AUSTRALIAN MILITARY FORCES

ROUTINE ORDERS - PART 1

by

Capt W.J.T. Davis

Adm Comd 15 Aust Sup Dep Coy ASC.

HQ., Beaumaris,
Montpelier Road,
HOBART.

Nos. 18 - 26 5 Mar 45

18. CONSERVATION OF RUBBER - SYNTHETIC TYRES GRO 55/45

1. This order will be read in conjunction with GRO 0167/1944.

2. The serious situation in regard to the supply of rubber has deteriorated even more rapidly than was anticipated. It is now necessary to make an immediate production changeover to synthetic tyres for most sizes.

3. Whilst satisfactory performances can be expected from their use, synthetic tyres are much more sensitive to abuse than crude rubber tyres.

4. For the present, the use of synthetic tyres will be restricted to the mainland as far as possible. It may be necessary to use some sizes in operational areas, whilst it can be expected that, in the near future, there must be a more general use of synthetic tyres in these areas.

5. The emergency action taken to change over to synthetic tyres more than ever emphasizes the importance of conserving the existing crude rubber tyres, as well as taking every precaution to obtain the maximum service from the synthetic types by special attention to the reduction of MT mileages and to instructions regarding pressures, speeds, etc. relating to economy of rubber.

19. COMMAND DRO A61/45

TX6331 Capt W.J.T. Davis AASC, will administer command of 15 Aust Sup Depot Coy, to date 23 Feb 45.

20. ANIMAL MASCOTS AND PETS GRO 53/45

1. No animal or bird which is not on an authorised war establishment will be permitted to accompany troops or any member of the AMF.

2. The entry into Australia of animals or birds from places outside Australia is subject to strict regulation under the Quarantine Act, owing to the risk of the introduction of rabies, piroplasmosis and other diseases.

AUSTRALIAN WAR MEMORIAL AWM2022.5.2926

20. ANIMAL MASCOTS AND PETS (Continued)

3. Under no circumstances will permission be granted for the conveyance by sea or air from places outside Australia to the Commonwealth of Australia proper (including islands adjacent to the coast) of -

(i) animals or birds on the WE of a unit, whether allocated before or after embarkation from Australia; or
(ii) living mascots, pets or other animals or birds, whether acquired before or after embarkation from Australia.

4. (a) ESOs and ATOs will take action with local civil quarantine authorities to have living mascots, pets, animals or birds, which disembark or deplane at a port or an aerodrome in Australia from outside the Commonwealth of Australia, destroyed forthwith.

(b) Birds or animals on the WE of a unit proceeding from an overseas port to another overseas port may enter an Australian port en route, providing that such animals or birds are kept securely on the vessel and are not permitted to land. The ESO will advise the local civil quarantine officer on arrival of the vessel and make necessary arrangements with him for inspection and security of the animals or birds.

5. When a unit or detachment is moved from one location to another, animals which have been permitted by the CO to be kept in unit lines by members during their stay in the locality should not be left to fend for themselves or starve, on departure of the unit or detachment, but suitable action should be taken for their disposal or humane destruction.

6. GRO A171/1943 is cancelled.

21. METHOD OF ADDRESSING FEMALE MEMBERS OF THE AMF (DRO A53/45)

Female members of the AMF, during the course of military duty will be addressed in accordance with the following :

(a) Officers of the AANS

Officers of and above the rank of Major are addressed orally as "Matron" and those who are below field rank are addressed orally as "Sister".

(b) Other Female Members of the AMF

The method of orally addressing female members of the AMF other than officers of the AANS will conform in every respect to the existing custom in regard to male members of the AMF, subject to the following :

(i) Where the word "Sir" is used in addressing male members of the AMF, the word "Madam" is used in addressing female members.

(ii) Female lieutenants of the AMF may be addressed by their surname, with the prefix "Mrs" or "Miss", whichever is applicable.

