Dear Dorro.

The other day I received your  
welcome letter the other day.

Alma seems to be always writing  
and it takes me all my time to find  
news to put in them. I have just answer  
ed 20 letters to different & have still  
13 to answer so you may guess I have  
little news. It will be alright after  
Tuesday because I will just be back  
off leave which commences on Friday  
or else France. Betty Hughes is going  
to attend the open air peace meeting  
on Saturday so I may have a chance of  
of seeing the "little lizard" while he is  
here.

At present they have got me on a  
harvesting stunt and it is alright

Is there anything in this rumour  
that is about here about the wolf  
raider & the seaplane which visits  
Sydney & Melbourne every now & then.  
Well Corrie I must close now hoping  
you are quiet well.

Yours sincerely  
Polly

P.S. You must excuse this short  
letter as I am absolutely dry of news
