Unit 119 AUST TPT PL *Date and Time.—From* 1 May 46 *To* 7 May 46

Place.	Date.	Hour.	Summary of Events and Information.	Remarks and references to Appendices, Diaries, &c.
KURE	1/5/46		(Rear Party) Notification received that unit proceeding to TOKYO would parade before the C in C on 3rd of May. Full tpt duties continuing. Q issues made, packing continued and preparations for parade worked in meantime. Personnel&arms made available for use of riot squad in event of anticipated disturbances arising from political demonstrations by civilian pop.	
TOKYO	1/5/46		(Advance Party) Complete maintenance has now been carried out on all jeeps and staff cars. Task Vehs employed in Camp Area assisting in cleaning up etc., Work for all Vehs has been very solid.	
KURE	2/5/46		(Rear Party) C in C's parade now scheduled for 4 May. Full Veh availability being employed still and Q parades, pay, and cleaning of equipment continuing as much as possible during day. Cleaner for whitening of webbing for parade obtained at mens own expense.	
TOKYO	2/5/46		(Advance Party) Full employment of Vehs as usual. One man detached to Aust Embassy as dvr for Mr. McMahon Ball. Jap fire engine on which Pl mech has been working tested but not very successful.	
KURE	3/5/46		(Rear Party) Movement to TOKYO confirmed for 5 May 46. Morning taken up in training for C in C's parade, preparation of webbing etc. Pl task Vehs were handed over in afternoon to other Pls of Coy who will use them as replacements for their own Veh Casualties in wk/shps etc., and will be handed back to us on our return to KURE.	
TOKYO	3/5/46		(Advance Party) Proposed AASC Area inspected by Col Marsden, who appeared to favor the suggested plan of layout. Star turn of day provided when staff car broke down in main street of TOKYO and the necessary impetus for further propulsion was provided by the muscular efforts of the Staff Capt and the Camp Adjutant. S/Capt displayed training by discreetly finding passage in a passing S/Car and leaving unsuspecting Adjt to the job.

Place.	Date.	Hour.	Summary of Events and Information.	Remarks and references to Appendices, Diaries, &c.
KURE	4/5/46		(Rear Party) C in C's parade. Gen made an extremely thorough inspection of all members of Pl and afterwards took the salute on the march pass. On returning to camp Pl was addressed by OC Coy as a forward to their journey to TOKYO. Remainder of day spent in final preparation, packing of Orderly Room, obtaining rations for journey, and loading last of the Pl stores onto the train.	
TOKYO	4/5/46		(Advance Party) Assistance still being provided in cleaning up Camp Area by Task Vehs and a terrific amount of work is still required.	
KURE	5/5/46		(Rear Party) Reveille 043 0 hrs. and troops on time KURE Stat 0630 hrs. Usual wait whilst clues were being hunted up relieved by distribution of mail on the station. Sufficient space eventually commandeered when train located and all were comfortably settled in quick time. Some desolated females fluttering handkerchiefs as train pulled out. As the attractive countryside unfolded its scenic beauties, journey was enlivened by frequent cups of tea and picnic meals rushed up form baggage car. Night fell on an interesting and contented day.	
TOKYO	5/5/46		(Advance Party) Normal day with all tpt in demand. Receipt taken of 14 Jeeps and 10 trls ex KURE which will be held for allocation until main body of Pl arrives.	
TOKYO	6/5/46		Arrived TOKYO CEN - Wrong stat - at 0900 hrs to consternation of all concerned. Tpt blithely waiting at EBISU Stat diverted and troops embussed for EBISU Camp arriving 1200 hrs. Settled quickly into temporary barracks which proved satisfactory accommodation excepting route march required to showers and latrines. Some personnel conducted on tour around camp area others assigned immediately on to Vehs. Baggage cars from train were lost track of for some hrs and mens bedding and stores arrived 2100 hrs.

			General impression that camp will eventually be excellent but not in our time as much spade work is required of the units here.	
TOKYO	7/5/46		Dvrs on the job straight of regardless ignorance of locality. S/Dvrs sent with Vehs to learn routes, others sent on conducted tour of TOKYO Area. Troops were paraded and addressed by CO AIF Bn, Col Marsden. Canteen issue made to Pl advance party which has been here for three weeks without Canteen supplies due to Orders not being passed on in KURE. Instructions received for parade of all available troops in TOKYO tomorrow. One tube of white cleaner allocated to be bought by Pl from Canteen, for whitening webbing of a 103 men. Stretching things a bit far. Critical inspection made of drill of Services Personnel by Camp Adjutant. Mens expectation of leave disappointed due to cancellation of leave and institution of Tattoo Roll Call.

