3. ACCIDENTS.
During the month one vehicle was involved in an accident in N.S.W. The vehicle was completely wrecked and was evacuated to 2/3 A.F.W. Certain parts were made available for this Unit's W/Shop. The personnel concerned are subject of disciplinary action and serious charges are pending as the vehicle was out without authority. It is irrespnsible acts such as this that are retarding our efforts and are more seriuos in view of replacement difficulties.

4. EVACUATIONS.
In spite of ambulance trains the mileage travelled still seems to be excessive. It is apparently unavoidable as a thorough investigation has proved that vehicles are running to capacity but there appears to be a lack of co-ordination and willingness to share the task. It is particularly regrettable as the state of roads in the Kilcoy area are such to impose great stress on vehicles.

5. WORKSHOPS.
It is apparent that there is lack of equipment generally as it is not possible to draw further equipment for 17 Sub-Section which has negligible quantity at present time.

6. OFFICERS.
The Transport Wing is still one officer short.

"B" Section Report For Month of July Ending 31st (continued)

4 Remarks

Operational activities of the Section have increased during July and it has become more difficult to keep a large reserve of vehicles at Head Quarters. However instructions from O/C Transport Wing, number of Ambulances used for evacuations has been kept to an absolute minimun. to preserve Transport and maintain a high standard of maintenance.
This has been facilitated by the introduction of a more stringent check on Work Tickets, and the compilation of monthly Log Sheets, submitted to Unit H.Q

Q. Store Activities for month of July 42.

1. There is very little of interest to report this month with regard to "Q" Store activities.
   However during the month S/Sgt. L.O. Simpson was transferred to General Details Depot, Brisbane, the vacancy caused by his departure being filled by S/Sgt. Nash T.C.
   In order to obtain maximum efficiency it was deceided to allocate certain duties to both R.Q.M.S. and C.Q.M.S. Matters pertaining to Transport, Controlled Stores, Petrol etc. being handled by the C.Q.M.S. whilst R.Q.M.S. was responsible for Rationing, Medical Supplies and general supervision. The indenting and issuing of clothing and personal equipment to be handled conjointly.
2. E2 EQUIPMENT. 1 Pistol .455, 2 Compasses Liquid Prismatic and one pair of Binoculars were received, thereby bringing Revolvers and Compasses to full establishment.
3. CLOTHING. Further small items of clothing were received during the month, however there is still a fair amont outstanding, and orders are still taking an excessive time to be fulfilled.
4. ENGINEERS STORES. Four Grease Traps, 1 Cutting up Room and 2 Meat Safes were received from this source. 1 Meat Safe and 1 Grease Trap being issued to "C" Section, whilst 1 Meat Safe was supplied to "B" Section.
5. AMBULANCE EQUIPMENT. Thomas Splints and Urinal Bottles were supplied to us. A further requisition to cover deficiencies in this gear was submitted at a later date.
   Equipment was issued to both "B" and "C" Sections whilst that belonging to "A" Section is being held in the Store.
6. CLOTHING COUPONS. Arrangements were made with Paymaster 1 Aust. Corps to supply our needs in this respect. Number of coupons being 70 each per officer and 25 each for O/Rs.
7. RATIONS. Corps Troops established a Ration and Petrol Point at Blackstone during this month, however this was of no special advantage to us as it meant extra mileage over roucher roads.
8. TENTAGE. The two tents comprising the Q.M. Stores were raised an extra 3 ft. to increase the storage space, canvas being sewn to the sidewalls.
   Whilst carrying out an inspection of section equipment on issue to the various sections, the following points of interest were noted:
   1. Sections invariably state that Camp Equipment on issue to them from this H.Q. had been "scrounged" from other sources.
   2. Hurricane lamps issued by these sections to their troops had not been signed for by the troops, who consequently were claiming them as their personal belongings.

"Dear Major Langford,

It was very good of you to send the note of thanks for the use of the school grounds by your men during their stay in our district. We appreciate your sending it very warmly.

I should like to say what a pleasure it has been to us to feel that we could give your men some little times of healthy exercise and interesting occupation.

The connection between the school and your unit has been a very happy one and will leave pleasant memories here of a very decent lot of Australian Soldiers.

With all good wishes for your future both during and after the war.