(iii) Female warrant officers of the AMF will not be addressed as "Warrant Officer", "W O", "Mrs" or "Miss", but will be addressed as "Madam" or by the title of their appointments, such as "Sgt Major", etc., with such abbreviations, if any, as are in accordance with the custom of the Service.

R O 29/43 para 4 is cancelled.

AUSTRALIAN WAR MEMORIAL AWM2022.5.2926

22. SUBMISSION OF CLAIMS AGAINST TASMANIAN GOVERNMENT RAILWAYS (DRO Q3/45)

Section 25 of the Railway Management Act requires claims for compensation to be lodged within twenty one days of date of occurrence.

When a loss occurs and it is considered that a claim against the Railways may be made the C O of the Unit concerned will advise HQ Tas L of C Area by memo immediately of the articles lost, and on what train, and by whom they were consigned. He will not wait until complete investigations have been made.

Full details regarding the loss will be forwarded to HQ Tas L of C Area as soon as practicable.

23. PUGAREES AND WEB EQUIPMENT (DRO A5/45)

Personnel are still observed wearing white or light coloured pugarees and light coloured web equipment.

Disciplinary action will be taken against all personnel so offending.

24. DISCIPLINE : PREVALENCE OF THEFT OF MILITARY STORES AND SUPPLIES (GRO A734/43)

1. The offences of stealing and fraudulent misapplication of stores and supplies from military depots, installations, transportation services and even from fellow soldiers have increased to an extent which renders immediate and effective remedial action necessary.

2. The use of terms such as "pilfering", scrounging" etc., to describe such offences tends to obscure their gravity and may cause them to be somewhat lightly regarded. On the contrary, such offences must be viewed very seriously and offenders will render themselves liable to severe punishment.

3. The impression may exist that an isolated instance of theft of military stores and supplies, though a mean and despicable act, does not involve any appreciable weakening of the war effort. Such an impression, if it exists, is completely erroneous. The cumulative effect of such thefts affects seriously the maintenance of the troops in the field, dislocates the supply organization at all points, involves grave waste of man hours, and is, in fact, equivalent in result to that of directly treasonable activity.

4. These considerations impose an obligation of honour upon all members to do their utmost to prevent theft and to assist in every way in the bringing to justice of offenders.

5. As a general rule, no suspension or remission is to be made in respect of any award or sentence imposed upon a member for any offence mentioned in this order.

AUSTRALIAN WAR MEMORIAL AWM2022.5.2926

AUSTRALIAN MILITARY FORCES

ROUTINE ORDERS - PART1

by

Capt W.J.T. Davis

Adm Comd 15 Aust Sup Dep Coy, ASC.

HQ., Beaumaris,
Montpelier Road,
HOBART.

Nos. 35 - 41

20 Apr 45

35. JERSEYS - PULLOVER (DCR 436/1/651) DRO Q81/45

Investigations have revealed that Jerseys, Pullover, bearing the marking:-

Alpha Knitwear Ltd 1941 (see tag on inside of garment)

are of unsatisfactory manufacture.

It is therefore requested that all such jerseys, either on issue to personnel or held in QM stores be returned to Returned Stores Depot by 15 Apr 45. Replacement stock will be obtained in the normal way.

36. ECONOMY IN STATIONERY ITEMS (DCR 505/2/193) DRO Q83/45

1. Considerable difficulty is being experienced in the procurement of adequate supplies of certain stationery items - and in particular all types of pencils and the larger sizes of envelopes.

2. It is imperative, therefore that the strictest economy be effected in the use of stationery items generally, and that present stocks of pencils and large envelopes be conserved to the utmost.

3. It is apparent from the large demands made upon Stationery Depots, that there is an exorbitant usage rate in a number of items, which indicates that the need for economy in this regard is not appreciated. This again applies very seriously in the case of pencils.

4. Unit etc Commanders will ensure that sufficient measures are taken to effect the strictest economy in all stationery items.