Place	Date	Hour	Summary of Events and Information	Remarks and references to Appendices, Diaries, &c.
TOKYO	8/5/46		Pl formed nucleus of No. 4 Coy commanded by Lt Turner for march through TOKYO. Pl furnished 55 men, remainder of personnel being on essential driving duties. Coy out of touch with band at head of march, but all other arrangements including ~~tpt. provided by Pool for return of personnel to EBISU worked~~ well. Route of march excellent, but distance of 1.7 miles marched at slope without change of arms, a little distressing to some particularly admin & Wk/Sps personnel. Services acquitted themselves well in comparison with Bn troops. Todays march realized the ambitions of many men, and for the Pl also it was a matter of "First formed, First in TOKYO".	
			Remainder of day spent in tpt tasks and straightening out as far as possible, initial administrative details of the Tpt Pool setup.	
TOKYO	9/5/46		Identity of Pl preserved as far as possible in tpt set up, 119 Pl being responsible for all staff cars and jeeps, and providing Dvrs for 10 119 Pl's GMC's which arrived with Advance Party. ~~These come under Gen Tpt Sect, run by 8 Coy RASC, for~~ operation. Issue regarding retention of these Vehs confused and clarification expected soon. Jeeps of all Aust Units in TOKYO being permenently taken over by Pool and arrangement causing some heart burnings. General mechanical condition of Vehs under control is poor. Wk/sps and maintenance sections in operation and improvements being effected to Car Park. Tpt ~~demands heavy and schedule drawn up for essential users leaving~~ few available for general work. Admin. details of set up hazy but sorting out continuing.	
TOKYO	10/5/46		A small number of personnel viewed changing of Palace Guard and watched the posting of the first Aust Guards to take over duties from the Americans. Issues here still confused, and

TOKYO	15/5/46		Full control of tpt assumed at both Br Embassy and Br Consulate. Position here complicated but as far as possible Aust Army system	
			being used to operate maintenance and administer tpt, which is being driven by Aust., Eng., RN, Civilian and Japanese drivers.	
			Take over will involve a good deal of work as with the exception of cars, Vehs are literally "Heaps of Junk"	
TOKYO	16/5/46		Jeep stolen on 11 May recovered undamaged close vicinity of	
			camp. Vehs being given little rest and some Dvrs working very long hours. Only limited number of spare drivers available due

			hospital and jeep a write off.	
TOKYO	17/5/46		Inspection made of set up at Br Embassy and Br Consulate.	
			Many points of operation to be straightened out at each but preliminary work done by Pl personnel has been good. Vehs in	
			such a bad condition that it will be some time before a very apparent alteration in condition is noticeable.	
TOKYO	18/5/46		Received four staff cars from KURE. Mechanical conditions

Place	Date	Hour	Summary of Events and Information	Remarks and references to Appendices, Diaries, &c.
TOKYO	19/5/46		Transport still being operated at full pitch. The many returns which it is necessary for the Pl to render for all transport on charge to the Pool has been a drag on the Tpt & Admin Staff, who have their Nominal Returns to render at this time. Noteworthy that Bn which has been leaning heavily on this Pl for stationary supplies, text books, duplicator, etc. have adopted our system of parade states.	
TOKYO	20/5/46		Full Veh availability in use. Men making full use of day and evening leave to TOKYO, and despite a number of convictions for breaches of discipline in last few days, men are settling down after a busy period. Weekly beer ration increased today from 4 bots. to 7, but other essential canteen commodities not in adequate supply.	
TOKYO	21/5/46		O.C. Tpt Pool moved office to Naigai Bldg., leaving OC Pl Capt Proctor, in charge at EBISU Camp. Staff cars recently arrived from KURE now on the road, enabling other cars to be grounded for attention long overdue. Noticeable improvement in condition of Vehs at Br Embassy, where organization of this sub section is progressing well, despite a few official difficulties.

TOKYO	22/5/46		Visit by OC BRICOSAT Col Thornton resulted in Orderly Room being halved to make space available to Bulk Canteen. Admin details of Tpt Pool and method of operation and accounting and paper work in connection with same has now been finalised. Progress on Naigai Car Park very slow and it will be some weeks, still before this Park which it was expected to have in full operation by now, will be ready for use.	
TOKYO	23/5/46		Rehearsal by Empire contingents for Empire Day march tomorrow, involving use of all available tpt. Admin details of tpt now easier due to large number of permanent tasks, but considerable ingenuity needed to satisfy all essential demands with few Vehs left over. Further efforts being made to obtain spare parts and some obtained from Americans, but more satisfaction in this sphere is required if Vehs some of which are worn out are to be kept on the road.	
TOKYO	24/5/46		Empire Day. Difficult day for tpt of all types. S/Cars and Jeeps not sufficient for job and 35 3 ton Vehs were borrowed from Americans to enable Pool to meet tpt requirements. Pl personnel not represented in march due to heavy transport commitments. Excellent job accomplished by Pl NCO at Br Embassy, marshalling and controlling approx 120 visiting cars at Reception at Embassy in evening. Sgt Love and 10 OR's from 168 G.T. Coy arrived to take 10 119 Pl GMC's back to KURE, but no definite information can be obtained as to date of their return.

TOKYO	25/5/46		Tpt demands still maximum due to catering for visiting officials and civilians. Spare parts problem again investigated and remains acute with little hope of alleviation from Aust sources.	
TOKYO	26/5/46		A visit is anticipated from CO 168 G.T.Coy Maj H. Fairclough within the next few days. All nationalities were very impressed by Empire Day celebrations, the weather was delightful. Camp conditions steadily improving but far from completion.	
TOKYO	27/5/46		Inspection made of Dets at British Embassy and British Consulate. Progress at embassy excellent and mechanical condition of Vehs has improved out of sight since taking over. Facilities at consulate found to be insufficient and arrangements made for improvement. Nothing definite yet about return of 119's GMC's back to KURE. The escort in mean time are enjoying daily leave.	
TOKYO	28/5/46		It is hoped shortly to be able to send small parties to visit Mt. Fuji. All personnel are very keen to sight the mountain. Personnel very satisfied with Amenities provided in this Area both by BCOF and Americans.

