MITE CONTROL TO PREVENT SCRUB ITCH AND SCRUB TYPHUS.

Attention is directed to the necessity for taking thorough precautions to prevent scrub itch and scrub typhus .

To avoid scrub itch and scrub typhus the following measures will be enforced :-

(1) Wherever practicable, troops moving or working through kunai or jungle areas should not sit down except on tracks, roads or new logs. Area covered by kunai, fallen leaves and damp logs are usually dangerous and should be avoided.

(2) Insect repellant lotion will be used on the socks and trouser legs, from the top of the calf to the cuff.

To apply, first smear the lotion on the hands which are then rubbed over the sock. Do this three or four times for each sock, rubbing from low down on the instep to the top. Next treat the trouser leg in the same way from the top of each calf to the cuff. Frequent light smears of the lotion to those areas of the clothing are preferable to a few heavy ones, the quantity of lotion required is one teaspoonful.

This application kills those mites which infest the treated areas of the clothes. It remains effective for one week, provided clothes are not washed more than three times. Lotion should therefore be reapplied each week.

Recent research indicates that 95% of infestation of the body by the mites is on the feet and the ankles and that the other parts of the body become involved from mites crawling up from the feet and ankles, therefore if the preventative measures outlined in paras 1. and 2. are enforced troops will be rendered practically 100% mite free.

It is emphasised that the practice of merely smearing repellant on the skin is no protection against mites .

All troops are to be warned that the danger from typhus arises from fe[illegible] to R.A.P. Prompt and early tre[illegible] the danger.

Gaiters will be worn at all [illegible]

(2) Any person who distils any liquor shall be guilty of an offence.

The relevant provisions of Ordinance No.17. of 1931 state :-

COURTS OF INQUIRY ON ILLEGAL ABSENTEES.

By statutory Rule 245, dated 29th. Sep. 43, Australian Military Regulations 278A was made, providing for an alternative method of investigation into illegal absence for twenty-one days or more, to that of holding Courts of Inquiry under AMR276.

As dependants' allowance and allotment payable in respect of a members absence without leave can only be suspended under War Financial (Military Forces) Regulation 54 after a Court of Inquiry has declared the member an illegal absentee, Courts of Inquiry will continue, not withstanding the making of AMR 278A to be held until further notice under AMR 276 in all cases in respect of members absent without leave for twenty-one days or more. (5 Aust. Div. R.O.A68)

USE OF GRENADES, HAND JAPANESE TYPE 91.

This grenade is in common use by the Japanese and quantities have been captured and used by our troops. Tests indicate that the grenade has certain characteristics which may lead to injury in the hands of/tic inexperienced personnel. These characteris/ are :-

(a) The delay fuse, marked 4/5 secs. has been known to burn in much less time. Some tested fuses burntin three seconds.

(b) While the delay fuse is burning, a considerable of quantity of black smoke is emitted through the escape hole at the base of the fuse, and small fragments of the delay fuse are sometimes forced out. At night or even at dusk or dawn, a definite glow from this hole can be seen.

The following precautions will be taken if the grenade is used :-

REMARKS. (1) Fresh bread, scale of issue up to the present, has been approx 6 to 7 ozs. This will be increased to approx 10 ozs within the next fortnight, when the Field Bakery should have their new Ovens in operation.

(2) Units are repeatedly asking for a greater variety in Meats. No Camp Pie, Minced Beef Loaf, Sausages have been available for some time and the fresh meat issue is very irregular.

(3) All roads within the area have been gravelled. An extension of 20 feet to the store is to be started early in the New year.

(4) A Fly proof bread rack is almost completed.

HYGIENE. Good.

Health. Fair. Main complaints are Skin diseases which are becoming very prevelant.

MORALE. Good.

AMENITIES. Picture shows are very handy, and with Cricket, Football, Badminton & Deck Tennis available sufficient recreation is made possible.

AUSTRALIAN MILITARY FORCES.

ROUTINE ORDERS PART.1.

BY

MAJ. H. G. McCULLOUGH. 31 DEC. 43.

NOS. 27-

27.

DISCIPLINE- PREVALENCE OF THEFT OF MILITARY STORES AND SUPPLIES.

The functions of the AASC in maintaining the Supplies and Transport Service throw a great responsibility upon all ranks of the Corps and at the same time provide opportunities for dishonesty and petty theft, unless the strictest supervision is exercised by Officers and NCOs over all duties and transactions in Depots in Transport lines and on the road. Further, every individual soldier must be continually on guard to ensure that Stores and Supplies entrusted to him for storage and transport are safeguarded until actually delivered to the troops for consumption.

It is the duty of every AASC Officer, NCO and soldier to ensure that a receipt is given for all Stores and Supplies received and a clearance for all Stores and Supplies issued or handed over is obtained.

NCOs must immediately bring to notice any case where dishonesty is suspected and every case must be most carefully investigated till a conclusion is reached.

In movement of Supplies by MT the driver of ea vehicle is responsible for checking the load onto his vehicle, obtaining a load slip and receiving clearance at point of delivery. Any discrepancy revealed on unloading, whether in the form of broached packages or missing packages, is the responsibility of the driver.

While the Officer in charge of any Supply Depo is primarily responsible for the custody of Stocks therein, the full co-operation of all ranks, particularly Officers and NCOs, is essential to prevent stealing.

All precautions will be taken for the safe storage of all items.

All Supplies received into Depots by MT or Air will be checked with Load Lists and any discrepancies immediately reported. The matter of such discrepancies will not be allowed to rest until finalised and where pilferage appears at all probable or is suspected, the A.P.M. or D.A.P.M. of the formation concerned will be informed immediately.

AUSTRALIAN WAR MEMORIAL AWM2022.5.2727

27. contd.

OCs will take steps to ensure that all precautions are taken by all concerned to eliminate this serious form of offence, and all ranks are to be warned that, as from the date of this order, any member of the Forces concerned in such offences will be dealt by Court-Martial and awarded severe penalty.
(S & T DIRECTIVE No 5)

28.
INTOXICATING LIQUOR.

The illicit manufacture in Papua or New Guinea of any intoxicating liquor is prohibited.

The possession of any liquor so manufactured is also prohibited.

Severe disciplinary action will be taken in respect of any breach of this order, and all stills and material used for the manufacture of such intoxicating Liquor will be confiscated.
(5 Aust Div R.O.A.156.)

29.
USE OF CENSORED COVERS.

A censored cover is an envelope, a green envelope or a wrapping showing any Censorship markings including all or any of the following- Unit Censor Stamp, " Opened by Censor" label or " Passed by Censor" Stamp.

Censored Covers may only be used again for transmission through the post only if the previous Censorship markings are NOT discernible.

If a Censored cover is or appears to be used by any member of the AMF in breach of this instr -
(a) The Unit Censor will forward the Censored cover to the O.C. Unit for action; or
(b) If the Censored Cover is not intercepted in the unit, any censorship authority sighting it will arrange to forward the Censored cover to the appropiate formation or L of C area for action. N.G.F.O. G.474.

30.
MINING AND SALE OF GOLD.

It is an offence against the laws of the Territories of Papua and New Guinea to:-
(a) fossick for gold or otherwise engage in mining, without being in possession of a Miner's Right; or
(b) take or remove gold from the claim of another person (even if in possession of a Miner's Right); or
(c) be in possession of gold without lawful excuse; or
(d) export gold from those Territories without a licence.

Those laws apply to, and will be observed by, all members of the AMF.
