PART 1 - UNIT ROUTINE ORDERS

by

Lieut T.A.Lane

OC 62 Aust BIPOD Pl (AIF) 13 Aug 45

Serial 2 Nos. 11 - 20

11. INDISCRIMINATE LIGHTING OF FIRES

Cases have occurred where fires which have been lit for the purpose of destroying rubbish etc have also destroyed valuable trees. This has been particularly noticeable in coconut groves and banana plantations where the heat from fires made to burn rubbish has resulted in the scorching of the foliage high up in the trees with consequent lasting damage to the palms. Rubbish will not be burnt or other fires lit where damage to flora will result.

(8 Base R/O No.134)

12. IMPROPER USE OF AUSTRALIAN UNIFORM

Cases have been reported of natives wearing Australian uniforms which they stated when questioned they had obtained from members of the AIF. On no consideration will military personnel give, trade or barter army clothing, rations or supplies to natives as this is provided through normal channels. Disobedience of this order will be severely punished.

(8 Base R/O No.135)

13. INFLAMMABLE FLUIDS

Fatal accidents have been caused by petrol and other inflammable fluids being used for lighting or boosting fires. This practice will cease and under no circumstances will inflammable fluids be used for this purpose. Units will ensure that inflammable fluids are not brought within close proximity of naked flame whereby damage might be caused to equipment or personnel.

(8 Base R/O No.136)

14. DISCONTINUANCE OF AIRGRAPH SERVICE

In consequence of the falling off in airgraph traffic, coupled with the increased aircraft accommodation now becoming available for the carriage of overseas mails, it has been decided to discontinue the airgraph services as from 31 Jul 45.

(8 Base R/O No.138)

15. CENSORSHIP

Troops now may mention that they are on Labuan or in the Brunei Bay area in private correspondence. No other place names or locations other than the above may be disclosed.

(8 Base R/O No.122)

16. MISUSE OF FIELD CABLE

It has been noticed that field signal cable is being used for many unauthorised purposes (clothes lines, erection of shelters etc). Due to wide dispersal of forces in this area the offence becomes all the more serious. The practice of using cable for any but its normal use will cease. Disciplinary action will be taken against offenders.

(8 Base R/O 123)

17. MALARIA

Commander 8 Aust Base Sub Area brings to the notice of all commanding officers that during the week ending 20 Jul 45 a total of ten cases of malaria occurred two of which are members of units under command.

It will be observed that the above included both MT and BT types of malaria. The infection of the MT malaria case has undoubtedly taken place in the last six weeks and it is almost certain that BT infection has taken place within the same period.

Malarial infection definitely shows a lack of command, control and discipline within all units in which they occur.

AUSTRALIAN WAR MEMORIAL AWM2022.5.1755

17. MALARIA (contd)

Enquiries are being made, and will be held into all cases of malarial infection and where the evidence indicates, disciplinary action will be instituted against any CO, other officer or other rank.

It is intended to publish from time to time lists of all personnel indicating their units, who have contracted malaria during relevant period.

(8 Base R/O No.124)

18. LAUNDERING OF UNIT CLOTHING

3 Aust Laundry and Fwd Decn Unit is experiencing considerable difficulty in identification of clothing forwarded by units for washing, owing to the unit laundry number not being clearly marked on each article.

All personnel will ensure that their laundry number is clearly marked in marking ink on each article of clothing, before despatch to the laundry.

The laundry cannot be held responsible for any article lost unless this order is implemented.

(8 Base R/O 128)

19. USE OF EXPLOSIVES IN WATERS OF BRITISH BORNEO

One of the principal sources of food for natives in British Borneo in the coastal areas is fish and in many localities fishing is the main industry.

The use of explosives of any kind for the purpose of obtaining fish has serious effects often of a permanent nature, owing to the destruction of large numbers of small fish and the fact that normal feeding and breeding grounds are abandoned.

All ranks will appreciate the serious effects that will result as far as the native population is concerned if the use of explosives to obtain fish is permitted. Therefore the use of explosives of any description whatsoever is prohibited for the purposes of obtaining fish or for any purpose whatever other than action with enemy, in the waters and streams of British Borneo.

Severe disciplinary action will be taken for breaches of this order.