TOKYO	29/5/46		One Cpl attended dedication ceremony at USA Forces Cemetary at YOKOHAMA, reported very impressive ceremony. Musical recital in evening by Misses Strella Wilson and Mabel Nelson very much enjoyed by large audience in Camp Concert Hall. General opinion best show seen in years.	
TOKYO	30/5/46		Orders received that Tpt would not be changed concurrently with Bn. This will give all the chance to derive some benefit from their tour of duty here, as establishment of Pool is now sound and men have settled into the job. Fast, enjoyable hour and fifty minutes revue by Tivoly Ballet girls in Camp Concert Hall. Type of show much appreciated by an enthusiastic audience.	
TOKYO	31/5/46		CO 168 G.T.Coy Maj H. Fairclough arrived on visit to Pl. OPS Sgt visited Tpt Det YOKOHAMA reported everything quite satisfactory. A particularly busy month has just been completed. The Pl has done a very satisfactory job of work during this period.

14 May 46

REF:- OPERATION INSTRUCTION No. 2 of 3 May 46.

SUBJECT:- REPORT ON ACTIVITIES OF 119 TPT PL FOR WEEK ENDING 13 May 46.

1 REAR PARTY

Enjoyed an excellent trip from KURE TO TOKYO Accommodation on train proved to be ample and meal arrangements worked well. Arrived TOKYO 060900I.

2 ACCOMMODATIONS

Majority of Pl are quartered in temporary barracks which are quite satisfactory, apart from inconvenience of being some distance from both showers and latrines. Work on clearing of permanent AASC Barracks is proceeding well but it will be quite some time before these are ready for occupation. However this will not affect Pl greatly, as majority of Pl will be moving into Quarters at NAIGAI Building in the heart of TOKYO when work on the NAIGAI Car Park allows of its use as a parking area for Jeeps and Staff Cars.

3 TRANSPORT

The amount of transport coming under command has been increasing by leaps and bounds and this Pl is now responsible for the following:

Jeeps	-	53
Cars DS	-	15
Motorcycles	-	3
Trailers	-	14

Setup of transport is that Vehs as above come under command Lt Turner. Heavier transport including 10 GMCs of 119 Pl are controlled by LT Berry of 8 Coy RASC. Operation of all transport is co-ordinated by Capt Proctor, who in turn is responsible to Capt Cave of 8 Coy RASC who is OC BRICOSAT Tpt Pool.

Jeeps and Staff Cars under command are those sent from KURE for the Tpt Pool, miscellaneous Vehs which have been drawn in from units under command BRICOSAT and Vehs taken over at the British Embassy TOKYO and British Consulate YOKOHAMA.

Wk/shps attention to these Vehs is the responsibility of an REME Wk/shps detachment. These however are not setup for operation as yet.

Pl Wk/shps personnel and dvr mechs are engagdd in effecting minor repair and adjustments and operating maintenance squads. General condition of Vehs far from good, and those taken over from British Embassy and British Consulate which revert entirely to our command from 15 May 46, are in a shocking condition, all of them requiring a complete Wk/shps overhaul.

Tpt commitments have been very heavy, full availability being in use practically the whole time.

Appendix showing Vehs on strength of Tpt Pool is attached.

(continued)

AUSTRALIAN WAR MEMORIAL AWM2022.5.489

4 PERSONNEL

119 Tpt Pl dvrs are being used to drive staff cars and Jeeps sent specifically to TOKYO for Tpt Pool. Jeeps from miscallaneous units such as Provost, Sigs, Amb, Cinema Unit, Eng, etc., are in most cases driven by the appropriate unit personnel, and except in special cases are detailed for general Pool Tpt work irrespective of their original ownership.

Dvrs at British Embassy include both 119 Tpt Pl dvrs and dvrs from 8 Coy RASC; under command of 119 Pl NCO. These have the assistance of a number of Japanese dvrs and mechs.

Dvrs at British Consulate YOKOHAMA are supplied by Inf Bn under command of 119 Pl NCO and assisted by 119 Pl dvr mech.

10 GMCs of 119 Pl which come under command Lt Berry are being driven by 119 Pl personnel who are quartered with 8 Coy RASC for convenience of operation. An NCO and mech MV are supplied by this Pl to supervise this Tpt.

It has been found necessary to return 1 man to KURE as a disciplinary measure and a number of personnel have been returned for medical reasons. If possible the replacement of these personnel by members who may have marched back to HQ 168 AGT Coy from Hosp etc., is desired.

5 GENERAL

A terrific amount of work is still required to be done in the Camp Area generally and the final organization of tpt will not be possible until the NAIGAI Car Park is ready for use and the movement of tpt and personnel made accordingly.

Leave has not been over liberal due to abuse by a small minority. In view of the high price of outside entertainment this may not be a bad thing however.

All available Pl personnel participated in the march through TOKYO and are anticipating a further one as part of Empire Day celebrations.

Capt Proctor has just returned to the fold from Hosp and appears to have quite recovered from his illness. Your early arrival here is anticipated.

