(a) A system is now in operation whereby members of this Coy. will receive Recreational Leave; Applications for leave will NOT be forwarded to this H.Q.'s, except in cases of extreme urgency when Compassionate leave is desired.
All other leave will be granted on a Roster Basis.

(b) In order to remove any misunder-standing by members concerning the effect of a grant of leave without pay, irrespective of the authority which such leave is granted, attention is directed to the provisions of War Financial(Military Forces) Regulations, which provide, in effect, that all pay (including allotments) and pay allowances cease in respect of any period for which a member is granted leave without pay.

(c) When leave without pay is granted, the following will not be payabl during the period of such leave.

(a) Pay (including deferred pay)
(b) Field allowance.
(c) Command allowance.
(d) Special allowance.
(e) Exchange allowance
(f) Dependant's allowance
(g) Travelling allowance
(h) Subsistence allowance
(i) Any allowance payable under Regulation 9 of the abovementioned Regulations.

5. SAVINGS BANK PASSBOOKS

(a) The inclusion in savings bank passbooks of unit names as part of depositors addresses may reveal movements of units, because the places at which the accounts have been operated are inscribed in such passbooks.

(b) In the interests of security, the following action, with which the Commonwealth and State Savings banks have expressed their concurrence, will be taken:

Unit names will be effectively deleted from all passbooks already in the possession of or which may later come into the possession of, officers and other ranks. The deletions will be made in a manner which will not mutilate the passbooks unnecessarily.

6. DANGER AREA: MIDDLE ARM ROAD.

(a) The following is declared a Danger Area:
The area on both sides of the Middle Arm Wharf to a point 4 miles along the road, extending inwards 300 yards from the road on each sides.

(b) The use of firearms within or near this area is strictly prohibited and all personnel are warned against the danger of starting grass fires in the vicinity.

(c) HQ NT Force will advise when the above prohibition may be lifted.

7. CONSERVATION OF WATER.

The amount of water at present being used in N.T. is far in excess of what could reasonably be considered as normal. The chief factor believed bringing about this condition is considered to be the impression that there is an unlimited supply of water at all times in this area. This impression is false and all ranks must in the future practice a policy of economy in the use of water; a few "DON'TS" that will aid this policy are noted hereunder:

(a) DON'T water gardens other than with waste water.
(b) DON'T wash vehicles other than in streams.
(c) DON'T leave showers running when not in use, i.e. when bathers are soaping.
(d) DON'T stand unnecessarily long under showers.

(e) DON'T wash under running taps.
(f) DON'T leave taps half turned off after using.

8. REGIMENTAL FUNDS

The undermentioned statement of Regimental Trust Funds is submitted for the information of allranks.

RECOVERY OF TRADESMEN---REMUPTION OF SCHEME.

1. H.Q.'s NT Force has instructed that the Recovery of Tradesmen Scheme be put back into operation.

2. To ensure every possible or potential tradesman knows that the Army has specific use for his skill, the widest possible publicity must be made to para. 4 of Routine Instructions, serial No. 37 of 26th Jun'43. This will be read to all personnel on a Muster parade and then attached list posted on notice boards.

3. All detachments will list the names and particulars of trades and experience and proof of all personnel who:
(i) Submit their names in accordance with R.I. No. 37, para. 4, bearing in mind that this Unit is a specialist Unit and that the release of butchers/slaughtermen to other units, under this scheme will NOT be practicable.
(ii) Are known by Detachment I.C.'s to be tradesmen in other than the duties they are now employed.

4. TRADE TESTING:
(a) The attention of all I.C.'s Detachments is drawn to this H.Q.'s instruction 43/815A of 12th Feb'43, relative to trade testing.

(b) Every effort will be made to have personnel trade tested as soon as possible.

(c) Application for Trade Test will be made on forms supplied by the member's unit.

(d) Before a form "Application for Trade Test" is handed to a soldier, the soldier's name and the trade indicated by the Tradesmen Recovery Officer will be entered in the spaces provided. This form will then be completed by the soldier.

5. In the interest of the vital need for conservation of man-power, it is essential that I.C. Detachments give every consideration towards the successful and correct handling of this scheme.
