Leitchville
via EchUCA
Victoria
Australia.

Stitch by stitch our knitting grows.
While we think of the German foes
Who are fighting our brave lads
Just because of the Kaiser's fads.
So with best wishes fond & true
With all good luck I send to you

These little socks, which give us pleasure
To sit & work at in our leisure
And when you wear them till they're through
Remember there are plenty who
Will make some more for those who fight
For those they love & King & right.

And if you feel inclined some night
Just take your paper, pen & write
A few lines to the address above
Who is one who does this work for love —————

Received in France
about Sept 1916.