(8 Base R/O No.140)

20. CARELESS DRIVING - DAMAGE TO ROAD ALIGNMENTS AND DRAINS

Road alignments and drains are being constantly damaged by the careless driving of MT. In this area the serviceability of roads depends on the preservation of drains and damage to drains imposes further strain on the Engineer Services.

Immediate steps will be taken to see that there is an improvement in the standard road discipline.

Standing orders for drivers of mechanical vehicles and the following additional orders will be strictly enforced:-

(i) Vehicles will be driven at all times in such a manner as will ensure that they do not encroach on road alignments.

(ii) On narrow roads in approaching oncoming traffic and road-making machines, vehicles will halt until a path is available that will permit passing without encroachment on the road alignment.

(iii) At night, vehicles fitted with dimmers will dim their lights in approaching oncoming traffic.

The bogging of vehicles on road alignments and in drains will be taken as prima facie evidence of neglect on the part of the driver.

Disciplinary action will be taken against drivers guilty of any breach of the above orders.

PART 1 - UNIT ROUTINE ORDERS

by
Lieut T.A.Lane
OC 62 Aust BIPOD Pl

Serial No.4 28 Sep 45 Nos 30 - 36

30. CENSORSHIP

The suspension of unit censorship does not mean that a member of the AMF may disclose information which is in the security classifications of TOP SECRET, SECRET and CONFIDENTIAL or such information in the RESTRICTED category as may not be disclosed to the public.

The following provisions of GRO 371/44 will continue to apply:

Part A - Introduction

(i) Interpretation:-

(a) For the purposes of this order - "Australia" means the Commonwealth of Australia the Territory of Papua and the Mandated Territory of New Guinea.
"Communication" means any letter, registered letter, letter card, field service post-card, green envelope, newspaper, parcel, packet or telegram.
"Member" means a member of the AMF
"Prohibited information" means any naval, military or air force information which has not been published and which may be directly or indirectly of use to the enemy if received by him.

(b) The provisions of this order will not apply to any communications prepared or despatched by a member in the course of his duty.

(c) Part B of this order deals with security and will be observed by all members at all times.

(d) Part C sets out the type of information which not be written and the type of article which must not be enclosed in communications and will be observed by all members at all times.

Part B - Security

(ii) Security of Information

A member will not communicate any prohibited information except for the purpose of carrying out his duty. A breach of this provision is also an offence under the Defence Act 1903-41 punishable by a fine or imprisonment or both.

(iii) Diaries and Notebooks

(a) A member will not send through the post any diary or notebook.

(b) The CO of each unit will ensure that all diaries and notebooks are collected by an officer appointed for the purpose -

(i) before any movement by sea or (except within the Commonwealth of Australia) by air.
(ii) whenever contact with the enemy is imminent
(iii) On the 31 December in each year and at such times as notified in formation or L of C area routine orders.

(c) Diaries and notebooks will be sent by units to the nearest detachment of 1 Aust Field Censorship Coy or to the nearest base censor. All such diaries and notebooks will be clearly marked as such and will show the regimental number, rank name and unit of member.

After examination they will be sent by Det 1 Aust Field Censorship Coy or Base Censor to Ech and Records of the L of C Area of enlistment of the owner of the diary or notebook for storage and safe custody.

(d) A similar procedure will be followed for disposal of official notebooks kept by officers and other ranks containing technical notes or records of details connected with their duties, notes of army schools etc (except to the extent to which other official unit arrangements for the safe-custody of such notebooks are made with the approval of the formation concerned).

(e) Diaries and notebooks may be returned to the owner on application to the Ech and Records of the L of C Area of the member's enlistment, after return to Australia provided that such diaries and notebooks have been approved by the OC det 1 Aust Fld Censorship Coy or Base Censor for release. If such diaries and notebooks are not approved for release, they shall not be returned until after the termination of hostilities.

(f) No member will carry with him when returning to the Commonwealth of Australia or send, deal with, or dispose of any diary or notebook except in accordance with the provisions of this order.

