Conchil-le Temple — Feb. 28th

ENGINES STATIONED AT DEPOT. The following is the list of Engines kept at this Depot during the past month

Class.	Type.	Number.	Manufacturers.
Baldwin XX&XM	2.8.0	7	Baldwin Loco.Works Philadelphia.
Baldwin	0.4.0.	3	" " " "
Baldwin	2.6.2.	1	" " " "
W.D.	2.8.0	11	R. Stevenson Darlington England.
G.N.R.	0.6.0	1	G.N.Railway Company England.
L.N.W.	0.8.0	9	L.N.W. Railway Company Crewe.
L & B	0.8.2.	1	L.B. Railway Company England.
Belge	0.6.0.	2	Societe Anonyme De Goublet Renoy BELGIUM

Total number of Engines stationed here 35. Daily average numeber of Engines worked 9. Number of Engines stored for distribution 22. Undergoing repairs 4.

USE OF INSPECTION PITS. Now that the new R.O.D.Yard here is completed the mechanical staff are able to use the inspection pits during the time that engines repairs are being effected. This simplifies the work and saves a good deal of time as the working parts of the engines are more accessible from these pits.

LIFTING LINE. During the month the Portuguese Railway Construction Troops have been busily engaged lifting the line between Conchil and Pende. Ballast trains are being run daily to the required places. German prisoners of War supply the labour for unloading the trains. This Company has now left here and the 114th. Railway Construction Company are carrying on the work.

DOMLEGER REPORTS.

Owing to the large quantity of salvage material arriving at the dump at Domleger there has been an increase in the traffic at that Depot. The number of loaded trucks brought into that Yard was 822 or approximately 9,000 tons of material while those despatched were 755 Empties and 40 loaded approximately 480 tons of material and increase of nearly 900 tons of material were handled over last months working.
