. B.I.P.O.D. PERSONNEL.

It is anticipated that from time to time Oil Coy employees who are P.T.D. members of B.I.P.O.D. will be released by their employers and will be available for F.T.D.

2. A case in question is that of V.121075 SMITH A.H., reference your memo.35/264/5542. 27 Aug 42.

3. After the original application had been submitted to A.D.S.T., the first notification received by this Unit concerning the call up of SMITH for F.T.D. was a copy of a Mob.3 drafting SMITH from Area 59C to G.D.D. CAULFIELD, but it is pointed out that at the time of transfer from Area, this man was recorded on the strength of B.I.P.O.D. P.T.D. and that this Unit is in possession of an F.200 showing the issue to SMITH of a uniform, Hat, Boots and associate badges.

4. The procedure of allotment to B.I.P.O.D. through CAULFIELD - Appropriate Recruit Training Depot - and A.D.S.T. has been covered and to prevent any confusion in the original move from Area it is suggested that the following procedure should be adopted.

(a) Copy of D.D.G.M. memo to Area releasing the soldier to be forwarded through usual channels to B.I.P.O.D. H.Q.

(b) B.I.P.O.D. H.Q. would then prepare a Mob.3 for the soldier concerned "Marched out to Area - from P.T.D. for call up F.T.D. B.I.P.O.D." and send this Mob.3 to Area, together with F.200 and any other appropriate papers. As P.T.D. personnel are attending Home Training Parades, it is not practicable for their F.200 to be held by Area Officers.

AUSTRALIAN WAR MEMORIAL AWM2022.5.1601

(c) At the same time, a Casualty Return would be prepared by this H.Q. for the return to Area and submitted to D.R.O. in the usual manner.

(d) Area Office would then draft to G.D.D. CAULFIEID in accordance with procedure laid down in memo.108293, 12 Aug, A.A.G. (Org) Vic. L. of C. Area, copy of which is attached.

PUBLIC MONEYS - RESPONSIBILITY FOR:

The following approved amendment of A.M.R. & O. 1464 is promulgated for information:

"A Warrant Officer, N. C. O., or Private soldier will not be subjected to the risk of loss by having public moneys placed in his hands, nor will he be charged with the custody of receipt books or other forms relating to public moneys, or with the custody of forms of authority for the issue of Railway Warrants, unless -

(a) he is for the time being by virtue of his appointment specifically charged with the receipt, safeguarding, custody or transit of public moneys; or,
(b) a member of the Australian Army Pay Corps.

MILITARY PERSONNEL - ATTENDANCE AT INQUESTS WHEN REQUIRED BY CIVIL POLICE:

Owing to the lack of co-operation between the Australian Army authorities and the police, many inquests in which soldiers are material witnesses are being unduly delayed. It is suspected that there was possibly a desire in some cases to protect the soldiers concerned from being further involved in inquest proceedings. Information is to be freely given as to the location of those soldier witnesses when sought by the police.

In future, arrangements will be made, to afford the police every co-operation and facility for obtaining the required evidence from soldier witnesses.

USE OF CARS:

1. In order to economise in the use of cars, and conserve petrol and rubber, Officers under the rank of Colonel arriving at Railway or Air Terminal stations will report to the R.T.O's. or Air Office to ascertain the location of the car allotted to transport them to their destination. This will save any necessity for an Officer from the branch or directorate concerned attending at the station or airport to meet the officer, thus permitting one car to transport up to three Officers with their luggage.

2. Transport Officers responsible for detailing cars to meet Officers at Railway Stations or Airports will issue instructions to the drivers that they are to report to the R.T.O. or Air Office at least five minutes before the train or aeroplane is due. Drivers will notify the R.T.O. or Air Office the name of the Officer or Officers they are detailed to meet and the number and location of their cars, in order that the R.T.O. or Air Office can direct the Officers to their cars.

APPEAL BY THE PRIME MINISTER TO THE DEPT. OF THE ARMY IN REGARD TO THE £100,000,000 LOAN: Subjoined is a copy of a recent letter addressed by the Prime Minister of Australia to the Minister for the Army:

"My dear Minister,

1. In view of the heavy requirements of the Treasury in relation to Loan money for the current financial year, I have approved of an intensive three months' campaign for the purposes of restricting public spending to the minimum, of diverting all available money into bonds and war savings certificates, and of stimulating production and creating a more realistic war consciousness among the public.

