GRO 134/45 is repeated:-

1. With the approval of the prescribed authority under War Financial (Military Forces) Regulations, a member may make an allotment to a person resident in any country outside Australia. Where the allottee resides in an enemy or enemy-occupied country, the allotment may be dated back to 25 Aug 44, provided that this does not place the member's pay account in debit.

2. Where a member has made an allotment of not less than the standard rate, dependants allowance will be payable, in accordance with War Financial Regulations-

(a) where the allotment is payable in a country forming part of the sterling area - to any person dependant on the member; or
(b) where the allottee resides in a country other than a country included in the sterling area - to the wife or children of the member and not to any other dependant.

3. If the allottee resides in a country where it is not possible to effect payment of allotment and dependants allowance, either because of the conditions set out in National Security (Exchange Control) Regulations or for any other reason, the amount of such allotment and dependants allowance will be held in trust until payment becomes practicable. A member may cancel such an allotment at any time before payment is actually made to his allottee and, in that case, the accumulated amount of the allotment will be credited to his pay account. In such circumstances, no dependants allowance will be payable.

4. In this order, the words "sterling area" have the same meaning as in National Secutity (Exchange Control) Regulations, namely :-

"All parts of His Majesty's dominions (except Canada and Newfoundland), and includes all territories in respect of which a mandate on behalf of the League of Nations has been accepted by His Majesty and is being exercised by His Majesty's Government in the United Kingdom or in any dominion, all British protectorates and protected States, Egypt, the Anglo-Egyptian Sudan and every other country or area declared by the Treasurer, by order published in the Gazette, to be included in the sterling area, but does not include any country or area so declared not to be included in the sterling area."

5. The following areas have been included in the sterling area:-

Iceland: Faroe Islands: Iraq.

47. TRANSPORTING FEMALE PERSONNEL IN ARMY VEHICLES.

Standing Orders for Drivers for Mechanical Vehicles (1945) para 8 is part repeated:

A driver will not convey civilians or members of the women's services in any army vehicle except in the following cases:-

(a) Members of the women's services below the rank of Major in the AANS, AWAS, or AAMWS when on duty with the written authority of an officer of or above the rank of Colonel, or the CO of their Unit. This authority will be attached to the work ticket of the vehicle in which they are carried and will be handed in with the work ticket on completion of the journey.

48. AMENDMENTS TO UNIT STANDING ORDERS

Appendix "C" is amended by the following:

Para 3 (d). - Delete complete paragraph.

Administrative Instruction No.2 is amended:-

Para 4 "General".

Add: In addition to the Buildings and Keys specifically mentioned in this Instruction, the procedure as laid down herein will be adhered to for all Buildings, and Keys on charge to the Unit.

Web Equipment and Gaiters - Cleaning of.

GRO 143/45 is repeated:-

1. The bleaching of articles of web equipment and gaiters, either by excessive washing with soap and soda or by other means, will cease immediately.

2. Items treated in this manner are not only unduly conspicuous in action, but the treatment greatly deteriorates the material and reduces the life of the article.

3. Any such article will be cleaned only when it is essential and in such case will be washed in lukewarm, soapy water and lightly scrubbed.

Globes.

1. Considerable inconvenience has been caused by personnel removing Globes from sleeping quarters, ablutions etc.

AUSTRALIAN WAR MEMORIAL AWM2022.5.2627

53. TRAINING

Following is an extract of DDST HQ NSW L of C Area memo. 152/G2 dated 4 Jun 45:-

" The APM, NSW L of C Area, has been contacted with regard to the best procedure to be adopted with regard to parties of men marching on public highways; he has in turn obtained the view of the Police Commissioner who states that, in country and suburban areas the best procedure would be for such parties of men to march on the right hand side of the road, against the oncoming traffic, and at night time the column to carry a red hurricane lamp, front and back. "

54. REQUEST HOUR

Personnel desirous of availing themselves of the Request Hour are reminded that the Request Hour Officer, Lt. A. Hollins, is available for interview at any time.

