644. EXECUTION OF WILLS - MEMBERS OF THE AMF.

1. Attention is directed to the provisions of AMR & Os 1410A and 1410B which require every member of the AMF who is under the age of 21 years and is in actual military service within the meaning of the provisions of any Act, State Act or Ordinance of a Territory of the Commonwealth relating to soldier's wills, or who has attained the age of 21 years and is on war service, to make a valid will and deposit it in the custody of the officer in charge of an Army Records Office within three months of the date of enlistment.

2. To avoid legal difficulties arising, after the death of a member, in proving that the soldier at the time of making the will was in actual military service, that is , he had taken some step towards joining the forces in the field during the existence of the state of war, it is desirable that all wills should be properly witnessed by two witnesses.

3. Should any member entertain any doubt as to whether a will deposited in the custody of an Army Records Office has been validly made and witnessed, a new will, properly attested by two witnesses, should be made and handed to the CO for forwarding to the Army Records Office in the state of enlistment.

Electric heaters being issued this winter are of two types namely box types, which consists of a sheet iron box containing a non-illuminating element, and open type which consists of a refector and exposed illuminating element. Neither type constitutes a fire risk provided that adequate precautions are taken when the radiators are installed.

These precautions consist in:-

(a) Careful checking of wiring for load (min 20 amps for a 2 KW and 10 amps for a 1 KW)
(b) Adequate insulation of wiring from building
(c) Adequate fusing

Electric radiators will NOT be installed without careful consideration of all the factors in para 3 and the permission of this HQ.

817. FROST PRECAUTIONS, MT VEHS

It is brought to the notice of all units that on Thursday night, the temperature was 32 degrees and that from now on night temperatures will decrease. Anti-freeze mixture is NOT available and therefore the following anti-frost precautions for MT vehs and stationary engines employing water cooling systems will be followed as from this date;

i. On completion of duty all drivers will drain their radiators of all water and at the same time will turn on the engine block drain cocks.

ii. The method will be to run the engine slowly whilst the water is draining out of the radiator and for a few seconds after it is emptied.

iii. The driver will then attach a piece of cardboard to the steering wheel on which will be noted the fact that the radiator has been drained.

iv. Units will also prepare metal disks on which will be painted in red a notice that the radiator is empty and one each of these will be attached to the front of the radiator.

v. Each unit will maintain in it's MT office a register in which the MT NCO will record each night the time and date and his signature, and the fact that he has inspected all vehicles and found the radiators empty. The Orderly officer or duty NCO may also perform this duty if the MT NCO is off duty for any particular night.

vi. When the veh is required for duty the driver will refill the radiator with tepid water after making sure that all drain cocks have been closed.

vii. Where vehs are standing by for duty, drivers will run their engines for 5 minutes at a fairly fast idling speed, every hour.

AUSTRALIAN WAR MEMORIAL AWM2022.5.539

817. (Cont'd)

viii. Under NO circumstances will drivers refill empty radiators with hot on boiling water as this has the same effect on cold blocks as allowing the water to freeze in them.

ix. Stationary engines will be similarly treated.

x. During frost conditions in the day time when vehs are awaiting tasks, the drivers will act as in sub-para vii.

xi. Where possible all engines will be covered during the period of idleness and radiator aprons will be employed if available.

xii. It is to be impressed upon all drivers that they must warm their veh engines at a reasonably fast idling speed before moving off on cold mornings and that undue wear and tear is caused to cylinder walls if this is not done.

xiii. Before starting engines on cold mornings, the drivers will turn the engine over with the cranking handle to circulate the oil and will then depress the clutch pedal when using the starter motor.

2. Drivers will be held responsible to see that the above instruction are carried out.

818. TRAIN TRAVELLING - INTOXICATING LIQUOR.

No member of the forces, when in uniform, will carry, or cause to be carried, on to any train on which he is travelling or about to travel, or have in his possession or control or consume whilst travelling in any train, any intoxicating liquor, unless it is consumed by him as part of a meal supplied in a dining car in the train in which he is travelling.

853. EXECUTION OF WILLS - MEMBERS OF THE AMF.

1. AMR & O 1410A provides (inter alia) that every member of the AMF on War service who has attained the age of 21 years and every member of the AMF on War service who is under the age of 21 years but who is in actual military service, that is, he had taken some step towards joining the forces in the field during the existence of a state of war, shall make a valid will within three months of the date of enlistment or, if he has already made a will which is in existence and valid, certify as to the whereabouts of that will.

2. Normally, a will should be signed by the person making the will in the presence of two witnesses, but a valid disposition of property may be made without such formalities by any member who, at the time of making the will, is in actual military service.

3. However, in such a case, it is often difficult after the death of the member to prove that he was in actual military service at the time, and to avoid such legal difficulties arishing it is desirable that all members should make wills properly witnessed by two witnesses.

4. Should any member entertain any doubt as to whether or not a will made by him has been validly made and witnessed a new will attested by two witnesses should be made by him.