37. STANDARD FORM OF ACCOMMODATION ADDRESSES FOR MEMBERS OF DETACHMENTS OF UNITS ; PERSONAL CORRESPONDENCE AND OFFICIAL COMMUNICATIONS ROUTED THROUGH POSTAL CHANNELS. DRO Q84/45

GENERAL

1. The following instructions for "Standard Form of Accommodation Addresses for the Personal Correspondence of Members of Detachments of Units and for Official Communications to such Detachments routed through Postal Channels", will be implemented forthwith.

AUSTRALIAN WAR MEMORIAL AWM2022.5.2926

2. All previous orders and instructions issued on this subject are hereby cancelled.

3. The accommodation address is designed to provide the Army Postal Service with a means of routing correspondence so addressed direct to the location of a detachment, instead of circulating it in the mail to the parent unit.

ACTION BY PARENT UNITS

4. When detachments of units are likely to be separated from the parent unit to such a distance that correspondence for the personnel of the detachment would be delayed if circulated through the parent unit, an accommodation address will be supplied by the parent unit, to personnel of the detachment for notification to their correspondents.

METHOD

5. Accommodation addresses will conform to the following examples :-

VX12345 Pte A Digger,
"C" Company,
2/14 Aust Inf Bn,
(004) "A" Detachment,
AUSTRALIA

OC Det "C" Coy,
2/14 Aust Inf Bn,
(004) "A" Detachment
AUSTRALIA

6. The essential features of the standard accommodation addresses as set out above, are respectively :-

(a) The Standard indicator prefix "(004)"
This is for the purpose of clearly indicating to Army Postal Staffs that the address is that of a detachment;

(b) An alphabetical identity title for the detachment e.g. "A" Detachment. Where there are two or more Detachments from the same unit the identity letters could simply follow in sequence - "A" Detachment, "B" Detachment etc.

7. It will be noted that the code prefix and detachment indicator are to follow the name of the parent unit, not to precede it. This will be stressed by units when issuing accommodation addresses.

NOTIFICATION OF MOVEMENTS OF DETACHMENTS

8. Movements of detachments of Units will be notified to Army Postal Representatives by "Q" Branch in the same way as will complete units - vide FSR Vol 1 Chap xii, Sec (Postal Service - para 5).

9. Once the accommodation address has been conveyed to the troops it concerns, the subsequent location movements of the detachment are reported by Army Postal Representatives controlling the area through which it moves, exactly as in the case of an independent unit. These successive locations are recorded at the appropriate Base Post Offices etc and upon this information, correspondence addressed to the detachment is routed direct to its appropriate distributing point, without regard to the whereabouts of the parent unit.

GENERAL ROUTINE ORDER

10. The foregoing will be further promulgated in GROs at an early date.

AUSTRALIAN WAR MEMORIAL AWM2022.5.2926

38. ANZAC DAY OBSERVANCE (DCR 447/1/174) DRO A89/45

In view of service exigencies under war conditions organized parades of members of the AMF in connection with Anzac Day ceremonies will not be held during the war.

Members of the AMF who served in the 1914-1918 war or who have already rendered service in the present war which would qualify them on discharge for the Returned from Active Service Badge, may, subject to service requirements, be granted local leave on 25th April 1945 to attend ceremonies wherever possible, on an individual and voluntary basis.

39. MECHANICAL VEHICLES - TRANSFER TO M.T VEHICLE PARK DRO Q86/45.

When vehicles are transferred to pool at MT Vehicle Park, Dowsing Point, procedure as set out in DRO G265 of 30/5/44 will be observed regarding the disposal of work tickets (AAF G2). Work Ticket issued for the day on which vehicle is transferred together with AAF G5 for the current month will accompany the vehicle.

Surplus petrol in tanks will be detanked by Oi/c Vehicle Park and forwarded to 15 Aust Sup Dep Coy to be taken into stock for subsequent issue as required.

Gallonage to be decarted should be determined by quantity appearing as in tank according to AAF G2, after allowing for one gallon to remain for purpose of movement etc of vehicle within Vehicle Park area. Suitable endorsement showing number of gallons decarted and taken into stock (AAF F72) should be recorded on relative AAF G2.