2 OPERATION
a 4 Cars D/S have been received since submission of last report.
b Pl Vehs are being fully employed. Full availability used daily doing both permanent & casual tasks.
c A very successful & colourful Empire Day celebration was held. All spectators were very impressed. The Services were not represented on marchsufficient personnel being available from the Bn X.
d Demands on tpt were particularly heavy both on 23 May (rehearsal) & 24 May. 35 GMC 2½ ton Vehs were borrowed from the Americans to supplement our own.
e Number of Vehs on Charge to BRICOSAT insufficient to demands, owing to this fact drivers are working particularly long hours.

3 Wk/Sps.
Two separate Wk/sps are operating.
a Area Wk/sps under M S M Davis (RASC)
b Service station under Cpl Box.
c Area Wk/sps carring out monthly inspections & repairs. 4 Vehs are inspected daily in order to cover all Vehs. monthly.
d Service station carrying out minor repairs & maintenance. Immediately after a Veh returns to lines a party of Japanese set to washing & cleaning & a maintenance crew carry out maintenance when & where necessary.
e Vehs cars & jeeps when taken over were in a frightful condition. Maintenance very poor & no records left whatever. Australian system now in operation.
f The main problem is procurement of spare parts, demands on BOD KURE not being fulfilled. Odd parts are being obtained unofficially from Americans. The position is expected to ease shortly.
g Wk/sps equipment inadequate for tasks expected to be carried out. A garage Veh is most essential.

4 BILLETS
Pl is still billeted in same building. Preparations of new quarters now at a standstill. It is unlikely they will be ready for a number of weeks yet. Showers & latrines in close vicinity of Pl billets one near completion. This will be a great help as present ablutions etc., are located quite a distance from the billets.
Naigai Bldgs are now being occupied by troops. Inf Coy on Palace etc., guard duty are quartered there. 1 Cpl & 8 O/R of 119 Tpt Pl are at present stationed there manning

AUSTRALIAN WAR MEMORIAL AWM2022.5.489

5x2½ ton Vehs & 3 jeeps for guard duty.
Naigai Car Park has not yet opened it may be some time before it is. Lt Turner together with approximately 50 O/R's from 119 Tpt Pl will be stationed at Naigai when Pool opens.

5 PERSONNEL

a Sgt Love & Party arrived, it appears as though they will be in this area for some time. They will be permitted to spend a few days sight seeing and will then carry out nominal Pl tasks.

b Leave has been very liberal, daily from 1000 hrs - 2300 hrs every 1800 - 2300 hrs. This privelege has been curtailed on several occasions owing to two alleged cases of rape.

c Several personnel have been punished for breaches of discipline, although they seem to be settling down now.

6 HEALTH

a Camp hygiene is only fair, but is improving.

b A number of Pl personnel have suffered from Vincents Angina & Scabies also a few cases of VD. The RMO informed the writer that the cases are now far fewer.

7 ENTERTAINMENT & AMENITIES

Satisfactory. Cinema, three changes of program weekly, Concert parties, wet & dry Canteen within camp area. Several entertainment halls in TOKIO are made available to Allied Personnel.

187. LEAVE (Cont'd)

3. "Lights Out" will NOT be later than 2230 Hrs. ALL O/Rs must be in Unit lines by this Hour. Late passes for special purposes may be issued up to 2359 Hrs.

4. Duty personnel required to be out of Unit lines after 2230 will be in possession of a duty pass issued for the particular night.

5. Units located outside BCOF area will also conform to the orders on this subject issued by the Allied Commander in whose area they are located when such orders are more restrictive.

6. This order is to be promulgated to ALL ranks not later than 1200 Hrs on 18 MAY 46.

7. Provost Units will check personnel for leave or duty passes.

188. DISCIPLINE - OUT OF BOUNDS AREAS

The village of KIRIKUSHI, situated at the northern end of ETA JIMA is placed "out of bounds" -- TYPHUS.

189. USE OF SERVICE VEHICLES FOR RECREATION Etc.

Unit Commanders will take action to curtail the use of service vehicles for individual recreational purposes.

Vehicles may be used for organised recreation on the principle that the greatest number may benefit and the individual who has access to a Vehicle gains no advantage over others.

Vehicles so used will have full details endorsed on the work ticket and authorized by CO/OC or Adjt of the Unit.

190. HYGIENE - FRESH WATER.

Many of the natural fresh waters in Japan are infested with organisms of BILHARZI's which can pass through the skin and cause disease.

Bathing or other direct contact with natural fresh waters (such as rivers, streams, ponds and ricefields) is forbidden except where definitely authorised for bathing.

Water will not be drunk unless it is known to have been sterilised.

191. CONVERSION OF JAPANESE YEN CURRENCY.

Under NO circumstances will Japanese Yen Currency be converted in Australia.

Members of the Australian Services when about to embark for return to Australia may exchange Japanese Yen Currency held by them personally, for equivalent Australian currency, subject to a limit of £20 Aust in the case of Officers, and £10 Aust for other ranks, provided that in no circumstance will the amount

AUSTRALIAN WAR MEMORIAL AWM2022.5.489

191. CONVERSION OF JAPANESE YEN CURRENCY(Cont'd)

so exchanged exceed the total paybook drawings of the member concerned.

Australian currency issued under this arrangement shall NOT be expended or exchanged in Japan.

192. JAPANESE CURRENCY - FORGERIES.

Ten yen (¥10) bank noted with forged stamps attached are in circulation in this Area.

The forgeries are similar to the legitimate stamps and can easily be mistaken for the genuine stamps by personnel not familiar with this type of currency. The usual indications of a forgery are inferior printing and a variation in colour.

