DRESS REGULATIONS.

INSTRUCTIONS TO MEMBERS OF THE A.I.F. Standing Order No. 719 of 22.6.1917.

- 1) C.P.Hats, not Caps, are to be worn by soldiers when leaving the precincts of their camps or barracks.
Hats must be worn turned up at the left side, with large rising sun fastened to the side, and chin strap under the point of the chin.
- 2) All tunic buttons must be fastened, and Warrant Officers, N.C.O.'s and Privates on no occasion may wear collar and tie. The practice of wearing collars and ties and leaving the top button of the tunic undone, must immediately cease.
- 3) N.C.O.'s and men are not to wear jackets which are of Officers pattern back, with slit in the back.
- 4) Greatcoats must be buttoned up to the neck, or else carried on the arm. Capes must be treated the same as Greatcoats.
- 5) Worsted "Australias" are unauthorised, and must not be worn on the great-coats or tunics.
- 6) Belts will invariably be worn when out of camp.
- 7) Puttees must be worn right way up by all dismounted units, and when upside down by men of mounted units, spurs must also be worn.
- 8) The following are the only authorised badges of the A.I.F.:
Large and small Rising Sun, "Australia" title badge, and letter "A" for Gallipoli service.
- 9) The hair of the head will be kept short in accordance with para. 1696, King's Regulations.

N.C.O.'s and men proceeding on leave will be inspected by an Officer, prior to their departure from camp or barracks to ensure compliance with this order.

IDENTIFICATION.

Soldiers must at all times carry on their person, means of identification, including an identity disc.

SALUTING.

Special attention must be paid by all ranks to saluting. Soldiers are inclined only to salute officers who look at them direct. This is incorrect. On all occasions, when passing Officers soldiers must salute in regulation manner.

When walking with women in public places, soldiers must not walk arm in arm or with their arm round the woman's waist. This is decidedly slovenly.

Severe disciplinary action will be taken against offenders who do not comply with these orders.

NOTICE.

The following circular has been received from General W.R. BIRKWOOD,
M.B., M.C.S.I., M.C.M.G., C.M., D.S.O., A.D.C. :-

Australian Corps,
B.E.F., FRANCE.
26th March, 1918.

Boys,

The time has now come when we must be prepared to "Take the Strain". I think I need hardly say more. Everyone fully realises what this means, and I now that I can confidentially appeal to every single individual in the I.F. to realize that it is up to him personally to "Take the strain" for the sake of his Country and all he holds dear.

Remember that personal determination to obtain victory at whatever self-sacrifice, by every individual, is what counts, and it may well be that this spirit on the part of even a few men may be the deciding factor of the great battle in which we are now engaged.

Remember that they are thinking of us all in AUSTRALIA now, and remember the lasting traditions which the Corps has made for itself.

(sgd). W.R. BIRKWOOD.

Commanding Officers will be good enough to ensure that it is brought prominently to the notice of their respective Companies.

Attention is directed to list of abbreviations published in the "Field Service Pocket Book."

The most common errors are mutilations of the abbreviations for Brigade, Battalion, and Battery. In future, no other than the following will at any time be quoted, viz.,

"Bde" for Brigade.

"Bn" for Battalion.

"Batt." for Battery.

With reference to King's Regulations, paragraph 1480, many instances have been brought to notice where consignees omit to state "Received: Contents not examined" on the Railway Company's delivery sheet, when giving receipts for goods. As a result, when claims are preferred against the Railway Company, liability is repudiated on the ground that "A clear receipt" is held. All Officers Commanding will ensure strict compliance with the above quoted Regulations on all occasions when it is not possible to check consignments or supplies on delivery. The words "Not examined" will be used to indicate that the contents of particular packages or stores have not been examined. USE OF DRYING ROOMS OR SHEDS IN BARRACKS AND CAMPS.

12. 1. Attention has again been drawn to numerous cases in which drying rooms or sheds, provided for the use of the troops, have been allowed to fall into disuse, or have been appropriated to other purposes such as meat stores or the like.
2. Neglect to make use of these important accessories invariably leads to wet clothes and accoutrements being hung up to dry in Barrack rooms, huts or tents, in which the men sleep, with the result that a humid atmosphere is created which predisposes the occupants to relaxed throats and causes a diminished resistance in the individual to the attack of cerebro-spinal fever and other dangerous diseases.

3. This practice must at once cease, and O.C.'s will be held responsible that:-

(a). Such accommodation as has been or may hereafter be provided is used solely for the drying of clothes.

(b). Wet clothes, equipment, or other articles, are not dried in places where men sleep.

(c). Such arrangements are made as will ensure by means of "cloak room" tickets or other suitable system that men can confide their clothing, etc., to the Drying room in the certainty of receiving it back in due course.
