Dear Bess

I suppose Les has written & told you that he has joined the L. Horse. He came in last week. He came to see me the other night & brought along Will Morrison. You might ~~not~~ have seen him that Sunday you were out for he was in camp. "J" boy was down at Williamstown on Monday & got back about 7 o'clock & had to go on guard right away without any tea & had no sleep that night & had to go on a march next morning to Coburg, Heidelberg & through Preston home. There were infantry artillery L. Horse & machine guns firing in the streets of Preston. The march was about 20 miles & there is to be another at 2 on Wednesday.

I think I will try to be home next Sunday as there is going to be a send off given to the Murrumbidgee men. There will be about 70 going. If we go we will travel by the Adelaide express & get up the Saturday morning.

This is all this time so I will close

Dear Mamma

I rec'd your letter on Friday but have not
got the boots yet but I suppose they are
at the station. It is too far to go of
a night after drill. Dad & Les with the
Phillip was out on Sunday afternoon
The camp is now one mass of dust
& it is a nice site when the wind is
blowing & it is very cool at times. The
camp is very dull & there is not much
to do. The Coy Sam, in one of the
soldiers died. He had a boil on his face
& the doctor lanced it without - & leaving
his instruments & he was taken to hospital &
died just after admittance. His funeral was
on Saturday afternoon & anyone had
leave to attend it. About thirty went
to it. Another man fell down a hole
& he was found with his neck broken.
No one heard what his name was
& he had a quiet burial.
I am leav-
ing here on Friday dinner time to go

& go up home on Saturday morning

Dear Jim

I got your letter a couple of days ago & I have not had one from since last week & the first I knew that Bess was transferred was by your letter. She has gone to a ~~stinking~~ place where all the tanneries are. I was part Footscray last Saturday the the boy went to Williamstown for rifle practice. Some of the boys did very well while others never hit the target at some of the ranges. I did get best at 400 rapid shooting where I got 15 out of 20. We had 5 shots to do in 45 seconds. We had to load, aim & fire. you had to travel a bit. The signaller shot a cow that walked past the targets.

I suppose Bess will come out here today as I do not know where she is so I cannot go in. I will send you some post cards of the church parades & ~~street~~ march pasts when I can get them.

We have to march

Dear Nett & Mat Home,

I suppose you will be wondering why I have not written it is because you never put the 14th Battalion & you never put B. Meadows on it but Melbourne I got it Wednesday morning so I suppose Mum will be home by then & will have told you all the news.

The Battalion got paid today & I will send £3 along in this letter. I got the photo taken & it is not much like me. I got it taken with a cap on.

I have been Orderly Serg. for three days & have to do the office work as well tonight.

The Infantry of the 14th are getting up early Friday morning for a march from Camp to St. Kilda & back. It is only about 28 to 30 miles. The runners for the sports on Saturday will not be very fit to do the 1000 yds credit.

There is a good concert

given in the U.S.C. of tonight. I got a
very good one the night before I got a letter
from Jim today & he is condemning Harsham
& the place he is staying at.

The camp is deserted
tonight, with the men on leave & dozens of them
away for 3 or 4 days.

I had to knock this letter off as
I had to transfer a man from A. to Floy & find
a place for him to sleep.

The flies eat a man out
of house & home. They are like currants in a
cake as they cluster to the tent-roof.

The Sergeant
of our comp. left us today so we all put a
of each into a fund to get a group photo
taken. We had it taken this afternoon & it
will cost about \$3.10 & what over will go
to buy a bare for him. He was the only
man the boy would do anything decent for.

This is all this time, wishing you are all well
& especially Dad. As I am at present

Dear Bet

How are you getting along in your new home with no one you know around you I suppose Mum went home on Tuesday morning. I got Het's letter Wednesday morning after its long travel. She addressed it to Melbourne instead of B. Meadows. If you are coming out of Sunday just say so & I will go to the Station to meet you. The 14th Battalion are going to march from camp to St Kilda & back on Friday. It is only a matter of about thirty miles. The runners for the sports on Saturday will not feel very fit to do their boys' justice. I just have answered Het's letter & will answer Jim's in a day or two. The camp has grown by about 150 tents since last Sunday & about 150 to 200 new men arrived tonight, but I never knew any of them.

There is a good concert on in the Y.M.C. &
tonight but I could not leave the lines as
I am orderly sergeant for three days
We had a sham fight this morning in
which 1100 men took part & you ought to
have heard the shots going off. We knocked off
at 12 & never did any more drill but went
& had our boy photos taken to be presented to
the S. Major for he is leaving us This is all this
time so I will close

Dear Miss

I will scrawl a short note to you
while I have time. It will be of no use for
coming out on Sunday as I will be on duty
from today till Monday night, and am not
allowed to leave the lines. There was a nice
shower of rain Monday morning but we stayed
in tents in the rain and are now settled in
our new place. The Battalion is out on a
night march & will be back about 10 or 11
I got a letter from home today & they say
Dad has been ill again & has to go to bed
The 13, 14 - 15 - 16 Bat. are marching through
the city on Thursday as far as is known at
present I will close this short note

so goodbye

All at home
I received your letter today & was sorry to
~~hear that~~ Dad was unwell & had to go
to bed. The Battalion is on a march tonight
but I never went as I am orderly sergeant & that
means a lot of running about. About 30 out of 100
boys are away on leave including 6 Thewlis
who has 4 days leave to go to Envoa for he
has not being home for 2 years. Pers was out
at the camp on Sunday evening with a tank
who used to be at Gallipoli. Mrs Beavis of Warren
was at the camp tonight to see H. McRae I never
saw her.

