Serial No.43/43. Dated: 2nd. October'43.

1. POWERS OF SENTRIES AND GUARDS: (GRO.A.648.)

a. Regulations 8a. of the National Security (General) Regulations(Statutory-Rules 1942, No.374) provides that, without derogating from or restricting the existing powers or rights of sentries and guards, a military sentry or guard stationed or posted at, on, in, or in the neighbourhood or vicinity of, any prohibited place, protected area, controlled area, or any premises used by the Commonwealth, or used for defence purposes or for essential services, or any vehicle, vessel or air-craft used by the Commonwealth, or any enclosed wharf or picking up place, or any merchant vessel lying in port, or any road, pathway or waterway, specified in an order by the Minister, which passes through or near a prohibited place or work of defence, may be armed, and may:-

(i) use his weapons against, or otherwise attack, any person who, in disregard of a warning given by a sentry or guard, approaches, enters, leaves, or passes over in the vicinity or neighbourhood of, or attempts to approach, enter, leave, or pass over or in the vicinity or neighbourhood of, that place, area, premises, vehicle, vessel, air-craft, picking up place, road, pathway or waterway, or who, after being arrested for so doing, escapes; and

(ii) use his weapons against or otherwise attack, any persons attacking him or who is reasonably suspected of being about to attack him.

b. There are, however, certain principles which must guide all sentries and guards in the execution of their duty as such, and in the exercise of the right to resort to arms.

c. These principles are:-

(i) Sentries and guards will be ordered to take any action that is required to ensure the safety of their posts or to defeat the activities of the enemy, or suspected enemy, agents.

(ii) If necessary, they will fire upon or otherwise attack any persons threatening the safety of their posts or engaging in hostile actions.

(iii) Before firing on any person, the sentry or guards will, except in an urgent case of self defence, challenge that person to "Halt", if that person does not halt, the sentry should then challenge him with "Halt or I Fire". If he does not halt and no other means are available of stopping him, as for example, calling on the rest of the guard, it is the duty of the sentry to shoot.

(iv) The sentry will use his intelligence and the sense of responsibility in choosing whether to shoot or not, and he must be careful not to allow the suspected person to approach so close that he can be rushed and overpowered.

(v) Guards of enemy prisoners of war. An enemy prisoner of war attempting to escape may be fired upon, but a previous summons to surrender will be given if possible.

AUSTRALIAN WAR MEMORIAL AWM2022.5.2192

(vi) Guards of members of the forces in custody:

a. An escort or guard is not justified in using his weapon merely for the purpose of preventing another member from escaping from custody, and if he so uses his weapons he may render himself, as well as any officer or N.C.O. under whose orders he acted, liable to be charged with murder, manslaughter or incitement to murder.

b. If a member in custody attempts to escape, the escort or sentry will immediately raise the alarm to give chase. He may call upon any passer-by to assist him in apprehending the escapee.

c. An escort or guard may be justified in using his weapons when a member in custody resorts to violence. In such circumstances an escort or guard may meet force with force, but care must be taken to use no more force than is necessary to overcome the violence offered. Hence, even when violence is offered to an escort or guard, it will only be as a last resort that the use of weapons will be justified.

d. Orders for guards and sentries will be framed in conformity with the above and guards and sentries will be suitably instructed as to their powers and duties.

e. GRO.A.682/1942. is cancelled.

2. PROFICIENCY PAY: (GRO.F.660.)

a. Preliminary:-

Approval has been given for the payment of proficiency pay of six-pence per day to every male member of the AMF who holds either the appointment of lance corporal or lance bombardier, or the rank of private or its equivalent, and who is not in receipt of pay prescribed for a qualified parachutist or a tradesman or specialist, subject to the conditions set out hereunder.

Interpretation:-

b. For the purpose of this order, the following interpretations shall apply:-

"Six months' service"- Only continuous full time war service will be taken into account when calculating the period of six months' service. Periods of leave with pay will be accepted as service. Periods of leave without pay will not contribute towards the requisite period, but service rendered prior to such leave will not thereby be cancelled but will be accepted as part of the period of six months.

"Good Conduct"- A soldier's conduct will be deemed good unless he commits a 'breach of good conduct' as interpreted hereunder.

