4. REPORTS OF INVESTIGATING OFFICERS - DELAY IN SUBMISSION

HQ, S & T Services memo No 41/12C/1132 of 10 March 45 relative to above is subtended for information and necessary action :-

"1. It has been noted, not infrequently, that there is a considerable time lag between the notification of an occurrance whereby an Investigation is deemed necessary and the submission to HQ, S & T Services of the report and concurrance of the Unit Commander who appointed the Investigating Officer.

2. The DDST has issued instructions that the completed investigation reports are to be forwarded to this HQ within 48 hours of the notification of the occurrence.

3. It is realised that quite often a lag occurs whilst awaiting reports and investigation - the CIB and SIB but this should not be a cause of delay as such reports are entirely seperate from the investigation carried out by an Officer in his capacity as Investigating Officer.

Such reports almost invariably are submitted direct to HQ, VIC L of C AREA where they may then be attached to the proceedings of relevant file.

4. The DDST further directs that if it is evident that the report of the Investigating Officer cannot be submitted within the specified period a progress report will be furnished setting out the reason for the delay."

AUSTRALIAN WAR MEMORIAL AWM2022.5.2519

The attention of all Units is directed to Standing Orders for Army Fire Services (Aust) 1944, para 24, in regard to the Unit Fire Officer submitting a report on all fires - not matter how minor in nature - to the Camp Commandant, Camp Staff Officer, or Officer I/C.

Immediately following a fire the Camp Commandant or CO of the Unit concerned will, in accordance with GRO A348/44, para 26 -

(a) Send a report stating the date, time and place of the fire, estimated loss and type of property involved :-

(i) Where the estimated loss exceeds £100 by telegram direct to LHQ and by telegram or telephone to HQ VIC L of C AREA and to the Chief Auditor, HQ, VIC L of C AREA; and

(ii) Where the estimated loss is less than £100 - including where there is no loss - by memorandum to HQ, VIC L of C AREA.

17. PROMULGATION OF ROUTINE ORDERS:

Instances have recently come under notice of personnel not being familiar with instructions etc., contained in weekly Routine Orders. This applies particularly to personnel living out on Subsistence/sleep out passes.

Os i/c Depots or Stores will in future ensure that RO's are read on a Parade at 0830 hrs each Monday, following which the usual Notice Board promulgation will be effected.

18. CONDEMNATION:

Condemnation of supplies valued in excess of £10 will not be made except by a Board of Officers appointed by the CO. The Board will, as a general rule, include as one of the members, an Inspector of Supplies. OsC Depots, having supplies to be condemned of a value in excess of £10 will advise HQ as soon as possible in order that a Board may be appointed.

19. INSPECTION OF SUPPLIES - FORM 1's:

In order to reduce clerical work, and to tie up system of inspection when receiving supplies, the following procedure will be adopted in regard to Form 1's :-

(a) Inspection Report (Form 1) will be prepared in draft by Supply Inspectors at contractor's premises, when commodity is originally inspected prior to delivery into Depot.

(b) Supply Inspectors on conclusion of inspections each day will hand in all Form 1's to HQ, 3 BSD.

(c) When supplies are ordered into Depot by HQ, 3 BSD, the relevant Form 1 will be sent to Sub Depot receiving the commodity.

(d) On receipt of the commodity into Store, the Sub Depot Comd will check consignment against draft Form 1, and if found correct, will type Form 1, and forward to HQ, 3 BSD for summarizing. If any discrepancy be found (markings, WE, etc), this matter will be immediately reported to Inspector of Supplies.

(e) Procedure for routine inspections by Inspector of Supplies of Depot stock will be as at present operating, i.e., Form 1's prepared by Supply Inspector in Sub Depot concerned, typed by Sub Depot staff, and forwarded to HQ, 3 BSD.

(f) Consignments of supplies forwarded from contractor's premises direct to ships side or rail will be inspected at contractor's premises, draft Form 1's handed in to HQ, 3 BSD, and typed by HQ staff.

(g) All Form 1's will be summarised by HQ, 3 BSD, on WED of each week. Comds Sub Depots will forward previous weeks Form 1's to reach HQ, 3 BSD, by pm TUE of each week.

(b) The stocks so advised will be set aside and distinguished with a red disc marked with the words " Held for Disposal".

(c) An entry "Held for Disposal" will be made in the Warrantry Ledger against the item, such entry will be made in red ink.

(d) On receipt of Disposal Form, "Notification of Property Approved for Disposal", HQ, 3 B.S.D. will issue pro forma to SUB DEPOT'S concerned, quoting number of Disposal Form covering commoditties affected.

(e) This Disposal Form number will then be shown on the red disc on each stack.

21. BRANDING OF PACKAGES.

This is particularly necessary when older stock is forwarded to other areas.

22. W/E and P/L DATES.

The responsibility of ensuring that all supplies held are correctly recorded with 'live' WE or PL dates rests with Officers i/c Depots.

