Cairo.			There is little of interest to report on the base detachments this month. Extensive operations have commenced in Palestine, so that during the latter half of the month there have been no troops on leave in Cairo from the Front. The work of the Cairo Detachment has gone on as usual.	<i>JAB</i>															
	7.9.18		Arrangements have been made to police the trains between Cairo and Ismalia, to search for Absentees. This was done jointly by the Cairo and Moascar Detachments. The following time table has been arranged :- <u>Cairo Detachment.</u> 2 Patrols of 2 men each.	<i>JAB</i>

V	Summary of Arrests and Charges.(Cairo)

Canal Zone detachments.

There is very little of interest to report for the month. Duties have been carried out as in August with the following exceptions :-

(1) On September 11th, Police N.C.Os. took charge of the Guard on the Railway Bridge which is supplied by troops in the Training Centre. It had been found that this duty had been carried out in a very unsatisfactory manner and complaints had been received of Natives and others being allowed over the bridge which is "Out of Bounds" to all ranks. Under the new arrangement strict discipline is enforced. Disciplinary action has been taken against one soldier, and several natives have been arrested for attempting to cross the bridge.

(2) Patrols were instituted on the Cairo - Moascar trains as described in entry for 7.9.18.

From September 11th the following hours for sale of liquor in Ismalia area were enforced :-

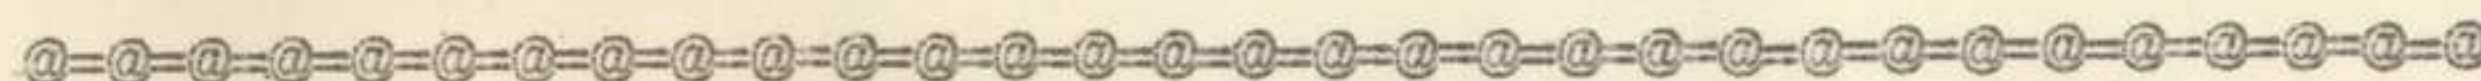

Clubs and Hotels	1200 to 1400	and	1800 to 2130.
Bars.	1730 to 2030.		

On September 13th, Captain Lawrence temporarily assumed duties of D.A.P.M. Ismalia, in addition to his other duties, during the absence of that officer..

The discipline of A.I.F. Troops in the Centre has been fair, arrests have averaged about 4 per week.

The outlying detachments are well reported on, but nothing of special interest has occurred in them.

Improvements have steadily gone on in the F.P. Compound. A full report on this subject will be included in the Diary for October. There has been an average of 53 prisoners in the Compound during the month. There is nothing further to report.

Jerusalem

Jerusalem Detachment.

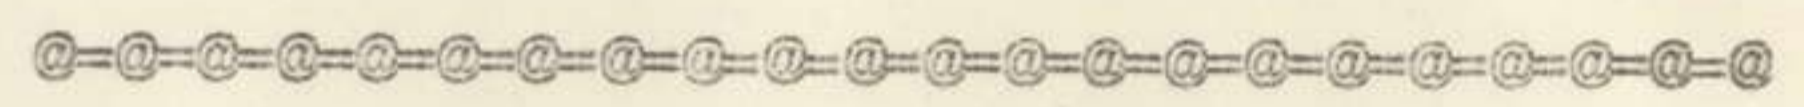

Strength 19 O.Rs.

The town and area of Jerusalem were very quiet throughout the month and there were very few troops on leave. Discipline among troops stationed in the area was excellent. The usual patrols were found with the addition of a traffic control post about 2 miles along the Bethlehem road. One man is also stationed at the Empire Club as it is very largely used by A & N.Z. Troops.

2/Lieut Sanders marched out to the Australian Mounted Division on the 13th September, and Lieut. G. McCarthy assumed command on the 24th. During the interval Sergt. H.J. Barr was in charge of the Detachment and duties were carried out most satisfactorily under his command.

After operations began, there were practically no troops in Jerusalem and there was very little for the Police to do.

Only 12 charges were made against Australian and New Zealand Troops during the month. There was a good deal of sickness in the Detachment early in the month, but there was a great improvement in the health of ~~the~~ ~~Detach~~ all ranks in the latter part.