"Prescribed Examination"- The examination conducted for the purposes of enabling a soldier to demonstrate his proficiency in the arm or branch to which he belongs.

c. Entitlement:-

Proficiency pay will be payed as on and from the 1st.July'43, to a soldier who -

(i). At that date had completed at least six months service;
(ii). for six months immediately prior to that date had been of good conduct; and
(iii). on the first occasion subsequent to that date had been able to pass the prescribed examination.

d. A soldier who complies with sub-paras (i) and (ii) of para "c" of this order but who fails to pass the prescribed examination on the first occasion will be entitled to proficiency pay on and from the day upon which he passes such examination, provided he has been of good conduct for the period of six months immediately prior to passing that examination.

AUSTRALIAN WAR MEMORIAL AWM2022.5.2192

e. A soldier who complets six months service on a date subsequent to 1st.July'43, will be entitled to proficiency pay on and from the day upon which he passes the prescribed examination, provided that he has been of good conduct during the period of six months immediately prior to the date of such examination. A soldier who passes the examination before he has completed six months service will be entitled to proficiency pay on completion of six months service, with good conduct.

f. A soldier who is debarred from qualifying for proficiency pay by reason of a breach of good conduct will, providing that he has passed the prescribed examination, become entitled to proficiency pay on and from the day he completes his six months service with good conduct. If such a soldier had not previously passed the prescribed examination, he will be entitled to proficiency pay on and from the day upon which he passes the prescribed examination, provided that he has been of good conduct for the period of six months immediately prior to passing the examination.

g. Forfeiture of Proficiency Pay:-

If a soldier who is in receipt of Proficiency Pay commits a breach of good conduct, he shall automatically forfeit his proficiency pay on and from the day of his conviction or the award against him.

h. Proficiency pay may be withdrawn at any time, by the C.O. if he considers that there has been a falling off in the soldiers efficiency, and such a soldier will be required to again qualify by examination before proficiency pay can be restored.

i. Transfers:-

When a soldier who is in receipt of proficiency pay is transferred from one arm or branch of the service to a unit of a different arm or branch, he will, subject to the provisions of para."g". of this order, continue to be entitled to proficiency pay for a period of three months after such transfer, but, unless within that period he passes the prescribed ~~the~~ examination for the arm or branch to which he has been transferred, he will, on and from the day following the date on which such period expires, cease to be entitled to proficiency pay.

j. Casualties:-

A soldier will not forfeit his proficiency pay by reason only of his-

1. admission to hospital;
2. becoming a prisoner of war;
3. being posted as missing;
4. medical reclassification;
5. transfer to another unit(except in cases as stated-in para.i.).

k. Pay Book Entries:-

No entry will be made in pay book entitling a soldier to proficiency pay until receipt of the relevant routine orders,Part.II,showing his classification as proficient, which will be quoted as the authority.

l. Lance Corporals and Lance Bomnardiers:-

Proficiency pay provided by this order is in addition to the increased rate of pay notified in GRO.F.659/1943.

m. Prescribed Examination:-

Details of the prescribed examination will be published seperately.

AUSTRALIAN MILITARY FORCE

ROUTINE INSTRUCTIONS

By
CAPT. R. E. GREEN.
O.C.
3 Aust. Fd. Butchering Coy. AIF.

Serial No. 43/44 Dated. 28th. October '43.

1. CONSERVATION OF WATER:

The increasing heavy consumption of water in excess of normal requirements, is causing grave concern and action MUST be taken to conserve water. All ranks must become "water minded". Attention is drawn to Routine Instruction no. 36 para. 7 of 7th. June '43., ~~will~~ to be reread to all ranks on parade.

2. PROHIBITION OF GAMBLING: N.T.F. 306.

Grave concern is felt by this H.Q's at the amount of gambling which is taking place throughout the force and at the indications that, in some centres at least, organised gambling schools are operating.
All forms of gambling by all ranks, whether on or off Military premises are strictly forbidden, and C.O's will take immediate steps to suppress gambling by personnel under their command. Instructions have been issued to A.P.M. to police this order and disciplinary action will be taken against offenders.
Gambling includes bookmaking, two-up, crown & anchor, ins & outs, heads & tails, roulette and other games of chance.
The attention of all ranks is drawn to the fact that gambling is an offence against Northern Territory Ordinances and that, on conviction by a Civil Court, all property used in connection with gambling, including money found in the possession of offenders, is liable to be confiscated.