55. TRUNK LINE TELEPHONE FACILITIES - MISUSE OF

NSW L of C Area RO Serial 23/45 para 206 is repeated:-

1. Recent reviews of telephone calls originated from SYDNEY over the SYDNEY - MELBOURNE and SYDNEY - BRISBANE trunk telephone lines indicate an inordinately high percentage of priority calls. The effect of this relatively large number of priority calls is that the purpose of the priority classification is defeated and calls of a genuinely urgent nature suffer heavy delays.

2. GRO 4/45 lays down that "Important" priority is reserved, inter alia, for Directors at LHQ and for Staff Officers at LHQ, and of formations and L of C Areas, not below the rank of Lt-Col. The only justification for use of the priority is the importance and urgency of the subject matter of the call.

3. The practice, whereby Officers, who have no authority to demand priority calls, demand such calls in the name of an Officer authorised by GRO 4/45, is increasing. There is no authority whatever for this practice, which will be discontinued forthwith. Officers entitled to demand priority calls under GRO 4/45 will NOT delegate such authority and Signals have been instructed to report breaches of this order to this HQ.

4. When discussion is completed on the subject for which the priority was authorised, the call will be terminated. The practice of handing the line over to other officers after the completion of his conversation, by the originator of a priority call, and thus keeping the line occupied under such priority for the full period allowed even though the original call was completed in a relatively short period is an abuse of priority and will be discontinued.

5. Unnecessary use of trunk line telephone facilities on matters which could be adequately dealt with by correspondence or Signal Messages, and unduly prolonged conversations are also causing heavy delays.

6. The attention of all concerned will be drawn to the provisions of this order and the above instructions will be strictly enforced.

AUSTRALIAN WAR MEMORIAL AWM2022.5.2627

56. ANGAU - APPLICATIONS FOR APPOINTMENT TO DISTRICT SERVICES.

NSW L of C Area RO Serial 25/45 para 293 is repeated:-

Personnel who have submitted applications in accordance with the above GROs and who have NOT been interviewed by Selection Committee, are considered by LHQ to have insufficient qualifications to warrant any further action being taken relative to appointment to District Services.

57. MALARIA EXPERIMENT - VOLUNTEERS FOR.

NSW L of C RO Serial 27/45 para 315 is repeated:-

1. Ref NSW L of C RO 86 Serial No. 8/45.

2. Volunteers for malaria experiments are still urgently required and the attention of all male OR personnel will be drawn to this urgent need.

3. Members who have had service in the Middle East may be accepted as volunteers provided they have no malarial history.

58. MEDICAL AND DENTAL TREATMENT.

NSW L of C RO Serial 27/45 para 318 is repeated:-

1. Attention is directed to GRO 155/45.

2. The attention of all ranks will be drawn to this Order, and to the fact that medical and dental attention of any description obtained otherwise than in accordance with this Order is not payable from public moneys, and will therefore be raised as a debt against the individual member who wrongly incurs the expenditure.

(a) Subject to certain conditions and exceptions set out in GRO 155/45, a member is entitled to receive medical treatment and to be supplied with medical requisites necessary to render and maintain him fit for military service and to restore him to normal health. A copy of GRO 155/45 is available for inspection in the unit orderly room.

(b) Members on occupational LWOP are entitled to medical treatment in accordance with the provisions of LHQ **Memo 168085 of 4 Dec 44.**

N.B. FURTHER INFORMATION MAY BE OBTAINED FROM HQ ORDERLY ROOM.

59. TAXATION 1944/1945.

GRO 154/45 is repeated, in part:-

Members required to lodge tax returns -

4. A member on full-time military duty, the total of whose military and private income exceeds £250 during the year ending 30th June, 1945, must lodge an income tax return with the Deputy Commissioner for Taxation in the State in which the member enlisted. Such return need not be lodged by a member serving outside Australia unless his private income earned in Australia exceeds £250.