AUSTRALIAN WAR MEMORIAL AWM2022.5.1755

30. CENSORSHIP (Contd)

Part C - Censorship

(iv) Prohibited information

A member will not post or send any communication containing any prohibited information. In particular, reference shall not be made to any of the following matters:

(a) strength of any organisation of our own or allied forces (including navy and air forces) or reference to their morale.
(b) armament or equipment of any kind
(c) plans or forecasts of orders for current, future or cancelled operations or movements, whether known, rumoured or surmised.
(d) state of the maintenance services (including any reference to reserves).
(e) casualty figures before official publication.
(f) criticism and statements which may bring into disrepute our forces or those of our allies.

(v) Prohibited articles

A member will not, save in the course of duty, include in a communication -

(a) any document or equipment captured from the enemy or found in places occupied by the enemy, or any document containing information about the enemy, other than documents or equipment stamped with a War Souvenir Stamp, signed by an authorised officer certifying that the article is not required by Intelligence. In this regard, the attention of all members is directed to GRO 473/43.
(b) official documents, including intellingence summaries, orders, maps etc.
(c) official documents belonging to the civil authorities in allied or enemy territory.
(d) propaganda leaflets, whether issued by the enemy or by Australian or allied forces or authorities.

(vi) Codes and Ciphers

A member will not post or send any communications containing -

(a) any writing which bears any meaning other than that contained on the face of i
(b) any instructions or request to use any means of secretly conveying receiving or recording any information or to use any form of code, cipher or shorthand.
(c) any writing, mark, sign or thing secretly conveying or recording information.
(d) any code, cipher, shorthand or any writing mark or sign in any form of code cipher or shorthand

The names of casualties among allied PW will not be disclosed until it is reasonable certain that next of kin have been informed by records. The co-operation of all rabks is requested particularly in this regard in order to prevent any further distress being suffered by next of kin.

It will be appreciated that Base Censorship and the censorship of parcels will continue.

Breaches of National Security Regulations and of this order are an offence against military law, and the abolition of unit censorship merely places an obligation of honour upon all rabks.

(8 Base RO No. 225/45)

31. POST-DISCHARGE MALARIA

1. (a) The Repatriation Commission will accept responsibilty for providing any treatment necessary in respect of the first attack of malaria suffered by an ex-memeber of the AMF after his discharge from the army.

(b) During such treatment, the Commission will institute inquiries as to eligibility or otherwise for the treatment of any subsequent attacks of malaria.

2. On the first occasion after his discharge than an ex-member becomes ill with malaria, he should -

(i) if resident in a capital city - report to the Repatriation Dept's branch office o general hospital, either in person or by telephone, when immediate examination and treatment will be arranged.

(ii) if resident in the country - report to and request treatment from the nearest Repatriation local medical officer, who will send a report to the Repatriation Dept. It will be necessary for the ex-member to identify himself by production of his discharge certificate.

3. (a) If it is not possible so to report, the ex-member should consult and request treatment from his local civilian doctor, and, provided prompt advice is sent by the doctor or the ex-member to the Repatriation Dept, the Commission will assume full responsibility for the payment of medical fees, hospital fees and the cost of drug

(b) Arrangements for any further treatment will be notified to the ex-member by the Repatriation Commission as soon as possible.

4. Information regarding the treatment of malaria, with particular reference to ex-ser personnel, has been sent by the Commonwealth Dept of Health to civil medical practition

5. In view of the foregoing, it is unnecessary for any member to be examined by a fina board at the time of his discharge merely on account of a history of malaria. If a member has had an attack during his service, it will be on record in his medical histor Whether or not a member has had an attack during his service, he will be cared for by t

AUSTRALIAN WAR MEMORIAL AWM2022.5.1755

32. CONSERVATION OF RUBBER - CRUDE AND SYNTHETIC TYRES

1. This order will be read in conjunction with GRO 0167/1944
2. Tyres in use in the field are now both of crude and synthetic construction, and as tyres of synthetic construction are far more susceptible to failure through abuse than tyres constructed from natural rubber, their introduction into the service has made it more imperative thatn ever that all instructions for care and maintenance of pneumatic tyres be strictly observed.
3. All concerned will, therefore -
   (i) exercise the utmost care to avoid all forms of tyre abuse, the principal of which are - overloading
   under-inflation
   incorrect fitting of tyres
   harsh braking
   fierce acceleration
   speeds exceeding those laid down in GRO 0340/1944
   driving over obstructions and other causes of severe impact.
   (ii) check wheel alignment frequently and correct irregularities promptly
   (iii) ensure that tyres are "changed arcund" periodically in accordance with current instructions
   (iv) remove stones and flint from tyres during maintenance
   (v) submit tyres for replacement at the correct stage for recapping and
   (vi) submit damaged tyres for repair without delay.
4. Formations and units will ensure that prompt disciplinary action is taken where breaches of this order occur.
5. Clauses (v) and (vi) of para 3 above may be waived on the special authority of formation commanders in the assault and early developmental stages in new operational areas, during the period in which replacement or repair is not practicable nor expedient or in which replacement tyres and repair facilities are not immediately available. In such cases worn or damaged tyres may, if considered necessary, be run for destruction.