3. UNLAWFUL DISPOSAL OF EQUIPMENT: G.R.O.716.

Attention is drawn to the unauthorised disposal of A.M.F. equipment to members of the Allied Forces and civilians and the unauthorised receipt of Allied Equipment by barter and otherwise by members of the A.M.F. Members are forbidden to part with, dispose of, or exchange by barter or otherwise, any item of A.M.F. equipment or to receive by barter or otherwise any item of Allied equipment without the consent of the Commanding Officers of their Units. Such consent will only be given on the direction of a superior authority or when the exigencies of the service render it necessary and reference to superior authority is impractible.
Disciplinary action will be taken against members unlawfully disposing of A.M.F. equipment or unlawfully in possession of Allied equipment, c charges being laid under A.A.17 A.A.18(4) or A.A.40., whichever is appropriate.

4. WEARING OF IDENTITY DISCS AND CARRYING OF PAY BOOKS:

The necessity of all ranks to carry their Pay Books and wear their Identity Discs at all times is again emphasised. Members observed failing to carry this out are liable to be charged ~~with~~ and become subject to disciplinary action.

5. PARCELS OF FOODSTUFFS: N.T.F. 280.

An instance has come to notice where the wife of a member of N.T. Force is most distressed owing to the non-delivery of a parcel of foodstuffs to him. She states that she has gone without ~~cakes~~ butter to make cakes and sweets to send him.
When the ample ration is provided by N.T., such a sacrifice is unjustified. The attention of all ranks will be drawn to this aspect which may not have occured to some members of N.T. Force.
Attention will also be drawn to the load placed on the Postal Service by the necessity to carry heavy, and sometimes awkward and badly packed parcels of foodstuffs. Lightening of this burden will enable the Postal Service to devote their main energies to letters, which are the main consideration.

AUSTRALIAN WAR MEMORIAL AWM2022.5.2192

6. CLOTHING COOKS: N.T.F. 284.

The approved working dress for cooks includes Singlets Cotton, instead of shirts. Recent inspections have revealed that this instruction is not being observed and that in many instances cooks are wearing neither shirts or singlets.. This practice will cease forthwith.

7. TENTS - SLACKENING OF GUYS: N.T.F. 285.

Recent inspections have disclosed that many tents are pitched in such a manner that it is impossible to slacken the guy ropes quickly because they have been secured to trees and saplings.
This difficulty can be overcome and a consequent saving in tentage effected during the coming wet season by the adoption of the following plan:
Wooden blocks approximately 6 inches in depth to be placed under poles upright in each tent. During rain storms these can be removed promptlythus automatically slackening guy ropes.
O's.C. will ensure that this procedure is adapted whereever necessary.

8. ELECTRICAL STORMS - EARTHING OF HUTS: N.T.F. 288.

In order to minimise the danger of injury to personnel working in galvanised or tin-lined huts during the electrical storms which occur frequently in the N.T., immediate steps will be taken to ensure that a positive earth connection is made from the outside of the galvanised sheeting in close proximity to the ground to a metal pipe or peg driven securely into the ground not less than 12 inches.
Frequent inspections will be made to ensure these "lightning conductors are efficient.
Care should be exercised in the use of telephones which are another frequent source of shocks during violent electrical storms.

9. BURNING OUT OF LATRINES: N.T.F. 289.

One fatality and several casualties have occured recently following the careless use of petrol for burning out of latrines. Petrol and oil are unnecessary for burning out the incinerator type of latrine.
When deep trench latrines are being burned out, care should be taken to avoid accumulation of explosive gases. Only crude oil or kerosene should be used. Petrol is unnecessary and is liable to cause an explosion.

10. CONSIGNMENT OF GOODS FROM N.T. N.T.F. 291.

In no circumstances will personnel make arrangements, except through M.F.O. for the disposal of goods or articles from N.T. by sea, rail or airwithout the approval of this H.Q's.

11. OVERLAND MOVEMENT - CARRYING OF BLANKETS: N.T.F. 295.

Until further notice all personnel travelling out of N.T., will carry only one blanket.

12. STANDING TIMBER - BARKING OF. N.T.F. 299.

Barking of standing trees in this area, is forbidden.
It is noted that the bark is being removed from the butt to a height of approximately 6 feet.
Should bark be required for the side sheeting of huts, the trees may be felled, the bark removed and the wood used for firewood.

13. CHIN STRAPS - WEARING OF: N.T.F. 300.

Chin straps will be worn by allranks on ceremonial parades.
Sufficient chin straps for issue of one per individual per W.E. will be issued by A.D.G.S. to each Unit. Indents are not required.
Chin straps will be held in Unit stores and issued only when required on a ceremonial parade.