Most of the boys have been used
with the necessities that they have to take
away with them so it cannot be long before
we have a move. The Tarmarians came in
on Sunday they are about 500 strong. The N.S.W.
& Queensland Battalions have arrived they
are a poor set of soldiers compared with
Victorians they are all ripes & shaves. Some

are under 5 feet
I am sending a few cards
along & will send some more along after
a while they are not much ~~at all~~. I sent
some to Jim they were views of the
camp

I have ordered a group photo of part
of our boys & it is to be forwarded about
the end of the week I will send the receipt
along with it so you will be sure of get-
ting it.

The 13-14-15-16 Battalions are to go through
the city on Thursday. Colonel Courtney
says we have to walk again as he will
not have us go by a train, no matter if
the other corps do. He is very proud of
his 1100 men.

This is all this time so I
will close

All at home.

I received your letter afternoon while I was down at the depot I boy's office. They did not know where to send it to. I will get the photo taken with those twelve stamps & will send it along by bye.

We are having very windy & dusty weather. We had a half holiday on Saturday & another today & I suppose there will be another tomorrow for the 14th Bat. is going to play the Sydney Battery cricket. The 14th Bat. played the S. Horse cricket on Saturday afternoon & won by 70 runs. One of the 14 took 5 wickets for 19 runs.

There was a nice crowd of soldiers at Church Parade on Sunday morning. There were close on 5 thousand present. Out of the whole 11 hundred infantry men in the 14th Bat. there are only 26 Catholics that paraded on Sunday morning. Next Sunday is the march through the city from Flinders

Street to St Kilda & then march back to Belmont
which will be a fair step for one day

When I
left here to go home I left an order for the
boy clerk to draw Hewitt's & my pay. He
drew it all right but spent it at the
Hotel. So the Lieutenant took it up & made
him fork it up & dismissed him from the
company so I will send £3.10 along with
this letter. I went to the Station on Sat.
to get the boots & had to pay 1-2 for them
you said that you paid 1/6 on them, but
they came as to pay, I took the bag out
& sent the boots back as I do not want them
I have paid for them.

I will write to Jim after
I finish this one.

So I will close so goodbye

Dear Jim

I got to camp safe & sound but found the our lines were shifted & had to go & look for them & found them in the long run.

I got a letter from her today she is being well & is going for a drive, I can next Monday. She went out to see her last Sunday, but I have not seen her yet.

I do not think it will be long before we have as they are coming out in the hills. I will write a longer letter next time as it is getting late so I will close.

Dear Boss

I received your letter at dinner time today I got back to camp a righty bluffed our little party to Marion & the first of they state ~~try~~ try back. The station was literally crowded & you could not move anywhere. The band marched us up to the station & played a few tunes at the P.S. Jim came to Murt on Monday dinner time to see me before I went away for the last time for a long time to come. He looks very well. I suppose he came to see you last Sunday & told you all the news but I have not seen him yet. I will close this short note as I have to answer Jim's letter so goodbye

All at home

I received your letter the other day & will answer it now as there will be no Church Parade this morning as it has been raining all night. The Governor General was to be out to inspect the Battalions before they went on board on Monday.

Bess has told you by now that Les & I will be on the water by Christmas

Les & I went to see Bess before she left.

& we met Mr J. Gardiner in Bourke St. When I was on Police duty at the corner of Spring & Soudale Streets, I met Mr. Stoday. He was watching the troops march. I saw the girl Fitch on the Thacker's Street Station.

There was another riot in the city on Saturday night. I heard that the 4th Brigade's Bugler & Drummer were killed in it. I do not know if

There is any truth in it: At any rate
there has been no bugle call this
morning

I will be sending the tin trunk &
a leather bag up next week. I will not
be wanting them any more.

You said Tom
Young never received the answer to
his letter I answered it straight-
away so it must have gone astray
So I will write another one to him
I never knew he had leave to go
home till Will Morrison told me

All the company is out on French
leave but most of them ^{will} return
Only three out of this boy have gone
altogether This is all this time so I
will say goodbye I am quite well
again

At home

I am still living & quite well. I have not been sick yet for the sea has been very calm. We have been three weeks out by the time this letter will be posted.

There are a dozen or more ships travelling with us & they look well when lighted up at night.

We have no idea when we will land. I have

been vaccinated & innoculated neither being a very painful undertaking.

There were sports held on the boat while in mid ocean. The 14th got a 1st 2nd & 3rd prizes. Not too bad considering all the

others there were. The relay
race was the best. We were
warming up all the last man
& he dropped the flag.

There is a boxing tournament
being carried on now & we
have had two wins so far

C. Hewitt & I have been
separated at last. He got
transferred to the Battalion
& that was the last I heard
of him.

It is late & very hot
as we are over the line.
