Details of rationing and accomodation.

and cooked by the adoption of diet sheets, the food issued to the personnel was varied and proved satisfactory by the Orderly Officer's report, as well as reducing waste to a minimum.

During the festive season the ordinary rations were augmented by the kindness of the principals of the A.I.F.Comforts Funds who were good enough to despatch several cases of Xmas cheer to the Unit for distribution among the N.C.O's and men.

The Y.M.C.A representative also forwarded a handsome leather wallet for each N.C.O and man as an Xmas gift, and with the good feeling that prevailed I believe that the time spent this Xmas was thoroughly enjoyed by all, under the circumstances.

Accomodation.

At present the corporals and men are accomodated in "Alwyn huts" the dimensions of which are 21 ft by 7 ft, and 1 hut is allotted to 7 men during the winter months. The Sergeants are housed in separate hut with Imperial N.C.O's of equal rank, and the sersenior N.C.O's are provided with a cubicle for two, which is particioned off from the ordinary hut. Each N.C.O and man has provided himself with an improvised bed: an arrangement which folds in the centre, and is laced with strong string or rope. This class of seleping accomodation has proved satisfactory, in that it is sanitary and also more healthy than sleeping on the floor of the hut. This has been proved by the comparatively small amount of sickness which has prevailed for this time of the year, as during the month of December only three men have been evacuated to hospital sick, of which two cases were contracted through colds. etc., and the other through skin disease.