(GRO No. 227/45)

33. PROHIBITION OF ENTRY OF ANIMALS INTO AUSTRALIA

1 Aust Corps RO 118/45 is repeated for information and compliance.

1. Australia is at present free from many of the animal and bird diseases which are prevalent in some of the foreign countries and adjacent islands where Australian Forces have been deployed and the introduction of such diseases to Australia would be a national calamity.
2. GRO 53/45 covers the prohibition of the return of all anmimals, birds or reptiles including those on unit WEs and the enforcement of its provisions is the responsibility of every officer and NCO particularly ESOs, ATOs, COs and OC Troops.
3. Small animals, birds or reptiles can be concealed in kits and special vigilance of all officers and NCOs is necessary to prevent the evasions of the Quarantine Regulations Any animals, birds or reptiles discovered after embarkation will be destroyed immediately.

(8 Base RO No. 228/45)

34. VEHICLES CROSSING AIRSTRIP

It has been brought ot notice that army vehicles have been crossing airstrip at Labuan Airfield. Units will ensure that this practice is discontinued. Disciplinary action will be taken should there be any breach of this order.

(8 Base RO No. 236/45)

35. BOMB DISPOSAL

Personnel having knowledge of the whereabouts of any Jap bombs etc in the Base Sub Area will advise this HQ giving details as to location (map ref) and quantity in order that disposal of same may be effected at the earliest opportunity.

(8 Base RO No. 241/45)

36. BREACH OF MALARIA PRECAUTIONS

At a recent GCM held in this area a captain was found guilty of neglect to the prejudice of good order and military discipline, in that he, as OC of his unit, was responsible for the policing of anti-malaria precautions in accordance with unit orders, did not adequately police anti-malarial precautions.

The officer was sentenced to be reduced to the rank of lieutenant in the Military Forces of the Commonwealth of Australia, which sentence has been confirmed.

21. PROHIBITED ARTICLES

It is apparent from censorship of parcels that neither troops nor franking officers are conversant with current regulations dealing with prohibited articles. The following list of prohibited articles will be brought to the attention of all ranks:-

Plants - Plants, shrubs, cuttings, bulbs, seeds and coconuts are prohibited for medical reasons. Exception is granted only for supply to herbaria or scientific bodies subject to approval of Director General of Health (Quarantine Section Plant - Canberra).

Military Equipment - Any article issued by or belonging to the Commonwealth or Allied Forces.

Canteen or ACF Goods - Any articles sold, distributed or supplied by Australian Army or Allied Forces Canteen Services or Australian Comforts Fund. The inclusion of canteen goods, especially cigarettes, has been prevalent recently and in most cases senders particulars have been insufficient to trace the owner.

Loot - Any item of local or enemy origin which may be of use to the civil authorities for the rehabilitation of the territory. The most common breach in this category is the inclusion of cloth.

IT is stressed that full military address must be included on a slip of paper in all parcels.

The restrictions on the use of cameras by members in operational areas are now lifted. Many articles of equipment and installations are, however, still on the secret list and are likely to remain so. The list of such equipment is, as yet, unavailable but as a general guide, any item which has appeared in press photographs or is known to have been captured by the enemy would not be considered a prohibited subject. Installations such as radar will not be photographed except by official photographers.

Exposed films will continue to be sent only to authorised agencies for processing

(8 Base Sub Area RO 183/45)

22. FOREIGN CURRENCY

The export of Straits Settlements currency and postage stamps is prohibited. This unit Routine Order No.4, para 3, sub-para (a) is cancelled.