BCOF personnel are, therefore, warned to closely scrutinise the stamps on all civilian type notes before accepting them.

Paymasters cannot give credit for other than legitimate notes.

193. GIFTS AND SOUVENIRS

Arrangements have been completed whereby BCOF receive a per capita allocation of all purchases made in Japan by ARMY Exchange Central Purchasing Organisation, TOKYO.

These purchases will be sold through retail shops to be established shortly by AACS.

So as to ensure smooth working of the arrangements entered into with AECPO formations and Units are forbidden from purchasing any goods for resale from any manufacturer or agent.

Should any information discover any manufacturer or agent who has suitable goods for sale, information will be forwarded to this HQ so that investigation can be made with a view to obtaining a share for BCOF personnel.

SUBJECT:- MECHANICAL VEHICLE APPRECIATION

HQ COMD AASC ... 3 copies
DDST ... 2 copies
ALL PLATOONS ... 3 copies
FILE ... I copy
WAR DIARY ... I copy

The following is an appreciation of the mechanical vehicle position within this Coy at the present time and is an endeavour to forecast the future position.

2. Definitions. i. Class I refers to a vehicle fit for active service or capable of being made fit by Ist echelon repair, which has run less than I0,000 miles since entry into service or rebuild.

ii. Class II refers to a vehicle which has run more than I0,000 miles since entry into service or rebuild and considered at the date of inspection to be fit for an additional 5,000 miles of service under operational conditions before major repairs should be necessary, or capable of being brought up to this standard by Ist echelon repair.

iii. Class III refers to vehicles which can be reconditioned to class I standard by 2nd echelon repair.

iv. Class IV refers to vehicles which can be reconditioned to Class II standard by 2nd echelon repair.

v. Class V refers to vehicles which can be reconditioned to Class I or II standard by 3rd or 4th echelon repair within current permissive time schedules as from time to time laid down by DME.

vi. Class VI standard refers to vehicles beyond practical repair, for disposal, non-standard vehicles or obsolete vehicles.

3. PRESENT CLASSIFICATION OF I68 GT COY'S MECHANICAL VEHICLES

GMC 2½ ton. On strength .... I37. Class I. I29 Class II. 8
Trucks ¼ ton 4 x 4 .... 20. " " I8 " 2.
(other vehicles such as Diamond T wreckers and machinery trucks NOT included in classification here)

4. ESTIMATED CLASSIFICATION IN 6 MONTHS TIME

GMC 2½ ton GS Class I. I07 Class II 30 Class III. 8
Truck ¼ ton 4 x 4 I2

5. ESTIMATED WASTAGE DUE TO ACCIDENTS BASED ON ACCIDENT RATE

GMC 2½ ton GS 8 (This may be improved)
Trucks ¼ ton 4 x 4 nil

6. SUGGESTED PROVISION ACTION FOR REPLACEMENTS IN I2 MONTHS

GMC 30 Truck ¼ ton I0.

AUSTRALIAN WAR MEMORIAL AWM2022.5.489

7. BAD FEATURES OF GMC 2½ TON VEHICLES AT PRESENT ON STRENGTH

i. Tropical service with amphibious landings and consequent operation in salt water.
ii. Previously bad maintenance in the case of aprox 30.
iii. Tropical effect on the wooden bodies causing dry rot.
iv. The brake drums accumulate water mud and other matter which can NOT drain away withcut workshop attention.
v. Too many wheels with consequent increase in maintenance requirements, particularly in respect to punctures which amounted to 2,167 from Jan to May.
vi. Approaching large mileages with consequent necessity for 12,000 miles overhaul.

8. It is suggested that a better type of vehicles for the Coy would be Serial No. 60 65B TRUCKS 3 TON 4 x 4 CAS CVT. for the following reasons:-

i. Less maintenance.
ii. Fewer wheels.
iii. Less tyre trouble.
iv. Cheaper to operate.
v. Steel bodies.
vi. Less carpentering repair work.
vii. What is the empire position in respect to spare parts for GMCs ?

9. SPARE PARTS POSITION UNSATISFACTORY AT PRESENT

SHORTAGES. Manifold exhaust gaskets, distributor points, exterior oil filter return to engine oil pipe, brake applicator release valve for Diamond T, pitman arm bushes, constant velocity joint oil seals, carburettor kits and full assemblies (zenith type), hydrovacs, headlamps (sealed beam) fan belts spring washers, brake lining rivets, spring shackle pins & bushes for GPWs, rear axles & constant velocity joints, tyre repair kits, windscreen glasses, fuel pump repair kits, accelerator springs, pillow block bearings & oil seals, master cylinder repair kits, wheel cylinder repair kits, flexible brake hoses and retiaing springs, brake and clutch pedal return springs, tail pipes and mufflers, breaker points & condensers, ignition and light switches, dimmer switches, horn button repair kits, starting cables & connections, gasket cement, purolator oil filters, winch prop assemcly, windshield wiper blades, upholstery, rear vision mirrcs.

