Belgium. HAM-SUR-HEURE	March 1st.		I visited No. 24 Aust. Dental Unit attached 7th. Australian Field Ambulance for inspection. The amount of work presenting is small and it is considered that this Unit might be demobilised.	
	2nd-5th.		Engaged during this period with routine office work.	
	7th.		I visited No. 10 Australian Dental Unit attached 3rd. Australian General Hospital, ABBEVILLE. The accomodation and equipment of this Unit is excellent, and bears more than favorable comparision with any Dental Section of the British Expeditionary Force.	
	8th.		Inspection of No. 1 Australian Dental Unit attached Australian Corps School, RUE. This is conveniently housed in an Armstrong hut. Owing to the reduced strength of the School, the number of daily operations is not large.	
	9th.		I visited Dental Units Nos. 45 attached 9th. Australian Field Ambulance, 56 attached 10th. Field Ambulance, 46 attached 11th. Field Ambulance, and No. 64 attached 3rd. Aust. Machine Gun Battalion. Work in this quarter was found to be progressing favorably. The accomodation is fair.	
	10th.		Inspected Dental Clinic attached Australian General Base Depots, HAVRE. This is now reduced to 2 Units, working under the supervision of Major RILEY. Although large numbers of men pass through the Depots, time does not permit of any extensive dental operations. Treatment of gingivitis, relief of pain, and repair of broken dentures form the principal work.	
	13th-20th.		Engaged in routine Office work.	
	21st-24th.		Visited for inspection and delivery of stores and equipment to Dental Units of the Fourth Australian Division. The Roads being in a very bad state resulting from the late thaw, several trips were necessitated. All Units were found to be working satisfactroily.	
	25th-27th.		Engaged in routine office work.

Belgium HAM-SUR-HEURE	March 28th-31st.		During this period I visited the Dental Units attached to First, Second, and Fifth Australian Divisions for inspection and the delivery of drugs and equipment. All were found to be comfortably situated and work proceeding smoothly. In view of the early repatriation of large drafts of men it will be unnecessary to maintain the present strength of the Dental Services, and it is considered that three Units per Division would be capable of dealing with all necessary operations. This number should be reduced to coincide with demobilisation as it proceeds. During the month liberal supplies of tooth brushes, powders etc. have been drawn from the Australian Branch, British Red Cross Society, and distributed to the Units. These items have been very much appreciated by the men. Gingivitis cases show a marked decrease in numbers. Supplies of stores and equipment from Base Dental Stores, HAVRE, have been satisfactorily and promptly forwarded. Nominal Roll of personnel of A.A.M.C. Dental Services in France attached - Appendix 1. Report of S.D.O., Aust. Base Depots, HAVRE, attached - Appendix 2.

General.

The original building set apart for the Dental Clinic was required by the Base Commandant for an Orderly Room and the Clinic is now situated in a portion of the building.

The movement of Equipment and fittings has interferred with the amount of work done for the last month and for a time the space was inadequate for the amount of work reporting. Now that Quotas are passing through Depots more regularly this difficulty has been overcome.

The amount of work reporting is still small and confined practically to officers and other ranks employed on the Cadre attached to Base Depots. Quotas marching through have supplied little to no work, there being no time to do any work other than urgent repairs and temporary fillings.

Equipment. All surplus equipment other than a sufficient amount for efficient working of 2 units has been returned to Base Dental Stores, vouchers have been forwarded to S.O.A.D.S. Corps Headqrs. The balance of equipment and stores has been handed over to Capt. S.E. Paterson.

Personnel of the Dental Units are now attached to S.M.O., who will arrange all subsequent transfers. I am relinquishing my position here as S.D.O., on 28-3-19 and proceeding to London to report to D.M.S. for duty.

Sumary of work for month.
