			MONTHLY CONSOLIDATION CONTINUED.	
			ORDERING SECTION :	
			SUPPLIES:	
			During the latter half of the month full attention was given to obtaining supplies for the X shipments and large quantities of supplies have been received from Local Contractors as well as interstate and with the exception of M & V Stew and Rice in drums, all supplies for this shipment are on hand or in transit from other States. Regarding M & V Stew, this item will not be available until the end of June, however, there are plenty of suitable substitutes on hand.	
			EXPENSE STORES, HOSPITAL SUPPLIES:	
			During the month CAPT. WEBBER, of LHQ, paid a visit to the Unit and the position regarding each item on the scales of Issue for Hospital supplies and Expense Stores was placed before him, and it is anticipated that considerable benefit due to this visit will be apparent shortly.	
			DRUMS :	
			Allocation for JUNE of 4 and 5 gallon drums was 120,000, and it is expected that this quantity will be received; previously a certain number of drums have been allocated on paper but have not been fully delivered. The drum position should now be somewhat relieved as large contracts have been let in Victoria for the packing of wheatmeal in drums.	W Dellbridge Major 2 i/c 1 Aust SRD Sydney 7 Jun 44

			INSPECTIONS and VISITS:	
			LHQ Inspection at the end of the month coincided with monthly stocktake. Representatives of LHQ Supervisors' Staff (CAPT WISEMAN and CAPT KELLY) conducted the inspection - comprising a complete stocktake of ration, expense and hospital supplies holding, administration, "Q", and a general inspection of the camp. With regard to the stocktake, this revealed a satisfactory position with the exception of slight discrepancies at 13A Store (Repack Section) . This is unavoidable owing to the transfer of this Section from Chippen Street. However, the discrepancies were only of a minor nature. In all other stores the stocktake was entirely satisfactory. 			The new Store at ROZELLE GOODS YARD comprising 3 main stores, divided into seven (7) sections, was handed over by the Contractor on 30 JUN 44. This installation has provided valuable space and the position is reflected in the record number of packages held as at 31 JUN 44, 1,232,000.	
			During the month, the Unit was obliged to release and hand-over PARBURY'S BOND of 43,400 sq ft.	
			The position with regard to storage is already one of concern in view of the large reserves which are required to be held according to LHQ directions, and endeavours are being made to obtain additional storage, and move those items not immediately required, such as slow moving lines and long warranty expiring stocks, to country depots by arrangement with DDST.	
			The casing of carton fish is continuing, and where labour is available in stores these personnel are packing when not actually employed in receiving and issuing in the normal way.	
			During the month CAPT. YOUNG from LHQ demonstrated a method of marking and branding, using a composition known to commerical use. The demonstration proved satisfactory and a quantity of the material is in hand and stencils have been cut and are being used in all stores.	
			On 8 JUN 44 an interesting and informative lecture was given by MR. SANDERSON (W. Ducher & Co Shipping Agents) on "SHIPS OF COMMERCE". On 22 JUN 44 another interesting and very informative lecture was given by MR. BELARTS on "THE BATTLE FOR THE NETHERLAND EAST INDIES".

1. PETROL CONSUMPTION & PREVENTION OF LOSSES THROUGH THEFT

Every effort is to be made to improve petrol consumption.

In particular, attention will be given to:-

(a) Avoidance of unnecessary acceleration and long periods of idling.

(c) Avoidance of spilling when vehicle tanks are being filled either from bowser or drums.

2. LOSS OF SPECIAL PASS - AMF A96

(a) The loss of AMF A96(b) Special Pass no.14366 issued to NX30039 Capt C.E. Munro, S100 HQ L of C Area, by GS(Int), Second Aust Army, has been reported.

Any person attempting to use this pass to obtain entry to any military area or works will be detained for interrogation.

Should the abovementioned pass be found it is to be returned to GS(Int) Second Aust Army, together with a report of the circumstances in which it was found.

(b) The loss of AMF A96(a) Ordinary Pass no.28231, issued to Mr. L. Duncan, of the Federal Taxation Office to enter military areas for Valuation purposes, has been reported.

Any person attempting to use this pass to obtain entry to military areas will be detained for interrogation.

Should the abovementioned pass be found, it will be returned to GS (Int) HQ L of C Area, together with a report of the circumstances in which it was found.

3. ROUGH HANDLING OF FOOD SUPPLIES WHILST UNDER AMF CONTROL INVOLVING LOSSES AND CONDEMNATIONS.

GRO Q244 is repeated.

The rough and careless handling of food supplies on wharves and at railheads and transhipment centres is resulting in a considerable and unwarranted loss of foodstuffs. Canned goods, which should have normally arrived at destinations in sound condition, have been condemned owing to breakages, split seams on cans and other spoilage. Condemnation of perishables has also been the result of failure to unload or move promptly.

To reduce losses to a minimum, all officers in charge of AMF personnel employed in shipping, railing and transporting of foodstuffs generally will take necessary measures to enforce prompt and efficient loading and unloading of goods and to ensure the proper handling thereof.