10. ESTIMATED REQUIREMENTS OF SPARE PARTS IN THE FUTURE

Brake assemblies & sub-assemblies...spring components.. new bodies..steering bushings..new cushions..curtains..hoods windscreens..oil seals..radiator core assemblies..transfer cases & parts..gear boxes & parts..track rod ends.. pitman arm shaft bushings & oil seal..cooling hoses and connections..spring shackle pins & bushes..speedometer repair kits..exhaust manifolds..universal joints..complete exhaust pipe assemblies..storage batteries..wiring harness for electrical system..Monroe type shock absorber replacements for GPWs..fuel pump assemblies..gaskets all types.. fan belts..thermostats..voltage regulators..U.T leads.. roter buttons..coils..condensers..spark plugs..switches dimmer..starter motors..distributor points..manifolds, exhaust & intake.centre bolts..brake linings..fuel tanks..brake return springs..THE FACT THAT A PART IS NOT MENTIONED DOES NOT MEAN THAT IT WILL NOT BE REQUIRED BUT THE FORGOING LIST INCLUDES SPARE PARTS WHICH ARE CERTAIN TO BE REQUIRED IN THE FUTURE.

AUSTRALIAN WAR MEMORIAL AWM2022.5.489

II. SHORTAGES OF HAND TOOLS, MAJOR MACHINE TOOLS & EQUIPMENT

i. **spanners D.E S.A.E and Witworth sets..Ring** spanners, sets.. pliers, side cutting, drills portable, Black & Decker..spark plug cleaner and tester..electricians kit..driver mechanic kits..socket sets..spray guns..air hosese for compressor, ring spanners.

ii. Action has been taken to secure these. Present position in respect to availability NOT known.

I2. ESTIMATED WASTAGE TO ITEMS MENTIONED IN PARA II due to use

Spray guns... drills electric portable..power greasing equipment..driving belts for compressors..low powered Aust No I (servex 222) guns..compression guage..drills.. replacement drills for sets parallel..guages feeler.002 - .015..hand tools generally.

I3. GENERAL CONCLUSIONS ABOUT THE MECHANICAL VEHICLE POSITION.

i. That the GMCs will shortly require overhauling at I2,000 miles reducing availability and increasing workshop work.

ii. That there are shortages in the spare parts position which is adding to MT difficulties.

iii. That it would be more economical to operate CVTs 4 x 4 than GMCs and would decrease man hours in relation to maintenance.

iv. That the body problem with GMCs is going to remain a major nuisance for the Coy.

v. That a high rate of replacement provision action be undertaken if GMCs are to be the task vehicle.

vi. That work be confined solely to the day time in order that one driver/spare driver per vehicle can be maintained thus increasing maintenance standards and allowing the vehicles to increase their usefulness on a time factor basis.

vii. That previously requested additions to the W.E be resubmitted thus increasing the numbers of NCOs and adding to control of MT and corresponding increase in efficiency.

I4. It is also considered that using task vehicles for 1st line transport work is decreasing ton mileages and adding to transport operational problems.

H Fairclough MAJOR
(H.FAIRCLOUGH) OC

Addendum. Any forecast about provision action and vehicle replacement is governed by availability of spare parts, particularly assemblies, for repair work and reconditioning and rebuilding . (see Para I3, v)

1. LEAVE

Cases are occurring of BCOF personnel being billetted at US rest camps at OSAKA and other centres without the prior approval of this HQ.

Formation and Unit Comds are reminded that permission to enter US areas can only be granted by HQ BCOF.

Attention is directed to HQ BCOF Adm Inst No. 8 of 21 Mar 46.

Provost checks will be instituted to ensure that all personnel proceeding to US Zones are in possession of proper authority. Personnel not in possession of authority for movement issued by this HQ will be turned back.

2. ANTI-MOSQUITO MEASURES

Mosquito prevalence is on the increase and measures will be taken by all Formations and Units to control this pest.

3 USE OF SERVICE VEHICLES - RECREATION ETC.

Vehicles may be used for organised recreation on the principle that the greatest number may benefit and the individual who has access to a vehicle gains no advantage over others.

Vehicles so used will have full details endorsed on the work ticket and authorization signed by CO/OC or Adjutant of the Unit.

4 HYGIENE, FRESH WATER

Many of the natural fresh waters in Japan are infested with organisms of BILHARZI which can pass through the skin and cause severe disease.

Bathing or other direct contact with natural fresh waters (such as rivers, streams, ponds and rice-fields is forbidden except where definitely authorised for bathing.

Water will not be drunk unless it is known to have been sterilized. (BCOF RO 149)

5 CONVERSION OF JAPANESE YEN CURRENCY

Under no circumstances will Japanese Yen currency be converted in Australia.

Members of Australian Services when about to embark for return to Australia may exchange Japanese Yen currency held by them personally, for equivalent Australian currency subject to a limit of £20 Aust in the case of Officers and £10 Aust for other ranks, provided that in no instance will the amount so exchanged exceed the total paybook drawings of the member concerned.

Australian currency issued under this arrangement shall NOT be expended or exchanged in Japan. (BCOF RO 152)

6 JAPANESE CURRENCY - FORGERIES

Ten Yen (¥10) bank notes with forged stamps attached are in circulation in this area.

The forgeries are similar to the legitimate stamps and can easily be mistaken for the genuine stamps by personnel not familiar with this type of currency. The usual indications of a forgery are inferior printing and a variation in colour.

BCOF personnel are therefore warned to closely scrutinise the stamps on all civilian type notes before accepting them.

Paymasters cannot give credit for other than legitimate notes. (BCOF RO 153)

7 WASHING - EMPIRE BUILDING

The practice of hanging clothing and equipment from the windows of Empire Building is forbidden.