5. Military income for the year ending 30th June, 1945, means the total of a member's -

(a) active pay (excluding deferred pay) calculated at the rate shown on page 3 of the member's pay book. This will include field [illegible]

(b) subsistence allowance; and

(c) value of rations and quarters at the rate of 2s 5d per day for the period he was rationed and quartered by the Army.

6. A member on whose behalf contributions are being paid by the Commonwealth to the Commonwealth Superannuation Fund will show the amount of such payments as income and should claim in his return for a concessional rebate in respect thereof.

Preparation of returns -

7. Income tax return forms, together with printed instructions, may be obtained from pay representatives. The forms should be completed to show full details of private income, military income and particulars of dependants and other items for which rebates are allowable. Particulars of items for which rebates are allowable are indicated on the form.

8. Unless the member lodges a return and shows his military income in fullest detail, the taxation authorities may not be able to grant the exemptions to which he is entitled. He should, therefore, include with his return a separate statement setting out the following information:-

(a) date of embarkation for service outside Australia;

(b) date of return to Australia;

(c) whether the reason for return was [illegible];

(d) if the member has served outside Australia, his military income for the year ended 30th June, 1945, should be shown under the following headings:-

(i) military income up to a date 90 days after his resumption of duty in Australia; and

(ii) military income after that date.

9. The completed return is to be forwarded to the Deputy Commissioner of Taxation in the capital city of the member's State of enlistment. It should be posted so as to reach that address by 31st July, 1945. If the member is in doubt on any point a letter setting out the full facts should accompany his return.

Income exempt from taxation -

10. The provisions for exemption of military income of a member who embarks for service outside Australia are briefly set out hereunder:-

(a) if a member embarks for service outside Australia and, within the 12 months following the date of embarkation, serves outside Australia for a continuous period of 90 days or periods which aggregate not less than 180 days, then, subject to the provisions of sub-para (d) of this paragraph, income earned by him in Australia as a member of the forces is exempt from tax -

(i) for the income year prior to the income year during which he embarked;

(ii) from the commencement of the income year of embarkation to the date of embarkation; and

(b) all military income earned outside Australia is exempt from tax;

(c) a member who dies abroad or who is returned to Australia on account of injury or illness will be entitled to the same exemptions as indicated in sub-para (a) of this paragraph although he has not completed a qualifying period of service therein mentioned; and

(d) a member who serves outside Australia on duty of a special nature or short duration, such as voyage only, inspection duties, etc. will be exempt from taxation in respect only of such military income as is actually earned outside Australia and will not be entitled to the exemptions mentioned in sub-para (a) of this paragraph.

Deductions from pay against tax liability ..

18. A member's liability for tax deduction will vary with his rank, the date of his resumption of duty in Australia and the number of persons dependant upon him. A member serving outside Australia is not subject to tax deduction, except as provided by para 25 of this order.

19. The publication "Unit Accounting Procedure for Pay and Allowances" sets out the procedure necessary for entry of deductions in pay books and for the recording of any subsequent variation. Unit pay representatives have been provided with schedules setting out the tax deductions to be made under various circumstances. Commanding Officers will ensure that the procedure as set out in the publication referred to is observed.

20. Subject to para 21 of this order, no tax deductions will be made in the case of -

(a) any male member, without dependants, below the rank of staff sergeant;

(b) any male member, with dependants, below the rank of warrant officer (Class 1); or

(c) any female member below the rank of captain.

Members may ascertain the rate of their tax deductions on application to their unit pay representative.

Deductions to meet member's liability on private income ..

21. Where a member has private income in addition to his military income, he may increase the rate of his deduction to provide for taxation on such private income. Such additional deduction will be entered in the member's pay book and will operate from the same date as the deduction in respect of his military income. The deduction in respect of the member's private income will not be varied during the group years.

Variation in deductions on promotion or reversion -

22. Tax deductions will be varied on and from the date of a member's promotion or reversion.

23. Notwithstanding the provisions of the previous paragraph, where a member has, on or after 1st July, 1942, promoted to from a day prior to that date, deductions will not be increased or varied prior to 1st July, 1945.