40. WEARING OF IDENTITY DISCS (DCR 415/1/264) DRO A99/45

In a number of fatal aircraft accidents in recent months involving AMF personnel, difficulty has been experienced in identifying the bodies of the victims because of the absence of identity discs.

Attention is directed to GRO A700/43, in Part IX of which are set out instructions relative to the wearing of identity discs.
All units will take immediate steps to ensure that personnel are equipped with identity discs, marked in accordance with GRO A700/43, and that they are worn at all times by all personnel.

41. FITTINGS IN ARMY ESTABLISHMENTS. DRO Q103/45

Fittings and installations in Army Establishments are recorded together with particulars of situation in the Register of Assets maintained by Engineer-Finance Liaison Section.

The Dismantling or removal of assets comprising buildings, installations, fixtures etc., must not be made without the authority of HQ Tas L of C Area and upon dismantling or removal of any assets particulars thereof are to be furnished to Engineer-Finance Liaison Section in order that the Register of Assets may be amended.

On the movement of a Unit from one Army Establishment to another no transfer of fittings, such as floor coverings etc., is to be made without authority.

NOTICE

INSTRUCTORS FOR INDUSTRIAL TRAINING DIVISION - DEPARTMENT OF LABOUR AND NATIONAL SERVICE

Anotice was published with GROs of 8th December, 1944, advising members of the AMF that, in connection with the Commonwealth Reconstruction Training Scheme, the Department of Labour and National Service would require many additional trade instructors in technical schools and colleges and similar training organizations, particularly in the building trade.

It is now advised that instructors in art and applied art, science and applied science, mathematics, commerce, needlecraft and home management courses of various types will also be needed.

Applicants are required to be fully qualified in the branch of technical work for which application is made and should preferably have had some experience as instructors. Selected applicants without satisfactory teaching experience may be required to undergo a short intensive course of training during which the appropriate rates for instructors will be paid.

Successful applicants will be appointed as temporary instructors by the appropriate State Public Service authority.

Application forms and conditions of training and employment may be obtained from the Deputy Director of Industrial Training in the State in which appointment is desired.

The addresses of the respective Deputy Directors are as follows :-

Australian Capital Territory - Canberra Technical College.
New South Wales - Sydney Technical College, Ultimo, Sydney.
Victoria - V.C.A. Building, Flinders Street, Melbourne.
Queensland - Department of Public Instruction, Brisbane.
South Australia - Education Department, Adelaide.
Western Australia - Perth Technical College, Perth.
Tasmania - Education Department, Hobart.

Intending applicants are advised that the services of these instructors generally will not be required until the cessation of hostilities, or just prior thereto, and applications received now are for selection at a later date and are subject to release from the AMF.

Such release will be dependent entirely on service requirements at the relevant time and, as the needs of the AMF must be given first priority, the release of any particular applicant cannot be guaranteed.

The contents of this notice will be brought to the attention of all ranks.

27. WASHING OF ISSUE CLOTHING GRO 103/45

1. Due to the short supply of all raw materials involved, it is necessary that the maximum life be obtained from all items of clothing on issue to AMF personnel.

2. Incorrect methods of washing, exposure to strong sunlight, excessive sweating and using too much of certain soap powders, may seriously affect the dyes and weaken the fibre of clothing material. Failure to remove completely all soap and perspiration by thoroughly rinsing after washing, is one of the reasons for the breakdown of fabrics.

3. Neglect to pay due attention to regular and efficient washing of garments has been responsible for many cases of dermatitis. Observance of the following instructions will assist in decreasing the incidence of all skin complaints.

4. Washing flannel and woollens.-
(a) Worsted shirts, socks, woollen drawers, etc, should be washed in lukewarm water and never in boiling or hot water, as this shrinks the material. A tablespoonful of ammonia added to every two gallons of water will remove grease and perspiration stains;
(b) Good quality yellow soap only should be used, and, after washing, the garments should be well rinsed in clean, tepid water and stretched by hand before drying.