OC Detachments stationed in the building will take disciplinary action against offenders.

Arrangements are in hand for the provision of clothes lines on the roof of the building.

8 MESSAGE FROM THE PRIME MINISTER OF AUSTRALIA

Following his visit to Japan, the Prime Minister of Australia, the Right Honourable J. B. CHIFLEY, has sent the following message to the Commander in Chief:

"It has been a great pleasure to visit the British Commonwealth Occupation Force on my way home from the meeting of the British Commonwealth Prime Ministers in LONDON where we discussed matters of common interest and co-operation of which the British Commonwealth Occupation Force is a typical example. I desire to express my appreciation of the Military bearing and efficiency of all whom I saw. It was in keeping with the great traditions of the Australian Forces and will be a matter of pride and satisfaction to all Australians. I greatly appreciated the formation flying of the RAAF escort at IWAKUNI.
Owing to shortage of time and their location I regret that I was unable to visit the RAAF at their stations and some Army Units. I formed the same favourable impression from what I saw of the Forces from other arts of the British Commonwealth. I am confident that under your able command the British Commonwealth Occupation Force is being welded into a force which will worthily uphold the prestige of the British Commonwealth in the task that they are sharing with the United States Forces and will also win the respect of the Japanese people".

9 TYRE TROUBLE

Instances have been occuring where Dvrs continue travelling with punctured tyres. This practise will cease forthwith. If Dvrs have tyre trouble and are carrying no spare tyres or mending outfits they will phone Transport Office exchange No. 494161 extension No. 333 or 278 where relief will be sent from Workshops immediately. When Vehs leave TOKYO Area on a long trip, spare tyres will be made available.
THERE ARE NO NEW TYRES AVAILABLE

10 PARKING OF VEHICLES

All Vehs including trailers will be parked in their respective Areas failing to do this will be a breach of regulations.

NOTICES

11. SUPPLY OF PHOTOGRAPHIC MATERIALS

Supplies of Camera Films are still rationed in Australia, and it has been advised that they cannot be purchased in bulk for re-sale in JAPAN.
Other sources are being explored but MESSRS KODAK LTD (AUSTRALIA) have stated that if individuals apply to KODAK LTD in any of the capital cities they will be supplied with one film per month until films become more plentiful.

20. FRATERNISATION

(i) In amplification of instructions already issued, the following extract from orders issued by [illegible] COMD US ARMY is promulgated:-

"Public displays of affection by men in uniform towards the women of any nation are in poor taste. Particularly is this so in JAPAN among those who were so recently our enemies and where people have never been accustomed to such demonstration. The sight of our soldiers walking along the street with their arms around Japanese girls is equally repugnant to people at home and to those in the Occupation Areas as well as to most Japanese. Such action in public is prejudicial to good order and military discipline and will be treated as disorderly conduct"

(ii) Military Police in both the British Commonwealth Occupation Zone and United States Zones have been ordered to report for disciplinary action all breaches of these orders and to require offenders to return immediately to their lines.

(iii) The above will be published in Unit Orders and promulgated to all new arrivals in units.

MAJOR
(H.FAIRCLOUGH) OC

N O T I C E S

BRIGADIER R.T.A. McDONALD was Director of Supplies and Transport at HQ AMF Melbourne. He was the Chief of the AASC, and given below is his farewell message on retirement after 32 Years in the Permanent Military Forces -:

VALEDICTORY

In relinquishing the appointment of DST on retirement from the Army, I have to thank the Officers, WOs and NCOs and men of the S & T Service and the Aust Army Service Corps for the loyal, faithful and efficient service during my term of office and throughout the War.

The S & T Service, which at the outbreak of War was merely a nucleus, has not only expanded, organized and trained itself into the efficient Service which has successfully supplied and transported the Aust Army and RAAF through the middle East, New Guinea, the Pacific Islands and Borneo, but has supplied the RAAF and fostered, fed and supplied transport to the American Army in Australia until it could organize its own serivce of supply.

The Service has organized and operated Butcheries, Bakeries, Farms, Fisheries, Air Maintenance Units, and inaugurated the Aust Catering and Salvage Services.

The organization of the POL distribution system and the operation of Ocean and other Bulk Installations has been a great achievement.

The Australian Army Service Corps which has provided the Officers and other ranks for the service, has maintained its tradition of efficient and loyal service, and has proved itself "equal to the task" in the sands of the African Desert, the jungles of Malaya, the Pacific Islands and Borneo, and has fought not only with food and fuel but with firearms as occasion demanded. The Corps has every reason to be proud of its achievements.

I desire especially to thank the Deputy Directors and their Assistants for their devotion to duty through long hours of patient work, often in exacting circumstances, without which the Army and Air Force could not have been maintained in the field.

Especially worthy of thanks and commendation are the Technical Food Inspectors, the Inspectors of Supply Depots and accounts, whose diligence and efficiency has ensured the quality of supplies and economy in administration.

To those Units which served on the Darwin Road and especially to the original DOMF, the Service owes a debt of gratitude for their loyal and efficient service in the most exacting circumstances.

Too much praise cannot be given to those members of the AWAS who have been allocated to the S & T Service. They have given loyal and efficient service through long hours. May the peace which they have

AUSTRALIAN WAR MEMORIAL AWM2022.5.489

striven to win, bring them their hearts' desire and happiness.

