79. G.R.O. F.303 COMMONWEALTH WAR LOANS

1. Approval has been given for members of the AMF to subscribe to Commonwealth Loans by making an allotment of portion of their pay to the Commonwealth Bank. Amounts received by the bank under the allotment will be credited to a special account in the member's name and interest will be allowed thereon at the rate borne by the bonds selected for purchase by the member. As often as funds in the account accumulate to the extent of £10, the bank will purchase a £10 Commonwealth Treasury Bond on behalf of the member.

2. Where a member desires to subscribe in accordance with the provisions of this order, he will sign an allotment, in the form WF 12, of the daily amount (in even shillings) he wishes to contribute for the purchase of Treasury Bonds, the name of the allottee being shown as "Commonwealth Bank of Australia ..... Branch" (with the insertion of the name of the capital city of the member's state of enlistment). The member will, at the same time, sign a printed notification to the bank, a copy of which is set out in the appendix to this order. Forms of notification may be obtained from unit pay representatives.

3. Bonds will be held by the Commonwealth Bank at the capital city of the member's state of enlistment for safe custody on behalf of the member. In the case of members enlisted in the Northern Territory or in New Guinea, bonds will be held by the Commonwealth Bank at Adelaide and Brisbane, respectively.

4. Where a member is discharged or cancels his allotment, the special account will be closed and any balance remaining therein will be credited to the member's bank account or paid to him, whichever he desires.

80. N.G.F. ORDERS A.198 MEDICAL - CONTROL OF SKIN DISEASE

To control the high incidence of skin diseases occurring among troops in New Guinea, the following steps will be taken where practicable:

(a) When possible camps will be sited in the open out of the jungle to allow for thorough ventilation.

(b) Facilities will be provided for boiling clothes, underclothing and towels.

(c) Daily hot showers of sterilised water will be provided for all personnel and soap used freely.

(d) All personnel will be instructed to:

(i) Carefully and thoroughly dry the skin, particularly under the arms and between the legs and toes, after washing.

(ii) Apply talc powder to the above areas after drying.

(iii) Remove all water from the ears by careful drying.

(iv) Report all skin abnormalities as soon as they appear.

(e) A general examination of all personnel will be held once a week, with a view to the early recognition of skin conditions. During these examinations, personnel will be stripped to the skin and inspected by unit officers, and, if possible, a medical officer.

(f) Except in an emergency or in cases where distance precludes, no patients suffering from a skin condition will be treated by

81. M.B.S.A. ORDERS G.149 FIELD SECURITY PASSES

2. These passes are signed by the Director of Military Intelligence for and on behalf of the Commander in Chief AMF & authorize holders to be at any place at any time on duty.

83. MBSA ORDER G160 - RELATIONSHIP OF TROOPS WITH NATIVES

1. Fraternising With Natives
   (a) The natives of this territory are an important factor in our present campaign. It is essential that we gain their confidence and respect.
   (b) Friendly relations will be maintained with natives at all times but on no account will troops fraternize with or allow natives to become familiar with them.
   (c) Natives will not be given lifts in MT. The only occasions when natives will be carried in MT is when they are being transported between the Native Labour Camps and their work by the unit to whom such natives have been allocated. In no case will natives be allowed to ride in the front seat of vehicles.

2. Supply Of Rations To Natives

   The practice of troops and units giving army rations and/or cooked food to natives will cease forthwith. A proper diet has been prepared and natives receive ample and suitable food from the proper authorities. The eating of rations not included in this diet causes an increase in the incidence of dysentry and diarrhoea among the natives.

3. Trading With Natives

   Army rations will not be sold to natives or used as a basis of trade or barter with them.

4. Employment Of Native Labour

   Attention is drawn to Moresby Base Sub Area RO 028/44. Units will NOT employ natives allocated to them on duties which are not within the scope of the said order.