5. Washing of cottons.-
(a) If cotton garments are boiled, the washing compound or soap willbe added to the water prior to putting in the garments to be washed;
(b) If washing compounds, which are usually sold in packets under well-known brands and frequently known as soap powders, are used, not more than one tablespoonful of the compound will be added to each gallon of water to be boiled;
(c) If ordinary soap is used, 1-oz (approx a 1-in cube) should be added to each gallon of water to be boiled;
(d) It is most important that, after washing, the garments are thoroughly rinsed to remove all trace of soap.

AUSTRALIAN WAR MEMORIAL AWM2022.5.2926

6. It is realized that washing facilities and an adequate supply of water are not always available. Nevertheless, the hints and instructions contained in this order will be carried out whenever possible, especially in regard to rinsing thoroughly after washing.

28 CARE OF RECORD OF SERVICE BOOKS AAB 83 & EQUIPMENT CARDS AAF F204

The practice of using Equipment Cards, AAF F204, as covers to Record of Service Books, AAB 83, is to be discontinued immediately. AAB's 83 will be kept in the covers provided and OCs depots will ensure that an extra card-board cover is stapled to these books which, in many cases, are in a very dilapidated condition.
An immediate check will be carried out to ensure that all members of this unit are in possession of the covers for their AAB's 83.

29 SECURITY

The attention of all ranks is again directed to the importance of the security of installations operated by this unit.
Picquets are again reminded that whilst acting as such, it is their duty to ensure that all instructions relative to picquets are observed and that they carry out such duties conscientiously.

30 ISSUE OF BOOTS

Serveral instances have recently been drawn to the notice of this HQ whereby members of this unit have refused the issue of Boots Part worn.
This will be discontinued immediately, for the correct procedure is to accept the issue of such boots and complain to the OC in the normal manner if the Boots are considered unsatisfactory.

31 BLANKETS

All personnel will check their issue of blankets and return to the QM all those which are not marked with the blue stripe down the centre of same.

32 TELEPHONE CALLS

The attention of all concerned is directed to the necessity of reducing the length of trunk line calls to a minimum.
The CSM will periodically monitor such calls and disconnect any in which he considers that matters being discussed are unimportant.

33 REGIMENTALITY

All personnel are again reminded that the correct approach to their OC is through their Depot Supervisor or CSM.
This procedure is to be strictly observed.

34 VEGETABLE PRODUCTION BY UNITS

The attention of Supply Officers is directed to DRO Q98/45.

N O T I C E

GIFT PARCELS FOR UNITED KINGDOM ADDRESSEES - DUTY FREE CONCESSION

1. The conditions of the concession announced in the Notice appearing in GROs dated 20th October, 1944, pages 26 and 27, under which members of the AMF and of the British Army serving in Australia and in other places within the SWPA are permitted to send to their relatives and friends in the United Kingdom a maximum of four gift parcels per year, duty free, have been amended. The notice is, therefore, cancelled.

2. The following are the conditions applicable as from 6th April, 1945:-

(a) The usual postage rates are payable.

(b) Parcels must not weigh more than 5 lbs each and must not include -

(i) any drinkable spirits;

(ii) more than ½ lb. weight of tobacco, including cigars and cigarettes (50 cigars or 200 cigarettes) or any tobacco goods marked "H.M. Ships only";

(iii) more than ½ pint of scent;

(iv) more than 2 lbs of any one foodstuff.

(c) The maximum value of the contents of parcels which can be sent by one person in any one year is £12, and this value may be made up as follows :-

(i) one parcel of £12 value; or

(ii) two or more parcels up to a maximum of six parcels aggregating £12 value.

(d) Special Customs declarations (AFs W5192) must be affixed to all parcels in order to secure the duty free concession. These declarations, where not already in possession of units, are obtainable through normal stationery channels.

