HAPPY VALLEY	1915 November		<p>Orders were received on the 24th for a cessation of fire against the enemy, except in the case of actual attack. The period of cessation lasted until the night of the 27th, during which time there was practically no rifle or gun fire along the whole front of the Army Corps.</p> <p>During the last 3 weeks, the enemy have been particularly active with their artillery, Anzac Beach being ^{being} constantly & heavily shelled. One man working on the beach has been frequently under shell fire & there have been several casualties amongst them. Jaundice has been very prevalent & this disease also combined with the colder conditions has been responsible for the evacuation of a number of sick from the Battalion.</p> <p style="text-align: center;">Casualties for November</p> <table border="0" style="width: 100%; border-collapse: collapse;"> <tr> <td style="text-align: center;">Killed</td> <td style="text-align: center;">Died of wounds</td> <td style="text-align: center;">Sick</td> <td style="text-align: center;">Total</td> </tr> <tr> <td style="text-align: center;">officer or</td> <td style="text-align: center;">officer or</td> <td style="text-align: center;">officer or</td> <td style="text-align: center;">officer other ranks</td> </tr> <tr> <td style="text-align: center;">- 1</td> <td style="text-align: center;">- 8</td> <td style="text-align: center;">4 - 107</td> <td style="text-align: center;">4 - 116</td> </tr> </table>	Killed	Died of wounds	Sick	Total	officer or	officer or	officer or	officer other ranks	- 1	- 8	4 - 107	4 - 116
