AWM4-33/16/21

CONFIDENTIAL

WAR DIARY FOR NOVEMBER 1918.

STRENGTH.(1) On the 30th November the strength of the Depot was 164 Officers and 7,270 other Ranks. The actual number in Camp was 148 Officers and 5910 Other Ranks, the difference is account for by those absent on leave, in hospital and other reasons.

The number marching in was 4989 N.C.Os and men and those marching out 3010 N.C.Os and men, for the month.

HEALTH (2) The general health of the Depot is satisfactory, the Influenza Epidemic continued until about the 16th. and then gradually became normal. The Staffs of the various Medical Services have been kept busy, including the Massage, Remedial and Early Treatment Departments.

MESSING (3) For the month 598,366 meals were served to 174,591 men. There were no complaints. Supplies from the N.A.C.B. have been good and in sufficient quantities for our demands. Supplies from the A.S.C. have been good throughout, a marked and satisfactory improvement is noticeable in the bacon issue, which includes Hams. There was a slight reduction in the meat issue for "A" class personnel employed on Company, Wings, and Depot Staff. This meat ration was reduced from 12 ozs. to 8 ozs per man, the cash allowance in such cases was increased to 6½d. 54,231 rations of sausage meat was drawn giving 40170½ lbs. in weight. 543229 rations of fresh meat was drawn weighing 105928½ lbs. 29042 rations of flour were drawn in weight 19059½ lbs, bread was underdrawn accordingly; the quality of the bread was good and has improved with the further addition of white flour in the making thereof. Excellent results have been obtained in the By-Products section, the total recovery of dripping being 170881 lbs or practically 7½ tons of fat. The distribution was :-

Sold	8337 lbs.
Used in lieu of Margarine.	4091 ½ lbs.
Used in cooking.	4660 lbs.

The weight of By-Products sold is as under:-

	cwt.	qrs.	lbs.
Dripping, 1st class.	62	2	26
" 2nd class.	5	1	26
Cracklings.	5	2	25
Waste Bones.	114	0	10
Swill	260	1	0

The percentage of fat recovered to meat issued was 16.1 as against 17.5 for October. The amount of swill per head was 3.4 as against 2.9 for October.

AGRICULTURAL. (4) The A.S.C. have taken over the Meadow Hay-stacks and men are now employed in trussing for transportation. The planting of cabbages has proceeded for the early Spring Products. Ploughing was likewise undertaken. The condition of the inmates of the piggery and poultry yards are satisfactory.

DISCIPLINE (5) During the month 60 N.C.Os and men were remanded for Trial by D.C.M. as against 64 for October. The principal charges against individuals are:-

A.W.L.	47
A.W.L. with other offences.	5

The Honorable J.D. Connolly, the Agent General for Western Australia together with Mrs Connolly visited and made a tour of the Depot.

In the evening a concert was held. During the Armistice week there were no excesses on the part of the men; in some of the canteens the rowdy element had what they called a "hop-over", and drank free beer.

The adjustment of messes is proving satisfactory, the Bulk Store being very convenient and is the means of reducing messing staffs.

No. 1 COMMAND DEPOT R.E.C.

Again considerable changes in the personnel of the Staff have to be recorded during the month, especially towards its close. Mr. Crampton has assumed the duties of another Department of the Depot; and a large proportion of the Office and Detention Staffs have marched out prior to their return to Australia. Considerable difficulty is being experienced in replacing the Detention Staff, but it is hoped that things will soon be running smoothly again.

Compound. The month passed quietly in the Compound, there being no disturbances such as marked the preceding month. The number of men confined in Compound and No. 2 Guard Room averaged about 25, with a maximum of 34 on the 4th. of the month and a minimum of 16 on the 18th. The lowness of the figure of men confined is due to the policy of allowing open arrest to all but the most notorious offenders, or those who have previously broken their parole--and these are not a large percentage of the number to whom the privilege is extended. Several escapes from escorts were recorded,--principally by men being escorted from Warminster to the Depot, although two men managed to effect their escape from the Compound itself.

The number of men brought in under escort increased very largely towards the end of the month, an "officer's party" as escort being the exception--rule rather than the exception during the last week. This is the aftermath of the armistice celebrations, and coupled with the news of impending departures to Australia, whilst the close approach of the cold weather may also be a contributing factor.

The subjoined table shows the number of men marching into confinement during the month; also those marching out.

D.C.M. cases.

There were four were remands during November than during the previous month, the number being 60 as against 64. Of these more than half were claimed by the Right Wing. In several instances men elected trial by D.C.M., but, after having the 24 hours' to think it over which the Regulations provide for, in every case they decided to be dealt with summarily.

The following table shows the number remanded from each Wing. It will be noted that the percentage of remands for A.W.L. unaccompanied by other offences is larger than usual:

Minor Offences.

These show a very great increase indeed, the number of cases dealt with by the different Orderly Rooms as promulgated through A.F.B. 2069 being 1242 as against 888 in the preceding month, which, in its turn, had shown an increase over the figures for September and August. The subjoined table shows the number of cases dealt with by the respective Wings:

	Right Wing	Left Wing	Centre Wing.	Totals

Failing to hand in pass	-	4	2	6
Failing to answer defaulters	27	3	5	35
Totals.	512	315	415	1242

This increase reacts through the work of the Provost Staff as it affects the compilation of A.Fs.B. 2069, of Part 11 Orders, of entries on A.Fs. B.122, and of entries in pay-books; and, in consequence, the Staff has been kept going at high pressure. It is satisfactory to be able to state that work has been kept well up to date.