Sincerely Yours,

Members of the Forces, other than recently returned A.I.F.., are required to lodge income tax returns in any case where the income (as a soldier and private income), including the value of subsistance, field allowance and allotments, but excluding dependants' allowance, derived during the year ended 30th June, 1942, exceeded £156.
2. Members of the Forces so liable for the payment of income tax for the year ended 30th June, 42 will be assisted to meet such payments by having deducted from their drawing rate of pay a daily rate, approx. equivalent to that required, according to their rank and rate of pay. They will be duly advised of the rate to be deducted, and the drawing rate in paybooks will be adjusted accordingly.

OVER.

AUSTRALIAN WAR MEMORIAL AWM2022.5.741

3. Deductions and payments will be made by the Army and con-trolled by the district in which the member enlisted, irrespective as to whether or not the member derived his income in that State.
4. To enable the Army and the Taxation Department to carry out the proposed proceedure, it is necessary that all taxation returns be forwarded to the correct authority. In this connection members should submit their returns for the year ended 30th June, 1942, to the Commissioner of Taxes in the capital city of the State in which th they enlisted, e.g. a member who enlisted in Victoria - say, with an Army No. "V" 12345 - will forward his returns to the Commissioner of Taxes, Melbourne, Victoria.

XXXXXXXX Q. STORE ACIVIITIES FOR MONTH OF AUGUST. 1942.

CLOTHING. Supplies of clothing have been requisitioned for, however requisitions appear to be superfluous as Ordnance have not supplied us with any clothing whatsoever for over a month. The position is getting acute as shirts etc on issue to the troops are in a xxxxxx very tattered condition.

RATIONS. These are satisfactory, supplies of rice and oatmeal could be largely reduced and their value made up with green vegetables.

AMB. EQUIPMENT. "A" Section was issued with their deficiencies on arrival back at H.Q. The requisition for 70 bars suspension is still outstanding.

E.2. EQUIPMENT. I2 complete sets of webbing, 3 rifles and 3 steel helmets were supplied by D.A.D.O.S Dump.

General.

S/Sgt.Nash.T.C. was transferred during the month, his place being taken by Sgt.Esdale.K.A. who was then promoted to the rank of S/Sgt.

TRANSPORT WING REPORT - AUGUST, 1942

1. REPORTS -
Reports from Section Commanders attached.

2. VEHICLE STRENGTHS -
Deficiency is as follows -
1 Car. D.S.
1 Lorry 3 ton G.S.
12 M/Cycles
1 Ambulance.
In addition two ambulances are in L. of C. W/S for repairs due to accident.

3. ACCIDENTS -
During the month two serious accidents occurred which necessitated the evacuation of vehicles to L. of C. W/S. Both were out on unauthorised trips and both drivers were injured. On discussion with C.O. it was decided to place all detached vehicles under control of units so that adequate supervision and discipline could be maintained. Courts of Inquiry are pending.

4. EVACUATIONS -
The unit has now considerably less vehicles posted than before. The arrival of 2 M.A.C. to take over Kilcoy to Caboolture brings "B" Section into reserve and a total of only seven vehicles out.

5. TRAINING -
It has been possible to introduce a training syllabus which will materially assist in bringing the unit to a higher standard of efficiency and preparedness.

6, RE-ALLOTMENT OF VEHICLES -
Due to a warning received from D.A.D.M.S. 1 Aust. Corps "B" Section was put on a movement basis and equipped with Cvt. vehicles. Seven were drawn from 8 M.A.C. and three from R.V.S. at Woodford. This makes one section completely equipped with standard type vehicles so that no spare parts difficulties will be encountered.

7. RETURN OF SECTIONS -
"A" Section returned from N.S.W. on 14 Aug. 42. "C" Section H.Q. was moved from to this area from Kilcoy.

8. WAR ESTABLISHMENT -
On 15 Aug. 42 an amendment to W.E. was received making this unit an A.A.S.C. one and authprising the appointment of a non-medical officer to command. The interpretation is still doubtful and 1 Aust. Army are endeavouring to obtain a ruling from L.H.Q. Consequent upon this Capt. Mayes was promoted to T/Major and transferred to 7 C.C.S. Lieut. Proud assumed administration of command on 29 Aug. 42.