(e) Issues to personnel will be under unit arrangements, on the basis of a miximum of six AFs W5192 per year to any one sender. A comparatively few forms should, therefore, suffice for the needs of any unit.

(f) Each AF W5192 issued will have entered upon it the sender's number and name and be signed by the issuing officer in the space provided.

(g) Each Customs declaration represents a permissible value of £2 within the parcel to which it is attached.

(h) Where the value of the contents in any one parcel exceeds £2, a further declaration for each additional £2 (or fraction thereof), up to the maximum of £12 must be attached, e.g., a parcel containing goods to the declared value of £6 would require three labels attached.

(i) Gifts under this concession arrangement may also be forwarded by letter post. In such cases normal letter postage rates will be payable and, if the sender so desires, the article may be tendered for transmission by registered post. To be eligible for the concession, articles forwarded by letter post must conform to the same conditions as those set out above for parcels, with the exception that the maximum weight for letters (4½ lbs.) will apply.

AUSTRALIAN WAR MEMORIAL AWM2022.5.2926

3. It is stressed that full duty will be levied in the United Kingdom (for collection from the addressees) in respect of the contents of parcels and packets which infringe the restrictions contained in para 2(b) above. In addition to these duty charges, the contents of any parcel or packet not bearing a Customs declaration, received in the United Kingdom, are subject to purchase tax amounting in many cases to 100 per cent of the value of such contents. This tax is chargeable on most manufactured articles, but tobacco and foodstuffs are excluded.

ROUTINE ORDERS - PART 1

HQ., Beaumaris,

HOBART.

Nos. 27 - 34 16 Apr 45

27. WASHING OF ISSUE CLOTHING GRO 103/45

1. Due to the short supply of all raw materials involved, it is necessary that the maximum life be obtained from all items of clothing on issue to AMF personnel.

2. Incorrect methods of washing, exposure to strong sunlight, excessive sweating and using too much of certain soap powders, may seriously affect the dyes and weaken the fibre of clothing material. Failure to remove completely all soap and perspiration by thoroughly rinsing after washing, is one of the reasons for the breakdown of fabrics.

3. Neglect to pay due attention to regular and efficient washing of garments has been responsible for many cases of dermatitis. Observance of the following instructions will assist in decreasing the incidence of all skin complaints.

4. Washing flannel and woollens.-
(a) Worsted shirts, socks, woollen drawers, etc, should be washed in lukewarm water and never in boiling or hot water, as this shrinks the material. A tablespoonful of ammonia added to every two gallons of water will remove grease and perspiration stains;
(b) Good quality yellow soap only should be used, and, after washing, the garments should be well rinsed in clean, tepid water and stretched by hand before drying.

5. Washing of cottons.-
(a) If cotton garments are boiled, the washing compound or soap willbe added to the water prior to putting in the garments to be washed;
(b) If washing compounds, which are usually sold in packets under well-known brands and frequently known as soap powders, are used, not more than one tablespoonful of the compound will be added to each gallon of water to be boiled;
(c) If ordinary soap is used, 1-oz (approx a 1-in cube) should be added to each gallon of water to be boiled;
(d) It is most important that, after washing, the garments are thoroughly rinsed to remove all trace of soap.

AUSTRALIAN WAR MEMORIAL AWM2022.5.2926

6. It is realized that washing facilities and an adequate supply of water are not always available. Nevertheless, the hints and instructions contained in this order will be carried out whenever possible, especially in regard to rinsing thoroughly after washing.

28 CARE OF RECORD OF SERVICE BOOKS AAB 83 & EQUIPMENT CARDS AAF F204

The practice of using Equipment Cards, AAF F204, as covers to Record of Service Books, AAB 83, is to be discontinued immediately. AAB's 83 will be kept in the covers provided and OCs depots will ensure that an extra card-board cover is stapled to these books which, in many cases, are in a very dilapidated condition.
An immediate check will be carried cut to ensure that all members of this unit are in possession of the covers for their AAB's 83.