Extensions in the "life" of a commodity are allotted as follows:

(a) On receipt in to store if required by Board vide Adm Instn No.28 of 21 APR '45.

(b) Periodically by Inspector of Supplies.

To overcome the time lag between the allotting of new P/L and the receipt by the Depot of the Form 2 containing this information, the following procedure will be adopted :-

The disc attached to the commodity stack will be marked with the new P/L at the time of allotment by Board or Inspector of Supplies, and a pencilled notation of new P/L made in Depot W/E Ledger.

The new P/L will be recorded in Depot and HQ Ledgers and receipt of confirming AAF F2 as at present.

AUSTRALIAN WAR MEMORIAL AWM2022.5.2519

ADMINISTRATIVE INSTRUCTION NO.2.

24. AASC SUPPLIES - BRANDING - GENERAL INSTRUCTIONS:

The AHQ Specification for the branding of AMF supplies (less POL) has been revised and consolidated and is attached.

2. It will be noticed that the Specification provides for cases to be branded with blue paint in the case of rations, etc, and red paint (both lettering and trefoil) in the case of Expense Stores, etc.

3. However, as this is intended to facilitate and not hinder the work of contractors, there will be no objection, for the time being, to the use of blue paint for the marking of Expense Stores, etc, if the contractor possesses stocks of such paint for which he has no other use. This variation does not apply to the trefoil, which must always be in red in the case of Expense Stores.

4. In the absence of any definite information as to the qualities of current commercial red and blue inks and paints, it has now been decided to retain, for the present, the yellow stencilling of all drums.

SPECIFICATION FOR BRANDING OF AMF SUPPLIES (LESS POL):

The branding of Immediate and Outside containers for Rations, Expense Stores and certain Fuel/Light and Forage items shall be as set out hereunder:

Serial No. 34 24 Aug '46

104 DUTIES :

Duty Roster for week ending 0900 Hrs on Sat 17 Aug '46 is attached, see Schedule "A".

105 WAR GRATUITY.

1. The War Gratuity Act 1945 provides that war gratuity will cease to be credited to a member in respect of service rendered subsequent to the date 12 months after the cessation of hostilities. September 2nd, 1945, has been proclaimed as the date on which, for the purposes of the War Gratuity Act, hostilities shall be deemed to have ceased.

2. To enable war gratuity to be calculated, it is necessary for each member to complete an application form (form WG 1). Application forms are obtainable from, and after completion should be returned to, the pay representative. Pay representatives will be responsible for collecting the completed forms and forwarding them to the War Gratuity Officer of the State in which members were appointed or enlisted.

106 DESIGNS FOR AUSTRALIAN POSTAGE STAMPS :

1. The Postmaster-General invites suggestions in regard to the designs of Postage Stamps in Australia with the object of securing designs which will serve to advertise Australia in overseas countries.

2. Entries are open to residents of Australia and members of the Australian Military Forces in the Pacific area and Japan.

3. The designs must be typically Australian, e.g., depicting local industries or activities, outstanding works or achievements, or any features which will advertise Australia in overseas countries.

4. The dimensions of the designs should be in the proportion of 5 X 4 with a maximum of 25 inches by 20 inches.

5. Each design must include the words "Australia" and "Postage" Provision should be made for the value of the stamp to be shown in Arabic figures.

6. A special board will adjudicate on the merits of the designs submitted and will select a maximum number of 12 designs.

8. The selected designs will become the property of the Post-master General.

(cont page 2)

AUSTRALIAN WAR MEMORIAL AWM2022.5.2519

9. The recess Steel Engraved (Intaglio) method of printing Postage Stamps is observed in Australia.

10. Each design must bear a nom-de-plume. If more than one design is submitted, a different nom-de-plume must be used in each case in order ~~xkxk~~ to ensure that each design will be considered entirely on ~~xxxx~~ its own merits irrespective of other entries by the same designer.

11. The design must be accompanied by a communication giving the name and address of the person submitting them, together with a brief description of each design which would ensure identification.

12. The object of this procedure is to permit of the designs being considered by the Board without any indication of the name of the designer.

13. The designs and communications must be enclosed in a sealed cover, the outside of which must be marked "Design for Commonwealth Postage Stamps". This cover must be enclosed in a second sealed cover addressed to the Director General, Post and Telegraphs, Treasury Gardens, Melbourne, C.2., Australia.

14. The completed article must be sent by pre-payed Registered post so as to reach the above mentioned address not later than Tuesday, 1 Oct '46.

15. The Postmaster General does not bind himself to adopt any designs submitted.

16. Designs not accepted by the Postmaster-General will be returned by Registered Post if a request is made for their return.

17. The Postmaster-General or members of the Board do not accept any responsibility for the safe custody of any designs submitted, but all reasonable care will be taken in regard to the matter.
