HAM-sur-HEURE	Feb.			
	1st-7th.		Engaged in routine Office work.	
	8th-11th.		Engaged during this period with the inspection of and the delivery of supplies to Dental Units of the 1st. Australian Division. All Units were found to be working satisfactorily and in comfortable quarters.	
	12th-15th.		Visited for inspection and delivery of stores to all Dental Units of the 2nd. Australian Division. Conditions in all cases were found to be satisfactory.	
	16th-20th.		Engaged in routine office work.	
	21st.		I proceeded to HAL for the inspection of No. 41 Australian Dental Unit attached 1st. Australian Casualty Clearing Station. This Unit will shortly be disbanded and the personnel transferred to fill vacancies occurring in other Units due to demobilisation.	
	22nd-24th.		Engaged in routine Office work.	
	25th-28th.		I visited Dental Units attached to Formation of 4th. and 5th. Australian Divisions and No. 98 Australian Dental Unit attached Australian Corps Mounted Troops for inspection and the delivery of stores. In all cases work was found to be proceeding smoothly.	
			During the month all Dental Units attached to First, Second, Fourth and Fifth Australian Divisions have been visited for inspection and delivery of equipment and supplies. In all cases the accomodation provided is good, lighting and general arrangements for conveniences of work being excellent. Owing to the numerous changes of personnel and location incident to demobilisation the amount of work performed during the month has necessarily decreased, and will continue to show diminishing figures, but the dental requirements of all Divisions have been satisfactorily fulfilled. There has been a marked decrease in the number of gingivitis cases presenting for treatment, possibly due to the improved billets and living conditions generally, in addition to more favorable facilities for treatment in early stages of infection.

HAM-sur-HEURE	Feb. 28th		<p>Supplies of equipment and stores have been adequate and forwarded promptly from Base Dental Stores.</p> <p>It is suggested that no more reliefs be sent from Command or Training Depots in England to relieve personnel of A.A.M.C. Dental Services, France, marching out for demobalisation or for any other reason. In view of the depletion in strength of Field Units caused by repatriation it is now considered necessary to disband several Dental Units, the personnel of such disbanded Units being utilised to fill any existing vacancies in Dental Units that are being retained.</p>
