AUSTRALIAN MILITARY FORCES

ROUTINE ORDERS PART I

Serial Nos. 1/46 1 - 9

by

Lt-col H.D. MURPHIE

CO 1 SUPPLY RESERVE DEPOT

7 Jan 46.

1. APPOINTMENTS

Unit QM: NX70963 Capt W.J. STRACHAN is appointed Unit QM vice NX 115080 Lt H.A. CRAFT.

Tpt Offr: NX 135253 Lt J.J. FURNISS is appointed Unit Transport Officer vice QX 6834 Lt G.A. SYKES.

2. CARRYING CAPACITY OF MT VEHICLES - JEEPS

Instruction from DDST HQ NSW L OF C Area is repeated:-

Cases have been noted where Trucks ¼ ton (Jeep) have been grossly overloaded with personnel.

Attention is directed to GRO 420/44 which limits the passenger carrying capacity to four (4) personnel including the driver.

This instruction will be strictly adhered to by all drivers.

3. DELETION OF "AUST" IN MILITARY WRITING.

It has been noted that the word "Aust" is still being included as part of the designation of the Unit. Such practice will cease immediately, and all rubber stamps will be adjusted accordingly.

Attention is directed to Unit Routin Order 8/45 para 79.

4. ISSUE AND CONSUMPTION OF TINNED RATION COMMODITIES.

GRO 52/45 para 3 is repeated:-

All personnel, especially cooks and caterers, will be warned against eating or even tasting any tinned commodities which appear abnormal in appearance or smell, as an apparently perfect tin may have developed a pin hole puncture or other defect which would render the contents unfit for human consumption and perhaps fatally poisonous.

5. ANZAC BUFFET.

NSW L of C RO 2/46 para 8 is repeated:-

The Anzac Buffet, Hyde Park, is out of bounds to all troops not in possession of a Leave Pass.

6. PREVALENCE OF THEFT OF MILITARY STORES AND SUPPLIES.

NSW L of C RO 3/46 para 23 is part repeated:-

The offences of stealing and fraudulent misapplication of stores and supplies from military depots, installations, transportation services and even from fellow soldiers are still causing concern and the necessity for immetiate and effective remedial action still exists.

AUSTRALIAN WAR MEMORIAL AWM2022.5.2630

The use of terms such as pilfering", "scrounging" etc, to describe such offences, tends to obscure their gravity and may cause them to be somewhat lightly regarded. On the contrary, such offences must be viewed very seriously and offenders will render themselves liable to severe punishment.

As a general rule, no suspension or remission should be made in respect of any award or sentence imposed upon a member for any offence mentioned in this order.

7. DEMOBILIZATION STATISTICS.

The following demobilization statistics are promulgated for general publicity to all troops.

AMF discharges effected from commencement of demobilization onl Oct 45 to 29 Dec 45:-

	Male	Female
Demobilization:	83,753	3,008
Compassionate:	7,840	1,377
Medical :	2,641	209
Occupational:	18,025	179
Other Reasons:	4,179	148
TOTALS.	116,238	4,921

No information as a result of this Routine Order will be communicated to the press.

8. LOSS OR DAMAGE TO GOVERNMENT PROPERTY BY FIRE.

GRO 53/46 is repeated:-

1. In buildings etc, in which smoking is prohibited, notices to that effect will be displayed prominently and the prohibition will be rigidly enforced.

2. In no circumstances, will authority be given for smoking in garages, forage barns or dumps, stables, magazines, in the vicinity of petrol or oil stores or in any other buildings in which inflammable materials are stored.

(3) Grass will be kept short in barracks areas, hutments and camps.

4. Special arrangements will always be made for the storage of petrol, oil and grease. Tins of sand will be kept available in such places, in addition to tins for oily waste etc.

5. Naked lights in tents will be kept carefully shielded; candles will be places in approved holders.

6. Great care will be exercised when the tanks of vehicles are being replenished. Engines will be stopped and any petrol spilled will be immediately wiped up or liberally sprinkled with sand.

7. Naked lights or hurricane type lamps will on no account be taken into or used in the vicinity of an inflammable liquid or material store or in power houses nor will the use of such lamps be permitted when filling petrol tanks of vehicles at night or where there are loose inflammable liquids.

8. Heating facilities in proximity to such materials as sisalkraft, fibreen etc will have particular attention.

9. The co-operation of all ranks will be obtained to prevent the careless throwing away of cigarette ends, pipe ashes or glowing matches from moving vehicles or inthe vicinity of tents or in any placd where there is a danger of fire.

10. Fires will not be lit for any purpose whatsoever in proximity of tents or huts, except with the authority of a commissioned officer. That officer will ensure that such fires are subsequently extinguished. The possibility of change of wind and wind borne sparks will not be overlooked.

NOTICES

AAES CORRESPONDENCE COURSE - UNIVERSITY ENROLMENTS 1946.

General position:
(1) If a student enrols as an external service student in 1946 and is discharged after the commencement of the University year and before the annual examinations he will be permitted to sit for the annual examinations.
(2) If he fails in those examinations, and his failure is such that he would in the normal course of events be granted supplementary examinations, then despite his discharge he will be permitted to sit for the supplementary examination of each University (with the possible exception of Sydney).
(3) If a student is discharged during 1946 and continues his course as an external student, the University will not ask for any further fees. If however, a student is discharged say before the middle of the year and after his discharge enrols for class attendance, he will be liable for fees in all cases (although in most cases the student will be entitled to Reconstruction Training benefits, in which event the fees would be payable by the Universities Commission.) If the student is discharged during 1946 and wishes to continue his course as an external student, it is quite clear that in the case of Sydney he will not be able to continue his course as an external student after the end of 1946. In general, however, in all the other Universities the student will be able to complete his degree course as an external student providing:-
(i) that he is a resident of the State in which the University is situated, and
(ii) that he resides too far from the University to attend classes.

Special Conditions:
The Universities of the various States have advised special conditions peculiar to themselves. These are set out in CC Bulletin No207 of December 45, copies of which are in the hands of full time Education Officers or DADAE NSW L of C Area.

AAES CORRESPONDENCE COURSES ON DISCHARGE.

1. Where members are enrolled for correspondence courses with Sydney Technical College through Army Education Service, Unit Education Officers are reminded that, notwithstanding discharge, members may proceed with the particular stage or subjects of the course for which they were enrolled prior to discharge, under pre-discharge conditions.
2. If the member intends to apply for post discharge training, and is selected for such training, the following conditions will apply.
He may:
(a) complete the subject or subjects for which he was enrolled before he commenced post discharge training, for which he has applied and may be selected.
(b) continue the subject or subjects in which he was enrolled, together with post discharge training for which he applies and may be selected.
(c) upon beginning post discharge training, abandon the subject or subjects for which he enrolled while he was a serving member. In this regard, however, it is pointed out that if he abandons the course altogether, the cancellation of such enrolment will involve the forfeiture of the deposit paid by him when he enrolled. On the other hand if he completes, by class attendance after his discharge, the subject or subjects equivalent to the course he has been studying before his discharge and which he has abandoned, consequent upon his discharge, he may qualify for refund of deposit.
3. If he is not seeking post discharge training, he may either elect to continue with the stage of the course in which he is enrolled, as indicated above, or he may abandon the studies altogether, in which case, the forfeiture of the deposit will be involved.
4. Members are requested on discharge to advise AAES Correspondence Branch (Sydney) of their intentions regarding their courses as soon as possible so that correspondence courses can be finalised.