AUSTRALIAN WAR MEMORIAL AWM2022.5.2627

25. In the case of a member who embarks for duty of a special nature or short duration -

(a) in the South-West Pacific Area: tax deductions will not be deleted, except at the request of the member. If the member makes such request, the deduction will be deleted on and from the date of embarkation;

(b) in other areas: tax will in every case be deleted on and from the date of embarkation

In the case of (a), the deduction will be deleted when the member reaches his destination but re-entered immediately on return to Australia. In the case of (b), deletion will be effected at the point of embarkation.

Variation in number of dependants -

26. Where the number of dependants of a member varies - as when a child reaches the age of 16 years or another child is born - the member may have the necessary variation made in the rate of his tax deduction from the date of the relative event, but such a variation will not be made except at the request of the member and will not apply to any period prior to the commencement of the group year, i.e., 1st July, 1945.

60. EXTRACT FROM MOTOR TRAFFIC HANDBOOK.

"Precautions to be observed at intersedtions -

Nearly 50 per cent of the total number of road accidents occur at intersections. You should bear in mind at all times and observe the important rule that when your vehicle and another vehicle are approaching each other at any intersection so that there is danger of a collision, the other vehicle, if it is on your right-hand side, has the right of way. Failure to comply with this rule has often had disastrous results.

The main cause of accidents at intersections is excessive speed. Every motorist should make it an invariable practice to approach intersections, especially blind intersections, at a moderate speed. Drivers on main highways have no special right of way over traffic coming in from side-streets, whether or not "Halt" or "Slow" signs are displayed in the side streets."

61. LOADING OF VEHICLES AT STORES AND WHARVES - SECURITY OF SUPPLIES.

DDST NSW L of C memo No. 192221 is repeated:-

1. In applications for Write Offs against Public Funds for losses of A.A.S.C. Supplies frequently evidence is adduced in Investigating Officers Reports that drivers have failed to adequately check their loads while supplies are being loaded onto their vehicles, also that in some instances, especially where supplies are loaded onto vehicles by outside agencies e.g. wharf labourers - no adequate check is made by Unit M.C.O. or Checker responsible for the supplies.

2. Attention is drawn to Standing Orders for Drivers of Military Vehicles 1945, Para 14 (d) which clearly lays down the driver's responsibility in the checking of his load.

3. This safeguard is essential as the driver becomes responsible for the supplies set out on his Delivery Note A.A. B.66 and if he fails to check the load onto his vehicle he cannot later be relieved of responsibility if, at delivery point, the count reveals a shortage.

AUSTRALIAN WAR MEMORIAL AWM2022.5.2627

4. All M.T. Drivers connected with the movement of all Stores relating to all Services will be reminded of the provisions of the above Order and in future the Driver who fails to avail himself of the protection offered by the above Order will be held personally responsible for the value of the goods short delivered and disciplinary action will in all cases be taken against the Driver.

5. In the same way, where an A.A.S.C. Unit has a representative at the Wharf or Store at which the vehicle is loaded and such representative fails to properly check the load onto the vehicle he will likewise be held responsible with the driver for any shortage subsequently discovered even though such representative does not accompany the vehicle during its journey.

6. This instruction will be brought to the notice of all concerned by inclusion in Company Routine Orders and such instruction will be read to personnel on Company Parade.

62. DISCHARGES FROM AMF - LONG SERVICE.

NSW L of C RO Serial 28/45 para 327 is repeated:-

1. With reference to NSW L of C RO 319, Serial 27/45, the following additional instructions will apply.

2. Two or more years' operational service overseas means service overseas in this present war.

3. All ex-PW personnel will be excluded from returns to reach this HQ by 16 Aug 45 and from subsequent returns.

4. Schedule "A" and "B" for AAMC Officer personnel will show such personnel grouped in 3 categories, viz:-

(i) Medical Officers,
(ii) Non-medical officers,
(iii) AAMC.

5. A written application will be obtained from all personnel who notify the intention of exercising the option if granted and such written application will be retained by Unit concerned pending further instructions.