2. It is desired to raise by public subscription £100,000,000, before Christmas. A Loan for this amount will be issued on September 3, but the intensive publicity drive will aim even to exceed this amount if possible.

3. The basis of the appeal will be the need for a much more austere method of living by the public generally, and the publicity will be directed towards securing the co-operation of the public in eliminating many of the avenues of surplus spending that to-day are resulting in a wastage of manpower, raw material, and time and effort that could be directed to war purposes.

4. The campaign will be conducted by the Dept. of Information, and the general organisation of the campaign has been placed in the hands of the Controller of Government Advertising (Mr. Hutcheson.).

5. During the period of this special appeal I would appreciate the complete co-operation of yourself and your department in facilitating access to all facts and material necessary for the requisite propaganda and in giving active assistance that will be sought in different aspects of the campaign. In this connection I specially desire that Publicity Officers of all departments should give to the Dept of Information and the Campaign Organiser (Mr. Hutcheson) their complete Co-operation.

6. Simultaneously, it is desired that all departmental publicity during the period in question should be stepped in with the general line of campaign propaganda, and directed towards securing a greater public appreciation of the need for the restriction of all forms of unnecessary spending. To ensure a uniform approach to the public, it is necessary that all such departmental publicity should be prepared in consultation with the Committee controlling the campaign.

7. To emphasise to the public the need for austerity standards, I desire all action taken immediately in departments not only to eliminate waste but to eliminate all activities that are not essential to the conduct of the war.

8. It is necessary that Service personnel should set an example in spartan living, and that all privileges that involve unnecessary use of facilities and commodities of which the public is being deprived should be strictly reviewed. I desire not only the issue of instructions to this effect, but also that from time to time the Service personnel should be addressed upon their responsibility to the civilian community in relation to waste of material and efforts.

9. It is not desired that any publicity be given to this campaign until official announcement is made towards the end of August.

Yours sincerely, JOHN CURTIN, PRIME MINISTER.

SUGGESTIONS regarding the best practical means of implementing the Prime Minister's wishes contained in paras 5, 6, 7 & 8 of his letter are invited from all personnel and should be transmitted through normal channels as expeditiously as possible.

PERSONNEL ARE INSTRUCTED that, in future, when returning from leave and arriving in Camp after "Lights Out" (2230 hrs.); the lights in the sleeping huts must not be used.

Camp Police are instructed to keep strict supervision in this matter.

TOBACCO & CIGARETTE SUPPLIES: Until further notice the supplies of Tobacco and Cigarettes to the Canteen Service have now been placed on a strictly monthly quota. This means that a ration will be adopted as follows to operate immediately.

RATION: The rationing basis is a maximum of -
140 Cigarettes per man per week.
OR
4½ ozs. Tobacco " " " " (1 oz. Tobacco being equal to 30 Cigarettes)

The actual amount of cigarettes and tobacco which will be available will be on the basis of 30 cigarettes and 3½ ozs Tobacco per man per week. (This is equivalent to 140 Cigs. or 4½ oz. Tob.)

DISTRIBUTION: To ensure as fair a distribution as possible of the amount available each month, stocks will be allocated as follows:

(a) WEEKLY DISTRIBUTION TO CANTEENS:
A quantity based on camp strengths, and as per ration amount mentioned above, will be allotted to each canteen.
Owing to Camp strengths continually fluctuating, this allotment will be made weekly.

(b) DAILY DISTRIBUTION FROM CANTEENS:
To avoid selling out the week's quota in the first two or three days, and to give all personnel every opportunity to obtain their ration, each Canteen will sell each day no more than one seventh of their weekly quota.
After the daily quota is sold out, no more is to be placed on sale until the following day.
As ample supplies will be available it is considered unnecessary to introduce individual rationing at present, it is the duty of each man to see that he does not purchase more than his quota.

