credit of the manner in which "Intelligence" was organised
at Corps Headquarters, and within the Division and Brigades
which took part in the operations.

ORDERS. 268. PROTECTION OF WOUNDED AGAINST GAS. Casualties often
arrive at Dressing Stations without Small Box Respirators.
The attention of all ranks will be drawn to the danger
of discarding their protection against gas when wounded.
All concerned with the collection of wounded will see
that the Box Respirators of wounded men are brought in with
them and accompany them to the Medical Units further back.

SALUTING 269. The Left Hand Salute by Warrant Officers, Non Com-
missioned Officers and men is abolished.
The salute will be given by all ranks with the
right hand. When saluting to the side the head will be