Probably the real heroes of the service are these Officers and other ranks who served faithfully and efficiently in small, almost unknown DIDs and petrol points in the monotony of routine and with little hope of reward.

What has been achieved is largely due to those Officers, WOs, NCOs and men who, through long years of patient training in the CF and Militia at the sacrifice of their leisure, have maintained the traditions and efficiency of the AASC and fitted themselves to carry out the task of expansion to maintain the Army when the need arose with the outbreak of this War. The Nation owes a great debt of gratitude to these men. They have passed on to you the torch of tradition and service which you have faithfully borne through this War. See to it that you keep it burning and pass it on still burning brightly and be ever watchful to ensure that it is so maintained.

To you all I say, as I pass into retirement, - well done and thank you, and may the peace for which you have striven so well, bring you and yours all prosperity and that state of mind which men call happiness.

(Signed) RONALD. T.A. McDONALD
BRIGADIER.

174. SALE BARTER OR GIFTS OF PROPERTY TO JAPANESE NATIONALS

NO property of any kind obtained directly or indirectly from the respective services of the British Commonwealth Occupation Force or from any welfare organisation will be sold, bartered or given to any Japanese - Any person giving cigarettes or goods to Japanese labourers will be subject to disciplinary action.

175. FRATERNISATION

(i) In amplification of instructions already issued, the following extract from orders issued by Lt Gen EICHELBERGER Comd US Army is promulgated:-

"Public displays of affection by men in uniform towards the women of any nation are in poor taste. Particularly is this so in JAPAN among those who were so recently our enemies and where people have never been accustomed to such demonstration. The sight of our soldiers walking along the street with their arms around Japanese girls is equally repugnant to people at home and to those in the occupation areas as well as to most Japanese. Such action in public is prejudicial to good order and military discipline and will be treated as disorderly conduct"

(ii) Military police in both the British Commonwealth Occupation Zone and United States Zones have been ordered to report for disciplinary action all breaches of these orders and to require offenders to return immediately to their lines.

(iii) The abov e will be published in Unit Orders and promulgated to all new arrivals in units.

AUSTRALIAN WAR MEMORIAL AWM2022.5.489

176. JAPANESE CIVILIAN VEHICLES

Unless required to do so by urgent Military duty, Personnel will NOT travel in Japanese Civilian Vehicles. Disciplinary action will be taken against offenders.

177. WAX MATCHES

Owing to the risk of fire wax matches will NOT be used by BCOF personnel. Safety Matches only will be issued by S & T and sold from cantoens.

178. JAPANESE ATHLETICS

1. No games will be scheduled between any organisation of this army and any team composed altogether or in part of Japanese nationals.

2. NO Military personnel will engage in any athletic contest with Japanese nationals.

3. It is desired that the Japanese Nationals, receive all reasonable encouragement NOT in conflict with the above, to conduct their own distinct athletic and recreational programme.

179. CONSERVATION OF PETROLEUM PRODUCTS

1. Due to acute shortage of liqued fuel at the source of supply it is important that all Units exercise strict control and economy over the issue and use of all petroleum products.

2. In order to reduce losses due to wastage, pilferage and uneconomical consumption, officers commanding units will:-

(a) Review security measures and take necessary action to minimise losses due to pilferage and unauthorised issues.

(b) Install a system of control over issues to prevent these products from getting into unauthorised channels.

3. The issue, sale or loan of any petroleum products to any Japanese Government or civilian agency is prohibited except upon written authority approved by this HQ in each instance, Where authorised, such products will be issued to organisations and for exigencies in bulk and Commanders will exercise supervision over issues and prevent unauthorised use.

4. WASTAGE

(a) Drum filling points and refuelling points are important sources of wastage and operations will be carefully supervised to prevent carelessness and negligence.

(b) Petroleum Products will not be used for any purpose other than their original intent and in no case will fuel oil be used to lay dust on roads or airstrips nor will gasoline be used for cleaning purposes.

(c) At regular periods careful check of drum storage areas will be made to detect leaking drums.

4/Contd

AUSTRALIAN WAR MEMORIAL AWM2022.5.489

CONSERVATION OF PETROLEUM PRODUCTS (Cont'd)

(d) Packaged petroleum products will be stored on suitable dunnage and wherever possible under cover to prevent contamination of contents and deterioration.

(e) Unit stocks of packaged petroleum products will be reduced to absolute minimum consistant with reserves and operational needs.

(f) The appropriate type of liquid fuel must be used in each stove as substitute fuels tend to increase consumption and decrease efficiency.

(g) The most economical type of Vehicles will be used at all times both for passengers and stoves.

(h) Movements of troops ans supplies will be made by rail wherever possible.

(i) Vehicles will be kept in good state of repair, excessive petrol consumption could be caused by faulty ignition, carburretter or tappets. Immediately on discovery of such faults appropriate action will be taken.

(j) Driving speed laid down by this HQ will be strictly adhered to.

180. JAPANESE LABOUR.

(i) Japanese labour will NOT be used for cleaning barrack rooms. This is the responsibility of the troops in occupation. On special occasions Japanese labour may be used for scrubbing floors, and NOT for ordinary routine cleaning. (Reprinted from BRIT COM BASE RO's No. 11 Dated 7 MAY 46)

(ii) Therefore NO Japanese will be permitted in the men's quarters after promulgation of this order.

181. DRESS.

Personnel will NOT wear Jap leather knee-boots when outside this Area.