(8 Base Sub Area RO 192/45)

23. ANTI-MITE PRECAUTIONS

Full anti-mite precautions will be carried out by all units on Labuan Island as well as those stationed elsewhere in Borneo. Two cases of scrub typhus have occurred recently amongst the civil population on Labuan. The danger of entering native houses and fraternising with natives is again stressed.

(8 Base Sub Area RO 193/45)

24. Cutting of Bamboo

The indiscriminate cutting of bamboo on Labuan will cease. Bamboo is used extensively by the natives as a building material and consequently the limited supply on the island must be conserved to the greatest extent possible.

(8 Base Sub Area RO 194/45)

AUSTRALIAN WAR MEMORIAL AWM2022.5.1755

25. ACCIDENTAL DISCHARGE OF FIREARMS

A number of instances have occurred of rifles being discharged while being cleaned resulting in injuries to personnel and, in one case, death.

All ammunition will be withdrawn from personnel of units of 8 Aust Base Sub Area stationed on Labuan.

Ammunition will be issued only to sentries and is to be carried on the man and will not be loaded.

Injuries resulting to personnel as a result of the accidental discharge of firearms will be taken as prima facie evidence of neglect on the part of the member discharging the firearm. An investigation will be immediately undertaken to ascertain the nature of the safety precautions in force in the unit.

(8 Base Sub Area RO 200/45)

26. VEHICLES IN VICINITY OF HOSPITALS

Patients in hospitals are being unduly disturbed at night by vehicles accelerating and changing down and generally making far more noise than is necessary. Some of these vehicles have had their silencers removed.

Drivers and visitors to hospitals will take note that by avoiding excessive noise they can contribute to the comfort of patients.

Units camped adjacent to hospital or using roads in the vicinity will pay particular attention to this matter.

Silencers will NOT be removed from vehicles.

(8 Base Sub Area RO 202/45)

27. CUTTING OF RUBBER AND COCONUT TREES

Cutting of rubber and coconut trees will cease. No rubber or coconut trees will be cut down without the prior approval of HQ 9 Aust Div. Records of all rubber and coconut trees authorised to be cut down will be kept and fortnightly returns will be submitted giving number of trees, location where cut down, and name of owner if known.

(8 Base Sub Area RO 208/45)

28. FOURTH VICTORY LOAN

1. The Fourth Victory Loan of £85,000,000 will be open for subscription on 25 Sep 45 and close not later than 31 Oct 45.

2. Arrangements have been made for paymasters and unit pay representatives to accept applications for Commonwealth Government Inscribed Stock or Treasury Bonds from members of the AMF who desire to invest their savings in the loan.

Particulars of the loan

3. Loan applications may be made for an amount of £10 or a multiple of £10.

4. Treasury Bonds are payable to bearer and are issued at par for £10, £50, £100, £500 and £1000.

5. Inscribed stock may be purchased at par for amounts of £100 or multiples of £10 above £100.

6. Interest is payable at 2½% per annum if invested for 5 years and at 3½% per annum if invested for 16 years, and will be credited half-yearly to a member's savings bank account or current account, if desired.

7. Interest will be subject to Commonwealth taxation but not to any income tax under the law of a state. During the period of uniform taxation, a rebate of 2/- in the pound on interest will be allowed to cover freedom from state taxation.

8. Any bank nominated by a member will, if requested, hold the bonds in safe custody.

Procedure for lodging applications:-

9. Application forms will be available from paymasters and unit pay representatives and are required to be completed in duplicate. An applicant's signature will be witn by an officer.

10. Sufficient credit must be available in the member's paybook to cover the amount h or she desires to invest in the loan. The amount subscribed will be debited in th paybook.

11. Cash may be accepted in payment of a loan subscription, in which case the amount tendered will be entered in the paybook to establish the necessary credit and a pay sergeant's or cash office receipt issued and pasted in the paybook.

12. Deposits on account of loan subscriptions will not be accepted. Where members desire to subscribe by instalments, the procedure set out in GRO F303/1944 will be ob observed.

13. The Commonwealth Bank will forward to a member an interim receipt for the amount subscribed.

General

14. Both Treasury Bonds and Inscribed Stock are readily realised and may be sol at any time. Any bank will arange this for a member, if desired.

