Dear Mr Thomas,  
As your son left in rather  
a bustle for Alexandria, I offered to  
forward a small book & some photos  
& maps for him. He was looking very  
well & in excellent spirits. He had been  
very happy here, but as all the men of  
his own age period were going, I don't  
think he would have been able to content  
himself here - I was slightly very  
sorry he went as I am very fond of  
him & he was such a cheery person  
to have to do with. He is very popular  
here & was doing a lot of most useful  
work. I will post the packet at  
the same time as this & will rejoice  
it - with kind regards

Yours very truly

Edgar G. H. Stephen

These are the very beds I had charge of  
when at No 1 A.G. H. between the X's. +  
also inside on the same floor. Always had  
a spell for morning tea on that piazza.