ISSUE OF POTATOES:
Owing to the extreme shortage, Potatoes will be issued for consumption on six days per week only, for a period of two months, from 15 Sep 42. No issues will, therefore, be made for consumption on the following days:

Saturday 19 Sep 42.	Saturday 17 Oct 42.

" 3 Oct 42.	" 31 " "
" 10 " "	" 7 Nov. "

In lieu of Potatoes, the following issues will be made.
Pumpkin 50%.
Swedes 50%.

FORMS. DINING - CAMP (FOLDING):
Camp Forms (folding) are not to be used in M. T. Vehicles for troop carrying, and are not to be removed from any hut without the permission of Unit Q.M.
These forms are Camp Equipment, and are allotted to certain huts and are shown on the hut inventories; such unauthorised removal causes a lot of unnecessary checking.
Disciplinary action will be taken against personnel removing forms without proper authority.

SPORTING MATERIAL - SHORTAGES OF AND NECESSITY FOR CONSERVATION:
A survey of sporting material procurable and likely to be manufactured in the near future reveals an acute shortage. Steps have been taken to ensure that the Army procures for issue to Units as much as possible of the available equipment.
Units should take every care of sporting material held by them, and all damaged material will be conserved until such time as arrangements can be made to have it repaired. New material must receive the proper treatment before use and a regular overhaul after it is put to use.

USAFIA: ITEMS OF UNIFORM AND EQUIPMENT:
POSSESSION OF BY MEMBERS OF A.M.F. FORBIDDEN:
The possession by soldiers of A.M.F. of items of USAFIA uniform and equipment is forbidden.
Breaches of this order will be strictly dealt with.

PACKING CASES:
Due to the manpower position and the shortage of suitable material considerable difficulty is experienced in providing packing cases, cartons and bales in Ordnance Depots.
Any saving that can be effected is a direct contribution to the war effort. Personnel receiving stores will exercise care in opening cases and other packages, in order that no unnecessary damage occurs.

VOLUNTEERS - REQUIRED:
It is most probable that, in the near future, B.I.P.O.D. will be called upon to provide further personnel for duty in Northern Australia or New Guinea.
The area to which such personnel required may be drafted is under the control of the Commonwealth of Australia, and members of CMF can be detailed for this duty.
Personnel prepared to volunteer for this service should hand in their names to Orderly Room as early as possible, and not later than 1 Oct 1942.
Volunteers must be medically fit Class I, and between the ages of 20 and 35 years. It is not necessary for such volunteers to enlist in the AIF, but this can be done if so desired.
It is hoped to obtain sufficient volunteers to enable the formation of a special training group, and thus avoid detailing personnel at short notice as drafts are required; members being more or less untrained in the special duties of a northern B.I.P.O.D.
The training would be interesting, varied, and useful, and conducted by your own Unit at a suitable location.

ENTERTAINMENT:
The Army Education Service will screen a Talkie Prog. on 23 Sep.

PERSONAL HYGEINE.
Cleanliness of the hands and finger nails of personnel handling food is most necessary. The hands should always be washed after visits to the latrines and before meals. The hair should be kept short all over the head and should be combed and brushed daily and washed frequently. Hair brushed and combes are often neglected and should be cleaned at least once a month.
Where possible regular washing of the surface of the body should be practised, daily for preference. The skin requires frequent cleansing not only to remove visible dirt, but also the salt, grease and dried sweat poured out from the glands of the skin, which otherwise would becc clogged. A hot bath should be taken at least once a week.

FREE HOME LEAVE TRAVEL:
It has been brought under notice that many soldiers on Home Leave have been penalised by the failure to issue Coach warrants where the journey involves travelling by Rail and Service Car. Where Railway services are not available, or journeys cannot be completed by rail, separate Coach Warrants (endorsed "HOME LEAVE TRAVEL CONCESSION") may be issued for travel by regular public motor services. The coach warrants will be given to the road operators concerned, who are to be advised to submit them with claims, to the local District Finance Officer.
Where by arrangement with a Railway Department, there is a combined rail and road service, travel by such service is obligatory. This concession has application solely to regular public road motor services, and does not cover the use of private or hire cars, the expense for which, where used, must be borne by the individual himself.