(GRO 218/45)

AUSTRALIAN WAR MEMORIAL AWM2022.5.1755

29. ENGINES, SPARK IGNITION - FIRE HAZARD

1. Attention of all ranks is drawn to the danger of priming petrol engines by pouring liquid petrol into induction manifolds. In addition to this practice being harmful to cylinder bores, piston rings and valve guides, etc, grave fire risk is involved which has in the past been responsible for loss of life, loss of valuable equipment and painful injuries to personnel.
2. The introduction of petrol into the inlet manifold of a petrol engine by removing the air cleaner and pouring the petrol through the carburettor air intake will only be resorted to as an emergency.
3. Not more than approximately 1 tablespoonful of petrol will be introduced by this method.
4. Under no circumstances will any attempt be made to start the engine until the air-cleaner has been replaced.

(GRO 222/45)

30. ALCOHOLIC SPIRITS OR BEVERAGES

The possession or consumption by AMF personnel in British Borneo of alcoholic spirits or beverages other than AACS supplies is prohibited. Any such alcoholic spirits or beverages found in possession of personnel will be confiscated and disciplinary action will be taken against offenders.

(8 Base Sub Area RO 220/45)

31. Reservation of seating accommodation - Concerts etc.

The following instructions regarding the reservation of seating areas for officers, W and NCOs, Women's Services etc attending concerts etc (incl cinemas) in 9 Aust Div Area will be implemented:-

(a) Reserved areas will be clearly marked, preferably roped off and policed.
(b) Reserved areas will be based strictly on a pro-rata basis in accordance with known strengths of personnel for which they are being reserved.
(c) The frontage allocated to each reserved area will be approximately in accordance with the relative strength of the personnel for whose use the area is reserved.

(8 Base Sub Area RO 221/45)

32. VISITING HOURS - GENERAL HOSPITALS

Visiting hours arexas follows:-

(a) 2/4 AGH	Daily	1500 hrs to 1700 hrs 1900 hrs to 2030 hrs
(b) 2/6 AGH	Daily	1900 hrs to 2000 hrs
	Wed) Sun)	1500 hrs to 1630 hrs

No visitors will be permitted during times other than those specified above.

(8 Base Sub Area RO 223/45)

33. TELEPHONE CALLS - GENERAL HOSPITALS

The large number of telephone calls for private conversations is overburdening the limited lines available for general hospitals in the area, and is interfering with the conduct of normal business.

Private telephone calls to hospitals will only be made during the following times:-

(a) 1230 hrs to 1400 hrs
(b) After 2000 hrs

Operators have been instructed not to connect private calls during times other than those specified above.

PART 1 - UNIT ROUTINE ORDERS

by
Lieut T.A.Lane
OC 62 Aust BIPOD Pl

Serial No.5 Nos 37 - 40 31 Oct 45

37. DAZZLING HEADLIGHTS ON VEHICLES

1. With the lifting of wartime blackout restrictions on the lighting of road vehicles and the increasing volume of road traffic, complaints are being made by road-user organisations and particularly by tram drivers, regarding the inconvenience and danger occasioned by glaring and dazzling lights on motor vehicles.

The adjustment and operation of headlights so that, as far as practicable, all avoidable dazzle to oncoming traffic is eliminated is not only part of common road courtesy, but is also required by the traffic laws and regulations of the various states.

2. The following action in regard to army MT vehicles will, therefore, be taken by all concerned.

(i) The headlamps of all MT vehicles required to operate on public highways will be checked and adjusted in accordance with the relevant law of the state in which the vehicle is operating.

(ii) The driver of an army vehicle, when approaching oncoming traffic(including trams at night, will -

(a) dip his headlights, if the vehicle is equipped with a dipping device, when at a distance of not less than 300 feet from the oncoming vehicle and keep them dipped until he has passed it, even if the oncoming vehicle does not reciprocat

(b) keep as near as practicable, having regard to all the circumstances, to the left hand side of the road;

(c) so reduce the speed of his vehicle that, if it becomes necessary, he can stop it within the lessened limits of vision provided by the depressed beam.

(iii) Drivers will immediately report any defects in the lighting system of the vehicles, including incorrect focusing and aiming of the headlights and functioning of the dippin device, which they are not qualified or authorised to rectify.