4. PURCHASE OF RATIONED FOODSTUFFS BY UNITS

GRO Q245 is repeated.

In purchasing foodstuffs from civilian sources out of supplementary ration allowance or unit trust funds, in accordance with GRO P764/1943, para 4, some units are obtaining rationed items without the presentation of ration coupons.

AUSTRALIAN WAR MEMORIAL AWM2022.5.2622

The group tax deduction principle was first applied to the Army in August, 1942. Deductions made from that date to 30 April, 1943 and from 1 May 1943 to 30 April 1944, were credited against the member's liability for tax assessed on income earned in the taxation years which ended on 30 Jun, 1942 and 30 Jun 1943 respectively.

In consequence of recent taxation legislation introducing "Pay as you earn" taxation, deductions will, from 1 July 1944, be made as the income is earned, so that income years and group years will coincide. The result will be as follows:-

Group Year Deductions made during period	Income Year Applied to liability for tax on income earned
1 May 1944-30 June 1944	1 July 1943-30 June 1944 (a 75% rebate of tax liability will be granted in respect of this year)
1 July 1944 - 30 June 1945	1 July, 1944 - 30 June 1945.

Members required to lodge tax returns:-

A member on full time military duty, the total of whose military and private income exceeds £250 during the year ending 30 Jun 1944, must lodge an income tax return with the Deputy Commissioner for Taxation in the State in which the member enlisted. Such return need not be lodged by a member serving outside Australia unless his private income earned in Australia exceeds £250.

Income tax return forms, together with printed instructions may be obtained from pay representatives.

Members who have served outside Australia should see the Pay Sgt for further information.

The completed return should be posted to the Deputy Commissioner of Taxation in the capital city of the member's State of enlistment so as to reach that address by 31 July, 1944. If the member is in doubt on any point, a letter setting out the full facts should accompany his return.

Special Deduction. The following table sets out the special deduction allowed by the Income Tax Assessment Act to a member who is engaged on full time military duty:-

Amount of income	Allowable deductions
Not exceeding £250	The whole income
£251-£258	£146
£259-£300	£146 less £1 for every £1 by which the income exceeds £258
£301-£350	£104 less £1 for every £2 by which the income exceeds £300
Exceeding £350	£79 less £1 for every £3 by which the income exceeds £300.

For the purpose of this table "income" means net income (including private income) after making all allowable deductions.

Subject to the next paragraph of this order, no tax deductions will be made in the case of:-

(a) any male member, without dependants, below the rank of S/Sgt.
(b) any male member, with dependants, below the rank of Lt.
(c) any female member, without dependants, below the rank of Lt.
(d) any female member, with dependants, below the rank of Capt.

Members may ascertain the rate of their tax deductions on application to their Unit Pay representative. If a member is not subject to deductions, it does not necessarily mean he is exempt from tax. The fact that he also has private income may make him so liable.

DEDUCTIONS TO MEET MEMBER'S LIABILITY ON PRIVATE INCOME.

Where a member has private income in addition to his military income, he may increase the rate of his deduction to provide for taxation on such private income. Such additional deduction will be entered in the member's pay book and will operate from the same date as the deduction in respect of his military income. The deduction in respect of the member's private income will not be varied during the group year.

VARIATIONS IN DEDUCTIONS.

Tax deductions will be varied on and from the date of a member's promotion or reversion.

Notwithstanding the provisions of the previous paragraph, where a member is, on or after 1 July 1944, promoted as from a date prior to that date, deductions will not be commenced or varied prior to 1 Jul,44.

VARIATION IN NUMBER OF DEPENDANTS

Where the number of dependants of a member varies - as when a child reaches the age of 16 years or another child is born - the member may have the necessary variation made in the rate of his tax deduction from the date of the relative event but such a variation will not be made except at the request of the member and will not apply to any period prior to the commencement of the group year, i.e 1 July, 1944.

ISSUE AND RECEIPT OF ASSESSMENTS

Where a serving member receives an assessment on which he is not allowed the special deduction set out in the table above, or he is allowed no credit for deductions made from his pay for the purpose of meeting such assessment, he should return the assessment to the Deputy Commissioner of Taxation for the State of the member's enlistment, stating his army number and rank and giving particulars of the deductions which have been made from his pay during that year.

TAXATION SUBSEQUENT TO DISCHARGE

Submission of first tax return subsequent to discharge:-

In addition to the information set out in para 6 of this order, a member, after his discharge, should show separately in the statement accompanying his return the amount received by him for pay in lieu of leave and the amount of deferred pay and interest thereon.

Where a member, upon final discharge in Australia, is granted pay in lieu of leave, the payment will be treated as a retiring allowance and the member will be liable to taxation on only on 5% of the amount so paid.

Deferred pay and interest thereon received by a member on his discharge is not subject to taxation.

Any further information required may be obtained from Pay Sgt.