29 SECURITY

The attention of all ranks is again directed to the importance of the security of installations operated by this unit.
Picquets are again reminded that whilst acting as such, it is their duty to ensure that all instructions relative to picquets are observed and that they carry out such duties conscientiously.

30 ISSUE OF BOOTS

Serveral instances have recently been drawn to the notice of this HQ whereby members of this unit have refused the issue of Boots Part worn.
This will be discontinued immediately, for the correct procedure is to accept the issue of such boots and complain to the OC in the normal manner if the Boots are considered unsatisfactory.

31 BLANKETS

All personnel will check their issue of blankets and return to the QM all those which are not marked with the blue stripe down the centre of same.

32 TELEPHONE CALLS

The attention of all concerned is directed to the necessity of reducing the length of trunk line calls to a minimum.
The CSM will periodically monitor such calls and disconnect any in which he considers that matters being discussed are unimportant.

33 REGIMENTALITY

All personnel are again reminded that the correct approach to their OC is through their Depot Supervisor or CSM.
This procedure is to be strictly observed.

34 VEGETABLE PRODUCTION BY UNITS

The attention of Supply Officers is directed to DRO Q98/45.

NOTICE

GIFT PARCELS FOR UNITED KINGDOM ADDRESSEES - DUTY FREE CONCESSION

1. The conditions of the concession announced in the Notice appearing in GROs dated 20th October, 1944, pages 26 and 27, under which members of the AMF and of the British Army serving in Australia and in other places within the SWPA are permitted to send to their relatives and friends in the United Kingdom a maximum of four gift parcels per year, duty free, have been amended. The notice is, therefore, cancelled.

2. The following are the conditions applicable as from 6th April, 1945:-

(a) The usual postage rates are payable.

(b) Parcels must not weigh more than 5 lbs each and must not include -

(i) any drinkable spirits;

(ii) more than ½ lb. weight of tobacco, including cigars and cigarettes (50 cigars or 200 cigarettes) or any tobacco goods marked "H.M. Ships only";

(iii) more than ½ pint of scent;

(iv) more than 2 lbs of any one foodstuff.

(c) The maximum value of the contents of parcels which can be sent by one person in any one year is £12, and this value may be made up as follows :-

(i) one parcel of £12 value; or

(ii) two or more parcels up to a maximum of six parcels aggregating £12 value.

(d) Special Customs declarations (AFs W5192) must be affixed to all parcels in order to secure the duty free concession. These declarations, where not already in possession of units, are obtainable through normal stationery channels.

(e) Issues to personnel will be under unit arrangements, on the basis of a miximum of six AFs W5192 per year to any one sender. A comparatively few forms should, therefore, suffice for the needs of any unit.

(f) Each AF W5192 issued will have entered upon it the sender's number and name and be signed by the issuing officer in the space provided.

(g) Each Customs declaration represents a permissible value of £2 within the parcel to which it is attached.

(h) Where the value of the contents in any one parcel exceeds £2, a further declaration for each additional £2 (or fraction thereof), up to the maximum of £12 must be attached, e.g., a parcel containing goods to the declared value of £6 would require three labels attached.

(i) Gifts under this concession arrangement may also be forwarded by letter post. In such cases normal letter postage rates will be payable and, if the sender so desires, the article may be tendered for transmission by registered post. To be eligible for the concession, articles forwarded by letter post must conform to the same conditions as those set out above for parcels, with the exception that the maximum weight for letters (4½ lbs.) will apply.

AUSTRALIAN WAR MEMORIAL AWM2022.5.2926

3. It is stressed that full duty will be levied in the United Kingdom (for collection from the addressees) in respect of the contents of parcels and packets which infringe the restrictions contained in para 2(b) above. In addition to these duty charges, the contents of any parcel or packet not bearing a Customs declaration, received in the United Kingdom, are subject to purchase tax amounting in many cases to 100 per cent of the value of such contents. This tax is chargeable on most manufactured articles, but tobacco and foodstuffs are excluded.