38. FINAL MEDICAL BOARDS AND APPLICATIONS FOR TREATMENT OR PANSION FROM REPATRIATION COMMISSION

1. There appears to be misapprehension as to the time at which a member of the forces must apply for a final medical board where a disability associated with war service is claimed.

2. Any potential applicant for an immediate war pension should make known at the earliest stage of demobilisation, and that is at his unit , the disabilities on which he will base his application. Arrangements can then be made for specialist opinion to be obtained, if necessary, so that medical boarding will be expidited when he reaches the dispersal centre. This is the standard procedure; it will make for smooth running and will hasten release to civilian life.

3. When a member is available for dispersal, he will be given a complete medical examinatio in accordance with Demob Order 150(a), before being finalised. The results of these examinations, including the result of chest X-ray, are recorded on AAF D2(a) (Medical Examination Prior to Discharge), and become part of the permanent record of the member's service life.

4. Many members are requesting a final medical board only because they believe that failure to do so at the time of demobilisation may jeopardise any post-discharge claim for treatment or for pension.

5. It should be clearly realised by all members that there is no time limit for applicatio to the repatriation commission for treatment or for pension for any war disability. At any time after discharge, such an application may be made to the Repatriation Commission, which will then arrange full medical examination. The record of medical examination prior to discharge and all other medical records and X-ray films are available to the Repatriation Commission at any time during the member's lifetime and are obtained by the Commission when a claim for treatment or pension is lodged.

6. The right of a member to claim treatment or pension after discharge never lapses.

7. These provisions of the policy of the Repatriation Commission will be brought to the notice of all members so that unnecessary final medical board procedure, as distinct from medical examination on demobilisation may be obviated. If members claim a final medical board for inadequate reasons, their demobilisation will be unnecessarily delayed.

Part 1 - UNIT ROUTINE ORDERS

by
Lieut T.A.Lane
OC 62 Aust BIPOD Pl.

Serial No.6 Nos.41 - 45 30 Nov 45

41. POSTAL - EXAMINATION OF PARCELS

1. All parcels and packets, however small, must be wrapped in the presence of an officer who will sign the outside, adding his rank and unit.
2. The purpose of the examination is to ensure that no explosive of live ammunition of any type is included in any mail matter.

(HQ Comd AASC RO No.246/45)

42. DEMOBILISATION - MOVEMENT TO AUSTRALIA

1. The following points will be fully explained to all ranks:-
(a) Priority of movement of personnel to Australia by air or sea is as follows:
(i) Personnel on duty
(ii) Compassionate and emergency leave
(iii) Medical cases (subject to suitability of aircraft and route)
(iv) Compassionate discharges and transfers and occupational releases
(v) Long service releases
(vi) Personnel for normal demobilisation.

(b) Personnel will be moved strictly in accordance with above priority of categories, and in their individual priorities within each category.

(c) The calling forward of a draft into Labuan Details Depot does not necessarily mean that personnel moved into the details depot will move out on the next ship. For instance, no normal high priority demob personnel moved on the Glengyle" on 23 Nov 45. This ship carried personnel in categories shown in (i) (ii), (iv) and (v) only. (HQ Comd RO No. 499/45)

43. DEMOBILISATION - BROKEN PERIODS OF FULL-TIME WAR SERVICE

1. DO 46(d) provides that members who rejoin the AMF after having been discharged i respect of a previous full time war service engagement, or join the AMF after discharge in respect of a similar engagement in another service, will be credited wi both periods of services provided that such period of service was acknowledged when the member entered into the latter engagement.
2. It is NOT necessary for members to have enlisted in AMF immediately on discharge from another service in order to have both periods of service taken into account.

(HQ Comd AASC RO No.500/45)

44. VENEREAL DISEASE

1. IOn discharge from hospital for RTU of a soldier who has been treated for VD or Non-specific Urethritis the CO of the hospital will notify direct the CO of the unit of which the soldier is a member the date on which such soldier is discharged from hospital and he disease for which he has been treated.
2. CO of the unit of which the soldier is a member will be responsible for keeping such records as are necessary and for ensuring:
(a) The soldier is not marched out from the unit for return to Australia within one month from date on which he was discharged from hospital.
(b) That necessary action is taken within the unit to ensure that the soldier kept within the unit camp area under observation for a period of one month from the date on which such soldier was discharged from Hospital.
