RCDIG1007504

On the 7/6/17 the 45th Bn (acting under orders previously received), left its camp RORTEPYP LINES, NEURVE EGLISE, T.26.b.7.5. and marched by platoons to STINKING FARM, near Hill 63, U.7.a.6.7.

At 11 30 a.m. the Battalion formed up in "NO MANS LAND" U.2.c.7.6. At **its** 11 40 a.m. precisely they advanced in Artillery formation to Jumping Off trench,0.33.c.9.5. At 12 moon word was received that Zero hour was put forward two hours, the Battalion by this time was well over the MESSINES RIDGE, and had to wait the additional two hours on Eastern slope of MESSINES" RIDGE, just in rear of RED DOTTED LINE. During this time a large amount of enfilade shrapmel was sent over amongst the troops coming from the direction of WARNETON and DEULEMONT.

i hour before Zero hour the troops formed up on Tape Lines which were laid out in "NO MANS LAND" by Lt R.A.M.MURRAY, M.C., who was killed just as he had completed his task.

At this time the Germans were launching a counter attack and the hostile Artillery and Machine Gun fire was very fierce, and our losses were heavy.

The counter attack was driven off with the assistance of our Artillery barrage, a large number of casualties being inflicted on the enemy.

At Zero hour (3 10 p.m.) the troops attacked meeting heavy opposition, and enemy concrete Strong Point at 0.34.a.95.15 was heavily garrisioned and owing to the severe Machine Gun fire the Bn was divided, two Companies easing off slightly to the right and two to the left. The two companies which bore slightly to the right were in close touch with the 47th Bn on their right, but the two companies on the left had both flanks in the air. The 49th Bn having failed to connect up. These two companies suffered very heavily, and a gatx great number of their Officers became casualties.

Capt. W.L.YOUNG, M.C. was killed at this stage. Although previously wounded he had continued to lead his Company until killed just before reaching his objective.

The two right companies gained all their objectives and captured 120 prisoners and two Machine Guns. The left Companies gained their first objective only.

At 5 p.m. the enemy again counter attacked but were driven off.

The two left companies having both flanks in the air and being greatly reduced in strength and the troops on the left **Maxady** having already retired started to fall back on the RED DOTTED LINE. At about 7 30 p.m. our own barrage came down in front of the RED DOTTED LINE thus cutting off the two remaining companies in OWL TRENCH and OWL SUPPORT, this was most unfortunate as it inflicted a number of casualties on our own men. After "sticking" it for another hour these two companies together with the 47th Bm had to retire on the RED DOTTED LINE.

Early next morning the 45th Bn was reorganized and reinforced by two companies of the 48th Bn. They again went forward in daylight and re-occupied the position (OWL TRENCH and OWL SUPPORT). The whole of the 45th Bn sector was held by Capt A.S. ALLEN. The retaking, consolidation, and beating off of the subsequent counter **attacks** and the organization and supervision of the whole of the operations in the front line up to the 11/6/17 was due to the untiring efforts of this Officer ably assisted by Lt T.A.McINTYRE, 2/Lt A.R.MUIR and 2/Lt. J.YOUNG.

From 2 p.m. to 11 p.m. on the 8/6/17 the whole sector was subjected to very heavy artillery fire. A counter attack was launched by the enemy at about 7 30 p.m., this was driven off inflicting very heavy casualties on the enemy.

Appendix Nº /

5

On the night of the 8th/9th Lt T.A.MCINTYRE, patrolled from our left flank to 0.34.a.l.4. and got in touch with one company of the 51st Bn at this point.

2.

On the afternoon of the 9th a bombing attack was made on OWL TRENCH and OWL SUPPORT, gaining a further 200 yards of enemy trenches, progress was stopped at this juncture by coming in contact with two German concrete Strong Posts heavily manned. While a block was being established a German counter attack was launched against this point, the attacking party was repulsed loosing about 20 casualties. LT BARFON Killed.

On the night of the 9th/10th the two companies of the 48th Bn attached were withdrawn and the 46th Bn took over that portion of the line which the 48th Bn had occupied.

At midnight a fighting patrol under 2/Lt A.R. Muir proceeded towards GAPPARD FARM. Much valuable information was obtained, but the objective was not reached on account of intervening ground being strongly held by the enemy.

At 10 30 p.m. on the night of the 10th., 50 men under Lt T.A. McIntyre attacked enemy's Strong Point on the left flank. This attack was made in conjunction with the 13th Bde attack on their sector of OWL TRENCH and OWL SUPPORT. Owing to the Artillery failing to come down on the first Strong Point the party met with very severe Machine Gun and Bomb fire from all flanks and could not reach the objective. Lt T.A. MCINTYRE being killed in the attack. The Bn was relieved by the 48th Bn on the night of the

10/11th. Relief was complete by 3 a.m. On relief the Bn moved in to the Old Subsidiary Line. (Reference T.12.c.6.5.).

During the whole engagement our losses were very heavy, they were as under:-

Officers	Killed	8.	
Officers	Wounded		This included 1
			Officer believed Killed.

Office	ers Mi	ssing	
Other	Ranks	Killed 92.	
Other	ranks	Wounded 344.	
Other	ranks	Missing	

During the whole of the operations the garrison had to work incessantly on the consolidation owing to the dilapidated condition which the trenches were in. This together with the strenuous fighting in gaining the trenches and beating off the numerous counter attacks greatly tested the energy of the garrison, especially as they had been so greatly reduced in numbers. It was gratifying to note that notwithstanding the strenuous time which the men experienced they maintained an aggressive spirit throughout.

S.S. Gerrymayor for. Lieut-Col.

C.O. 45th Battalion, A.I.F.
