P R E S I D E N T ' S   N O T E S

In the event of the C.C.R.A. arriving during the dinner (Brig K to those who have forgotten) the "Alarm" will be sounded by the "A" troupe commander who will be responsible to know where he put the "donger". It is hoped no beards will be worn as "we didn't wear those in tobruk".

Congratulations to John Feley and Sel Bassett on their election to the executive of the white collar workers council of Victoria. We wish them greater success with the "5 day week campaign" than Sol had with the controlled stores he brought up to "potshot" from Park Gun Station. The A.W.A.S. for obvious reasons did not come.

Things are happening in a big way in Melbourne these days. Gene Krupa and Johnnie Ray (Mr. Emotions) have come to town and we are all agog watching out for Sam (Tiny Ball etc.) Haymes to come down from the Goldon City. Has anyone seen him here to-night?

Rumours are out re the Royal Commission on the "Ironclad Gold Mine" W.A. Whispers are that a certain Major will be put "in the box". Bad luck, Mos, Dr. Evatt is otherwise engaged!!

Tom McGrath is making good progress, though still in Concord Hospital and has acknowledged our good wishes etc. with thanks.

We regret to advise the death of Dave Jordan's sister. As many of you know she was married to Wilf Comber's brother. Our sincere sympathy is extended to both families.