9. OFFICERS -
The appointment of Sgt. Row D.R. to rank of A/Lieut. was signalled on 11 Aug. 42. He has been appointed to "B" Sect. This makes officer strength of Tpt. Wing complete.

3. ACCIDENTS

On the evening of the 15 Aug. 42 Atn. Amb. A1206052 (Dvr. Barrie A.B.) was involved in an accident at Maryborough. There were three passengers one of whom, Tech. Sgt. McLean S. U.S.A.F.I.A., was seriously injured. Dvr. Barrie A.B. was slightly injured.

The ambulance was badly damaged and has been delivered to 2/3 Aust. Army Ord. W/Shop for repair.

On inquiry it was found that the vehicle had been taken out without authority and a Court of Inquiry was requested but this has not yet been held.

On 4 Sept. 42 officers of the U.S.A.F.I.A. called on Unit H.Q. and held a Court of Inquiry re the injuries sustained by Tech. Sgt. McLean.

Such incidents as this show the difficulty of retaining effective control of vehicles when sub-sections are detached from Section H.Q.

"D" SECTION,
2/1 AUST. M.A.C.
1 SEPT. 42.

MONTHLY SECTION REPORT - AUGUST.

During the month of August the section worked very well completing 135 jobs including several 12000 mile maintenances, and a complete check of "A" Section vehicles after their return from N.S.W. Also a check of the Cvt. Ambs. taken over to complete "B" Section with Cvts.

Two smash jobs were towed into W/Shops but were evacuated to A.F.W. - as this section was unable to handle same.

The spare part situation has been somewhat easier and Cpl. Leggatt is handling it well. A.F.W. has been very helpful and has relined shoes, ground valves and cut sides without causing any undue delay to the vehicles in this unit's W/Shop.

The section on detachment returned on the 18th Aug. thus easing the quantity of work to be handled by H.Q., and 17 Sub-sect. who are still unequipped.

The section still has vacancies for 4 drivers and 1 TGII.

J. W. Michael Lieut.
O.C. "D" SECTION.

(g) Formation Commanders may suspend the granting of such leave when the military situation so demands.

(h) Not more than 10 per cent of any unit will be granted leave for seasonal occupation at any one time.

(i) Leave involving numbers of men will not be granted for any period in excess of one month without reference to L.H.Q. which will, from time to time, as necessary issue instructions regarding leave for special reasons, extending over long periods, but in individual cases leave in excess of one month and under two months duration may be approved by a Formation Commander if he is satisfied as to the bona fides of the application.

(j) Any seasonal occupational leave granted will be deducted from recreational leave so far accumulated.

(k) Personnel granted leave over three months will be transferred to Unit's "X" list.

5. The channel of communication regarding such leave will be Deputy Director-General of Man-Power to H.Q. L. of C area and then to units, with copy of formation concerned, and vice-versa.

6. The instructions outlined above are designed to give a working policy generally on the procedure to be adopted in regard to release of serving personnel. In cases where definite instructions of release are given to Formations from these Headquarters, it must be accepted that they are based on the requirements of the nation.

283. INTERFERENCE WITH SIGNAL COMMUNICATIONS (G.R.O. 256)

1. THE PRACTICE OF FIRING WEAPONS from troop trains or M.T. vehicles on roads is forbidden. Many instances of damage to insulators and telegraph wires, resulting in considerable delay in communications, have been attributed to this.

2. If a telegraph wire is broken, the channel of intercommunication is interrupted immediately, and the fault must be located before the service can be restored. To effect repairs, line parties must be sent distances of up to 100 miles.

If the insulator only is broken, the wire will rest on or touch intermittently the cross-arm, producing a fault which is very difficult to locate.

Where the circuit concerned is of the carrier type, two or more telephone and telegraph channels may be affected.

The vital importance of maintaining these channels of communication is self-evident.

3. This order is to be promulgated to all units and to R.T.O's, who will bring it to the notice of each O.C. train. O.C's Trains or Road Convoys will be held responsible that the order is carried into effect. Disciplinary action will be taken for all breaches.

284. IDENTITY DISCS.

All ranks are warned that identity discs will be worn at all times. Inspections will be made to ensure that these instructions are being obeyed.
